§ 39.30 General requirements for a grant.

(a) For a State or Tribal Organization to obtain a grant for the establishment, expansion, or improvement of a State or Tribal veterans cemetery:
   (1) Its preapplication for the grant must be approved by VA under §39.31(e);
   (2) Its project must be ranked sufficiently high on the priority list in §39.3 for the applicable fiscal year so that funds are available for the project;

(3) The State or Tribal Organization possesses legal authority to apply for the grant and to finance and construct the proposed facilities; i.e., legislation or similar action has been duly adopted or passed as an official act of the applicant’s governing body, authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the State or Tribal Organization to act in connection with the application and to provide such additional information as may be required.
NOTE TO PARAGRAPH (c)(3): In any case where a Tribal Organization is applying for a grant for a cemetery on land held in trust for more than one Indian Tribe, written assurance that the Tribal Organization possesses legal authority to apply for the grant includes certification that the Tribal Organization has obtained the approval of each such Indian Tribe.

(4) The State or Tribal Organization will assist VA in assuring that the grant complies with section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. 470), Executive Order 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. 469a–1 et seq.).

(5) The State or Tribal Organization will obtain approval by VA of the final construction drawings and specifications before the project is advertised or placed on the market for bidding; it will construct the project, or cause the project to be constructed, to completion in accordance with the application and approved plans and specifications; it will submit to the Director of the Veterans Cemetery Grants Service, for prior approval, changes that alter any cost of the project, use of space, or functional layout; and it will not enter into a construction contract for the project or undertake other activities until the requirements of the grant program have been met.

(6) The State or Tribal Organization will comply with the Federal requirements in 2 CFR parts 180 and 801 and 38 CFR part 43 and submit Standard Form 424D (Assurances—Construction Programs).

(7) The State or Tribal Organization will prepare an Environmental Assessment to determine whether an Environmental Impact Statement is necessary, and certify that funds are available to finance any costs related to preparation of the Environmental Assessment.

(d) The State or Tribal Organization must submit a copy of the State or Tribal Organization action authorizing the establishment, maintenance, and operation of the facility as a veterans cemetery in accordance with 38 CFR 39.10(a). If the State or Tribal Organization action is based on legislation, enacted into law, then the legislation must be submitted.

(e) Upon receipt of a complete preapplication for a grant, including all necessary assurances and all required supporting documentation, VA will determine whether the preapplication conforms to all requirements listed in paragraphs (a) through (d) of this section, including whether it contains sufficient information necessary to establish the project’s priority. VA will notify the State or Tribal Organization of any nonconformity. If the preapplication does conform, VA shall notify the State or Tribal Organization that the preapplication has been found to meet the preapplication requirements, and the proposed project will be included in the next scheduled ranking of projects, as indicated in §39.3(d).
