§ 52.1184 Small business stationary source technical and environmental compliance assistance program.

The Michigan program submitted on November 13, 1992, January 8, 1993, and November 12, 1993, as a requested revision to the Michigan State Implementation Plan satisfies the requirements of section 507 of the Clean Air Act Amendments of 1990.

§ 52.1185 Control strategy: Carbon monoxide.

(a) Approval—On November 24, 1994, the Michigan Department of Natural Resources submitted a revision to the carbon monoxide State Implementation Plan. The submittal pertained to a plan for the implementation and enforcement of the Federal transportation conformity requirements at the State or local level in accordance with 40 CFR part 51, subpart T—Conformity to State or Federal Implementation Plans of Transportation Plans, Programs, and Projects Developed, Funded or Approved Under Title 23 U.S.C. or the Federal Transit Act.

(b) Approval—On November 29, 1994, the Michigan Department of Natural Resources submitted a revision to the carbon monoxide State Implementation Plan for general conformity rules. The general conformity SIP revisions enable the State of Michigan to implement and enforce the Federal general conformity requirements in the non-attainment or maintenance areas at the State or local level in accordance with 40 CFR part 97, subpart B—Determining Conformity of General Federal Actions to State or Federal Implementation Plans.

§ 52.1186 Interstate pollutant transport provisions; What are the FIP requirements for decreases in emissions of nitrogen oxides?

(a)(1) The owner and operator of each source located within the State of Michigan and for which requirements are set forth under the Federal CAIR NO\textsubscript{X} Annual Trading Program in subparts AA through II of part 97 of this chapter must comply with such applicable requirements. The obligation to comply with these requirements in part 97 of this chapter will be eliminated by the promulgation of an approval by the Administrator of a revision to the Michigan State Implementation Plan (SIP) as meeting the requirements of CAIR for PM\textsubscript{2.5} relating to NO\textsubscript{X} under § 51.123 of this chapter, except to the extent the Administrator’s approval is partial or conditional or unless such approval is under § 51.123(p) of this chapter.

(b)(1) The owner and operator of each NO\textsubscript{X} source located within the State of Michigan and for which requirements are set forth under the Federal CAIR NO\textsubscript{X} Ozone Season Trading Program in subparts AAAA through IIII of part 97 of this chapter must comply with such applicable requirements. The obligation to comply with these requirements in part 97 of this chapter will be eliminated by the promulgation of an approval by the Administrator of a revision to the Michigan State Implementation Plan (SIP) as meeting the requirements of CAIR for ozone relating to NO\textsubscript{X} under § 51.123 of this chapter, except to the extent the Administrator’s approval is partial or conditional or unless such approval is under § 51.123(ee) of this chapter.
(2) Notwithstanding any provisions of paragraph (b)(1) of this section, if, at the time of such approval of the State’s SIP, the Administrator has already allocated CAIR NOₓ Ozone Season allowances to sources in the State for any years, the provisions of part 97 of this chapter authorizing the Administrator to complete the allocation of CAIR NOₓ Ozone Season allowances for those years shall continue to apply, unless the Administrator approves a SIP provision that provides for the allocation of the remaining CAIR NOₓ Ozone Season allowances for those years.

(c) Notwithstanding any provisions of paragraphs (a) and (b) of this section and subparts AA through II and AAAA through IIII of part 97 of this chapter to the contrary:

(1) With regard to any control period that begins after December 31, 2011,

(i) The provisions in paragraphs (a) and (b) of this section relating to NOₓ annual or ozone season emissions shall not be applicable; and

(ii) The Administrator will not carry out any of the functions set forth for the Administrator in subparts AA through II and AAAA through IIII of part 97 of this chapter;

(2) The Administrator will not deduct for excess emissions any CAIR NOₓ allowances or CAIR NOₓ Ozone Season allowances allocated for 2012 or any year thereafter;

(3) By November 7, 2011, the Administrator will remove from the CAIR NOₓ Allowance Tracking System accounts all CAIR NOₓ allowances allocated for a control period in 2012 and any subsequent year, and, thereafter, no holding or surrender of CAIR NOₓ allowances will be required with regard to emissions or excess emissions for such control periods; and

(4) By November 7, 2011, the Administrator will remove from the CAIR NOₓ Ozone Season Allowance Tracking System accounts all CAIR NOₓ Ozone Season allowances allocated for a control period in 2012 and any subsequent year, and, thereafter, no holding or surrender of CAIR NOₓ Ozone Season allowances will be required with regard to emissions or excess emissions for such control periods.

(e)(1) The owner and operator of each source and each unit located in the State of Michigan and Indian country within the borders of the State and for which requirements are set forth under the TR NOₓ Annual Trading Program in subpart AAAA of part 97 of this chapter must comply with such requirements. The obligation to comply with such requirements with regard to sources and units in the State will be eliminated by the promulgation of an approval by the Administrator of a revision to Michigan’s State Implementation Plan (SIP) as correcting in part the SIP’s deficiency that is the basis for the TR Federal Implementation Plan under §52.38(a), except to the extent the Administrator’s approval is partial or conditional. The obligation to comply with such requirements with regard to sources and units located in Indian country within the borders of the State will not be eliminated by the promulgation of an approval by the Administrator of a revision to Michigan’s SIP.

(2) Notwithstanding the provisions of paragraph (d)(1) of this section, if, at the time of the approval of Michigan’s SIP revision described in paragraph (d)(1) of this section, the Administrator has already started recording any allocations of TR NOₓ Annual allowances under subpart AAAA of part 97 of this chapter to units in the State for a control period in any year, the provisions of subpart AAAA of part 97 of this chapter authorizing the Administrator to complete the allocation and recordation of TR NOₓ Annual allowances to units in the State for each such control period shall continue to apply, unless provided otherwise by such approval of the State’s SIP.

(f)(1) The owner and operator of each source and each unit located in the State of Michigan and Indian country within the borders of the State and for which requirements are set forth under the TR NOₓ Ozone Season Trading Program in subpart BBBBB of part 97 of this chapter must comply with such requirements. The obligation to comply with such requirements with regard to sources and units in the State will be eliminated by the promulgation of an approval by the Administrator of a revision to Michigan’s State Implementation Plan (SIP) as correcting the SIP’s deficiency that is the basis for
§ 52.1187 Interstate pollutant transport provisions; What are the FIP requirements for decreases in emissions of sulfur dioxide?

(a) The owner and operator of each SO\(_2\) source located within the State of Michigan and for which requirements are set forth under the Federal CAIR SO\(_2\) Trading Program in subparts AAA through III of part 97 of this chapter must comply with such applicable requirements. The obligation to comply with these requirements in part 97 of this chapter will be eliminated by the promulgation of an approval by the Administrator of a revision to Michigan’s SIP as correcting in part the SIP’s deficiency that is the basis for the TR Federal Implementation Plan under §52.39, except to the extent the Administrator’s approval is partial or conditional. The obligation to comply with such requirements with regard to sources and units in the State within the borders of the State will not be eliminated by the promulgation of an approval by the Administrator of a revision to Michigan’s SIP.

(b) Notwithstanding any provisions of paragraph (a) of this section and subparts AAA through III of part 97 of this chapter and any State’s SIP to the contrary:

(1) With regard to any control period that begins after December 31, 2011,

(i) The provisions of paragraph (a) of this section relating to SO\(_2\) emissions shall not be applicable; and

(ii) The Administrator will not carry out any of the functions set forth for the Administrator in subparts AAA through III of part 97 of this chapter; and

(2) The Administrator will not deduct for excess emissions any CAIR SO\(_2\) allowances allocated for 2012 or any year thereafter.

(c)(1) The owner and operator of each source and each unit located in the State of Michigan and Indian country within the borders of the State and for which requirements are set forth under the TR SO\(_2\) Group 1 Trading Program in subpart CCCCC of part 97 of this chapter must comply with such requirements. The obligation to comply with such requirements with regard to sources and units located in Indian country within the borders of the State will not be eliminated by the promulgation of an approval by the Administrator of a revision to Michigan’s SIP as correcting in part the SIP’s deficiency that is the basis for the TR Federal Implementation Plan under §52.39, except to the extent the Administrator’s approval is partial or conditional. The obligation to comply with such requirements with regard to sources and units located in Indian country within the borders of the State will not be eliminated by the promulgation of an approval by the Administrator of a revision to Michigan’s SIP.

(2) Notwithstanding the provisions of paragraph (c)(1) of this section, if, at the time of the approval of Maryland’s SIP revision described in paragraph (c)(1) of this section, the Administrator has already started recording any allocations of TR SO\(_2\) Group 1 allowances under subpart CCCCC of part 97 of this chapter to units in the State for a control period in any year, the provisions of subpart CCCCC of part 97 of this chapter must comply with such requirements. The obligation to comply with such requirements with regard to sources and units in the State within the borders of the State will be eliminated by the promulgation of an approval by the Administrator of a revision to Michigan’s SIP.
