§ 62.5160 Identification of plan.
Section 111(d) of the Clean Air Act requires the Environmental Protection Agency (EPA) to establish emissions standards for existing and new stationary sources of air pollutants. The plan is submitted to the EPA by the State of Maryland. The code of regulations referred to is COMAR 26.11.08, which is the Maryland regulation for the implementation of the federal Clean Air Act.

§ 62.5161 Identification of sources.
The plan applies to all existing HMIWIs located in Maryland for which construction was commenced on or before June 20, 1996.

§ 62.5162 Effective date.
The effective date of the plan is October 20, 2000.

Subpart W—Massachusetts

PLAN FOR THE CONTROL OF DESIGNATED POLLUTANTS FROM EXISTING FACILITIES (SECTION 111(d) PLAN)

§ 62.5340 Identification of Plan.
(a) Identification of Plan. Massachusetts Plan for the Control of Designated Pollutants from Existing Plants (Section 111(d) Plan).
(b) The plan was officially submitted as follows:
1. Control of metals, acid gases, organic compounds and nitrogen oxide emissions from existing municipal waste combustors, originally submitted on January 11, 1999 and amended on November 16, 2001. The Plan does not include: the site assignment provisions of 310 CMR 7.08(2)(a); the definition of “materials separation plan” at 310 CMR 7.08(2)(c); and the materials separation plan provisions at 310 CMR 7.08(2)(f)(7).
2. [Reserved]
3. Designated facilities. The plan applies to existing sources in the following categories of sources:
   (a) Municipal waste combustors.
   (b) [Reserved]

§ 62.5345 Identification of Plan—negative declaration.
The State Department of Environmental Quality submitted a letter certifying that there are no existing kraft pulp mills in the state subject to part 60, subpart B of this chapter.

§ 62.5351 Identification of plan—negative declaration.
On February 18, 1986, the Commonwealth of Massachusetts submitted a letter certifying that there are no existing sulfuric acid plants in the Commonwealth of Massachusetts.

§ 62.5375 Identification of plan—negative declaration.
The State Department of Environmental Quality submitted a letter certifying that there are no existing kraft pulp mills in the state subject to part 60, subpart B of this chapter.

§ 62.5400 Identification of plan—negative declaration.
The State Department of Environmental Quality submitted a letter certifying that there are no existing primary aluminum reduction plants in the State subject to part 60, subpart B of this chapter.

§ 62.5425 Identification of sources.
The plan applies to the following existing municipal waste combustor facilities:
1. Fall River Municipal Incinerator in Fall River.
