§ 84.1135 Half-mask facepieces, full facepieces, hoods, helmets, and mouthpieces; fit; minimum requirements.

(a) Half-mask facepieces shall be designed and constructed to be held in the mouthpiece and be worn in an effective manner. Full facepieces, hoods, helmets, and mouthpieces shall be designed and constructed to be worn in an effective manner.

(b) Hoods and helmets shall be designed and constructed to permit easy removal and replacement of respirator parts, and, where applicable, provide for holding a full facepiece in the ready position when not in use.

§ 84.1134 Respirator containers; minimum requirements.

(a) Except as provided in paragraph (b) of this section, each respirator shall be equipped with a substantial, durable container bearing markings which show the applicant’s name, the type of respirator it contains, and all appropriate approval labels. Except for dust, fume, and mist respirators, the commercial designation of the respirator it contains shall be shown.

(b) Containers for single-use respirators may provide for storage of more than one respirator, however, such containers shall be designed and constructed to prevent contamination of respirators which are not removed, and to prevent damage to respirators during transit.

(c) Containers for gas masks combinations shall be designed and constructed to permit easy removal of the mask.
