§ 456.650 Basis, purpose and scope.

(a) Basis. Section 1903(g) of the Act requires that FFP for long-stay inpatient services at a level of care be reduced, by a specified formula, for any quarter in which a State fails to make a satisfactory showing that it has an effective program of utilization control for that level of care.

(b) Purpose. This subpart specifies—

(1) What States must do to make a satisfactory showing;
(2) How the Administrator will determine whether reductions will be imposed; and
(3) How the required reductions will be implemented.

(c) Scope. The reductions required by this subpart do not apply to—

(1) Services provided under a contract with a health maintenance organization; or
(2) Facilities in which a QIO is performing medical and utilization reviews under contract with the Medicaid agency in accordance with §431.650 of this chapter.

§ 456.651 Definitions.

For purposes of this subpart—

Facility, with respect to inpatient psychiatric services for individuals under 21, includes a psychiatric program as specified in §441.151 of this chapter.

Level of care means one of the following types of inpatient services: hospital, mental hospital, intermediate care facility, or psychiatric services for individuals under 21.

Long-stay services means services provided to a beneficiary after a total of 60 days of inpatient stay (90 in the case of mental hospital services) during a 12-month period beginning July 1, not counting days of stay paid for wholly or in part by Medicare.

§ 456.652 Requirements for an effective utilization control program.

(a) General requirements. In order to avoid a reduction in FFP, the Medicaid agency must make a satisfactory showing to the Administrator, in each quarter, that it has met the following requirements for each beneficiary:

(4) A regular program of reviews, including medical evaluations, and annual on-site reviews of the care of each beneficiary, as specified in §§456.170, and 456.482 and subpart I of this part.

(b) Annual on-site review requirements.

(1) An agency meets the quarterly on-site review requirements of paragraph (a)(4) of this section for a quarter if it completes on-site reviews of each beneficiary in every facility in the State, and in every State-owned facility regardless of location, by the end of the quarter in which a review is required under paragraph (b)(2) of this section.

(2) An on-site review is required in a facility by the end of a quarter if the facility entered the Medicaid program during the same calendar quarter 1 year earlier or has not been reviewed since the same calendar quarter 1 year
