§ 19.8

the Secretary is authorized, in his discretion, to accept donations of patented lands, rights-of-way over patented lands or other lands, buildings, or other property within the various national parks and national monuments for the purposes of the National Park System. Persons desiring to offer lands, rights-of-way, or buildings under the provisions of the Act of June 5, 1920, should make inquiry of the superintendent of the national park or monument within which the property is located.

§ 19.8 Prospecting, mineral locations, mineral patents, and mineral leasing within National Forest Wilderness.

Regulations issued under the provisions of the Wilderness Act pertaining to prospecting, mineral locations, mineral patents, and mineral leasing within National Forest Wilderness are contained in parts 3327 and 3638 of subchapter C of chapter II of this title.

EDITORIAL NOTE: See Redesignation Table No. 2 of 43 CFR, which appears in Volume II of the List of CFR Sections Affected, 1964–1972, for the appropriate sections to former parts 3327 and 3638.
