(b) Segregations resulting from applications and proposals filed on or after October 21, 1976, terminate:
(1) Automatically upon the expiration of a 2 year period from the date of publication in the FEDERAL REGISTER of the notice of the filing of an application or proposal for withdrawal;
(2) Upon the publication in the FEDERAL REGISTER of a Public Land Order effecting the withdrawal in whole or in part;
(3) Upon the publication in the FEDERAL REGISTER of a notice denying the withdrawal application or proposal, in whole or in part, giving the date and time the lands shall be open; or
(4) Publication in the FEDERAL REGISTER of a notice of request for cancelation of a withdrawal application or proposal, in whole or in part, giving the date and time the lands are open.

(2) Any amendment made to a withdrawal application filed prior to October 21, 1976, for the purpose of adding lands modifies the term of segregation for all lands covered by the amended application to conform with the provision of §2091.5–1 of this title.

(b) These lands may be opened to operation of the public land laws after a revocation or cancellation order issued by the Department of the Interior or after a determination to open the lands is made by the Federal Energy Regulatory Commission under section 24 of the Federal Power Act. The term of a withdrawal ends upon expiration under its own terms, or upon revocation or termination by the Secretary by publication in the Federal Register of a Public Land Order. Lands included in a withdrawal that is revoked, terminates or expires do not automatically become open, but are opened through publication in the Federal Register of an opening order. An opening order may be incorporated in a Public Land Order that revokes or terminates a withdrawal or may be published in the Federal Register as a separate document. In each case, the opening order specifies the time, date and specific conditions under which the lands are opened. (See subpart 2310.)
