§ 3425.1–2 Contents of application.

No specific form of application is required. Three copies of the application, including preliminary and other data required by this subpart shall be filed. The lands applied for shall be described in accordance with subpart 3471 of this title. The application must be accompanied by the filing fee (43 CFR 3473.2).

§ 3425.1–3 Qualifications of the applicant.

Any applicant for a lease shall meet the qualifications required of a lessee as specified in subpart 3472 of this title.

§ 3425.1–4 Emergency leasing.

(a) An emergency lease sale may be held in response to an application under this subpart if the applicant shows:

(1) That the coal reserves applied for shall be mined as part of a mining operation that is producing coal on the date of the application, and either:

(i) The Federal coal is needed within 3 years (A) to maintain an existing mining operation at its current average annual level of production on the date of application or (B) to supply coal for contracts signed prior to July 19, 1979, as substantiated by a complete copy of the supply or delivery contract, or both; or

(ii) If the coal deposits are not leased, they would be bypassed in the reasonably foreseeable future, and if leased, some portion of the tract applied for would be used within 3 years; and

(2) That the need for the coal deposits shall have resulted from circumstances that were either beyond the control of the applicant or could not have been reasonably foreseen and planned for in time to allow for consideration of leasing the tract under the provisions of § 3420.3 of this title.

(b) The extent of any lease issued under this section shall not exceed 8 years of recoverable reserves at the rate of production under which the applicant qualified in paragraph (a)(1) of this section. If the applicant qualifies under both paragraphs (a)(1) (A) and (B) of this section, the higher rate applies.

(c) The authorized officer shall provide the Governor of the affected State(s) a notice of an emergency lease application when it is filed with the Bureau of Land Management.

§ 3425.1–5 Leasing outside coal production regions.

A lease sale may be held in response to an application under this subpart if the application covers coal deposits which are outside coal production regions identified under §3400.5 of this title.

§ 3425.1–6 Hardship leases.

The Secretary may issue a lease under this subpart based on any application listed by serial number in the modified court order in NRDC v. Hughes, 454 F. Supp. 148 (D.D.C. 1978).

§ 3425.1–7 Preliminary data.

(a) Any application for a lease shall contain preliminary data to assist the authorized officer in conducting an environmental analysis as described in §3420.3 of this title.

(b) Such preliminary data shall include:

(1) A map, or maps, showing the topography, physical features and natural drainage patterns, existing roads, vehicular trails, and utility systems; the location of any proposed exploration operations, including seismic lines and drill holes; to the extent known, the location of any proposed mining operations and facilities, trenches, access roads or trails, and supporting facilities including the approximate location and extent of the areas to be used for pits, overburden, and tailings; and the location of water sources or other resources that may be used in the proposed operations and facilities.

(2) A narrative statement, including:

(i) The anticipated scope, method, and schedule of exploration operations, including the types of exploration equipment to be used;

(ii) The method of mining anticipated, including the best estimate of the mining sequence and production rate to be followed;
(iii) The relationship between the mining operations anticipated on the lands applied for and existing or planned mining operations, or support facilities on adjacent Federal or non-Federal lands;

(iv) A brief description, including maps or aerial photographs, as appropriate, of: The existing land use or uses within and adjacent to the lands applied for; known geologic, visual, cultural, paleontological or archaeological features; wetlands and floodplains; and known habitat of fish and wildlife—particularly threatened and endangered species—any of which may be affected by the proposed or anticipated exploration or mining operations and related facilities;

(v) A brief description of the proposed measures to be taken to control or prevent fire and to mitigate or prevent soil erosion, pollution of surface and ground water, damage to fish and wildlife or other natural resources, air and noise pollution, adverse impacts to the social and infrastructure systems of local communities, and hazards to public health and safety; reclaim the surface; and meet other applicable laws and regulations. The applicant may submit other pertinent information that the applicant wishes to have considered by the authorized officer;

(vi) A statement which describes the intended use of the coal covered by the emergency application; and

(vii) Any other information which will show that the application meets the requirements of this subpart.

(c) The applicant may engage in casual use of the land in the application, but shall not undertake any exploration without prior authorization by exploration license, or undertake any mining operations until lease issuance.

(d) The authorized officer, after reviewing the preliminary data contained in an application, and at any time during an environmental assessment may request additional information from the applicant. Where the surface of the land is held by a qualified surface owner (§3400.0-5) and the mining method to be used is other than underground mining techniques, the authorized officer shall obtain documents necessary to show ownership of the surface. The applicant shall submit evidence of written consent from any qualified surface owner(s). (In accordance with subpart 3427 of this title).

§ 3425.1–8 Rejection of applications.

(a) An application for a lease shall be rejected in total or in part if the authorized officer determines that: (1) The application is not consistent with the applicable regulations; (2) issuance of the lease would compromise the regional leasing process described in §3420.3 of this title; or (3) leasing of the lands covered by the application, for environmental or other sufficient reasons, would be contrary to the public interest.

(b) Any application subject to rejection under paragraph (a) of this section shall not be rejected until the applicant is given written notice of the opportunity to provide requested missing information and fails to do so within the time specified in the decision issued for that purpose.

(c) The authorized officer shall transmit reasonable notice of the rejection of an emergency lease application to the Governor of the affected State(s).

§ 3425.1–9 Modification of application area.

The authorized officer may add or delete lands from an area covered by an application for any reason he/she determines to be in the public interest. If an environmental assessment of the modification is required, BLM will solicit and consider public comments on the modified application.
