Coordination requirements.
All Federal agencies responsible for programs related to child abuse and neglect shall provide information as required by the Commissioner to insure effective coordination of efforts.

Subpart B—Grants to States

Purpose of this subpart.
This subpart sets forth the requirements and procedures States must meet in order to receive grants to develop, strengthen, and carry out State child abuse and neglect prevention and treatment programs under section 107 of the Act.

Allocation of funds available.
(a) The Commissioner shall allocate the funds available for grants to States for each fiscal year among the States on the basis of the following formula:
(1) An amount of $25,000 or such other amount as the Commissioner may determine; plus
(2) An additional amount bearing the same ratio to the total amount made available for this purpose (reduced by the minimum amounts allocated to the States under paragraph (a)(1) of this section) as the number of children under the age of eighteen in each State bears to the total number of children under eighteen in all the States. Annual estimates of the number of children under the age of eighteen, provided by the Bureau of the Census of the Department of Commerce, are used in making this determination.
(b) If a State has not qualified for assistance under the Act and this subpart prior to a date designated by the Commissioner in each fiscal year, the amount previously allocated to the State shall be allocated among the eligible States.

Application process.
(a) The Governor of the State may submit an application or designate the State office, agency, or organization which may apply for assistance under this subpart. The State office, agency, or organization need not be limited in its mandate or activities to child abuse and neglect.

(b) Grant applications must include a description of the activities presently conducted by the State and its political subdivisions in preventing and treating child abuse and neglect, the activities to be assisted under the grant, a statement of how the proposed activities are expected to improve or expand child abuse prevention and treatment programs in the State, and other information required by the Commissioner in compliance with the paperwork reduction requirements of 44 U.S.C. chapter 35 and any applicable directives issued by the Office of Management and Budget.
(c) States shall provide with the grant application a statement signed by the Governor that the State meets the requirements of the Act and of this subpart. This statement shall be in the form and include the documentation required by the Commissioner.

Approval of applications.
(a) The Commissioner shall approve an application for an award for funds under this subpart if he or she finds that:
(1) The State is qualified and has met all requirements of the Act and §1340.14 of this part, except for the definitional requirement of §1340.14(a) with regard to the definition of “sexual abuse” (see §1340.2(d)(1)) and the definitional requirement of negligent treatment as it relates to the failure to provide adequate medical care (see §1340.2(d)(2)). The State must include these two definitional requirements in its definition of child abuse and neglect either by statute or regulation having the force and effect of law no later than the close of the second general legislative session of the State legislature following February 25, 1983;
(2) Either by statute or regulation having the force and effect of law, the State modifies its definition of “child abuse and neglect” to provide that the phrase “person responsible for a child’s welfare” includes an employee of a residential facility or a staff person providing out-of-home care no later than the close of the first general legislative session of the State legislature which convenes following February 6, 1987;
