§ 1355.50 Purpose of this part.

This part sets forth the requirements and procedures title IV–E agencies must meet in order to receive Federal financial participation for the planning, design, development, installation and operation of statewide or Tribal automated child welfare information systems authorized under section 474(a)(3)(c) of the Act.

§ 1355.52 Funding authority for statewide or Tribal automated child welfare information systems (SACWIS/TACWIS).

(a) Title IV–E agencies may receive Federal reimbursement at the 50 percent level for expenditures related to the planning, design, development and installation of a statewide or Tribal automated child welfare information system, to the extent such system:

(1) Provides for the title IV–E agency to collect and electronically report certain data required by section 479(b) of the Act and § 1355.40 of this part;

(2) To the extent practicable, provides for an interface with the data collection system for child abuse and neglect;

(3) To the extent practicable, provides for an interface with and retrieval of information from the State or Tribal automated information system that collects information relating to the eligibility of individuals under title IV–A of the Act; and

(4) Provides for more efficient, economical and effective administration of the programs carried out under a plan approved under title IV–B and title IV–E.

(b) Title IV–E agencies may also be reimbursed for the full amount of expenditures for the hardware components for such systems at the rate provided under paragraph (a) of this section.

(c) Expenditures for the operation of the automated information system described in paragraph (a) of this section are eligible for FFP at the 50 percent matching rate.

§ 1355.53 Conditions for approval of funding.

(a) As a condition of funding, the SACWIS or TACWIS must be designed, developed (or an existing system enhanced), and installed in accordance with an approved advance planning document (APD). The APD must provide for a design which, when implemented, will produce a comprehensive system, which is effective and efficient, to improve the program management and administration of the plans for titles IV–B and IV–E as provided under this section.

(b) At a minimum, the system must provide for effective management, tracking and reporting by providing automated procedures and processes to:

(1) Meet the Adoption and Foster Care reporting requirements through the collection, maintenance, integrity checking and electronic transmission of the data elements specified by the Adoption and Foster Care Analysis and Reporting System (AFCARS) requirements mandated under section 479(b) of the Act and § 1355.40 of this part;

(2) Provide, for electronic exchanges and referrals, as appropriate, with the following systems within the State or Tribe, unless the title IV–E agency demonstrates that such interface or integration would not be practicable because of systems limitations or cost constraints:

(i) Systems operated under title IV–A,

(ii) National Child Abuse and Neglect Data Systems (NCANDS),

(iii) Systems operated under title XIX, and

(iv) Systems operated under title IV–D;
