§ 4.03–30 Investigating officer.

An investigating officer is an officer or employee of the Coast Guard designated by the Commandant, District

§ 4.03–25 District Commander.

The District Commander is the chief of a Coast Guard district and is charged with the administration of all Coast Guard responsibilities and activities within his respective district, except those functions of administrative law judges under the Administrative Procedure Act (60 Stat. 237, 5 U.S.C. 1001 et seq.) and activities of independent units of the Coast Guard, such as the Coast Guard Yard and the Coast Guard Academy.

§ 4.03–20 Coast Guard district.

A Coast Guard district is one of the geographical areas whose boundaries are described in 33 CFR part 3.

§ 4.03–15 Commandant.

The Commandant, U.S. Coast Guard, is that officer who acts as chief of the Coast Guard and is charged with the administration of the Coast Guard.

§ 4.03–10 Party in interest.

The term party in interest shall mean any person whom the Marine Board of Investigation or the investigating officer shall find to have a direct interest in the investigation conducted by it and shall include an owner, a charterer, or the agent of such owner or charterer of the vessel or vessels involved in the marine casualty or accident, and all licensed or certificated personnel whose conduct, whether or not involved in a marine casualty or accident is under investigation by the Board or investigating officer.

§ 4.03–7 Chemical test.

The term chemical test means a scientifically recognized test which analyzes an individual’s breath, blood, urine, saliva, bodily fluids, or tissues for evidence of dangerous drug or alcohol use.

§ 4.03–4 Individual directly involved in a serious marine incident.

The term individual directly involved in a serious marine incident is an individual whose order, action or failure to act is determined to be, or cannot be ruled out as, a causative factor in the events leading to or causing a serious marine incident.

§ 4.03–5 Medical facility.

The term medical facility means an American hospital, clinic, physician’s office, or laboratory, where blood and urine specimens can be collected according to recognized professional standards.

§ 4.03–6 Qualified medical personnel.

The term qualified medical personnel means a physician, physician’s assistant, nurse, emergency medical technician, or other person authorized under State or Federal law or regulation to collect blood and urine specimens.

§ 4.03–30 Investigating officer.

An investigating officer is an officer or employee of the Coast Guard designated by the Commandant, District

§ 4.03–20 Coast Guard district.

A Coast Guard district is one of the geographical areas whose boundaries are described in 33 CFR part 3.

§ 4.03–15 Commandant.

The Commandant, U.S. Coast Guard, is that officer who acts as chief of the Coast Guard and is charged with the administration of the Coast Guard.

§ 4.03–10 Party in interest.

The term party in interest shall mean any person whom the Marine Board of Investigation or the investigating officer shall find to have a direct interest in the investigation conducted by it and shall include an owner, a charterer, or the agent of such owner or charterer of the vessel or vessels involved in the marine casualty or accident, and all licensed or certificated personnel whose conduct, whether or not involved in a marine casualty or accident is under investigation by the Board or investigating officer.

§ 4.03–7 Chemical test.

The term chemical test means a scientifically recognized test which analyzes an individual’s breath, blood, urine, saliva, bodily fluids, or tissues for evidence of dangerous drug or alcohol use.

§ 4.03–4 Individual directly involved in a serious marine incident.

The term individual directly involved in a serious marine incident is an individual whose order, action or failure to act is determined to be, or cannot be ruled out as, a causative factor in the events leading to or causing a serious marine incident.

§ 4.03–5 Medical facility.

The term medical facility means an American hospital, clinic, physician’s office, or laboratory, where blood and urine specimens can be collected according to recognized professional standards.

§ 4.03–6 Qualified medical personnel.

The term qualified medical personnel means a physician, physician’s assistant, nurse, emergency medical technician, or other person authorized under State or Federal law or regulation to collect blood and urine specimens.
