§ 520.14 Special permission.

(a) General. Section 8(d) of the Act (46 U.S.C. 40501(e)) authorizes the Commission, in its discretion and for good cause shown, to permit increases or decreases in rates, or the issuance of new or initial rates, on less than the statutory notice. Section 9(c) of the Act (46 U.S.C. 40703, 40704(a)) authorizes the Commission to permit a controlled carrier's rates, charges, classifications, rules or regulations to become effective on less than 30 days' notice. The Commission may also in its discretion and for good cause shown, permit departures from the requirements of this part.

(b) Clerical errors. (2) Applications for special permission shall be made only by letter, except that in emergency situations, application may be made by telephone or facsimile if the communication is promptly followed by a letter and the filing fee.

(3) Applications for special permission shall contain the following information:

(i) Organization name, number and trade name of the conference or carrier;

(ii) Tariff number and title; and

(iii) The rate, commodity, or rules related to the application, and the special circumstances which the applicant believes constitute good cause to depart from the requirements of this part or to warrant a tariff change upon less than the statutory notice period.

(d) Implementation. The authority granted by the Commission shall be used in its entirety, including the prompt publishing of the material for which permission was requested. Applicants shall use the special case number assigned by the Commission with the symbol "S".

PART 525—MARINE TERMINAL OPERATOR SCHEDULES

- Sec.
- 525.1 Purpose and scope.
- 525.2 Terminal schedules.
- 525.3 Availability of marine terminal operator schedules.
- 525.4 OMB Control number assigned pursuant to the Paperwork Reduction Act.

AUTHORITY: 46 U.S.C. 40102, 40501, 41101-41106.

SOURCE: 64 FR 9283, Feb. 25, 1999, unless otherwise noted.

§ 525.1 Purpose and scope.

(a) *Purpose.* This part implements the Shipping Act of 1984, as amended by the Ocean Shipping Reform Act of 1998 and the Coast Guard Authorization Act of 1998. The form and manner requirements of this part are necessary to enable the Commission to meet its responsibilities with regard to identifying and preventing unreasonable preference or prejudice and unjust discrimination pursuant to section 10 of the Act (46 U.S.C. 41101-41106).

(b) *Scope.* This part sets forth the regulations for the publication of terminal schedules by marine terminal operators. Information made available under this part may be used to determine marine terminal operators' compliance with shipping statutes and regulations.

(c) *Definitions.* The following definitions apply to the regulations of this part:

(1) *Act* means the Shipping Act of 1984, as amended by the Ocean Shipping Reform Act of 1998 and the Coast Guard Authorization Act of 1998.

(2) *Bulk cargo* means cargo that is loaded and carried in bulk without mark or count, in a loose unpackaged form, having homogenous characteristics. Bulk cargo loaded into intermodal equipment, except LASH or Seabee barges, is subject to mark and count and is, therefore, subject to the requirements of this part.

(3) *Checking* means the service of counting and checking cargo against

appropriate documents for the account of the cargo or the vessel, or other person requesting same.

(4) *Commission* means the Federal Maritime Commission.

(5) *Dockage* means the charge assessed against a vessel for berthing at a wharf, pier, bulkhead structure, or bank or for mooring to a vessel so berthed.

(6) *Effective date* means the date a schedule or an element of a schedule becomes effective. Where there are multiple publications on the same day, the last schedule or element of a schedule published with the same effective date is the one effective for that day.

(7) *Expiration date* means the last day, after which the entire schedule or a single element of the schedule, is no longer in effect.

(8) *Forest products* means forest products including, but not limited to, lumber in bundles, rough timber, ties, poles, piling, laminated beams, bundled siding, bundled plywood, bundled core stock or veneers, bundled particle or fiber boards, bundled hardwood, wood pulp in rolls, wood pulp in unitized bales, paper and paper board in rolls or in pallet or skid-sized sheets, liquid or granular by-products derived from pulping and papermaking, and engineering wood products.

(9) *Free time* means the period specified in the terminal schedule during which cargo may occupy space assigned to it on terminal property, including off-dock facilities, free of wharf demurrage or terminal storage charges immediately prior to the loading or subsequent to the discharge of such cargo on or off the vessel.

(10) *Handling* means the service of physically moving cargo between point of rest and any place on the terminal facility, other than the end of ship's tackle.

(11) *Heavy lift* means the service of providing heavy lift cranes and equipment for lifting cargo.

(12) *Loading and unloading* means the service of loading or unloading cargo between any place on the terminal and railroad cars, trucks, lighters or barges or any other means of conveyance to or from the terminal facility.

(13) *Marine terminal operator* means a person engaged in the United States or
