Federal Communications Commission

§ 64.621 Interoperability and portability.

(a) General obligations of VRS providers. (1) All VRS users must be able to place a VRS call through any of the VRS providers’ services, and all VRS providers must be able to receive calls from, and make calls to, any VRS user.

(2) A VRS provider may not take steps that restrict a user’s unfettered access to another provider’s service, such as providing degraded service quality to VRS users using VRS equipment or service with another provider’s service.

(3) All VRS providers must ensure that their VRS access technologies and their video communication service platforms are interoperable with the VRS Access Technology Reference Platform.
