1631.205–76 Trade, business, technical, and professional activity costs.

(a) FEHBP participating plans, carriers, and underwriters shall seek the advance written approval of the contracting officer for allowability of all or part of the costs associated with trade, business, technical, and professional activities (FAR 31.205–43) when the allocable costs of such participation to the FEHBP will exceed $1,000 annually and when the carrier or underwriter allocates more than 50% of the membership cost of a trade, business, technical, or professional organization to the FEHBP.

(b) When approval of costs for membership in an organization is required, the carrier or underwriter must demonstrate conclusively that membership in such an organization and participation in its activities extend beyond the contractual relationship with OPM, have a reasonable relationship to providing care and services to FEHBP enrollees, and that the organization is not engaged in activities such as those cited in FAR 31.205–22 (lobbying costs) for which costs are not allowable.

1631.205–77 FEHBP start-up and other nonrecurring costs.

Precontract costs (FAR 31.205–32) shall be allowed only to the extent provided for by advance agreement in accordance with FAR 31.109.

1631.205–78 FEHBP printed material costs.

Unless OPM determines that it is in the best interest of the FEHBP to do otherwise, if a carrier orders printed material that is available from the Government Printing Office (GPO) under the “rider system” from another source, the allowable contract charges shall be the lesser of the amount actually paid or the cost that would have been incurred had the carrier ridden OPM’s GPO order.

1631.205–79 Mandatory statutory reserves.

Charges for mandatory statutory reserves are not allowed unless provided for in the contract. When the term “mandatory statutory reserve” is specifically identified as an allowable contract charge without further definition or explanation, it means a requirement imposed by State law upon the carrier to set aside a specific amount or rate of funds into a restricted reserve that is accounted for separately from all other reserves and surpluses of the carrier and which may be used only with the specific approval of the State official designated by law to make such approvals. The amount chargeable to the contract may not exceed an allocable portion of the amount actually set aside. If the statutory reserve is no longer required for the purpose for which it was created, and these funds become available for the general use of the carrier, a pro rata share based upon FEHBP’s contribution to the total carrier’s set aside shall be returned to the FEHBP in accordance with FAR 31.201–5.

1631.205–80 Major subcontractor service charges.

In a subcontract for enrollment and eligibility determinations, administration of claims and payment of benefits, and payment or provision of actual health services, and/or assumption of insurance risk or underwriting, when costs are determined on the basis of actual costs incurred or experience rating, any amount that exceeds the allowable cost of the subcontract (whether entitled service charge, profit, fee, contribution to reserve, surplus, or any other title) is not allowable under the contract. Amounts which exceed allowable costs may be paid to a major subcontractor only from the service charge negotiated between OPM and the Carrier.

1631.205–81 Inferred reasonableness.

If the carrier follows the notification and consent requirements of paragraphs (a), (b) and (c) of 1652.244–70, and subsequently obtains the Contracting officer’s consent or ratification, then the reasonableness of the subcontract’s costs shall be inferred.

1631.205–82 Audits.

Carriers should ensure that the public accounting firms with which they contract for audits of FEHB accounts
