§ 24.204 Notice of relocation eligibility. Eligibility for relocation assistance shall begin on the date of a notice of intent to acquire (described in § 24.203(d)), the initiation of negotiations (defined in § 24.2(a)(15)), or actual acquisition, whichever occurs first. When this occurs, the Agency shall promptly notify all occupants in writing of their eligibility for applicable relocation assistance.

(c) Ninety-day notice—(1) General. No lawful occupant shall be required to move unless he or she has received at least 90 days advance written notice of the earliest date by which he or she may be required to move.

(2) Timing of notice. The displacing Agency may issue the notice 90 days or earlier before it expects the person to be displaced.

(3) Content of notice. The 90-day notice shall either state a specific date as the earliest date by which the occupant may be required to move, or state that the occupant will not have to move earlier than 90 days after such a dwelling is made available. (See § 24.204(a).)

(4) Urgent need. In unusual circumstances, an occupant may be required to vacate the property on less than 90 days advance written notice if the displacing Agency determines that a 90-day notice is impracticable, such as when the person’s continued occupancy of the property would constitute a substantial danger to health or safety. A copy of the Agency’s determination shall be included in the applicable case file.

(d) Notice of intent to acquire. A notice of intent to acquire is a displacing Agency’s written communication that is provided to a person to be displaced, including those to be displaced by rehabilitation or demolition activities from property acquired prior to the commitment of Federal financial assistance to the activity, which clearly sets forth that the Agency intends to acquire the property. A notice of intent to acquire establishes eligibility for relocation assistance prior to the initiation of negotiations and/or prior to the commitment of Federal financial assistance. (See § 24.2(a)(9)(i)(A).)
§ 24.205 Relocation planning, advisory services, and coordination.

(a) Relocation planning. During the early stages of development, an Agency shall plan Federal and federally-assisted programs or projects in such a manner that recognizes the problems associated with the displacement of individuals, families, businesses, farms, and nonprofit organizations and develops solutions to minimize the adverse impacts of displacement. Such planning, where appropriate, shall precede any action by an Agency which will cause displacement, and should be scoped to the complexity and nature of the anticipated displacing activity including an evaluation of program resources available to carry out timely and orderly relocations. Planning may involve a relocation survey or study, which may include the following:

(1) An estimate of the number of households to be displaced including information such as owner/tenant status, estimated value and rental rates of properties to be acquired, family characteristics, and special consideration of the impacts on minorities, the elderly, large families, and persons with disabilities when applicable.

(2) An estimate of the number of comparable replacement dwellings in the area (including price ranges and rental rates) that are expected to be available to fulfill the needs of those households displaced. When an adequate supply of comparable housing is not expected to be available, the Agency should consider housing of last resort actions.

(3) An estimate of the number, type and size of the businesses, farms, and nonprofit organizations to be displaced and the approximate number of employees that may be affected.

(4) An estimate of the availability of replacement business sites. When an adequate supply of replacement business sites is not expected to be available, the impacts of displacing the businesses should be considered and addressed. Planning for displaced businesses which are reasonably expected to involve complex or lengthy moving processes or small businesses with limited financial resources and/or few alternative relocation sites should include an analysis of business moving problems.

(5) Consideration of any special relocation advisory services that may be necessary from the displacing Agency and other cooperating Agencies.

(b) Loans for planning and preliminary expenses. In the event that an Agency elects to consider using the duplicative provision in section 215 of the Uniform Act which permits the use of project funds for loans to cover planning and other preliminary expenses for the development of additional housing, the Lead Agency will establish criteria and procedures for such use upon the request of the Federal Agency funding the program or project.

(c) Relocation assistance advisory services—(1) General. The Agency shall carry out a relocation assistance advisory program which satisfies the requirements of Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.), Title VIII of the Civil Rights Act of 1968 (42 U.S.C. 3601 et seq.), and Executive Order 11063 (27 FR 11527, November 24, 1962), and offer the services described in paragraph (c)(2) of this section. If the Agency determines that a person occupying property adjacent to the real property acquired for the project is caused substantial economic injury because of such acquisition, it may offer advisory services to such person.

(2) Services to be provided. The advisory program shall include such measures, facilities, and services as may be necessary or appropriate in order to:
