§ 40.309 What are the employer’s responsibilities with respect to the SAP’s directions for follow-up tests?

(a) As the employer, you must carry out the SAP’s follow-up testing requirements. You may not allow the employee to continue to perform safety-sensitive functions unless follow-up testing is conducted as directed by the SAP.

(b) You should schedule follow-up tests on dates of your own choosing, but you must ensure that the tests are unannounced with no discernable pattern as to their timing, and that the employee is given no advance notice.

(c) You cannot substitute any other tests (e.g., those carried out under the random testing program) conducted on the employee for this follow-up testing requirement.

(d) You cannot count a follow-up test that has been cancelled as a completed test. A cancelled follow-up test must be recollected.

Example 1 to paragraph (e): The employee returns to duty with Employer A. Two months afterward, after completing the first two of six follow-up tests required by the SAP’s plan, the employee quits his job with Employer A and begins to work in a similar position for Employer B. The employee remains obligated to complete the four additional tests during the next 10 months of safety-sensitive duty, and Employer B is responsible for ensuring that the employee does so. Employer B learns of this obligation through the inquiry it makes under § 40.25.

Example 2 to paragraph (e): The employee returns to duty with Employer A. Three months later, after the employee completes the first two of six follow-up tests required by the SAP’s plan, Employer A lays the employee off for economic or seasonal employment reasons. Four months later, Employer A recalls the employee. Employer A must ensure that the employee completes the remaining four follow-up tests during the next nine months.

(f) As the SAP, you may modify the determinations you have made concerning follow-up tests. For example, even if you recommended follow-up testing beyond the first 12-months, you can terminate the testing requirement at any time after the first year of testing. You must not, however, modify the requirement that the employee take at least six follow-up tests within the first 12 months after returning to the performance of safety-sensitive functions.

§ 40.311 What are the requirements concerning SAP reports?

(a) As the SAP conducting the required evaluations, you must send the written reports required by this section.
in writing directly to the DER and not to a third party or entity for forwarding to the DER (except as provided in §40.355(e)). You may, however, forward the document simultaneously to the DER and to a C/TPA.

(b) As an employer, you must ensure that you receive SAP written reports directly from the SAP performing the evaluation and that no third party or entity changed the SAP’s report in any way.

(c) The SAP’s written report, following an initial evaluation that determines what level of assistance is needed to address the employee’s drug and/or alcohol problems, must be on the SAP’s own letterhead (and not the letterhead of another service agent) signed and dated by the SAP, and must contain the following delineated items:

6. SAP’s telephone number.

(e) The SAP’s written report concerning a follow-up evaluation that determines the employee has not demonstrated successful compliance must be on the SAP’s own letterhead (and not the letterhead of another service agent), signed by the SAP and dated, and must contain the following items:

1. Employee’s name and SSN;
2. Employer’s name and address;
3. Reason for the initial assessment (specific violation of DOT regulations and violation date);
4. Date(s) of initial assessment and synopsis of treatment plan;
5. Name of practice(s) or service(s) providing the recommended education and/or treatment;
6. Inclusive dates of employee’s program participation;
7. Clinical characterization of employee’s program participation;

9. Date(s) of any further follow-up evaluation the SAP has scheduled;
10. SAP’s clinical reasons for determining that the employee has not demonstrated successful compliance; and
11. SAP’s telephone number.

(f) As a SAP, you must also provide these written reports directly to the employee if the employee has no current employer and to the gaining DOT regulated employer in the event the employee obtains another transportation industry safety-sensitive position.

(g) As a SAP, you are to maintain copies of your reports to employers for 5 years, and your employee clinical records in accordance with Federal, state, and local laws regarding record maintenance, confidentiality, and release of information. You must make these records available, on request, to DOT agency representatives (e.g., inspectors conducting an audit or safety investigation) and representatives of the NTSB in an accident investigation.

(h) As an employer, you must maintain your reports from SAPs for 5 years from the date you received them.
