§ 410.308 Training to obtain an academic degree.

(a) An agency may authorize training for an employee to obtain an academic degree under conditions prescribed at 5 U.S.C. 4107(a).

(b) Colleges and universities participating in an academic degree training program must be accredited by a nationally recognized body. A “nationally recognized body” is a regional, national, or international accrediting organization recognized by the U.S. Department of Education. The listing of accrediting bodies is available through the Department.

(c) The selection of employees for an academic degree training program must follow the requirements of § 335.103(b)(3), § 335.103(c)(1)(iii), and subpart A of part 300 of this chapter. The selection and assignment must be accomplished to meet one or more of the criteria identified in 5 U.S.C. 4107(a). Therefore, an agency may competitively select and assign an employee to an academic degree training program that qualifies the employee for promotion to a higher graded position or to a position that requires an academic degree.

(d) Agency heads must assess and maintain records on the effectiveness of training assignments under this section.

(e) On a periodic basis, OPM may request agency information on the use and effectiveness of training assignments under this section.
