§ 216.87 Wildlife research.

(a) Wildlife research, other than research on North Pacific fur seals, including specimen collection, may be permitted on the Pribilof Islands subject to the following conditions:

(1) Any person or agency, seeking to conduct such research shall first obtain any Federal or State of Alaska permit required for the type of research involved.

(2) Any person seeking to conduct such research shall obtain prior approval of the Director, Pribilof Islands Program, National Marine Fisheries Service, National Oceanic and Atmospheric Administration, 1700 Westlake Avenue North, Seattle, WA 98109, by filing with the Director an application which shall include:

(i) Copies of the required Federal and State of Alaska permits; and

(ii) A resume of the intended research program.

(3) All approved research shall be subject to all regulations and administrative procedures in effect on the Pribilof Islands, and such research shall not commence until approval from the Director is received.

(4) Any approved research program shall be subject to such terms and conditions as the Director, Pribilof Islands Program deems appropriate.

(5) Permission to utilize the Pribilof Islands to conduct an approved research program may be revoked by the Director, Pribilof Islands Program at any time for noncompliance with any terms and conditions, or for violations of any regulation or administrative procedure in effect on the Pribilof Islands.

Subpart H—Dolphin Safe Tuna Labeling

regular and significant association occurs between dolphins and tuna (similar to the association between dolphins and tuna in the ETP), unless such products are accompanied as described in §216.24(f)(3) by a written statement, executed by the Captain of the vessel and an observer participating in a national or international program acceptable to the Assistant Administrator, certifying that no purse seine net was intentionally deployed on or used to encircle dolphins during the particular trip on which the tuna were caught and no dolphins were killed or seriously injured in the sets in which the tuna were caught; or
(ii) In any other fishery on a fishing trip that began before July 13, 2013 unless the products are accompanied as described in §216.93(d), (e), or (f), as appropriate, by a written statement executed by the Captain of the vessel certifying that no purse seine net was intentionally deployed on or used to encircle dolphins during the fishing trip in which the tuna were caught and that no dolphins were killed or seriously injured in the sets in which the tuna were caught; or
(iii) In any other fishery on a fishing trip that began on or after July 13, 2013 unless the products are accompanied as described in §216.93(d), (e), or (f), as appropriate, by:
(A) A written statement executed by the Captain of the vessel certifying that no dolphins were killed or seriously injured in the sets or other gear deployments in which the tuna were caught; and
(B) Where the Assistant Administrator has determined that observers participating in a national or international observer program are qualified and authorized to certify that no dolphins were killed or seriously injured in the sets or other gear deployments in which the tuna were caught, and where such an observer is on board the vessel, a written statement executed by the observer, or by an authorized representative of a nation participating in the observer program based on information from the observer, certifying that no dolphins were killed or seriously injured in the sets or other gear deployments in which the tuna were caught. Any determination by the Assistant Administrator shall be announced in a notice published in the Federal Register. Determinations under this subparagraph will also be publicized on the Web site of the NMFS Southwest Region (http://swr.nmfs.noaa.gov);
(3) Driftnet. By a vessel engaged in large-scale driftnet fishing; or
(4) Other fisheries. By a vessel on a fishing trip that began on or after July 13, 2013 in a fishery other than one described in paragraphs (a)(1) through (3) of this section unless such product is accompanied as described in section 216.93(d), (e), or (f), as appropriate, by:
(i) A written statement executed by the Captain of the vessel certifying that no dolphins were killed or seriously injured in the sets or other gear deployments in which the tuna were caught; and
(ii) Where the Assistant Administrator has determined that observers participating in a national or international observer program are qualified and authorized to certify that no dolphins were killed or seriously injured in the sets or other gear deployments in which the tuna were caught, and where such an observer is on board the vessel, a written statement executed by the observer, or by an authorized representative of a nation participating in the observer program based on information from the observer, certifying that no dolphins were killed or seriously injured in the sets or other gear deployments in which the tuna were caught. Any determination by the Assistant Administrator shall be announced in a notice published in the Federal Register. Determinations under this subparagraph will also be publicized on the Web site of the NMFS Southwest Region (http://swr.nmfs.noaa.gov); and
(iii) In any other fishery that is identified by the Assistant Administrator as having a regular and significant mortality or serious injury of dolphins, a written statement executed by an observer participating in a national or
§216.92 Dolphin-safe requirements for tuna harvested in the ETP by large purse seine vessels.

(a) U.S. vessels. Tuna products that contain tuna harvested by U.S. flag purse seine vessels of greater than 400 st (362.8 mt) carrying capacity in the ETP may be labeled dolphin-safe only if the following requirements are met:

(1) Tuna Tracking Forms containing a complete record of all the fishing activities on the trip, certified by the vessel Captain and the observer, are submitted to the Administrator, Southwest Region, at the end of the fishing trip during which the tuna was harvested;

(2) The tuna is delivered for processing to a U.S. tuna processor in a plant located in one of the 50 states, Puerto Rico, or American Samoa that is in compliance with the tuna tracking and verification requirements of §216.93; and

(3) The tuna or tuna products meet the dolphin-safe labeling standards under §216.91.

(b) Import tuna. (1) Yellowfin tuna or tuna products harvested in the ETP by vessels of greater than 400 st (362.8 mt) carrying capacity and presented for import into the United States may be labeled dolphin-safe only if the yellowfin tuna was harvested by a U.S. vessel fishing in compliance with the requirements of the IDCP and applicable U.S. law, or by a vessel belonging to a nation that has obtained an affirmative finding under §216.24(f)(8).

(2) Tuna or tuna products, other than yellowfin tuna, harvested in the ETP by purse seine vessels of greater than 400 st (362.8 mt) carrying capacity and presented for import into the United States may be labeled dolphin-safe only if:

(i) The tuna was harvested by a U.S. vessel fishing in compliance with the requirements of the IDCP and applicable U.S. law, or by a vessel belonging to a nation that is a Party to the Agreement on the IDCP or has applied to become a Party and is adhering to all the requirements of the Agreement on the IDCP Tuna Tracking and Verification Plan;

(ii) The tuna or tuna products are accompanied as described in §216.24(f)(3) by a properly completed FCO; and

(iii) The tuna or tuna products are accompanied as described in §216.24(f)(3) by valid documentation signed by a representative of the appropriate IDCP member nation, containing the harvesting vessel names and tuna tracking form numbers represented in the shipment, and certifying that:

(A) There was an IDCP approved observer on board the vessel(s) during the entire trip(s); and
