§ 300.67 Charter halibut limited access program.

This section establishes limitations on using a vessel on which charter vessel anglers catch and retain Pacific halibut in International Pacific Halibut Commission (IPHC) regulatory areas 2C and 3A.

(a) General permit requirements. (1) In addition to other applicable permit and licensing requirements, any operator of a vessel with one or more charter vessel anglers catching and retaining Pacific halibut on board a vessel must have on board the vessel an original valid charter halibut permit or permits endorsed for the regulatory area in which the vessel is operating and endorsed for at least the number of charter vessel anglers who are catching and retaining Pacific halibut. Each charter halibut permit holder must insure that the operator of the permitted vessel complies with all requirements of §§300.65 and 300.67.

(b) Area endorsement. A charter halibut permit is valid only in the International Pacific Halibut Commission regulatory area for which it is endorsed. Regulatory areas are defined in the annual management measures published pursuant to §300.62.

(c) Charter vessel angler endorsement. A charter halibut permit is valid for up to the maximum number of charter vessel anglers for which the charter halibut permit is endorsed.

§ 300.67 Charter halibut limited access program.

This section establishes limitations on using a vessel on which charter vessel anglers catch and retain Pacific halibut in Commission regulatory areas 2C and 3A during one charter vessel fishing trip.

(w) Be an operator of a vessel in Commission regulatory area 2C or 3A with one or more charter vessel anglers on board that are catching and retaining halibut without having on board the vessel a State of Alaska Department of Fish and Game Saltwater Charter Logbook that specifies the following:

(1) The person named on the charter halibut permit or permits being used on board the vessel;

(2) The charter halibut permit or permits number(s) being used on board the vessel; and

(3) The name and State issued boat registration (AK number) or U.S. Coast Guard documentation number of the vessel.

(A) If the applicant is applying on behalf of a deceased individual, the applicant must document that the individual is deceased, that the applicant is the personal representative of the deceased’s estate appointed by a court, and that the applicant specifies who, pursuant to the applicant’s personal representative duties, should receive the permit(s) for which application is made; or

(B) If the applicant is applying as a successor-in-interest to an entity that is not an individual, the applicant must document that the entity has been dissolved and that the applicant is the successor-in-interest to the dissolved entity.

(iv) If more than one applicant claims that they are the successor-in-interest to a dissolved entity, NMFS will award the permit or permits for which the dissolved entity qualified in the name(s) of the applicants that submitted a timely application and proved that they are a successor-in-interest to the dissolved entity.

(2) Notwithstanding any other provision in this subpart, and except as provided in paragraph (b)(1)(iv) of this section,

(i) One logbook fishing trip shall not be credited to more than one applicant;

(ii) One logbook fishing trip made pursuant to one ADF&G Business Owner License shall not be credited to more than one applicant; and

(iii) Participation by one charter halibut fishing business shall not be allowed to support issuance of permits to more than one applicant.

(3) For purposes of this section, the term “ADF&G Business Owner(s) License(s)” includes a “business registration,” “sport fish business owner license,” “sport fish business license,” and “ADF&G business license”.

(c) Number of charter halibut permits. An applicant that meets the participation requirements in paragraph (b) of this section will be issued the number of charter halibut permits equal to the lesser of the number of permits determined by paragraphs (c)(1) or (c)(2) of this section as follows:

(1) The total number of bottomfish logbook fishing trips made pursuant to the applicant’s ADF&G Business License in the applicant-selected year divided by five, and rounded down to a whole number; or

(2) The number of vessels that made the bottomfish logbook fishing trips in the applicant-selected year.

(d) Designation of transferability. Each permit issued to an applicant under paragraph (c) of this section will be designated as transferable or non-transferable.

(1) Minimum participation criteria for a transferable permit are described in paragraphs (d)(1)(i) and (d)(1)(ii) of this section as follows:

(i) Reported fifteen (15) bottomfish logbook fishing trips or more from the same vessel during one year of the qualifying period; and

(ii) Reported fifteen (15) halibut logbook fishing trips or more from the same vessel during the recent participation period.

(iii) The vessel used during the recent participation period is not required to be the same vessel used during the qualifying period.

(2) The number of transferable charter halibut permits issued to an applicant will be equal to the lesser of the number of vessels that met the minimum transferable permit qualifications described in paragraphs (d)(1)(i) or (d)(1)(ii) of this section.

(e) Angler endorsement. A charter halibut permit will be endorsed as follows:

(1) The angler endorsement number for the first transferable permit for an area issued to an applicant will be the greatest number of charter vessel anglers reported on any logbook trip in the qualifying period in that area.

(2) The angler endorsement number for each subsequent transferable permit issued to the same applicant for the same area will be the greatest number of charter vessel anglers reported on any logbook trip in the qualifying period in that area.

(2) The angler endorsement number for each subsequent transferable permit issued to the same applicant for the same area will be the greatest number of charter vessel anglers reported on any logbook trip in the qualifying period in that area.

(3) The angler endorsement number for the first non-transferable permit for an area issued to an applicant will be the greatest number of charter vessel anglers reported on any logbook trip in the qualifying period in that area.
trip in the qualifying period for a vessel not already used to determine an angler endorsement in that area.

(4) The angler endorsement number for each subsequent non-transferable permit issued to the same applicant for the same area will be the greatest number of charter vessel anglers reported by the applicant on any logbook trip in the qualifying period for a vessel not already used in that area to determine an angler endorsement, until all non-transferable permits issued to the applicant are assigned an angler endorsement.

(5) The angler endorsement number will be four (4) if the greatest number of charter vessel anglers reported on any logbook fishing trip for an area in the qualifying period is less than four (4), or no charter vessel anglers were reported on any of the applicant’s logbook fishing trips in the applicant-selected year.

(6) The angler endorsement number will be six (6) on a charter halibut permit issued pursuant to military service under paragraph (g)(3) of this section.

(f) For purposes of this section, the following terms are defined as follows:

(1) Applicant-selected year means the year in the qualifying period, 2004 or 2005, selected by the applicant for NMFS to use in determining the applicant’s number of transferable and non-transferable permits.

(2) Bottomfish logbook fishing trip means a logbook fishing trip in the qualifying period that was reported to the State of Alaska in a Saltwater Charter Logbook with one of the following pieces of information: The statistical area(s) where bottomfish fishing occurred, the boat hours that the vessel engaged in bottomfish fishing, or the number of rods used from the vessel in bottomfish fishing.

(3) Halibut logbook fishing trip means a logbook fishing trip in the recent participation period that was reported to the State of Alaska in a Saltwater Charter Logbook within the time limit for reporting the trip in effect at the time of the trip with one of the following pieces of information: The number of halibut that was kept, the number of halibut that was released, the statistical area(s) where bottomfish fishing occurred, or the boat hours that the vessel engaged in bottomfish fishing.

(4) Logbook fishing trip means a bottomfish logbook fishing trip or a halibut logbook fishing trip that was reported as a trip to the State of Alaska in a Saltwater Charter Logbook within the time limits for reporting the trip in effect at the time of the trip, except that for multi-day trips, the number of trips will be equal to the number of days of the multi-day trip, e.g., a two day trip will be counted as two trips.

(5) Official charter halibut record means the information prepared by NMFS on participation in charter halibut fishing in Area 2C and Area 3A that NMFS will use to implement the Charter Halibut Limited Access Program and evaluate applications for charter halibut permits.

(6) Qualifying period means the sport fishing season established by the International Pacific Halibut Commission (February 1 through December 31) in 2004 and 2005.

(7) Recent participation period means the sport fishing season established by the International Pacific Halibut Commission (February 1 through December 31) in 2008.

(g) Unavoidable circumstance. Unavoidable circumstance claims must be made pursuant to paragraph (h)(6) of this section, and will be limited to persons who would be excluded from the charter halibut fishery entirely unless their unavoidable circumstance is recognized. This unavoidable circumstance provision cannot be used to upgrade the number of permits issued or to change a non-transferable permit to a transferable permit, and is limited to the following circumstances.

(1) Recent participation period. An applicant for a charter halibut permit that meets the participation requirement for the qualifying period, but does not meet the participation requirement for the recent participation period, may receive one or more charter halibut permits if the applicant proves paragraphs (g)(1)(i) through (iv) of this section as follows:

(i) The applicant had a specific intent to operate a charter halibut fishing business in the recent participation period;
(i) The applicant’s specific intent was thwarted by a circumstance that was:
(A) Unavoidable;
(B) Unique to the owner of the charter halibut fishing business; and
(C) Unforeseen and reasonably unforeseeable by the owner of the charter halibut fishing business;
(ii) The circumstance that prevented the applicant from operating a charter halibut fishing business actually occurred; and
(iv) The applicant took all reasonable steps to overcome the circumstance that prevented the applicant from operating a charter halibut fishing business in at least one year of the qualifying period.
(v) If the applicant proves the foregoing (see paragraphs (g)(2)(i) through (iv) of this section), the applicant will receive either:
(A) One non-transferable permit with an angler endorsement of four (4); or
(B) The number of transferable and non-transferable permits, and the angler endorsement on those permits, that result from the logbook fishing trips that the applicant proves likely would have taken by the applicant but for the circumstance that thwarted the applicant’s specific intent to operate a charter halibut fishing business in one year of the qualifying period and the applicant did not participate during the other year of the qualifying period.
(3) Military service. An applicant for a charter halibut permit that meets the participation requirement in the recent participation period, but does not meet the participation requirement for the qualifying period, may receive one or more permits if the applicant proves the following:
(i) The applicant was ordered to report for active duty military service as a member of a branch of the U.S. military, National Guard, or military reserve during the qualifying period; and
(ii) The applicant had a specific intent to operate a charter halibut fishing business that was thwarted by the applicant’s order to report for military service.
(iii) The number of transferable and non-transferable charter halibut permit(s) that an applicant may receive under paragraph (g)(3) of this section will be based on the criteria in paragraph (g)(2)(v)(B) of this section. Angler endorsements on all such charter halibut permits will be pursuant to paragraph (e)(2) of this section.
(h) Application for a charter halibut permit. (1) An application period of no less than 60 days will be specified by notice in the FEDERAL REGISTER during which any person may apply for a charter halibut permit. Any application that is submitted by mail and postmarked, or submitted by hand delivery or facsimile, after the last day of the application period will be denied. Electronic submission other than by facsimile will be denied. Applications must be submitted to the address given
in the Federal Register notice of the application period.

(2) Charter halibut permit. To be complete, a charter halibut permit application must be signed and dated by the applicant, and the applicant must attest that, to the best of the applicant’s knowledge, all statements in the application are true and the applicant complied with all legal requirements for logbook fishing trips in the qualifying period and recent participation period that were reported under the applicant’s ADF&G Business Owner Licenses. An application for a charter halibut permit will be made available by NMFS. Completed applications may be submitted by mail, hand delivery, or facsimile at any time during the application period announced in the Federal Register notice of the application period described at paragraph (h)(1) of this section.

(3) Application procedure. NMFS will create the official charter halibut record and will accept all application claims that are consistent with the official charter halibut record. If an applicant’s claim is not consistent with the official charter halibut record, NMFS will issue non-transferable interim permit(s) for all undisputed permit claims, and will respond to the applicant by letter specifying a 30-day evidentiary period during which the applicant may provide additional information or argument to support the applicant’s claim for disputed permit(s). Limits on the 30-day evidentiary period are as follows:

(i) An applicant shall be limited to one 30-day evidentiary period; and
(ii) Additional information received after the 30-day evidentiary period has expired will not be considered for purposes of the initial administrative determination.

(4) After NMFS evaluates the additional information submitted by the applicant during the 30-day evidentiary period, it will take one of the following two actions:

(i) If NMFS determines that the applicant has met its burden of proving that the official charter halibut record is incorrect, NMFS will amend the official charter halibut record, as amended, to determine whether the applicant is eligible to receive one or more charter halibut permits, the nature of those permits and the angler and area endorsements on those permits; or

(ii) If NMFS determines that the applicant has not met its burden of proving that the official charter halibut record is incorrect, NMFS will notify the applicant by an initial administration determination, pursuant to paragraph (h)(5) of this section.

(5) Initial Administration Determination (IAD). NMFS will send an IAD to the applicant following the expiration of the 30-day evidentiary period if NMFS determines that the applicant has not met its burden of proving that the official charter halibut record is incorrect or that other reasons exist to initially deny the application. The IAD will indicate the deficiencies in the application and the deficiencies with the information submitted by the applicant in support of its claim.

(6) Appeal. An applicant that receives an IAD may appeal to the Office of Administrative Appeals (OAA) pursuant to §679.43 of this title.

(i) If the applicant does not apply for a charter halibut permit within the application period specified in the Federal Register, the applicant will not receive any interim permits pending final agency action on the application.

(ii) If the applicant applies for a permit within the specified application period and OAA accepts the applicant’s appeal, the applicant will receive the number and kind of interim permits which are not in dispute, according to the information in the official charter halibut record.

(iii) If the applicant applies for a permit within the specified application period and OAA accepts the applicant’s appeal, but according to the information in the official charter halibut record, the applicant would not be issued any permits, the applicant will receive one interim permit with an angler endorsement of four (4).

(iv) All interim permits will be non-transferable and will expire when NMFS takes final agency action on the application.

(i) Transfer of a charter halibut permit—(1) General. A transfer of a charter
Int’l. Fishing and Related Activities § 300.67

halibut permit is valid only if it is approved by NMFS. NMFS will approve a transfer of a charter halibut permit if the permit to be transferred is a transferable permit issued under paragraph (d)(2) of this section, if a complete transfer application is submitted, and if the transfer application meets the standards for approval in paragraph (i)(2) of this section.

(2) Standards for approval of transfers. NMFS will transfer a transferable charter halibut permit to a person designated by the charter halibut permit holder if, at the time of the transfer the following standards are met:

(i) The person designated to receive the transferred permit is a U.S. citizen or a U.S. business with a minimum of 75 percent U.S. ownership;

(ii) The parties to the transfer do not owe NMFS any fines, civil penalties or any other payments;

(iii) The transfer is not inconsistent with any sanctions resulting from Federal fishing violations;

(iv) The transfer will not cause the designated recipient of the permit to exceed the permit limit at paragraph (j) of this section, unless an exception to that limit applies;

(v) The GAF permit is not assigned to a charter halibut permit for which the GAF account contains unharvested GAF, pursuant to §300.65 (c)(5)(iii)(A)(3) and (4);

(vi) A transfer application is completed and approved by NMFS; and

(vii) The transfer does not violate any other provision in this part.

(3) For purposes of paragraph (i)(2) of this section, a U.S. business with a minimum of 75 percent U.S. ownership means a corporation, partnership, association, trust, joint venture, limited liability company, limited liability partnership, or any other entity where at least 75 percent of the interest in such entity, at each tier of ownership of such entity and in the aggregate, is owned and controlled by citizens of the United States.

(4) Application to transfer a charter halibut permit. To be complete, a charter halibut permit transfer application must have notarized and dated signatures of the applicants, and the applicants must attest that, to the best of the applicants’ knowledge, all statements in the application are true. An application to transfer a charter halibut permit will be made available by NMFS. Completed transfer applications may be submitted by mail or hand delivery at any time to the addresses listed on the application. Electronic or facsimile deliveries will not be accepted.

(5) Denied transfer applications. If NMFS does not approve a charter halibut permit transfer application, NMFS will inform the applicant of the basis for its disapproval.

(6) Transfer due to court order, operation of law or as part of a security agreement. NMFS will transfer a charter halibut permit based on a court order, operation of law or a security agreement, if NMFS determines that a transfer application is complete and the transfer will not violate an eligibility criterion for transfers.

(j) Charter halibut permit limitations—

(1) General. A person may not own, hold, or control more than five (5) charter halibut permits except as provided by paragraph (j)(4) of this section. NMFS will not approve a transfer application that would result in the applicant that would receive the transferred permit holding more than five (5) charter halibut permits except as provided by paragraph (j)(6) of this section.

(2) Ten percent ownership criterion. In determining whether two or more persons are the same person for purposes of paragraph (j)(1) of this section, NMFS will apply the definition of an “affiliation for the purpose of defining AFA entities” at §679.2 of this title.

(3) A permit will cease to be a valid permit if the permit holder is:

(i) An individual and the individual dies; or

(ii) A non-individual (e.g., corporation or partnership) and dissolves or changes as defined at paragraph (j)(5) of this section.

(iii) A transferable permit may be made valid by transfer to an eligible recipient.

(4) Exception for initial recipients of permits. Notwithstanding the limitation at paragraph (j)(1) of this section, NMFS may issue more than five (5) charter halibut permits to an initial recipient that meets the requirements
described in paragraphs (b), (d), and (e) of this section for more than five (5) charter halibut permits, subject to the following limitations:

(i) This exception applies only to an initial recipient as the recipient exists at the time that it is initially issued the permits;

(ii) If an initial recipient of transferable permit(s) who is an individual dies, the individual’s successor-in-interest may not hold more than five (5) charter halibut permits;

(iii) If an initial recipient permit holder that is a non-individual, such as a corporation or a partnership, dissolves or changes, NMFS will consider the new entity a new permit holder and the new permit holder may not hold more than five (5) charter halibut permits.

(5) For purposes of this paragraph (j), a “change” means:

(i) For an individual, the individual has died, in which case NMFS must be notified within 30 days of the individual’s death; and

(ii) For a non-individual entity, the same as defined at § 679.42(j)(4)(i) of this title, in which case the permit holder must notify NMFS within 15 days of the effective date of the change as required at § 679.42(j)(5) of this title.

(6) Exception for transfer of permits. Notwithstanding the limitation at paragraph (j)(1) of this section, NMFS may approve a permit transfer application that would result in the person that would receive the transferred permit(s) holding more than five (5) transferable charter halibut permits if the parties to the transfer meet the following conditions:

(i) The designated person that would receive the transferred permits does not hold any charter halibut permits;

(ii) All permits that would be transferred are transferable permits;

(iii) The permits that would be transferred are all of the transferable permits that were awarded to an initial recipient who exceeded the permit limitation of five (5) permits; and

(iv) The person transferring its permits also is transferring its entire charter vessel fishing business, including all the assets of that business, to the designated person that would receive the transferred permits.

(k) Community charter halibut permit—

(1) General. A Community Quota Entity (CQE), as defined in § 679.2 of this title, representing an eligible community listed in paragraph (k)(2) of this section, may receive one or more community charter halibut permits. A community charter halibut permit issued to a CQE will be designated for area 2C or area 3A, will be non-transferable, and will have an angler endorsement of six (6).

(2) Eligible communities. Each community charter halibut permit issued to a CQE under paragraph (k)(1) of this section will specify the name of an eligible community on the permit. Only the following communities are eligible to receive community charter halibut permits:

(ii) For Area 3A: Akhiok, Chenega Bay, Halibut Cove, Karluk, Larsen Bay, Nanwalek, Old Harbor, Ouzinkie, Port Graham, Port Lyons, Seldovia, Tatitlek, Tyonek, Yakutat.

(3) Limitations. The maximum number of community charter halibut permits that may be issued to a CQE for each eligible community the CQE represents is as follows:

(i) A CQE representing an eligible community or communities in regulatory area 2C may receive a maximum of four (4) community charter halibut permits per eligible community designated for Area 2C.

(ii) A CQE representing an eligible community or communities in regulatory area 3A may receive a maximum of seven (7) community charter halibut permits per eligible community designated for Area 3A.

(4) NMFS will not approve a transfer that will cause a CQE representing a community or communities to hold more than the total number of permits described in paragraphs (k)(4)(i) and (k)(4)(ii) of this section, per community, including community charter halibut permits granted to the CQE under this paragraph (k) and any charter halibut permits acquired by the CQE by
transfer under paragraph (i) of this section.

(i) The maximum number of charter halibut and community charter halibut permits that may be held by a CQE per community represented by the CQE in regulatory area 2C is eight (8).

(ii) The maximum number of charter halibut and community charter halibut permits that may be held by a CQE per community represented by the CQE in regulatory area 3A is fourteen (14).

(5) Limitation on use of permits. The following limitations apply to community charter halibut permits issued to a CQE under paragraph (k)(1) of this section.

(i) Every charter vessel fishing trip authorized by such a permit and on which halibut are caught and retained must begin or end at a location(s) specified on the application for a community charter halibut permit and that is within the boundaries of the eligible community designated on the permit. The geographic boundaries of the eligible community will be those defined by the United States Census Bureau.

(ii) Community charter halibut permits may be used only within the regulatory area for which they are designated to catch and retain halibut.

(6) Application procedure. To be complete, a community charter halibut permit application must be signed and dated by the applicant, and the applicant must attest that, to the best of the applicants’ knowledge, all statements in the application are true and complete. An application for a community charter halibut permit will be made available by NMFS and may be submitted by mail, hand delivery, or facsimile at any time to the address(s) listed on the application. Electronic deliveries other than facsimile will not be accepted.

(7) An annual report on the use of charter halibut permits must be submitted by the CQE as required at §679.5(t) of this title.

(1) Military charter halibut permit. NMFS will issue a military charter halibut permit without an angler endorsement to an applicant provided that the applicant is a Morale, Welfare and Recreation Program of the United States Armed Services.

(i) Limitations. A military charter halibut permit is non-transferable and may be used only in the regulatory area (2C or 3A) designated on the permit.

(ii) Application procedure. An applicant may apply for a military charter halibut permit at any time. To be complete, a military charter halibut permit application must be signed and dated by the applicant, and the applicant must attest that, to the best of the applicants’ knowledge, all statements in the application are true and complete. An application for a military charter halibut permit will be made available by NMFS and may be submitted by mail, hand delivery, or facsimile at any time to the address(s) listed on the application. Electronic deliveries other than facsimile will not be accepted.
