§ 1703.103 Applicant eligibility and allocation of funds.

(a) To be eligible to receive a grant, loan and grant combination, or loan under this subpart:

(1) The applicant must be legally organized as an incorporated organization or partnership, an Indian tribe or tribal organization, as defined in 25 U.S.C. 450b (b) and (c), a state or local unit of government, a consortium, as defined in § 1703.102, or other legal entity, including a private corporation organized as a for profit or not-for profit basis. Each applicant must provide written evidence of its legal capacity to contract with RUS to obtain the grant, loan and grant combination, or the loan, and comply with all applicable requirements. If a consortium lacks the legal capacity to contract, each individual entity must contract with RUS in its own behalf.

(2) The applicant proposes to utilize the financing to:

(i) Operate a rural community facility; or

(ii) Deliver distance learning or telemedicine services to entities that operate a rural community facility or to residents of rural areas.

(b) Electric or telecommunications borrowers are not eligible for grants.

§ 1703.104 [Reserved]

§ 1703.105 Processing of selected applications.

(a) During the period between the submission of an application and the execution of documents, the applicant must inform RUS if the project is no longer viable or the applicant no longer is requesting financial assistance for the project. When the applicant so informs RUS, the selection will be rescinded or the application withdrawn.
§ 1703.106 Disbursement of loans and grants.

(a) For financial assistance of $100,000 or greater, prior to the disbursement of a grant and a loan, the recipient, if it is not a unit of government, will provide evidence of fidelity bond coverage as required by 7 CFR part 3019.

(3) The recipient of a loan will be required to execute a security instrument in form and substance satisfactory to RUS and must, before receiving any advance of loan funds, provide security that is adequate, in the opinion of RUS, to assure repayment, within the time agreed, of all loans to the borrower under the DLT program. This assurance will generally be provided by a first lien upon all facilities and equipment financed by the loan. RUS may require additional security as it deems necessary.

(4) Adequate security may also be provided by third-party guarantees, letters of credit, pledges of revenue, or other forms of security satisfactory to RUS.

(5) The security instrument and other loan documents required by RUS in connection with a loan under the DLT program shall contain such pledges, covenants, and other provisions as may, in the opinion of RUS, be required to secure repayment of the loan.

(6) If the project does not constitute a complete operating system, the DLT recipient shall provide evidence, in form and substance satisfactory to RUS, demonstrating that the project will provide adequate and efficient service.

Prior to the execution of a grant and loan document, RUS reserves the right to require any changes in the project or legal documents covering the project to protect the integrity of the DLT program and the interests of the government.

If the applicant fails to submit, within 120 calendar days from the date of RUS’ selection of an application, all of the information that RUS determines to be necessary to prepare legal documents and satisfy other requirements of this subpart, RUS may rescind the selection of the application.
