having jurisdiction under state law to regulate, or in any way, approve the electric rates charged by a power supply borrower or electric distribution member of a power supply borrower.

(b) **Rules of Construction.** Unless the context shall otherwise indicate, the terms defined in §1717.302(a) hereof include the plural as well as the singular, and the singular as well as the plural. The words “herein,” and “hereunder”, and words of similar import, refer to this subpart as a whole. “Includes” and “including” are not limiting and “or” is not exclusive.

§ 1717.303 Requirements of RUS documents.

(a) Pursuant to the terms of the RUS documents each power supply borrower shall establish and adjust rates for the sale of electric power and energy in such a manner as to assure that the borrower will be able to make required payments on secured loans.

(b) Pursuant to the terms of the RUS wholesale power contract, the Board of Directors or Board of Trustees of the power supply borrower shall review rates not less frequently than once each calendar year and revise its rates as therein set forth.\(^1\) The RUS wholesale power contract further provides that the borrower shall notify the Administrator not less than 30 nor more than 45 days prior to the effective date of any adjustment and shall set forth the basis upon which the rate is to be adjusted and established. The RUS wholesale power contract provides that no final revision in rates shall be effective unless approved in writing by the Administrator.

(c) Pursuant to the terms of the RUS mortgage, each power supply borrower must design its rates as therein set forth and must give 90 days prior notice to RUS of any proposed change in its general rate structure.

\(^1\)The Wholesale Power Contract, with minor modifications which are approved by RUS on a case by case basis, provides that the rate charged for electric power and energy, shall produce revenues which shall be sufficient, but only sufficient, with the revenues of the Seller from all other sources, to meet the cost of the operation and maintenance (including without limitation, replacements, insurance, taxes and administrative and general overhead expenses) of the generating plant transmission system and related facilities of the Seller, the cost of any power and energy purchased for resale hereunder by the Seller, the cost of transmission service, make payments on account of principal and interest on all indebtedness of the Seller, and to provide for the establishment and maintenance of reasonable reserves. (Section 4. Rates (b), RUS Form 44, “Wholesale Power Contract—Federated Cooperative”; Rev. 6-60.)
