ammonia, and built-up sludge from decaying waste and other organic matter.

(b) Minimum biobased content. The Federal preferred procurement product must have a minimum biobased content of at least 92 percent, which shall be based on the amount of qualifying biobased carbon in the product as a percent of the weight (mass) of the total organic carbon in the finished product.

(c) Preference compliance date. No later than November 19, 2013, procuring agencies, in accordance with this part, will give a procurement preference for qualifying biobased water clarifying agents. By that date, Federal agencies that have the responsibility for drafting or reviewing specifications for products to be procured shall ensure that the relevant specifications require the use of biobased water clarifying agents.

[77 FR 69386, Nov. 19, 2012]

§ 3201.100 Aircraft and boat cleaners.

(a) Definition. (1) Aircraft and boat cleaners are products designed to remove built-on grease, oil, dirt, pollution, insect residue, or impact soils on both interior and exterior of aircraft and/or boats.

(2) Aircraft and boat cleaners for which Federal preferred procurement applies are:

(i) Aircraft cleaners. Cleaning products designed to remove built-on grease, oil, dirt, pollution, insect residue, or impact soils on both interior and exterior of aircraft.

(ii) Boat cleaners. Cleaning products designed to remove built-on grease, oil, dirt, pollution, insect residue, or impact soils on both interior and exterior of boats.

(b) Minimum biobased content. The minimum biobased content for all aircraft and boat cleaners shall be based on the amount of qualifying biobased carbon in the product as a percent of the weight (mass) of the total organic carbon in the finished product. The applicable minimum biobased contents for the Federal preferred procurement products are:

(1) Aircraft cleaners—48 percent.

(2) Boat cleaners—38 percent.

(c) Preference compliance date. No later than June 11, 2014, procuring agencies, in accordance with this part, will give a procurement preference for qualifying biobased aircraft and boat cleaners. By that date, Federal agencies that have the responsibility for drafting or reviewing specifications for products to be procured shall ensure that the relevant specifications require the use of biobased aircraft and boat cleaners.

§ 3201.101 Automotive care products.

(a) Definition. Products such as waxes, buffing compounds, polishes, degreasers, soaps, wheel and tire cleaners, leather care products, interior cleaners, and fragrances that are formulated for cleaning and protecting automotive surfaces.

(b) Minimum biobased content. The Federal preferred procurement product must have a minimum biobased content of at least 75 percent, which shall be based on the amount of qualifying biobased carbon in the product as a percent of the weight (mass) of the total organic carbon in the finished product.

(c) Preference compliance date. No later than June 11, 2014, procuring agencies, in accordance with this part, will give a procurement preference for qualifying biobased automotive care products. By that date, Federal agencies that have the responsibility for drafting or reviewing specifications for products to be procured shall ensure that the relevant specifications require the use of biobased automotive care products.

§ 3201.104  Metal cleaners and corrosion removers.

(a) Definition. (1) Products that are designed to clean and remove grease, oil, dirt, stains, soils, and rust from metal surfaces.

(2) Metal cleaners and corrosion removers for which Federal preferred procurement applies are:

(i) Corrosion removers. Products that are designed to remove rust from metal surfaces through chemical action.

(ii) Stainless steel cleaners. Products that are designed to clean and remove grease, oil, dirt, stains, and soils from stainless steel surfaces.

(iii) Other metal cleaners. Products that are designed to clean and remove grease, oil, dirt, stains, and soils from metal surfaces other than stainless steel.

(b) Minimum biobased content. The minimum biobased content for all metal cleaners and corrosion removers shall be based on the amount of qualifying biobased carbon in the product as a percent of the weight (mass) of the total organic carbon in the finished product. The applicable minimum biobased contents for the Federal preferred procurement products are:

(1) Corrosion removers—71 percent.

(2) Stainless steel cleaners—75 percent.

(3) Other metal cleaners—56 percent.

(c) Preference compliance date. No later than June 11, 2014, procuring agencies, in accordance with this part, will give a procurement preference for qualifying biobased metal cleaners and
