

Office of Procurement and Property Management, USDA

§ 3201.67 Dishwashing products.

(a) Definition. Soaps and detergents used for cleaning and clean rinsing of tableware in either hand washing or dishwashing.

(b) Minimum biobased content. The Federal preferred procurement product must have a minimum biobased content of at least 58 percent, which shall be based on the amount of qualifying biobased carbon in the product as a percent of the weight (mass) of the total organic carbon in the finished product.
