shall be limited to changes in methodology, techniques, or other aspects of the project to expedite achievement of the project’s approved goals. If the grantee or the project director(s) are uncertain as to whether a change complies with this provision, the question must be referred to the Department for a final determination.

(2) Changes in approved goals, or objectives, shall be requested by the grantee and approved in writing by the authorized departmental officer prior to effecting such changes. In no event shall requests for such changes be approved that are outside the scope of the approved project.

(3) Changes in approved project leadership or the replacement or reassignment of other key project personnel shall be requested by the grantee and approved in writing by the authorized departmental officer prior to effecting such changes.

(4) Transfers of actual performance of the substantive programmatic work in whole or in part and provisions for payment of funds, whether or not Federal funds are involved, shall be requested by the grantee and approved in writing by the authorized departmental officer prior to effecting such transfers.

(c) Changes in project period. The project period may be extended by the authorized departmental officer without additional financial support for such additional period(s) as the authorized departmental officer determines may be necessary to complete or fulfill the purposes of an approved project. However, due to statutory restriction, no grant may be extended beyond five years from the original start date of the grant, or pre-award date, if applicable. Grant extensions shall be conditioned upon prior request by the grantee and approval in writing by the authorized departmental officer, unless prescribed otherwise in the terms and conditions of a grant.

(d) Changes in approved budget. Changes in an approved budget shall be requested by the grantee and approved in writing by the authorized departmental officer prior to instituting such changes if the revision will:

(1) Involve transfers of amounts budgeted for indirect costs to accommodate changes in indirect cost rates negotiated during a budget period and not approved when a grant was awarded; or

(2) Involve transfers or expenditures of amounts requiring prior approval as set forth in the applicable Federal cost principles, Departmental regulations, or in the grant award.

§ 3405.19 Monitoring progress of funded projects.

(a) During the tenure of a grant, project directors must attend at least one national project directors meeting, if offered, in Washington, DC or any other announced location. The purpose of the meeting will be to discuss project and grant management opportunities for collaborative efforts, future directions for education reform, and opportunities to enhance dissemination of exemplary end products/results.

(b) An Annual Performance Report must be submitted to the USDA program contact person within 90 days after the completion of the first year of the project and annually thereafter during the life of the grant. Generally, the Annual Performance Reports should include a summary of the overall progress toward project objectives, current problems or unusual developments, the next year’s activities, and any other information that is pertinent to the ongoing project or which may be specified in the terms and conditions of the award.

(c) A Final Performance Report must be submitted to the USDA program contact person within 90 days after the expiration date of the project. The expiration date is specified in the award documents and modifications thereto, if any. Generally, the Final Performance Report should be a summary of the completed project, including: A review of project objectives and accomplishments; a description of any products and outcomes resulting from the project; activities undertaken to disseminate products and outcomes; partnerships and collaborative ventures that resulted from the project; future initiatives that are planned as a result of the project; the impact of the
§ 3405.20

project on the project director(s), the institution, and the food and agricultural sciences higher education system; and data on project personnel and beneficiaries. The Final Performance Report should be accompanied by samples or copies of any products or publications resulting from or developed by the project. The Final Performance Report must also contain any other information which may be specified in the terms and conditions of the award.

§ 3405.20 Other Federal statutes and regulations that apply.

Several other Federal statutes and regulations apply to grant proposals considered for review and to project grants awarded under this part. These include but are not limited to:

7 CFR Part 15, Subpart A—USDA implementation of Title VI of the Civil Rights Act of 1964, as amended.
7 CFR Part 3018—Restrictions on Lobbying, prohibiting the use of appropriated funds to influence Congress or a Federal agency in connection with the making of any Federal grant and other Federal contracting and financial transactions.
7 CFR Part 3051—USDA implementation of OMB Circular No. A-133 regarding audits of institutions of higher education and other nonprofit institutions.
29 U.S.C. 794, section 501—Rehabilitation Act of 1973, and 7 CFR part 15B (USDA implementation of statute), prohibiting discriminations based upon physical or mental handicap in Federally assisted programs.
35 U.S.C. 200 et seq.—Bayh-Dole Act, controlling allocation of rights to inventions made by employees of small business firms and domestic nonprofit organizations, including universities, in Federally assisted programs (implementing regulations are contained in 37 CFR part 401).

§ 3405.21 Confidential aspects of proposals and awards.

When a proposal results in a grant, it becomes a part of the record of the Agency’s transactions, available to the public upon specific request. Information that the Secretary determines to be of a privileged nature will be held in confidence to the extent permitted by law. Therefore, any information that the applicant wishes to have considered as privileged should be clearly marked as such and sent in a separate statement, two copies of which should accompany the proposal. The original copy of a proposal that does not result in a grant will be retained by the Agency for a period of one year. Other copies will be destroyed. Such a proposal will be released only with the consent of the applicant or to the extent required by law. A proposal may be withdrawn at any time prior to the final action thereon.

§ 3405.22 Evaluation of program.

Grantees should be aware that NIFA may, as a part of its own program evaluation activities, carry out in-depth evaluations of assisted activities. Thus, grantees should be prepared to cooperate with NIFA personnel, or persons retained by NIFA, evaluating the institutional context and the impact of any supported project. Grantees may be asked to provide general information on any students and faculty supported, in whole or in part, by a grant awarded under this program; information that may be requested includes, but is not limited to, standardized academic achievement test scores, grade point average, academic standing, career patterns, age, race/ethnicity, gender, citizenship, and disability.
