is less. Eligible project costs are specified in paragraph (b) of this section.

(b) Eligible project costs. Only post-application costs will be considered eligible. Eligible project costs for renewable energy system feasibility studies shall be specific to the completion of the feasibility study (refer to Appendix E of this subpart for information on the content of a feasibility study) including, but not limited to, the items listed in paragraphs (b)(1) through (b)(3) of this section.

(1) Resource assessment;
(2) Transmission study; and
(3) Environmental study.

(c) Ineligible project costs. Ineligible project costs for renewable energy system feasibility studies include, but are not limited to:

(1) Costs associated with selection of engineering, architectural, or environmental services;
(2) Designing, bidding, or contract development for the proposed facility;
(3) Permitting and other licensing costs required to construct the facility; and
(4) Any goods or services provided by a person or entity who has a conflict of interest as provided in §4280.106.

(d) Time limit. The grantee will have 2 years from the date of the grant agreement to provide the Agency with a complete and acceptable feasibility study and to request disbursement of the funds. If the grantee does not submit to the Agency a complete and acceptable feasibility study within this 2 year period, the grant is subject to termination by and reimbursement to the Agency according to Departmental regulations.

§§4280.174–4280.175 [Reserved]

§ 4280.176 Feasibility study grant applications—content.

Applications for feasibility study grants must include a Table of Contents with clear pagination and chapter identification and shall contain the information specified in paragraphs (a) and (b) of this section and shall be presented in the same order.

(a) Forms, documents, and certifications. The application shall contain the forms and documents specified in paragraphs (a)(1) through (a)(11) of this section.

(1) Form SF–424.
(2) Form SF–424A, “Budget Information—Non-Construction Programs” (as applicable).
(3) Form SF–424B, “Assurances—Non-Construction Programs” (as applicable).
(4) Form SF–424C (as applicable).
(5) Form SF–424D (as applicable).
(6) Form RD 1940–20 (as applicable).
(7) Except for sole proprietors, a copy of legal organizational documents.
(8) A proposed work plan, which includes:

(i) A brief description of the proposed system the feasibility study will evaluate;
(ii) A description of the feasibility study to be conducted. The contents of an acceptable feasibility study are identified in Appendix E of this subpart. Applicants shall require those conducting the feasibility study to consider and document within the feasibility study the important environmental factors within the planning area and the potential environmental impacts of the project for which the feasibility study is being conducted, as well as the alternatives considered;
(iii) The timeframe for completion of the feasibility study;
(iv) The experience of the company/individual completing the feasibility study, including the number of similar projects the company/individual has performed, the number of years the company has been performing a similar service, and corresponding resumes; and
(v) The source and amount of other project funds needs to be clearly identified. Agency approved written documentation/confirmation from any third party committing a specific amount of such funds is required. Documentation includes such items as bank statements, lender commitment letters, and so forth;
(9) A certification that the applicant has not received any other Federal or State assistance for a feasibility study for the subject renewable energy system.
(10) If the applicant is a rural small business, certification that the feasibility study grant will be for a renewable energy system project that is located in a rural area.
(11) The applicant’s Dun and Bradstreet Data Universal Numbering System (DUNS) number (except for individuals).

(b) Financial information for gross income or size determination. The application shall contain sufficient financial information to allow the Agency to determine the agricultural producer’s percentage of gross income derived from agricultural operations or the rural small business’ size, as applicable. All information submitted under this paragraph (b) must be substantiated by authoritative records:

(1) If the applicant is a rural small business, provide sufficient information to determine its total annual receipts and number of employees and the same information for any parent, subsidiary, or affiliates at other locations. Voluntarily providing tax returns is one means of satisfying this requirement. The information provided must be sufficient for the Agency to make a determination of business size as defined by the Small Business Administration; and

(2) If the applicant is an agricultural producer, provide the gross market value of the agricultural products, gross agricultural income, and gross nonfarm income of the applicant for the calendar year preceding the year in which the application is submitted.

§ 4280.177 Evaluation of feasibility study grant applications.

(a) Agency evaluation. Feasibility study applications submitted under this subpart will be evaluated by the Agency for eligibility, completeness, and scoring.

(b) General review. The Agency will evaluate each application and make a determination as to whether the applicant is eligible, the proposed grant is for an eligible feasibility study, and the proposed grant complies with all applicable statutes and regulations.

(1) Applicant eligibility. The Agency will first determine whether the entity is eligible to compete for a feasibility study grant. Applications for applicants determined by the Agency not to be eligible will not be processed further. The Agency will determine applicant eligibility based on the criteria specified in § 4280.170.

(2) Proposal eligibility. After determining applicant eligibility, the Agency will review the application to determine if the proposal is eligible. Applications determined by the Agency not to be eligible will not be processed further. The Agency will determine whether the application contains certification by the applicant that the applicant has not received any other Federal or State assistance for a feasibility study on the subject facility. If the application does not contain such certification, it is an ineligible application and the Agency will stop processing the application.

§ 4280.178 Scoring feasibility study grant applications.

Agency personnel will score each feasibility study application based on the evaluation criteria specified in paragraphs (a) through (f) of this section, with a maximum score of 100 points possible.

(a) Energy replacement or generation. The project can be for either replacement or generation, but not both. A maximum of 25 points can be awarded under this section.

(1) Energy replacement. 25 points will be awarded if proposed project will offset any portion of the applicant’s energy needs.

(2) Energy generation. 15 points will be awarded if the proposed renewable energy system is intended primarily for production of energy for sale.

(b) Commitment of funds for the feasibility study. Appropriate documentation must verify commitment of funds. A maximum of 25 points can be awarded under this section.

(1) 10 points—100 percent of matching funds.

(2) 7.5 points—75 percent up to, but not including 100 percent of matching funds.

(3) 5 points—50 percent up to, but not including 75 percent of matching funds.

(4) 0 points—less than 50 percent of matching funds.

(c) Designation as a Small agricultural producer/very small business. An applicant will be considered either an agricultural producer or rural small business. No applicant will be considered as both. Points will only be awarded under either paragraph (c)(1) or (c)(2) of
