shall include with the contract an affidavit, acceptable to the Agency, from the distiller stating that the:

1. Applicable hydrous ethanol produced is distilled and denatured for fuel use according to ATF requirements, and

2. Distiller will not include the applicable ethanol in any payment requests that the distiller may make under this Program.

(B) The distiller that upgrades hydrous ethanol to anhydrous ethyl alcohol, then the advanced biofuel producer shall include with the contract an affidavit, acceptable to the Agency, from the hydrous ethanol producer stating that the hydrous ethanol producer will not include the applicable ethanol in any payment requests that may be made under this Program.

(iii) Biodiesel, biomass-based diesel, and liquid hydrocarbons derived from biomass. For these fuels, the advanced biofuel producer shall certify that the producer, the advanced biofuel facility, and the biofuel meet the definitions of these terms as defined in §4288.102, the applicable registration requirements under the Energy Independence and Security Act and the Clean Air Act and under the applicable regulations of the U.S. Environmental Protection Agency and Internal Revenue Service, and the quality requirements per applicable ASTM International standards (e.g., ASTM D6751) and commercially acceptable quality standards of the local market. If a Renewable Identification Number has been established, the advanced biofuel producer shall also provide documentation of the most recent Renewable Identification Number for a typical gallon of each type of advanced biofuel produced.

(iv) Gaseous advanced biofuel. For gaseous advanced biofuel producers, certification that the biofuel meets commercially acceptable pipeline quality standards of the local market; that the flow meters used to determine the quantity of advanced biofuel produced are industry standard and properly calibrated by a third-party professional; and that the readings have been taken by a qualified individual.

(v) Woody biomass feedstock. If the feedstock is from National Forest system land or public lands, documentation must be provided that it cannot be used as a higher value wood-based product.

(4) Supporting documentation. Each advanced biofuel producer participating in this program for the first time must submit documentation to support the actual production and capacity reported in the enrollment application.

(5) Additional forms. Applicants must submit the forms specified in this paragraph with the enrollment application when applying for participation under this subpart and as needed when re-enrolling in the program.

(a) RD Instruction 1940-Q, Exhibit A-1, “Certification for Contracts, Grants and Loans.”

(b) SF-LLL, “Disclosure of Lobbying Activities.”

(iii) Form RD 400-4, “Assurance Agreement.”

(b) Sign-up period. The sign-up period is October 1 to October 31 of the fiscal year for which payment is sought, unless otherwise announced by the Agency in a FEDERAL REGISTER notice.

§ 4288.121 Contract.

Advanced biofuel producers determined to be eligible to receive payments must then enter into a contract with the Agency in order to participate in this Program.

(a) Contract. The Agency will forward the contract to the advanced biofuel producer. The advanced biofuel producer must agree to the terms and conditions of the contract, sign, date, and return it to the Agency within the time provided by the Agency.

(b) Length of contract. Once signed, a contract will remain in effect until terminated as specified in paragraph (d) of this section.

(c) Contract review. All contracts will be reviewed at least annually to ensure compliance with the contract and ensure the integrity of the program.

(d) Contract termination. Contracts under this Program will be terminated in writing by the Agency. Contracts may be terminated under any one of the following conditions:

1. At the mutual agreement of the parties;
2. In accordance with applicable Program notices and regulations;
(3) The advanced biofuel producer withdraws from the Program and so notifies the Agency, in writing;
(4) The advanced biofuel producer fails to submit the enrollment application during a sign-up period;
(5) The Program is discontinued or not funded;
(6) All of a participating advanced biofuel producer’s advanced biofuel facilities no longer exist or no longer produce any eligible advanced biofuel; or
(7) The Agency determines that the advanced biofuel producer is ineligible for participation.

PAYMENT PROVISIONS
§ 4288.130 Payment applications.
Sections 4288.130 through 4288.189 identify the process and procedures the Agency will use to make payments to eligible advanced biofuel producers. In order to receive payments under this Program, eligible advanced biofuel producers with valid contracts must submit a payment application, as required under paragraph (a) of this section. The Agency will review the payment application and, if necessary, may request additional information, as specified under paragraph (b) of this section.
(a) Applying for payment. To apply for payments under this subpart for a fiscal year, an eligible advanced biofuel producer must:
(1) After a quarter has been completed, submit a payment application covering the quarter;
(2) Certify that the request is accurate;
(3) Furnish the Agency such certification, and access to such records, as the Agency considers necessary to verify compliance with Program provisions; and
(4) Provide documentation as requested by the Agency of the net production of advanced biofuel at all advanced biofuel facilities during the relevant quarter.
(b) Review of payment applications. The Agency will review each payment application it receives to determine if it is eligible for payment.
(1) Review factors. Factors that the Agency will consider in reviewing payments applications include, but are not necessarily limited to:
(i) Contract validity. Whether the entity submitting the payment application has a valid contract with the Agency under this Program;
(ii) Biofuel eligibility. Whether the biofuel for which payment is sought is an eligible advanced biofuel; and
(iii) Calculations. Whether the calculations for determining the requested payment are complete and accurate.
(2) Additional documentation. If the Agency determines additional information is required for the Agency to complete its review of a payment application, eligible advanced biofuel producers shall submit such additional supporting documentation as requested by the Agency. If the producer does not provide the requested information within the required time period, the Agency will not make payment.
(c) Payment application eligibility. The Agency will notify the advanced biofuel producer, in writing, as soon as practicable after the payment application, whenever the Agency determines that a payment application, or any portion thereof, is ineligible for payment and the basis for the Agency’s determination of ineligibility.
(d) Submittal information. Eligible advanced biofuel producers must submit payment applications as specified in the annual FEDERAL REGISTER notice for this program no later than 4:30 p.m. local time on the last day of the calendar month following the quarter for which payment is being requested. Neither complete nor incomplete payment applications received after this date and time will be considered, regardless of the postmark on the application.
(1) Any payment application form that is received by the Agency after October 31 of the calendar year for the preceding fiscal year is ineligible for payment.
(2) If the actual deadline falls on a weekend or a Federally-observed holiday, the deadline is the next Federal business day.
