(ii) The Form FNS–388 report shall provide Statewide estimated or actual totals of issuance and participation for the current and previous month, and actual or final participation totals for the second preceding month. The FNS accuracy standards for the issuance and participation estimates are that estimates for the current month be within (+) or (−) four (4) percent of actual levels, and the estimates for the previous month be within (+) or (−) two (2) percent of actual levels.

(iv) A participating household is one that is certified and has been, or will be, issued benefits (whether or not the benefits are used), and households that have met the eligibility requirements, but will receive zero benefits.
