Rutaceae may be imported into Guam in accordance with §§319.37–6.

(d) Plants or plant parts of all genera, species, and varieties of the subfamilies Aurantioideae, Rutoideae, and Toddalioideae of the botanical family Rutaceae that are regulated articles under §§319.40–1 through 319.40–11 may be imported into the United States in accordance with §§319.40–1 through 319.40–11 and without restriction by this subpart.

(e) As used in this section unless the context otherwise requires, the term "United States" means the continental United States, Guam, Hawaii, Puerto Rico, and the Virgin Islands of the United States.

§ 319.24a Administrative instructions relating to entry of corn into Guam.

§ 319.24a Administrative instructions relating to entry of corn into Guam.

Corn may be imported into Guam without further permit, other than the authorization contained in this section but subject to compliance with §319.24–3. Such imports need not comply with the notice of arrival requirements of §319.24–4 inasmuch as information equivalent to that in a notice of arrival is available to the inspector from another source. Section 319.24–5 shall not be applicable to importations of corn into Guam. Such importations shall be subject to inspection at the port of entry. Corn found upon inspection to contain disease infection will be subject to sterilization in accordance with methods selected by the inspector from administratively authorized procedures known to be effective under the conditions in which applied.

Regulations governing entry of Indian corn or maize

§ 319.24–1 Applications for permits for importation of corn.

Persons contemplating the importation of corn into the United States shall, before shipping the corn, make application for a permit, on forms provided for that purpose, to the Administrator, Animal and Plant Health Inspection Service, Department of Agriculture, Washington, DC, stating the
