

§ 225.8 Capital planning.

(a) *Purpose.* This section establishes capital planning and prior notice and approval requirements for capital distributions by certain bank holding companies.

(b) *Scope and reservation of authority—*

(1) *Applicability.* Except as provided in paragraph (c) of this section, this section applies to:

(i) Any top-tier bank holding company domiciled in the United States with average total consolidated assets of \$50 billion or more (\$50 billion asset threshold);

(ii) Any other bank holding company domiciled in the United States that is made subject to this section, in whole or in part, by order of the Board;

(iii) Any U.S. intermediate holding company subject to this section pursuant to 12 CFR 252.153; and

(iv) Any nonbank financial company supervised by the Board that is made subject to this section pursuant to a rule or order of the Board.

(2) *Average total consolidated assets.* For purposes of this section, average total consolidated assets means the average of the total consolidated assets as reported by a bank holding company on its Consolidated Financial Statements for Bank Holding Companies (FR Y-9C) for the four most recent consecutive quarters. If the bank holding company has not filed the FR Y-9C for each of the four most recent consecutive quarters, average total consolidated assets means the average of the company's total consolidated assets, as reported on the company's FR Y-9C, for the most recent quarter or consecutive quarters, as applicable. Average total consolidated assets are measured on the as-of date of the most recent FR Y-9C used in the calculation of the average.

(3) *Ongoing applicability.* A bank holding company (including any successor bank holding company) that is subject to any requirement in this section shall remain subject to any such requirement unless and until its total consolidated assets fall below \$50 billion for each of four consecutive quarters, as reported on the FR Y-9C and effective on the as-of date of the fourth consecutive FR Y-9C.

(4) *Reservation of authority.* Nothing in this section shall limit the authority of the Federal Reserve to issue a capital directive or take any other supervisory or enforcement action, including an action to address unsafe or unsound practices or conditions or violations of law.

(5) *Rule of construction.* Unless the context otherwise requires, any reference to bank holding company in this section shall include a U.S. intermediate holding company and shall include a nonbank financial company supervised by the Board to the extent this section is made applicable pursuant to a rule or order of the Board.

(c) *Transitional arrangements—*(1) *Transition periods for certain bank holding companies.* (i) A bank holding company is subject to this section beginning on the first day of the first capital plan cycle that begins after the bank holding company meets or exceeds the \$50 billion asset threshold (as measured under paragraph (b) of this section), unless that time is extended by the Board in writing.

(ii) The Board or the appropriate Reserve Bank with the concurrence of the Board, may require a bank holding company described in paragraph (c)(1)(i) of this section to comply with any or all of the requirements in paragraphs (e)(1), (e)(3), (f), or (g) of this section if the Board or appropriate Reserve Bank with concurrence of the Board, determines that the requirement is appropriate on a different date based on the company's risk profile, scope of operation, or financial condition and provides prior notice to the company of the determination.

(2) *Transition periods for subsidiaries of certain foreign banking organizations—*(i) *Bank holding companies that rely on SR Letter 01-01.* (A) A bank holding company that meets the \$50 billion asset threshold (as measured under paragraph (b) of this section) and is relying as of July 20, 2015, on Supervision and Regulation Letter SR 01-01 issued by the Board (as in effect on May 19, 2010) is subject to this section beginning on January 1, 2016, unless that time is extended by the Board in writing.

(B) The Board or the appropriate Reserve Bank with the concurrence of the Board, may require a bank holding

company described in paragraph (c)(2)(i)(A) of this section to comply with any or all of the requirements in paragraphs (e)(1), (e)(3), (f), or (g) of this section if the Board or appropriate Reserve Bank with concurrence of the Board, determines that the requirement is appropriate on a different date based on the company's risk profile, scope of operation, or financial condition and provides prior notice to the company of the determination.

(ii) *U.S. intermediate holding companies.* (A) A U.S. intermediate holding company is subject to this section beginning on the first day of the first capital plan cycle after the date that the U.S. intermediate holding company is required to be established pursuant to 12 CFR 252.153, unless that time is extended by the Board in writing.

(B) The Board or the appropriate Reserve Bank with the concurrence of the Board, may require a U.S. intermediate holding company described in paragraph (c)(2)(ii)(A) of this section to comply with any or all of the requirements in paragraphs (e)(1), (e)(3), (f), or (g) of this section if the Board or appropriate Reserve Bank with concurrence of the Board, determines that the requirement is appropriate on a different date based on the company's risk profile, scope of operation, or financial condition and provides prior notice to the company of the determination.

(iii) *Bank holding company subsidiaries of U.S. intermediate holding companies required to be established by July 1, 2016.* (A) Notwithstanding any other requirement in this section, a bank holding company that is a subsidiary of a U.S. intermediate holding company (or, with the mutual consent of the company and Board, another bank holding company domiciled in the United States) shall remain subject to paragraph (e) of this section until December 31, 2017 and shall remain subject to the requirements of paragraphs (f) and (g) of this section until the Board issues an objection or non-objection to the capital plan of the relevant U.S. intermediate holding company.

(B) After the time periods set forth in paragraph (c)(iii)(A) of this section, this section will cease to apply to a bank holding company that is a sub-

siary of a U.S. intermediate holding company, unless otherwise determined by the Board in writing.

(3) *Transition periods for bank holding companies subject to the advanced approaches.* (i) Notwithstanding any other requirement in this section, a bank holding company must use 12 CFR part 225, appendices A and E (as applicable), and 12 CFR part 217, subpart D and F, as applicable, to estimate its pro forma regulatory capital ratios and its pro forma tier 1 common ratio for the capital plan cycle beginning on October 1, 2014, and the bank holding company may not use the advanced approaches to estimate its pro forma regulatory capital ratios and its pro forma tier 1 common ratio until January 1, 2016.

(ii) Beginning January 1, 2016, a bank holding company must use the advanced approaches to estimate its pro forma regulatory capital ratios and its pro forma tier 1 common ratio for purposes of its capital plan submission under paragraph (e) of this section if the Board notifies the bank holding company before the first day of the capital plan cycle that the bank holding company is required to use the advanced approaches to determine its risk-based capital requirements.

(C) Approve the bank holding company's capital plan.

(2) *Mandatory elements of capital plan.* A capital plan must contain at least the following elements:

(A) Estimates of projected revenues, losses, reserves, and pro forma capital levels, including any minimum regulatory capital ratios (for example, leverage, tier 1 risk-based, and total risk-based capital ratios) and any additional capital measures deemed relevant by the bank holding company, over the planning horizon under expected conditions and under a range of scenarios, including any scenarios provided by the Federal Reserve and at least one BHC stress scenario;

(B) A calculation of the pro forma tier 1 common ratio over the planning horizon under expected conditions and under a range of stressed scenarios and discussion of how the company will maintain a pro forma tier 1 common ratio above 5 percent under expected conditions and the stressed scenarios required under paragraphs (e)(2)(i)(A) and (e)(2)(ii) of this section;

(B) A discussion of how the bank holding company will, under expected and stressful conditions, maintain suf-

ficient capital to continue its operations by maintaining ready access to funding, meeting its obligations to creditors and other counterparties, and continuing to serve as a credit intermediary;

(iii) The bank holding company's capital policy; and

(iv) A discussion of any expected changes to the bank holding company's business plan that are likely to have a material impact on the bank holding company's capital adequacy or liquidity.

12 CFR Ch. II (1–1–15 Edition)

calendar days of the occurrence of one of the following events:

(A) The bank holding company determines there has been or will be a material change in the bank holding company's risk profile, financial condition, or corporate structure since the bank holding company last submitted the capital plan to the Board and the appropriate Reserve Bank under this section; or

(B) The Board or the appropriate Reserve Bank with concurrence of the Board, directs the bank holding company in writing to revise and resubmit its capital plan for any of the following reasons:

(1) The capital plan is incomplete or the capital plan, or the bank holding company's internal capital adequacy process, contains material weaknesses;

(2) There has been, or will likely be, a material change in the bank holding company's risk profile (including a material change in its business strategy or any risk exposure), financial condition, or corporate structure;

(3) The BHC stress scenario(s) are not appropriate for the bank holding company's business model and portfolios, or changes in financial markets or the macro-economic outlook that could have a material impact on a bank holding company's risk profile and financial condition require the use of updated scenarios; or

(4) The capital plan or the condition of the bank holding company raise any of the issues described in paragraph (f)(2)(ii) of this section.

(ii) A bank holding company may resubmit its capital plan to the Federal Reserve if the Board or the appropriate Reserve Bank objects to the capital plan.

(iii) The Board or the appropriate Reserve Bank with concurrence of the Board, may extend the 30-day period in paragraph (e)(4)(i) of this section for up to an additional 60 calendar days, or such longer period as the Board or the appropriate Reserve Bank, with concurrence of the Board, determines, in its discretion, appropriate.

(iv) Any updated capital plan must satisfy all the requirements of this section; however, a bank holding company may continue to rely on information submitted as part of a previously sub-

mitted capital plan to the extent that the information remains accurate and appropriate.

(5) *Confidential treatment of information submitted.* The confidentiality of information submitted to the Board under this section and related materials shall be determined in accordance with applicable exemptions under the Freedom of Information Act (5 U.S.C. 552(b)) and the Board's Rules Regarding Availability of Information (12 CFR part 261).

(f) *Review of capital plans by the Federal Reserve; publication of summary results—(1) Considerations and inputs.* (i) The Board or the appropriate Reserve Bank with concurrence of the Board, will consider the following factors in reviewing a bank holding company's capital plan:

(A) The comprehensiveness of the capital plan, including the extent to which the analysis underlying the capital plan captures and addresses potential risks stemming from activities across the firm and the company's capital policy;

(B) The reasonableness of the bank holding company's capital plan, the assumptions and analysis underlying the capital plan, and the robustness of its capital adequacy process; and

(C) The bank holding company's ability to maintain capital above each minimum regulatory capital ratio and above a tier 1 common ratio of 5 percent on a pro forma basis under expected and stressful conditions throughout the planning horizon, including but not limited to any scenarios required under paragraphs (e)(2)(i)(A) and (e)(2)(ii) of this section.

(ii) The Board or the appropriate Reserve Bank with concurrence of the Board, will also consider the following information in reviewing a bank holding company's capital plan:

(A) Relevant supervisory information about the bank holding company and its subsidiaries;

(B) The bank holding company's regulatory and financial reports, as well as supporting data that would allow for an analysis of the bank holding company's loss, revenue, and reserve projections;

(C) As applicable, the Federal Reserve's own pro forma estimates of the

Federal Reserve System

§ 225.8

firm's potential losses, revenues, reserves, and resulting capital adequacy under expected and stressful conditions, including but not limited to any scenarios required under paragraphs (e)(2)(i)(A) and (e)(2)(ii) of this section, as well as the results of any stress tests conducted by the bank holding company or the Federal Reserve; and

(D) Other information requested or required by the Board or the appropriate Reserve Bank, as well as any other information relevant, or related, to the bank holding company's capital adequacy.

(2) *Federal Reserve action on a capital plan.* (i) The Board or the appropriate Reserve Bank with concurrence of the Board, will object, in whole or in part, to the capital plan or provide the bank holding company with a notice of non-objection to the capital plan:

(A) For the capital plan cycle beginning on October 1, 2014, by March 31, 2015;

(B) For each capital plan cycle beginning thereafter, by June 30 of the calendar year in which a capital plan was submitted pursuant to paragraph (e)(1)(ii) of this section; and

(C) For a capital plan resubmitted pursuant to paragraph (e)(4) of this section, within 75 calendar days after the date on which a capital plan is resubmitted, unless the Board provides notice to the company that it is extending the time period.

(ii) The Board or the appropriate Reserve Bank with concurrence of the Board, may object to a capital plan if it determines that:

(A) The bank holding company has material unresolved supervisory issues, including but not limited to issues associated with its capital adequacy process;

(B) The assumptions and analysis underlying the bank holding company's capital plan, or the bank holding company's methodologies for reviewing the robustness of its capital adequacy process, are not reasonable or appropriate;

(C) The bank holding company has not demonstrated an ability to maintain capital above each minimum regulatory capital ratio and above a tier 1 common ratio of 5 percent, on a pro forma basis under expected and stress-

ful conditions throughout the planning horizon; or

(D) The bank holding company's capital planning process or proposed capital distributions otherwise constitute an unsafe or unsound practice, or would violate any law, regulation, Board order, directive, or condition imposed by, or written agreement with, the Board or the appropriate Reserve Bank. In determining whether a capital plan or any proposed capital distribution would constitute an unsafe or unsound practice, the Board or the appropriate Reserve Bank would consider whether the bank holding company is and would remain in sound financial condition after giving effect to the capital plan and all proposed capital distributions.

(iii) The Board or the appropriate Reserve Bank will notify the bank holding company in writing of the reasons for a decision to object to a capital plan.

(iv) If the Board or the appropriate Reserve Bank objects to a capital plan and until such time as the Board or the appropriate Reserve Bank with concurrence of the Board, issues a non-objection to the bank holding company's capital plan, the bank holding company may not make any capital distribution, other than capital distributions arising from the issuance of a regulatory capital instrument eligible for inclusion in the numerator of a minimum regulatory capital ratio or capital distributions with respect to which the Board or the appropriate Reserve Bank has indicated in writing its non-objection.

(v) The Board may disclose publicly its decision to object or not object to a bank holding company's capital plan under this section, along with a summary of the Board's analyses of that company. Any disclosure under this paragraph will occur by March 31 (for the capital plan cycle beginning on October 1, 2014) or June 30 (for each capital plan cycle beginning thereafter), unless the Board determines that a later disclosure date is appropriate.

(3) *Request for reconsideration or hearing*—(i) *General.* Within 15 calendar days of receipt of a notice of objection to a capital plan by the Board or the appropriate Reserve Bank:

§ 225.8

12 CFR Ch. II (1–15 Edition)

(A) A bank holding company may submit a written request to the Board requesting reconsideration of the objection, including an explanation of why reconsideration should be granted. Within 15 calendar days of receipt of the bank holding company's request, the Board will notify the company of its decision to affirm or withdraw the objection to the bank holding company's capital plan or a specific capital distribution; or

(B) As an alternative to paragraph (f)(3)(i)(A) of this section, a bank holding company may request an informal hearing on the objection.

(ii) *Request for an informal hearing.* (A) A request for an informal hearing shall be in writing and shall be submitted within 15 calendar days of a notice of an objection. The Board may, in its sole discretion, order an informal hearing if the Board finds that a hearing is appropriate or necessary to resolve disputes regarding material issues of fact.

(B) An informal hearing shall be held within 30 calendar days of a request, if granted, provided that the Board may extend this period upon notice to the requesting party.

(C) Written notice of the final decision of the Board shall be given to the bank holding company within 60 calendar days of the conclusion of any informal hearing ordered by the Board, provided that the Board may extend this period upon notice to the requesting party.

(D) While the Board's final decision is pending and until such time as the Board or the appropriate Reserve Bank with concurrence of the Board issues a non-objection to the bank holding company's capital plan, the bank holding company may not make any capital distribution, other than those capital distributions with respect to which the Board or the appropriate Reserve Bank has indicated in writing its non-objection.

(4) *Application of this section to other bank holding companies.* The Board may apply this section, in whole or in part, to any other bank holding company by order based on the institution's size, level of complexity, risk profile, scope of operations, or financial condition.

(g) *Approval requirements for certain capital actions—(1) Circumstances requiring approval.* Notwithstanding a notice of non-objection under paragraph (f)(2)(i) of this section, a bank holding company may not make a capital distribution (excluding any capital distribution arising from the issuance of a regulatory capital instrument eligible for inclusion in the numerator of a minimum regulatory capital ratio) under the following circumstances, unless it receives prior approval from the Board or appropriate Reserve Bank pursuant to paragraph (g)(5) of this section:

(i) After giving effect to the capital distribution, the bank holding company would not meet a minimum regulatory capital ratio or a tier 1 common ratio of at least 5 percent;

(ii) The Board or the appropriate Reserve Bank with concurrence of the Board, notifies the company in writing that the Federal Reserve has determined that the capital distribution would result in a material adverse change to the organization's capital or liquidity structure or that the company's earnings were materially underperforming projections;

(iii) Except as provided in paragraph (g)(2) of this section, the dollar amount of the capital distribution will exceed the amount described in the capital plan for which a non-objection was issued under this section, as measured on an aggregate basis beginning in the third quarter of the planning horizon through the quarter at issue; or

(iv) The capital distribution would occur after the occurrence of an event requiring resubmission under paragraphs (e)(4)(i)(A) or (B) of this section and before the Federal Reserve has acted on the resubmitted capital plan.

(2) *Exception for well capitalized bank holding companies.* (i) A bank holding company may make a capital distribution for which the dollar amount exceeds the amount described in the capital plan for which a non-objection was issued under paragraph (f)(2)(i) of this section if the following conditions are satisfied:

(A) The bank holding company is, and after the capital distribution

Federal Reserve System

§ 225.8

would remain, well capitalized as defined in § 225.2(r) of Regulation Y (12 CFR 225.2(r));

(B) The bank holding company's performance and capital levels are, and after the capital distribution would remain, consistent with its projections under expected conditions as set forth in its capital plan under paragraph (f)(2)(i) of this section;

(C) The annual aggregate dollar amount of all capital distributions (for purposes of the capital plan cycle beginning on October 1, 2014, in the period beginning on April 1, 2015 and ending on March 31, 2016, and for purposes of each capital plan cycle beginning thereafter, in the period beginning on July 1 of a calendar year and ending on June 30 of the following calendar year) would not exceed the total amounts described in the company's capital plan for which the bank holding company received a notice of non-objection by more than 1.00 percent multiplied by the bank holding company's tier 1 capital, as reported to the Federal Reserve on the bank holding company's first quarter FR Y-9C;

(D) The bank holding company provides the appropriate Reserve Bank with notice 15 calendar days prior to a capital distribution that includes the elements described in paragraph (g)(4) of this section; and

(E) The Board or the appropriate Reserve Bank with concurrence of the Board, does not object to the transaction proposed in the notice. In determining whether to object to the proposed transaction, the Board or the appropriate Reserve Bank shall apply the criteria described in paragraph (g)(5)(ii) of this section.

(ii) The exception in this paragraph (g)(2) shall not apply if the Board or the appropriate Reserve Bank notifies the bank holding company in writing that it may not take advantage of this exception.

(3) *Net distribution limitation*—(i) *General*. Notwithstanding a notice of non-objection under paragraph (f)(2)(i) of this section, a bank holding company must reduce its capital distributions in accordance with paragraph (g)(3)(ii) of this section if the bank holding company raises a smaller dollar amount of capital of a given category of regu-

latory capital instruments than it had included in its capital plan, as measured on an aggregate basis beginning in the third quarter of the planning horizon through the end of the current quarter.

(ii) *Reduction of distributions*—(A) *Common equity tier 1 capital*. If the bank holding company raises a smaller dollar amount of common equity tier 1 capital (as defined in 12 CFR 217.2), the bank holding company must reduce its capital distributions relating to common equity tier 1 capital such that the dollar amount of the bank holding company's capital distributions, net of the dollar amount of its capital raises, ("net distributions") relating to common equity tier 1 capital is no greater than the dollar amount of net distributions relating to common equity tier 1 capital included in its capital plan, as measured on an aggregate basis beginning in the third quarter of the planning horizon through the end of the current quarter.

(B) *Additional tier 1 capital*. If the bank holding company raises a smaller dollar amount of additional tier 1 capital (as defined in 12 CFR 217.2), the bank holding company must reduce its capital distributions relating to additional tier 1 capital (other than scheduled payments on additional tier 1 capital instruments) such that the dollar amount of the bank holding company's net distributions relating to additional tier 1 capital is no greater than the dollar amount of net distributions relating to additional tier 1 capital included in its capital plan, as measured on an aggregate basis beginning in the third quarter of the planning horizon through the end of the current quarter.

(C) *Tier 2 capital*. If the bank holding company raises a smaller dollar amount of tier 2 capital (as defined in 12 CFR 217.2), the bank holding company must reduce its capital distributions relating to tier 2 capital (other than scheduled payments on tier 2 capital instruments) such that the dollar amount of the bank holding company's net distributions relating to tier 2 capital is no greater than the dollar amount of net distributions relating to tier 2 capital included in its capital plan, as measured on an aggregate basis beginning in the third quarter of

§ 225.8

12 CFR Ch. II (1–1–15 Edition)

the planning horizon through the end of the current quarter.

(iii) *Exceptions.* Paragraphs (g)(3)(i) and (i) of this section shall not apply:

(A) To the extent that the Board or appropriate Reserve Bank indicates in writing its non-objection pursuant to paragraph (g)(5) of this section, following a request for non-objection from the bank holding company that includes all of the information required to be submitted under paragraph (g)(4) of this section;

(B) To capital distributions arising from the issuance of a regulatory capital instrument eligible for inclusion in the numerator of a minimum regulatory capital ratio that the bank holding company had not included in its capital plan;

(C) To the extent that the bank holding company raised a smaller dollar amount of capital in the category of regulatory capital instruments described in paragraph (g)(3)(i) of this section due to employee-directed capital issuances related to an employee stock ownership plan;

(D) To the extent that the bank holding company raised a smaller dollar amount of capital in the category of regulatory capital instruments described in paragraph (g)(3)(i) of this section due to a planned merger or acquisition that is no longer expected to be consummated or for which the consideration paid is lower than the projected price in the capital plan; or

(E) To the extent that the dollar amount by which the bank holding company's net distributions exceed the dollar amount of net distributions included in its capital plan in the category of regulatory capital instruments described in paragraph (g)(3)(i) of this section, as measured on an aggregate basis beginning in the third quarter of the planning horizon through the end of the current quarter, is less than 1.00 percent of the bank holding company's tier 1 capital, as reported to the Federal Reserve on the bank holding company's first quarter FR Y-9C, and the bank holding company notifies the appropriate Reserve Bank at least 15 calendar days in advance of any capital distribution in that category of regulatory capital instruments.

(4) *Contents of request.* (i) A request for a capital distribution under this section shall be filed with the appropriate Reserve Bank and the Board and shall contain the following information:

(A) The bank holding company's current capital plan or an attestation that there have been no changes to the capital plan since it was last submitted to the Federal Reserve;

(B) The purpose of the transaction;

(C) A description of the capital distribution, including for redemptions or repurchases of securities, the gross consideration to be paid and the terms and sources of funding for the transaction, and for dividends, the amount of the dividend(s); and

(D) Any additional information requested by the Board or the appropriate Reserve Bank (which may include, among other things, an assessment of the bank holding company's capital adequacy under a revised stress scenario provided by the Federal Reserve, a revised capital plan, and supporting data).

(ii) Any request submitted with respect to a capital distribution described in paragraph (g)(1)(i) of this section shall also include a plan for restoring the bank holding company's capital to an amount above a minimum level within 30 calendar days and a rationale for why the capital distribution would be appropriate.

(5) *Approval of certain capital distributions.* (i) The Board or the appropriate Reserve Bank with concurrence of the Board, will act on a request under this paragraph (g)(5) within 30 calendar days after the receipt of all the information required under paragraph (g)(4) of this section.

(ii) In acting on a request under this paragraph, the Board or appropriate Reserve Bank will apply the considerations and principles in paragraph (f) of this section. In addition, the Board or the appropriate Reserve Bank may disapprove the transaction if the bank holding company does not provide all of the information required to be submitted under paragraph (g)(4) of this section.

(6) *Disapproval and hearing.* (i) The Board or the appropriate Reserve Bank will notify the bank holding company
