(a) Developmental assistance provided under an approved mentorprotégé agreement is distinct from, and must not duplicate, any effort that is the normal and expected product of the award and administration of the mentor firm's subcontracts. The mentor firm must accumulate and charge costs associated with the latter in accordance with its approved accounting practices. Mentor firm costs that are eligible for reimbursement are set forth in appendix I.

(b) Before incurring any costs under the Program, mentor firms must establish the accounting treatment of developmental assistance costs eligible for reimbursement or credit. Advance agreements are encouraged. To be eligible for reimbursement under the Program, the mentor firm must incur the costs before October 1, 2018.

(c) If the mentor firm is suspended or debarred while performing under an approved mentor-protégé agreement, the mentor firm may not be reimbursed or credited for developmental assistance costs incurred more than 30 days after the imposition of the suspension or debarment.

(d) Developmental assistance costs incurred by a mentor firm before October 1, 2018, that are eligible for crediting under the Program, may be credited toward subcontracting plan goals as set forth in appendix I.

Labor advisor, as used in this part, means the departmental or agency headquarters labor advisor.

[56 FR 36358, July 31, 1991, as amended at 72 FR 20763, Apr. 26, 2007]

Subpart 222.1—Basic Labor Policies

222.101 Labor relations.

222.101-1 General.

Follow the procedures at PGI 222.101-1 for referral of labor relations matters to the appropriate authorities.

[71 FR 18670, Apr. 12, 2006]

222.101-3 Reporting labor disputes.

Follow the procedures at PGI 222.101-3 for reporting labor disputes.

[71 FR 18670, Apr. 12, 2006]

222.101-3-70 Impact of labor disputes on defense programs.

(a) Each department and agency shall determine the degree of impact of potential or actual labor disputes on its own programs and requirements. For guidance on determining the degree of impact, see PGI 222.101–3–70(a).

(b) Each contracting activity shall obtain and develop data reflecting the impact of a labor dispute on its requirements and programs. Upon determining that the impact of the labor dispute is significant, the head of the contracting activity shall submit a report of findings and recommendations to the labor advisor in accordance with departmental procedures. This reporting requirement is assigned Report Control Symbol DD-AT&L(AR)1153 and must include the information specified at PGI 222.101-3-70(b).

[71 FR 18670, Apr. 12, 2006]

222.101-4 Removal of items from contractors' facilities affected by work stoppages.

(a) When a contractor is unable to deliver urgent and critical items because of a work stoppage at its facility, the contracting officer, before removing any items from the facility, shall—

(i) Before initiating any action, contact the labor advisor to obtain the opinion of the national office of the Federal Mediation and Conciliation Service or other mediation agency regarding the effect movement of the items would have on labor negotiations. Normally removals will not be made if they will adversely affect labor negotiations.

(ii) Upon the recommendation of the labor advisor, provide a written request for removal of the material to the cognizant contract administration office. Include in the request the information specified at PGI 222.101–4(a)(ii).

(iii) With the assistance of the labor advisor or the commander of the contract administration office, attempt to have both the management and the labor representatives involved agree to shipment of the material by normal means.

(iv) If agreement for removal of the needed items cannot be reached following the procedures in paragraphs (a)(i) through (iii) of this subsection, the

commander of the contract administration office, after obtaining approval from the labor advisor, may seek the concurrence of the parties to the dispute to permit movement of the material by military vehicles with military personnel. On receipt of such concurrences, the commander may proceed to make necessary arrangements to move the material.

(v) If agreement for removal of the needed items cannot be reached following any of the procedures in paragraphs (a) (i) through (iv) of this subsection, refer the matter to the labor advisor with the information required by 222.101-3-70(b). If the labor advisor is unsuccessful in obtaining concurrence of the parties for the movement of the material and further action to obtain the material is deemed necessary, refer the matter to the agency head. Upon review and verification that the items are urgently or critically needed and cannot be moved with the consent of the parties, the agency head, on a nondelegable basis, may order removal of the items from the facility.

 $[56\ {\rm FR}$ 36358, July 31, 1991, as amended at 71 FR 18670, Apr. 12, 2006]

222.101–70 Acquisition of stevedoring services during labor disputes.

(a) Use the following procedures only in the order listed when a labor dispute delays performance of a contract for stevedoring services which are urgently needed.

(1) Attempt to have management and labor voluntarily agree to exempt military supplies from the labor dispute by continuing the movement of such material.

(2) Divert vessels to alternate ports able to provide necessary stevedoring services.

(3) Consider contracting with reliable alternative sources of supply within the stevedoring industry.

(4) Utilize civil service stevedores to perform the work performed by contract stevedores.

(5) Utilize military personnel to handle the cargo which was being handled by contract stevedores prior to the labor dispute.

(b) Notify the labor advisor when a deviation from the procedures in paragraph (a) of this subsection is required.

222.102 Federal and State labor requirements.

222.102-1 Policy.

(1) Direct all inquiries from contractors or contractor employees regarding the applicability or interpretation of Occupational Safety and Health Act (OSHA) regulations to the Department of Labor.

(2) Upon request, provide the address of the appropriate field office of the Occupational Safety and Health Administration of the Department of Labor.

(3) Do not initiate any application for the suspension or relaxation of labor requirements without prior coordination with the labor advisor. Any requests for variances or alternative means of compliance with OSHA requirements must be approved by the Occupational Safety and Health Administration of the Department of Labor.

[71 FR 18670, Apr. 12, 2006]

222.103 Overtime.

222.103-4 Approvals.

(a) The department/agency approving official shall—

(i) Obtain the concurrence of other appropriate approving officials; and

(ii) Seek agreement as to the contracts under which overtime premiums will be approved when—

(A) Two or more contracting offices have current contracts at the same contractor facility; and

(B) The approval of overtime by one contracting office will affect the performance or cost of contracts of another office. In the absence of evidence to the contrary, a contracting officer may rely on a contractor's statement that approval of overtime premium pay for one contract will not affect performance or payments under any other contract.

Subpart 222.3—Contract Work Hours and Safety Standards

222.302 Liquidated damages and overtime pay.

Upon receipt of notification of Contract Work Hours and Safety Stand-

ards violations, the contracting officer shall— $\!\!\!$

(1) Immediately withhold such funds as are available;

(2) Give the contractor written notification of the withholding and a statement of the basis for the liquidated damages assessment. The written notification shall also inform the contractor of its 60 days right to appeal the assessment, through the contracting officer, to the agency official responsible for acting on such appeals; and

(3) If funds available for withholding are insufficient to cover liquidated damages, ask the contractor to pay voluntarily such funds as are necessary to cover the total liquidated damage assessment.

(d)(i) The assessment shall become the final administrative determination of contractor liability for liquidated damages when—

(A) The contractor fails to appeal to the contracting agency within 60 days from the date of the withholding of funds;

(B) The department agency, following the contractor's appeals, issues a final order which affirms the assessment of liquidated damages or waives damages of \$500 or less; or

(C) The Secretary of Labor takes final action on a recommendation of the agency head to waive or adjust liquidated damages in excess of \$500.

(ii) Upon final administrative determination of the contractor's liability for liquidated damages, the contracting officer shall transmit withheld or collected funds determined to be owed the Government as liquidated damages to the servicing finance and accounting officer for crediting to the appropriate Government Treasury account. The contracting officer shall return any excess withheld funds to the contractor.

[56 FR 36358, July 31, 1991, as amended at 77 FR 35880, June 15, 2012]

Subpart 222.4—Labor Standards for Contracts Involving Construction

222.402 Applicability.

222.402–70 Installation support contracts.

(a) Apply both the Service Contract Labor Standards statute and the Construction Wage Rate Requirements statute to installation support contracts if—

(1) The contract is principally for services but also requires a substantial and segregable amount of construction, alteration, renovation, painting, or repair work; and

(2) The aggregate dollar value of such construction work exceeds or is expected to exceed \$2,000.

(b) Service Contract Labor Standards statute coverage under the contract. Contract installation support requirements, such as plant operation and installation services (i.e., custodial, snow removal, etc.) are subject to the Service Contract Labor Standards. Apply Service Contract Labor Standards clauses and minimum wage and fringe benefit requirements to all contract service calls or orders for such maintenance and support work.

(c) Construction Wage Rate Requirements statute coverage under the contract. Contract construction, alteration, renovation, painting, and repair requirements (i.e., roof shingling, building structural repair, paving repairs, etc.) are subject to the Construction Wage Rate Requirements statute. Apply Construction Wage Rate Requirements clauses and minimum wage requirements to all contract service calls or orders for construction, alteration, renovation, painting, or repairs to buildings or other works.

(d) Repairs versus maintenance. Some contract work may be characterized as either Construction Wage Rate Requirements painting/repairs or Service Contract Labor Standards maintenance. For example, replacing broken windows, spot painting, or minor patching of a wall could be covered by either the Construction Wage Rate Requirements or the Service Contract Labor Standards. In those instances where a contract service call or order requires construction trade skills (i.e., carpenter, plumber, painter, etc.), but it is unclear whether the work required is Service Contract Labor Standards maintenance or Construction Wage Rate Requirements painting/repairs, apply the following rules:

(1) Individual service calls or orders which will require a total of 32 or more work hours to perform shall be considered to be repair work subject to the Construction Wage Rate Requirements.

(2) Individual service calls or orders which will require less than 32 work hours to perform shall be considered to be maintenance subject to the Service Contract Labor Standards.

(3) Painting work of 200 square feet or more to be performed under an individual service call or order shall be considered to be subject to the Construction Wage Rate Requirements statute regardless of the total work hours required.

(e) The determination of labor standards application shall be made at the time the solicitation is prepared in those cases where requirements can be identified. Otherwise, the determination shall be made at the time the service call or order is placed against the contract. The service call or order shall identify the labor standards law and contract wage determination which will apply to the work required.

(f) Contracting officers may not avoid application of the Construction Wage Rate Requirements statute by splitting individual tasks between orders or contracts.

[56 FR 36358, July 31, 1991, as amended at 77 FR 35880, June 15, 2012]

222.403 Statutory and regulatory requirements.

Not later than April 1 of each year, each department and agency shall furnish the Administrator, Wage and Hour Division, with a general outline of its

222.404-2

(1) Indicate by individual project of \$500,000 or more—

(i) The anticipated type of construction;

(ii) The estimated dollar value; and

(iii) The location in which the work is to be performed (city, town, village, county, or other civil subdivision of the state).

(2) The report format is contained in Department of Labor All Agency Memo 144, December 27, 1985.

(3) The report control number is 1671–DOL-AN.

(c)(5) Follow the procedures at PGI 222.404-2(c)(5) when seeking clarification of the proper application of construction wage rate schedules.

(i) Training appropriate contract administration, labor relations, inspection, and other labor standards enforcement personnel in their responsibilities; and

(A) Indicate that the labor standards requirements contained in the contract are based on the following statutes and regulations—

(1) Construction Wage Rate Requirements statute.

(2) Contract Work Hours and Safety Standards statute;

48 CFR Ch. 2 (10-1-15 Edition)

(3) Copeland (Anti-Kickback) Act;

(4) Parts 3 and 5 of the Secretary of Labor's Regulations (parts 3 and 5, subtitle A, title 29, CFR); and

(3) Differentiation between subcontractors and suppliers;

(4) Additional classifications;

(5) Benefits to be realized by contractors and subcontractors in keeping complete work records;

(6) Penalties and sanctions for violations of the labor standards provisions; and

 $\left(7\right)$ The applicable provisions of FAR 22.403; and

(C) Ensure that the contractor sends a copy of the preconstruction letter to each subcontractor.

(2) Before construction begins, the contracting officer shall confer with the prime contractor and any subcontractor designated by the prime to emphasize their labor standards obligations under the contract when—

(A) The prime contractor has not performed previous Government contracts;

(B) The prime contractor experienced difficulty in complying with labor standards requirements on previous contracts; or

(C) It is necessary to determine whether the contractor and its subcontractors intend to pay any required fringe benefits in the manner specified in the wage determination or to elect a different method of payment. If the latter, inform the contractor of the requirements of FAR 22.406-2.

[56 FR 36358, July 31, 1991, as amended at 77 FR 35880, June 15, 2012]

222.406-6 Payrolls and statements.

(a) Submission. Contractors who do not use Department of Labor Form WH 347 or its equivalent must submit a DD Form 879, Statement of Compliance, with each payroll report.

222.406-13

222.406–8 Investigations.

(a) Before beginning an investigation, the investigator shall inform the contractor of the general scope of the investigation, and that the investigation will include examining pertinent records and interviewing employees. In conducting the investigation, follow the procedures at PGI 222.406-8(a).

(c) Contractor notification. (4)(A) Notify the contractor by certified mail of any finding that it is liable for liquidated damages under the Contract Work Hours and Safety Standards (CWHSS) statute. The notification shall inform the contractor that—

(1) It has 60 days after receipt of the notice to appeal the assessment of liquidated damages; and

(2) The appeal must demonstrate either that the alleged violations did not occur at all, occurred inadvertently notwithstanding the exercise of due care, or the assessment was computed improperly.

(B) If an appeal is received, the contracting officer shall process the appeal in accordance with department or agency regulations.

(d) Contracting officer's report. Forward a detailed enforcement report or summary report to the agency head in accordance with agency procedures. Include in the report, as a minimum, the information specified at PGI 222.406-8(d).

[56 FR 36358, July 31, 1991, as amended at 71 FR 18670, Apr. 12, 2006; 77 FR 35880, June 15, 2012]

222.406-9 Withholding from or suspension of contract payments.

(a) Withholding from contract payments. The contracting officer shall contact the labor advisor for assistance when payments due a contractor are not available to satisfy that contractor's liability for Construction Wage Rate Requirements or CWHSS statute wage underpayments or liquidated damages.

(c) Disposition of contract payments withheld or suspended—(3) Limitation on forwarding or returning funds. When disposition of withheld funds remains the final action necessary to close out a contract, the Department of Labor has given blanket approval to forward withheld funds to the Comptroller General pending completion of an investigation or other administrative proceedings.

(4) Liquidated damages. (A) The agency head may adjust liquidated damages of \$500 or less when the amount assessed is incorrect or waive the assessment when the violations—

(1) Were nonwillful or inadvertent; and

(2) Occurred notwithstanding the exercise of due care by the contractor, its subcontractor, or their agents.

(B) The agency head may recommend to the Administrator, Wage and Hour Division, that the liquidated damages over \$500 be adjusted because the amount assessed is incorrect. The agency head may also recommend the assessment be waived when the violations—

(1) Were nonwillful or inadvertent; and

(2) Occurred notwithstanding the exercise of due care by the contractor, the subcontractor, or their agents.

Subpart 223.71—Storage, Treatment, and Disposal of Toxic or Hazardous Materials

SOURCE: 79 FR 58697, Sept. 30, 2014, unless otherwise noted.

223.7101 Definitions.

As used in this subpart, the terms *storage* and *toxic or hazardous materials* are defined in the clause at 252.223–7006, Prohibition on Storage, Treatment, and Disposal of Toxic or Hazardous Materials.

223.7102 Policy.

(a) 10 U.S.C. 2692 prohibits storage, treatment, or disposal on DoD installations of toxic or hazardous materials that are not owned either by DoD or by a member of the armed forces (or a dependent of the member) assigned to or provided military housing on the installation, unless an exception in 223.7104 applies.

(b) When storage of toxic or hazardous materials is authorized based on an imminent danger, the storage provided shall be temporary and shall cease once the imminent danger no longer exists. In all other cases of storage or disposal, the storage or disposal shall be terminated as determined by the Secretary of Defense.

223.7103 Procedures.

(a)(1) Storage, treatment, or disposal of toxic or hazardous materials not owned by DoD on a DoD installation is prohibited unless—

(i) One or more of the exceptions set forth in 223.7104(a) is met including requisite approvals; or

(ii) Secretary of Defense authorization is obtained under the conditions set forth in 223.7104(b).

(2) When storage, treatment, or disposal of toxic or hazardous materials not owned by DoD is authorized in accordance with this subpart, the contract shall specify the types and quantities of toxic or hazardous materials

that may be temporarily stored, treated, or disposed of in connection with the contract or as a result of the authorized use of a DoD facility or space launch facility. All solicitations and contracts shall specify the conditions under which storage, treatment, or disposal is authorized.

(b) If the contracting officer is uncertain as to whether particular activities are prohibited or fall under one of the exceptions in 223.7104, the contracting officer should seek advice from the cognizant office of counsel.

223.7104 Exceptions.

(a) The prohibition of 10 U.S.C. 2692 does not apply to any of the following:

(1) The storage, treatment, or disposal of materials that will be or have been used in connection with an activity of DoD or in connection with a service to be performed on a DoD installation for the benefit of DoD.

(2) The storage of strategic and critical materials in the National Defense Stockpile under an agreement for such storage with the Administrator of General Services Administration.

(3) The temporary storage or disposal of explosives in order to protect the public or to assist agencies responsible for Federal, State, or local law enforcement in storing or disposing of explosives when no alternative solution is available, if such storage or disposal is made in accordance with an agreement between the Secretary of Defense and the head of the Federal, State, or local agency concerned.

(4) The temporary storage or disposal of explosives in order to provide emergency lifesaving assistance to civil authorities.

(5) The disposal of excess explosives produced under a DoD contract, if the head of the military department concerned determines, in each case, that an alternative feasible means of disposal is not available to the contractor, taking into consideration public safety, available resources of the contractor, and national defense production requirements.

(6) The temporary storage of nuclear materials or nonnuclear classified materials in accordance with an agreement with the Secretary of Energy.

(7) The storage of materials that constitute military resources intended to be used during peacetime civil emergencies in accordance with applicable DoD regulations.

(8) The temporary storage of materials of other Federal agencies in order to provide assistance and refuge for commercial carriers of such material during a transportation emergency.

(9) The storage of any material that is not owned by DoD, if the Secretary of the military department concerned determines that the material is required or generated in connection with the authorized and compatible use of a facility of DoD, including the use of such a facility for testing material or training personnel.

(10) The treatment and disposal of any toxic or hazardous materials not owned by DoD, if the Secretary of the military department concerned determines that the material is required or generated in connection with the authorized and compatible use of a facility of that military department and the Secretary enters into a contract or agreement with the prospective user that—

(i) Is consistent with the best interest of national defense and environmental security; and

(ii) Provides for the prospective user's continued financial and environmental responsibility and liability with regard to the material.

(11) The storage of any material that is not owned by DoD if the Secretary of the military department concerned determines that the material is required or generated in connection with the use of a space launch facility located on a DoD installation or on other land controlled by the United States.

(b) The Secretary of Defense may grant an exception to the prohibition in 10 U.S.C. 2692 when essential to protect the health and safety of the public from imminent danger if the Secretary otherwise determines the exception is essential and if the storage or disposal authorized does not compete with private enterprise.

223.7105 Reimbursement.

The Secretary of Defense may assess a charge for any storage or disposal provided under this subpart. If a charge

is to be assessed, then such assessment shall be identified in the contract with payment to the Government on a reimbursable cost basis.

223.7106 Contract clause.

Use the basic or the alternate of the clause at 252.223-7006, Prohibition on Storage, Treatment, and Disposal of Toxic or Hazardous Materials, in all so-licitations and contracts which require, may require, or permit contractor access to a DoD installation.

(a) Use the basic clause, unless a determination is made under 223.7104(a)(10).

(b) Use the alternate I clause when the Secretary of the military department issues a determination under the exception at 223.7104(a)(10).

Subpart 223.72—Safeguarding Sensitive Conventional Arms, Ammunition, and Explosives

SOURCE: 61 FR 7743, Feb. 29, 1996, unless otherwise noted.

223.7200 Definition.

"Arms, ammunition, and explosives (AA&E)," as used in this subpart, means those items within the scope (chapter 1, paragraph B) of DoD 5100.76-M, Physical Security of Sensitive Conventional Arms, Ammunition, and Explosives.

223.7201 Policy.

(a) The requirements of DoD 5100.76– M, Physical Security of Sensitive Conventional Arms, Ammunition, and Explosives, shall be applied to contracts when—

(1) AA&E will be provided to the contractor or subcontractor as Government-furnished property; or

(2) The principal development, production, manufacture, or purchase of AA&E is for DoD use.

(b) The requirements of DoD 5100.76– M need not be applied to contracts when—

(1) The AA&E to be acquired under the contract is a commercial item within the meaning of FAR 2.101; or

(2) The contract will be performed in a Government-owned contractor-operated ammunition production facility.

48 CFR Ch. 2 (10–1–15 Edition)

However, if subcontracts issued under such a contract will meet the criteria of paragraph (a) of this section, the requirements of DoD 5100.76-M shall apply.

223.7202 Preaward responsibilities.

When an acquisition involves AA&E, technical or requirements personnel shall specify in the purchase request—

(a) That AA&E is involved; and

(b) Which physical security requirements of DoD 5100.76–M apply.

223.7203 Contract clause.

Use the clause at 252.223-7007, Safeguarding Sensitive Conventional Arms, Ammunition, and Explosives, in all solicitations and contracts to which DoD 5100.76-M applies, in accordance with the policy at 223.7201. Subpart 223.73—Minimizing the Use of Materials Containing Hexavalent Chromium

SOURCE: 76 FR 25575, May 5, 2011, unless otherwise noted.

223.7300 Definition.

Legacy system, as used in this subpart, means any program that has passed Milestone A in the defense acquisition management system, as defined in DoD Instruction 5000.02.

223.7301 Policy.

It is DoD policy to minimize hexavalent chromium (an anti-corrosive) in items acquired by DoD (deliverables and construction material), due to the serious human health and environmental risks related to its use. Executive Order 13423, section 3, paragraph (a) requires that the heads of agencies reduce or eliminate the acquisition and use of toxic or hazardous chemicals. Executive Order 13514 requires that the heads of agencies are responsible for "reducing and minimizing the quantity of toxic and hazardous chemicals and materials acquired, used, or disposed of.'

Pt. 224

223.7302 Authorities.

(a) Executive Order 13423 of January 24, 2007, Strengthening Federal Environmental, Energy, and Transportation Management.

(b) Executive Order 13514 of October 5, 2009, Federal Leadership in Environmental, Energy, and Economic Performance.

223.7303 Prohibition.

(a) Except as provided in 223.7304 and 223.7305, no contract may include a specification or standard that results in a deliverable or construction material containing more than 0.1 percent hexavalent chromium by weight in any homogeneous material in the deliverable or construction material where proven substitutes are available that provide acceptable performance for the application.

(b) This prohibition is in addition to any imposed by the Clean Air Act regardless of the place of performance.

223.7304 Exceptions.

The prohibition in 223.7303 does not apply to—

(a) Legacy systems and their related parts, subsystems, and components that already contain hexavalent chromium. However, alternatives to hexavalent chromium shall be considered by the appropriate official during system modifications, follow-on procurements of legacy systems, or maintenance procedure updates; and

(b) Additional sustainment related contracts (e.g., parts, services) for a system in which use of hexavalent chromium was previously approved.

223.7305 Authorization and approval.

(a) The prohibition in 223.7303 does not apply to critical defense applications if no substitute can meet performance requirements. The DoD policy of April 8, 2009, "Minimizing the Use of Hexavalent Chromium," contains requirements for weighing hexavalent chromium versus substitutes. DoD Program Managers must consider the following factors—

(1) Cost effectiveness of alternative materials or processes;

(2) Technical feasibility of alternative materials or processes; (3) Environment, safety, and occupational health risks associated with the use of the hexavalent chromium or substitute materials in each specific application;

(4) Achieving a DoD Manufacturing Readiness Level of at least eight for any qualified alternative;

(5) Materiel availability of hexavalent chromium and the proposed alternatives over the projected life span of the system; and

(6) Corrosion performance difference of alternative materials or processes as determined by agency corrosion subject matter experts.

Subpart 225.1—Supplies

SOURCE: 68 FR 15618, Mar. 31, 2003, unless otherwise noted.

225.101 General.

(a) For DoD, the following two-part test determines whether a manufactured end product is a domestic end product:

(i) The end product is manufactured in the United States; and

(ii) The cost of its U.S. and qualifying country components exceeds 50 percent of the cost of all its components. This test is applied to end products only and not to individual components. 48 CFR Ch. 2 (10–1–15 Edition)

(c) Additional exceptions that allow the purchase of foreign end products are listed at 225.103.

225.103 Exceptions.

(a)(i)(A) Public interest exceptions for certain countries are in 225.872.

(B) For procurements covered by the World Trade Organization Government Procurement Agreement, the Under Secretary of Defense (Acquisition, Technology, and Logistics) has determined that it is inconsistent with the public interest to apply the Buy American statute to end products that are substantially transformed in the United States.

(ii)(A) Normally, use the evaluation procedures in subpart 225.5, but consider recommending a public interest exception if the purposes of the Buy American statute are not served, or in order to meet a need set forth in 10 U.S.C. 2533. For example, a public interest exception may be appropriate—

(1) If accepting the low domestic offer will involve substantial foreign expenditures, or accepting the low foreign offer will involve substantial domestic expenditures;

(2) To ensure access to advanced state-of-the-art commercial technology; or

(3) To maintain the same source of supply for spare and replacement parts (also see paragraph (b)(iii)(B) of this section)—

(*i*) For an end item that qualifies as a domestic end product; or

(*ii*) In order not to impair integration of the military and commercial industrial base.

(B) Except as provided in PGI 225.872– 4, process a determination for a public interest exception after consideration of the factors in 10 U.S.C. 2533—

(1) At a level above the contracting officer for acquisitions valued at or below the simplified acquisition threshold:

(2) By the head of the contracting activity for acquisitions with a value greater than the simplified acquisition threshold but less than \$1.5 million; or

(3) By the agency head for acquisitions valued at \$1.5 million or more.

(b)(i) A determination that an article, material, or supply is not reasonably available is required when domestic offers are insufficient to meet the requirement and award is to be made on other than a qualifying country or eligible end product.

(ii) Except as provided in FAR 25.103(b)(3), the determination shall be approved—

(A) At a level above the contracting officer for acquisitions valued at or below the simplified acquisition threshold;

(B) By the chief of the contracting office for acquisitions with a value greater than the simplified acquisition threshold but less than \$1.5 million; or

(C) By the head of the contracting activity or immediate deputy for acquisitions valued at \$1.5 million or more.

(iii) A separate determination as to whether an article is reasonably available is not required for the following articles. DoD has already determined that these articles are not reasonably available from domestic sources:

(A) Spare or replacement parts that must be acquired from the original foreign manufacturer or supplier.

(B) Foreign drugs acquired by the Defense Supply Center, Philadelphia, when the Director, Pharmaceuticals Group, Directorate of Medical Materiel, determines that only the requested foreign drug will fulfill the requirements.

(iv) Under coordinated acquisition (see Subpart 208.70), the determination is the responsibility of the requiring department when the requiring department specifies acquisition of a foreign end product.

(c) The cost of a domestic end product is unreasonable if it is not the low evaluated offer when evaluated under Subpart 225.5.

(b) Use an evaluation factor of 50 percent instead of the factors specified in FAR 25.105(b).

225.170 Acquisition from or through other Government agencies.

Contracting activities must apply the evaluation procedures in Subpart 225.5 when using Federal supply schedules.

Subpart 225.2—Construction Materials

225.202 Exceptions.

(a)(2) A nonavailability determination is not required for construction materials listed in FAR 25.104(a). For other materials, a nonavailability determination shall be approved at the levels specified in 225.103(b)(ii). Use the estimated value of the construction materials to determine the approval level.

(i) The clause shall also be used in personal services contracts with individuals; and

(ii) The clause shall not be used when all contractor personnel performing outside the United States will be covered by the clause at 252.225–7040.

(2) When using the clause at FAR 52.225–19, the contracting officer shall inform the contractor that the Synchronized Predeployment and Operational Tracker (SPOT) is the appropriate automated system to use for the list of contractor personnel required by paragraph (g) of the clause. Subpart 225.4—Trade Agreements

SOURCE: 65 FR 19852, Apr. 13, 2000, unless otherwise noted.

225.401 Exceptions.

(a)(2)(A) If a department or agency considers an individual acquisition of a product to be indispensable for national security or national defense purposes and appropriate for exclusion from the provisions of FAR subpart

25.4, it may submit a request with supporting rationale to the Director of Defense Procurement and Acquisition Policy (OUSD(AT&L)DPAP). Approval by OUSD(AT&L)DPAP is not required if-

(1) Purchase from foreign sources is restricted by statute (see subpart 225.70):

(2) Another exception in FAR 25.401 applies to the acquisition; or

(3) Competition from foreign sources is restricted under subpart 225.71.

(B) Public interest exceptions for certain countries when acquiring products or services in support of operations in Afghanistan are in 225.7704-1.

[75 FR 81916, Dec. 29, 2010]

225.401-70 End products subject to trade agreements.

Acquisitions of end products in the following product service groups (PSGs) are covered by trade agreements if the value of the acquisition is at or above the applicable trade agreement threshold and no exception applies. If an end product is not in one of the listed groups, the trade agreements do not apply. The definition of Caribbean Basin country end products in FAR 25.003 excludes those end products that are not eligible for duty-free treatment under 19 U.S.C. 2703(b). Therefore certain watches, watch parts, and luggage from certain Caribbean Basin countries are not eligible products. However, 225.003 expands the definition of Caribbean Basin country end products to include petroleum and any product derived from petroleum, in accordance with Section 8094 of Pub. L. 103-139.

(c) For acquisitions of supplies covered by the World Trade Organization Government Procurement Agreement, acquire only U.S.-made, qualifying country, or designated country end products unless-

(A) Not received; or

(B) Insufficient to fill the Government's requirements. In this case, accept all responsive, responsible offers of U.S.-made, qualifying country, and eligible products before accepting any other offers:

(ii) A national interest waiver under 19 U.S.C. 2512(b)(2) is granted on a caseby-case basis. Except as delegated in paragraphs (c)(i)(A) and (B) of this section, submit any request for a national interest waiver to the Director of Defense Procurement and Acquisition Policy in accordance with department or agency procedures. Include supporting rationale with the request.

(A) The head of the contracting activity may approve a national interest waiver for a purchase by an overseas purchasing activity, if the waiver is supported by a written statement from the requiring activity that the products being acquired are critical for the support of U.S. forces stationed abroad.

Subpart 225.5—Evaluating Foreign Offers—Supply Contracts

SOURCE: 68 FR 15620, Mar. 31, 2003, unless otherwise noted.

225.502 Application.

(a) Whenever the acquisition is in support of operations in Afghanistan, treat the offers of end products from South Caucasus or Central and South

Asian states listed in 225.401–70 the same as qualifying country offers.

(b) Use the following procedures instead of the procedures in FAR 25.502(b) for acquisitions subject to the World Trade Organization Government Procurement Agreement:

(i) Consider only offers of U.S.-made, qualifying country, or designated country end products, except as permitted by 225.403 or 225.7703-1.

(ii) If price is the determining factor, award on the low offer.

(c) Use the following procedures instead of those in FAR 25.502(c) for acquisitions subject to the Buy American statute or the Balance of Payments Program:

(i)(A) If the acquisition is subject only to the Buy American or Balance of Payments Program, then only qualifying country end products are exempt from application of the Buy American or Balance of Payments Program evaluation factor.

(B) If the acquisition is also subject to a Free Trade Agreement, then eligible products of the applicable Free Trade Agreement country are also exempt from application of the Buy American or Balance of Payments Program evaluation factor.

(ii) If price is the determining factor, use the following procedures:

(A) If the low offer is a domestic offer, award on that offer.

(B) If there are no domestic offers, award on the low offer (see example in 225.504(1)).

(C) If the low offer is a foreign offer that is exempt from application of the Buy American or Balance of Payments Program evaluation factor, award on that offer. (If the low offer is a qualifying country offer from a country listed at 225.872–1(b), execute a determination in accordance with 225.872–4.)

(D) If the low offer is a foreign offer that is not exempt from application of the Buy American or Balance of Payments Program evaluation factor, and there is another foreign offer that is exempt and is lower than the lowest domestic offer, award on the low foreign offer (see example in 225.504(2)).

(E) Otherwise, apply the 50 percent evaluation factor to the low foreign offer.

(1) If the price of the low domestic offer is less than the evaluated price of the low foreign offer, award on the low domestic offer (see example in 225.504(3)).

(2) If the evaluated price of the low foreign offer remains less than the low domestic offer, award on the low foreign offer (see example in 225.504(4)).

(iii) If price is not the determining factor, use the following procedures:

(A) If there are domestic offers, apply the 50 percent Buy American or Balance of Payments Program evaluation factor to all foreign offers unless an exemption applies.

(B) Evaluate in accordance with the criteria of the solicitation.

(C) If these procedures will not result in award on a domestic offer, reevaluate offers without the 50 percent factor. If this will result in award on an offer to which the Buy American statute or Balance of Payments Program applies, but evaluation in accordance with paragraph (c)(ii) of this section would result in award on a domestic offer, proceed with award only after execution of a determination in accordance with 225.103(a)(ii)(B), that domestic preference would be inconsistent with the public interest.

(iv) If the solicitation includes the provision at 252.225–7023, Preference for Products or Services from Afghanistan, use the evaluation procedures at 225.7703–3.

225.770 Prohibition on acquisition of United States Munitions List items from Communist Chinese military companies.

This section implements section 1211 of the National Defense Authorization Act for Fiscal Year 2006 (Pub. L. 109– 163) and section 1243 of the National Defense Authorization Act for Fiscal Year 2012 (Pub. L. 112–81). See PGI 225.770 for additional information relating to this statute, the terms used in this section, and the United States Munitions List.

[71 FR 53046, Sept. 8, 2006, as amended at 77 FR 30366, May 22, 2012]

225.770–1 Definitions.

As used in this section-

(a) Communist Chinese military company and United States Munitions List are defined in the clause at 252.225–7007, Prohibition on Acquisition of United States Munitions List Items from Communist Chinese Military Companies.

(b) *Component* means an item that is useful only when used in conjunction with an end item (22 CFR 121.8).

(c) *Part* means any single unassembled element of a major or minor component, accessory, or attachment, that is not normally subject to disassembly without the destruction or impairment of design use (22 CFR 121.8).

[71 FR 53046, Sept. 8, 2006]

225.770-2 Prohibition.

Do not acquire supplies or services covered by the United States Munitions List (USML) (22 CFR part 121), through a contract or subcontract at any tier, from any Communist Chinese

48 CFR Ch. 2 (10–1–15 Edition)

military company. This prohibition does not apply to components and parts of covered items unless the components and parts are themselves covered by the USML.

[71 FR 53046, Sept. 8, 2006]

225.770-3 Exceptions.

The prohibition in 225.770-2 does not apply to supplies or services acquired—

(b) The USML includes defense articles and defense services that fall into 21 categories. Since not all USML items are themselves munitions (*e.g.*, protective personnel equipment, military training equipment), the requiring activity should consult the USML before concluding that an item is or is not covered by the USML.

[71 FR 53046, Sept. 8, 2006]

225.770–5 Waiver of prohibition.

(a) The prohibition in 225.770–2 may be waived, on a case-by-case basis, if an official identified in paragraph (b) of this subsection determines that a waiver is necessary for national security purposes.

(b) The following officials are authorized, without power of delegation, to make the determination specified in paragraph (a) of this subsection:

(1) The Under Secretary of Defense (Acquisition, Technology, and Logistics).

(2) The Secretaries of the military departments.

(3) The Component Acquisition Executive of the Defense Logistics Agency.

(c)(1) The official granting a waiver shall submit a report to the congressional defense committees, with a copy to the Director of Defense Procurement and Acquisition Policy (see PGI 225.770-5), not less than 15 days before issuing the waiver.

225.802-71 End use certificates.

Contracting officers considering the purchase of an item from a foreign source may encounter a request for the signing of a certificate to indicate that the Armed Forces of the United States is the end user of the item, and that the U.S. Government will not transfer the item to third parties without authorization from the Government of the country selling the item. When encountering this situation, refer to DoD Directive 2040.3, End Use Certificates, for guidance.

225.870 Contracting with Canadian contractors.

225.870-1 General.

(a) The Canadian government guarantees to the U.S. Government all commitments, obligations, and covenants of the Canadian Commercial Corporation under any contract or order issued to the Corporation by any contracting office of the U.S. Government. The Canadian government has waived notice of any change or modification that may be made, from time to time, in these commitments, obligations, or covenants.

(b) For production planning purposes, Canada is part of the defense industrial base (see 225.870–2(b)).

(c) The Canadian Commercial Corporation will award and administer contracts with contractors located in Canada, except for—

(1) Negotiated acquisitions for experimental, developmental, or research work under projects other than the Defense Development Sharing Program;

(2) Acquisitions of unusual or compelling urgency;

(3) Acquisitions at or below the simplified acquisition threshold; or

225.870–2 Solicitation of Canadian contractors.

225.870-3 Submission of offers.

(a) As indicated in 225.870–4, the Canadian Commercial Corporation is the prime contractor. To indicate acceptance of offers by individual Canadian companies, the Canadian Commercial Corporation issues a letter supporting the Canadian offer and containing the following information:

(1) Name of the Canadian offeror.

(2) Confirmation and endorsement of the offer in the name of the Canadian Commercial Corporation.

(3) A statement that the Corporation shall subcontract 100 percent with the offeror.

(b) When a Canadian offer cannot be processed through the Canadian Commercial Corporation in time to meet the date for receipt of offers, the Corporation may permit Canadian firms to submit offers directly. However, the contracting officer shall receive the Canadian Commercial Corporation's endorsement before contract award.

(c) The Canadian Commercial Corporation will submit all sealed bids in terms of U.S. currency. Do not adjust contracts awarded under sealed bidding for losses or gains from fluctuation in exchange rates.

(d) Except for sealed bids, the Canadian Commercial Corporation normally will submit offers and quotations in terms of Canadian currency. The Corporation may, at the time of submitting an offer, elect to quote and receive payment in terms of U.S. currency, in which case the contract—

(1) Shall provide for payment in U.S. currency; and

(2) Shall not be adjusted for losses or gains from fluctuation in exchange rates.

225.870-4 Contracting procedures.

(a) Except for contracts described in 225.870–1(c)(1) through (4), award individual contracts covering purchases from suppliers located in Canada to the Canadian Commercial Corporation, 350 Albert Street, Suite 700, Ottawa, ON K1R 1A4.

(b) Direct communication with the Canadian supplier is authorized and encouraged in connection with all technical aspects of the contract, provided the Corporation's approval is obtained on any matters involving changes to the contract.

(c) Requirement for data other than certified cost or pricing data. (1) DoD has waived the requirement for submission of certified cost or pricing data for the Canadian Commercial Corporation and its subcontractors (see 215.403-1(c)(4)(C)).

(2) The Canadian Commercial Corporation is not exempt from the requirement to submit data other than certified cost or pricing data, as defined in FAR 2.101. In accordance with FAR 15.403–3(a)(1)(ii), the contracting officer shall require submission of data other than certified cost or pricing data from the offeror, to the extent necessary to determine a fair and reasonable price.

(i) No further approval is required to request data other than certified cost or pricing data from the Canadian Commercial Corporation in the following circumstances:

(A) In a solicitation for a sole source acquisition that is—

(1) Cost-reimbursement, if the contract value is expected to exceed \$700,000; or

(2) Fixed-price, if the contract value is expected to exceed \$500 million.

(B) If the Canadian Commercial Corporation submits the only offer in response to a competitive solicitation

48 CFR Ch. 2 (10–1–15 Edition)

that meets the thresholds specified in paragraph (c)(2)(i)(A) of this section.

(C) For modifications that exceed 150,000 in contracts that meet the criteria in paragraph (c)(2)(i)(A) or (B) of this section.

(D) In competitive solicitations in which data other than certified cost or pricing data are required from all offerors.

(ii) In any circumstances other than those specified in paragraph (c)(2)(i) of this section, the contracting officer shall only require data other than certified cost or pricing data from the Canadian Commercial Corporation if the head of the contracting activity, or designee no lower than two levels above the contracting officer, determines that data other than certified cost or pricing data are needed (or in the case of modifications that it is reasonably certain that data other than certified cost or pricing data will be needed) in order to determine that the price is fair and reasonable) (see FAR 15.403-3(a).

(3) The contracting officer shall use the provision at 252.215–7003, Requirement for Data Other Than Certified Cost or Pricing Data—Canadian Commercial Corporation, and the clause at 252.215–7004, Requirement for Data Other Than Certified Cost or Pricing Data—Modifications—Canadian Commercial Corporation, as prescribed at 215.408(3)(i) and (ii), respectively.

(4) Except for contracts described in 25.870-1(c)(1) through (4), Canadian suppliers will provide required data other than certified cost or pricing data exclusively through the Canadian Commercial Corporation.

(5) As specified in FAR 15.403-3(a)(4), an offeror who does not comply with a requirement to submit data that the contracting officer has deemed necessary to determine price reasonableness or cost realism is ineligible for award, unless the head of the contracting activity determines that it is in the best interest of the Government to make the award to that offeror, based on consideration of the following:

(i) The effort made to obtain the data.

(ii) The need for the item or service.

(iii) Increased cost or significant harm to the Government if award is not made.

(d) Identify in the contract, the type of currency, *i.e.*, U.S. or Canadian. Contracts that provide for payment in Canadian currency shall—

(1) Quote the contract price in terms of Canadian dollars and identify the amount by the initials "CN", *e.g.*, \$1,647.23CN; and

(2) Clearly indicate on the face of the contract the U.S./Canadian conversion rate at the time of award and the U.S. dollar equivalent of the Canadian dollar contract amount.

This section implements 22 U.S.C. 2767 and 10 U.S.C. 2350b.

[70 FR 73155, Dec. 9, 2005]

225.871–2 Definitions.

As used in this section—

(a) *Cooperative project* means a jointly managed arrangement—

(1) Described in a written agreement between the parties;

(2) Undertaken to further the objectives of standardization, rationalization, and interoperability of the armed forces of NATO member countries; and (3) Providing for—

(i) One or more of the other participants to share with the United States the cost of research and development, testing, evaluation, or joint production (including follow-on support) of certain defense articles;

(ii) Concurrent production in the United States and in another member country of a defense article jointly developed; or

(iii) Acquisition by the United States of a defense article or defense service from another member country.

(b) *Other participant* means a cooperative project participant other than the United States.

(3) Agency heads are authorized to solicit and award contracts to implement cooperative projects.

(b) Contracts implementing cooperative projects shall comply with all applicable laws relating to Government acquisition, unless a waiver is granted under 225.871-4. A waiver of certain laws and regulations may be obtained if the waiver—

(1) Is required by the terms of a written cooperative project agreement;

(2) Will significantly further NATO standardization, rationalization, and interoperability; and

(3) Is approved by the appropriate DoD official.

225.871-4 Statutory waivers.

(a) For contracts or subcontracts placed outside the United States, the

225.871-4

(b) In some instances, it may not be feasible to name specific subcontractors at the time the agreement is concluded. However, the agreement shall clearly state the general provisions for work sharing at the prime and subcontract level. For additional information on cooperative project agreements, see PGI 225.871-5.

(1) Departments and agencies shall provide a proposed Congressional notice to the Director of Defense Procurement and Acquisition Policy in sufficient time to forward to Congress before the time of contract award.

(2) The proposed notice shall include the reason it is necessary to use the authority to designate a particular contractor or subcontractor.

(b) Congressional notification is also required each time a statutory waiver under 225.871-4 is incorporated in a contract or a contract modification, if such information was not provided in the certification to Congress before finalizing the cooperative agreement.

225.872 Contracting with qualifying country sources.

225.872-1 General.

(a) As a result of memoranda of understanding and other international agreements, DoD has determined it inconsistent with the public interest to apply restrictions of the Buy American statute or the Balance of Payments Program to the acquisition of qualifying country end products from the following qualifying countries:

Australia	Federal Republic of
Belgium	Germany
Canada	Finland
Denmark	France
Egypt	Greece
цейро	Israel

225.872-3

Italy Luxembourg Netherlands Norway Poland Portugal Spain	Sweden Switzerland Turkey United Kingdom of Great Britain and Northern Ireland.
---	--

(b) Individual acquisitions of qualifying country end products from the following qualifying country may, on a purchase-by-purchase basis (see 225.872– 4), be exempted from application of the Buy American statute and the Balance of Payments Program as inconsistent with the public interest: Austria.

(c) The determination in paragraph (a) of this subsection does not limit the authority of the Secretary concerned to restrict acquisitions to domestic sources or reject an otherwise acceptable offer from a qualifying country source when considered necessary for national defense reasons.

[68 FR 15621, Mar. 31, 2003, as amended at 69 FR 8116, Feb. 23, 2004; 75 FR 32641, June 8, 2010; 77 FR 35880, June 15, 2012; 77 FR 76942, Dec. 31, 2012]

225.872-2 Applicability.

(a) This section applies to all acquisitions of supplies except those restricted by—

(1) U.S. National Disclosure Policy, DoDD 5230.11, Disclosure of Classified Military Information to Foreign Governments and International Organizations;

(2) U.S. defense mobilization base requirements purchased under the authority of FAR 6.302-3(a)(2)(i), except for quantities in excess of that required to maintain the defense mobilization base. This restriction does not apply to Canadian planned producers.

(i) Review individual solicitations to determine whether this restriction applies.

(ii) Information concerning restricted items may be obtained from the Deputy Under Secretary of Defense (Industrial Affairs);

(3) Other U.S. laws or regulations (*e.g.*, the annual DoD appropriations act); and

 $\left(4\right)$ U.S. industrial security requirements.

(b) This section does not apply to construction contracts.

225.872–3 Solicitation procedures.

(a) Except for items developed under the U.S./Canadian Development Sharing Program, use the criteria for soliciting and awarding contracts to small business concerns under FAR Part 19 without regard to whether there are potential qualifying country sources for the end product. Do not consider an offer of a qualifying country end product if the solicitation is identified for the exclusive participation of small business concerns.

(b) Send solicitations directly to qualifying country sources. Solicit Canadian sources through the Canadian Commercial Corporation in accordance with 225.870.

(c) Use international air mail if solicitation destinations are outside the United States and security classification permits such use.

(d) If unusual technical or security requirements preclude the acquisition of otherwise acceptable defense equipment from qualifying country sources, review the need for such requirements. Do not impose unusual technical or security requirements solely for the purpose of precluding the acquisition of defense equipment from qualifying countries.

(e) Do not automatically exclude qualifying country sources from submitting offers because their supplies have not been tested and evaluated by the department or agency.

(1) Consider the adequacy of qualifying country service testing on a caseby-case basis. Departments or agencies that must limit solicitations to sources whose items have been tested and evaluated by the department or agency shall consider supplies from qualifying country sources that have been tested and accepted by the qualifying country for service use.

(2) The department or agency may perform a confirmatory test, if necessary.

(3) Apply U.S. test and evaluation standards, policies, and procedures when the department or agency decides that confirmatory tests of qualifying country end products are necessary.

(4) If it appears that these provisions might adversely delay service programs, obtain the concurrence of the

225.872-4

Under Secretary of Defense (Acquisition, Technology, and Logistics), before excluding the qualifying country source from consideration.

(f) Permit industry representatives from a qualifying country to attend symposia, program briefings, prebid conferences (see FAR 14.207 and 15.201(c)), and similar meetings that address U.S. defense equipment needs and requirements. When practical, structure these meetings to allow attendance by representatives of qualifying country concerns.

[68 FR 15621, Mar. 31, 2003, as amended at 72 FR 20758, Apr. 26, 2007]

225.872-4 Individual determinations.

If the offer of an end product from a qualifying country source listed in 225.872–1(b), as evaluated, is low or otherwise eligible for award, prepare a determination and findings exempting the acquisition from the Buy American statute and the Balance of Payments Program as inconsistent with the public interest, unless another exception such as the Trade Agreements Act applies. Follow the procedures at PGI 225.872–4.

225.872-5 Contract administration.

(a) Arrangements exist with some qualifying countries to provide reciprocal contract administration services. Some arrangements are at no cost to either government. To determine whether such an arrangement has been negotiated and what contract administration functions are covered, contact the Deputy Director of Defense Procurement and Acquisition Policy (Contract Policy and International Contracting), ((703) 697–9351, DSN 227–9351).

225.872-6 Audit.

(a) Memoranda of understanding with some qualifying countries contain annexes that provide for reciprocal "nocost" audits of contracts and subcontracts (pre- and post-award).

(b) To determine if such an annex is applicable to a particular qualifying country, contact the Deputy Director of Defense Procurement and Acquisition Policy (Contract Policy and International Contracting), ((703) 697-9351, DSN 227-9351).

(c) Handle requests for audits in qualifying countries in accordance with 215.404–2(c), but follow the additional procedures at PGI 225.872–6(c).

[68 FR 15621, Mar. 31, 2003, as amended at 70 FR 73155, Dec. 9, 2005; 72 FR 30278, May 31, 2007]

225.872–7 Industrial security for qualifying countries.

225.872–8 Subcontracting with qualifying country sources.

In reviewing contractor subcontracting procedures, the contracting officer shall ensure that the contract does not preclude qualifying country sources from competing for subcontracts, except when restricted by national security interest reasons, mobilization base considerations, or applicable U.S. laws or regulations (see the clause at 252.225–7002, Qualifying Country Sources as Subcontractors).

225.873 Waiver of United Kingdom commercial exploitation levies.

225.873-1 Policy.

DoD and the Government of the United Kingdom (U.K.) have agreed to waive U.K. commercial exploitation

levies and U.S. nonrecurring cost recoupment charges on a reciprocal basis. For U.K. levies to be waived, the offeror or contractor shall identify the levies and the contracting officer shall request a waiver before award of the contract or subcontract under which the levies are charged.

225.873-2 Procedures.

When an offeror or a contractor identifies a levy included in an offered or contract price, follow the procedures at PGI 225.873–2.

(A) Specialty metal mill products, such as bar, billet, slab, wire, plate, and sheet, that have not been incorporated into end items, subsystems, assemblies, or components. Specialty metal supply contracts issued by COTS producers are not subcontracts for the purposes of this exception;

(B) Forgings or castings of specialty metals, unless the forgings or castings are incorporated into COTS end items, subsystems, or assemblies;

(C) Commercially available high performance magnets that contain specialty metal, unless such high performance magnets are incorporated into COTS end items or subsystems (see PGI 225.7003–3(b)(6) for a table of applicability of specialty metals restrictions to magnets); and

(D) COTS fasteners, unless—

(1) The fasteners are incorporated into COTS end items, subsystems, or assemblies; or

(2) The fasteners qualify for the commercial item exception in paragraph (b)(3) of this subsection.

48 CFR Ch. 2 (10-1-15 Edition)

(ii) If this exception is used for an acquisition of COTS end items valued at \$5 million or more per item, the acquiring department or agency shall submit an annual report to the Director, Defense Procurement and Acquisition Policy, in accordance with the procedures at PGI 225.7003-3(b)(2).

(3) Fasteners that are commercial items and are acquired under a contract or subcontract with a manufacturer of such fasteners, if the manufacturer has certified that it will purchase, during the relevant calendar year, an amount of domestically melted or produced specialty metal, in the required form, for use in the production of fasteners for sale to DoD and other customers, that is not less than 50 percent of the total amount of the specialty metal that the manufacturer will purchase to carry out the production of such fasteners for all customers.

(4) Items listed in 225.7003–2(a), manufactured in a qualifying country or containing specialty metals melted or produced in a qualifying country.

(5) Specialty metal in any of the items listed in 225.7003–2 if the USD(AT&L), or an official authorized in accordance with paragraph (b)(5)(i) of this subsection, determines that specialty metal melted or produced in the United States cannot be acquired as and when needed at a fair and reasonable price in a satisfactory quality, a sufficient quantity, and the required form (*i.e.*, a domestic nonavailability determination). See guidance in PGI 225.7003–3(b)(5).

(i) The Secretary of the military department concerned is authorized, without power of redelegation, to make a domestic nonavailability determination that applies to only one contract.

The supporting documentation for the determination shall include—

(A) An analysis of alternatives that would not require a domestic nonavailability determination; and

(B) Written documentation by the requiring activity, with specificity, why such alternatives are unacceptable.

(ii) A domestic nonavailability determination that applies to more than one contract (*i.e.*, a class domestic nonavailability determination), requires the approval of the USD(AT&L).

225.7003-3

(A) At least 30 days before making a domestic nonavailability determination that would apply to more than one contract, the USD(AT&L) will, to the maximum extent practicable, and in a manner consistent with the protection of national security and confidential business information—

(1) Publish a notice on the Federal Business Opportunities Web site (*http:// www.FedBizOpps.gov* or any successor site) of the intent to make the domestic nonavailability determination; and

(2) Solicit information relevant to such notice from interested parties, including producers of specialty metal mill products.

(B) The USD(AT&L)—

(1) Will take into consideration all information submitted in response to the notice in making a class domestic nonavailability determination;

(2) May consider other relevant information that cannot be made part of the public record consistent with the protection of national security information and confidential business information; and

(3) Will ensure that any such domestic nonavailability determination and the rationale for the determination are made publicly available to the maximum extent consistent with the protection of national security and confidential business information.

(6) End items containing a minimal amount of otherwise noncompliant specialty metals (*i.e.*, specialty metals not melted or produced in the United States that are not covered by another exception listed in this paragraph (b)), if the total weight of noncompliant specialty metal does not exceed 2 percent of the total weight of all specialty metal in the end item. This exception does not apply to high performance magnets containing specialty metals. See PGI 225.7003-3(b)(6) for a table of applicability of specialty metals restrictions to magnets.

(c) Compliance for commercial derivative military articles. The restrictions at 225.7003–2(a) do not apply to an item acquired under a prime contract if—

(1) The offeror has certified, and subsequently demonstrates, that the offeror and its subcontractor(s) will individually or collectively enter into a contractual agreement or agreements to purchase a sufficient quantity of domestically melted or produced specialty metal in accordance with the provision at 252.225–7010; and

(2) The USD(AT&L), or the Secretary of the military department concerned, determines that the item is a commercial derivative military article (defense agencies see procedures at PGI 225.7003– 3(c)). The contracting officer shall submit the offeror's certification and a request for a determination to the appropriate official, through agency channels, and shall notify the offeror when a decision has been made.

(d) National security waiver. The USD(AT&L) may waive the restrictions at 225.7003–2 if the USD(AT&L) determines in writing that acceptance of the item is necessary to the national security interests of the United States (see procedures at PGI 225.7003–3(d). This authority may not be delegated.

(1) The written determination of the USD(AT&L)—

(i) Shall specify the quantity of end items to which the national security waiver applies;

(ii) Shall specify the time period over which the national security waiver applies; and

(iii) Shall be provided to the congressional defense committees before the determination is executed, except that in the case of an urgent national security requirement, the determination may be provided to the congressional defense committees up to 7 days after it is executed.

(2) After making such a determination, the USD(AT&L) will—

(i) Ensure that the contractor or subcontractor responsible for the noncompliant specialty metal develops and implements an effective plan to ensure future compliance; and

(ii) Determine whether or not the noncompliance was knowing and willful. If the USD(AT&L) determines that the noncompliance was knowing and willful, the appropriate debarring and suspending official shall consider suspending or debarring the contractor or subcontractor until such time as the contractor or subcontractor has effectively addressed the issues that led to the noncompliance.

225.7003-4

(3) Because national security waivers will only be granted when the acquisition in question is necessary to the national security interests of the United States, the requirement for a plan will be applied as a condition subsequent, and not a condition precedent, to the granting of a waiver.

[74 FR 37636, July 29, 2009, as amended at 75 FR 48280, Aug. 10, 2010; 79 FR 17446, Mar. 28, 2014]

225.7003-4 One-time waiver.

DoD may accept articles containing specialty metals that are not in compliance with the specialty metals clause of the contract if—

(a) Final acceptance takes place before September 30, 2010;

(b) The specialty metals were incorporated into items (whether end items or components) produced, manufactured, or assembled in the United States before October 17, 2006;

(c) The contracting officer determines in writing that—

(1) It would not be practical or economical to remove or replace the specialty metals incorporated in such items or to substitute items containing compliant materials;

(2) The contractor and any subcontractor responsible for providing items containing non-compliant specialty metals have in place an effective plan to ensure compliance with the specialty metals clause of the contract for future items produced, manufactured, or assembled in the United States; and

(3) The non-compliance was not knowing or willful;

(d) The determination is approved by—

(1) The USD(AT&L); or

(2) The service acquisition executive of the military department concerned; and

(e) Not later than 15 days after approval of the determination, the contracting officer posts a notice on the Federal Business Opportunities Web site at *http://www.FedBizOpps.gov*, stating that a waiver for the contract has been granted under Section 842(b) of the National Defense Authorization Act for Fiscal Year 2007 (Pub. L. 109-364).

(a) Unless the acquisition is wholly exempt from the specialty metals restrictions at 225.7003–2 because the acquisition is covered by an exception in 225.7003–3(a) or (d) (but see paragraph (d) of this subsection)—

(1) Use the clause at 252.225-7008, Restriction on Acquisition of Specialty Metals, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that—

(i) Exceed the simplified acquisition threshold; and

(ii) Require the delivery of specialty metals as end items.

(2) Use the clause at 252.225–7009, Restriction on Acquisition of Certain Articles Containing Specialty Metals, in solicitations and contracts, including solicitations and contracts using FAR part 12 procedures for the acquisition of commercial items, that—

(i) Exceed the simplified acquisition threshold; and

(ii) Require delivery of any of the following items, or components of the following items, if such items or components contain specialty metal:

(A) Aircraft.

(B) Missile or space systems.

(C) Ships.

(D) Tank or automotive items.

(E) Weapon systems.

(F) Ammunition.

(b) Use the provision at 252.225–7010, Commercial Derivative Military Article—Specialty Metals Compliance Certificate, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items, —

(1) That contain the clause at 252.225–7009; and

(2) For which the contracting officer anticipates that one or more offers of commercial derivative military articles may be received.

(c) If an agency cannot reasonably determine at time of acquisition whether some or all of the items will be used in support of combat operations or in support of contingency operations, the contracting officer should not rely on the exception at 225.7003-

3(a)(2) or (3), but should include the appropriate specialty metals clause or provision in the solicitation and contract.

(d) If the solicitation and contract require delivery of a variety of contract line items containing specialty metals, but only some of the items are subject to domestic specialty metals restrictions, identify in the Schedule those items that are subject to the restrictions.

225.7004-3 Exceptions.

Such use may not, however, exceed the lead time required for acquisition and delivery of buses manufactured in the United States or Canada.

(b) The requirement for buses is temporary in nature. For example, to meet a special, nonrecurring requirement or a sporadic and infrequent recurring requirement, buses manufactured outside the United States and Canada may be used for temporary periods of time. Such use may not, however, exceed the period of time needed to meet the special requirement.

(c) Buses manufactured outside the United States and Canada are available at no cost to the U.S. Government. (d) The acquisition is for an amount at or below the simplified acquisition threshold.

(2) The cost of the components manufactured in the United States exceeds 50 percent of the total cost of components.

(b) 10 U.S.C. 2534 also restricts acquisition of welded shipboard anchor and mooring chain, four inches or less in diameter, when used as a component of a naval vessel. 225.7008 Waiver of restrictions of 10 U.S.C. 2534.

(a) When specifically authorized by reference elsewhere in this subpart, the restrictions on certain foreign purchases under 10 U.S.C. 2534(a) may be waived as follows:

(1)(i) The Under Secretary of Defense (Acquisition, Technology, and Logistics) (USD(AT&L)), without power of delegation, may waive a restriction for a particular item for a particular foreign country upon determination that—

(A) United States producers of the item would not be jeopardized by competition from a foreign country, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country; or

(B) Application of the restriction would impede cooperative programs entered into between DoD and a foreign country, or would impede the reciprocal procurement of defense items under a memorandum of understanding providing for reciprocal procurement of defense items under 225.872, and that country does not discriminate against defense items produced in the United States to a greater degree than the United States discriminates against defense items produced in that country.

(ii) A notice of the determination to exercise the waiver authority shall be published in the FEDERAL REGISTER and submitted to the congressional defense committees at least 15 days before the effective date of the waiver.

(iii) The effective period of the waiver shall not exceed 1 year.

(iv) For contracts entered into prior to the effective date of a waiver, provided adequate consideration is received to modify the contract, the waiver shall be applied as directed or authorized in the waiver to—

(A) Subcontracts entered into on or after the effective date of the waiver; and

(B) Options for the procurement of items that are exercised after the effective date of the waiver, if the option prices are adjusted for any reason other than the application of the waiver.

(2) The head of the contracting activity may waive a restriction on a caseby-case basis upon execution of a determination and findings that any of the following applies:

(i) The restriction would cause unreasonable delays.

(ii) Satisfactory quality items manufactured in the United States or Canada are not available.

(iii) Application of the restriction would result in the existence of only one source for the item in the United States or Canada.

(iv) Application of the restriction is not in the national security interests of the United States.

(v) Application of the restriction would adversely affect a U.S. company.

(3) A restriction is waived when it would cause unreasonable costs. The cost of an item of U.S. or Canadian origin is unreasonable if it exceeds 150 percent of the offered price, inclusive of duty, of items that are not of U.S. or Canadian origin.

(b) In accordance with the provisions of paragraphs (a)(1)(i) through (iii) of this section, the USD(AT&L) has waived the restrictions of 10 U.S.C. 2534(a) for certain items manufactured in the United Kingdom, including air circuit breakers for naval vessels (see 225.7006) and the naval vessel components listed at 225.7010–1.

[76 FR 71833, Nov. 18, 2011]

225.7017 Utilization of domestic photovoltaic devices.

225.7017-1 Definitions.

As used in this section—

Covered contract means an energy savings performance contract, a utility service contract, or a private housing contract awarded by DoD, if such contract results in DoD ownership of photovoltaic devices, by means other than DoD purchase as end products. DoD is deemed to own a photovoltaic device if the device is—

(1) Installed on DoD property or in a facility owned by DoD; and

(2) Reserved for the exclusive use of DoD for the full economic life of the device.

Designated country photovoltaic device, domestic photovoltaic device, foreign photovoltaic device, Free Trade Agreement country photovoltaic device, photovoltaic device, qualifying country photovoltaic device, and U.S.-made photovoltaic device are defined in the clause at 252.225-7017, Photovoltaic Devices.

[76 FR 78860, Dec. 20, 2011]

225.7017-2 Restriction.

In accordance with section 846 of the National Defense Authorization Act for Fiscal Year 2011, photovoltaic devices provided under any covered contract shall comply with 41 U.S.C. chapter 83, Buy American, subject to the exceptions to that statute provided in the Trade Agreements Act of 1979 (19 U.S.C. 2501 *et seq.*) or otherwise provided by law.

[76 FR 78860, Dec. 20, 2011]

225.7017-3 Exceptions.

DoD requires the contractor to utilize domestic photovoltaic devices in covered contracts, with the following exceptions:

225.7102-2

(a) *Qualifying country*. Qualifying country photovoltaic devices may be utilized in any covered contract, because 225.103(a)(i)(A) provides an exception to the Buy American statute for products of qualifying countries, as defined in 225.003.

(b) Buy American—unreasonable cost. For a covered contract that utilizes photovoltaic devices valued at less than \$204,000, the exception for unreasonable cost may apply (see FAR 25.103(c)). If the cost of a foreign photovoltaic device plus 50 percent is less than the cost of a domestic photovoltaic device, then the foreign photovoltaic device may be utilized.

(c) Trade agreements. (1) Free Trade Agreements. For a covered contract that utilizes photovoltaic devices valued at \$25,000 or more, photovoltaic devices may be utilized from a country covered under the acquisition by a Free Trade Agreement, depending upon dollar threshold (see FAR subpart 25.4).

(2) World Trade Organization—Government Procurement Agreement. For covered contracts that utilize photovoltaic devices valued at less than \$204,000 or more, only U.S.-made photovoltaic devices, designated country photovoltaic devices, or qualifying country photovoltaic devices may be utilized.

225.7017-4 Solicitation provisions and contract clauses.

(a)(1) Use the clause at 252.225-7017, Photovoltaic Devices, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items, for a contract that—

(i) Is expected to exceed the simplified acquisition threshold; and

(ii) May be a covered contract, *i.e.*, an energy savings performance contract, a utility service contract, or a private housing contract awarded by DoD, if such contract results in DoD ownership of photovoltaic devices, by means other than DoD purchase as end products.

(2) Use the clause in the resultant contract, including contracts using FAR part 12 procedures for the acquisition of commercial items, if it is a covered contract (*i.e.*, will result in DoD ownership of photovoltaic devices, by means other than DoD purchase as end products).

(b) Use the provision at 252.225–7018, Photovoltaic Devices—Certificate, in solicitations, including solicitations using FAR part 12 procedures for the acquisition of commercial items, that contain the clause at 252.225–7017.

Subpart 225.71—Other Restrictions on Foreign Acquisition

SOURCE: $68\ {\rm FR}$ 15631, Mar. 31, 2003, unless otherwise noted.

225.7100 Scope of subpart.

This subpart contains foreign product restrictions that are based on policies designed to protect the defense industrial base.

225.7101 Definitions.

"Component" and "domestic manufacture," as used in this subpart, are defined in the clause at 252.225–7025, Restriction on Acquisition of Forgings.

[74 FR 68384, Dec. 24, 2009]

225.7102 Forgings.

225.7102-1 Policy.

When acquiring the following forging items, whether as end items or components, acquire items that are of domestic manufacture to the maximum extent practicable:

Items	Categories
Ship propulsion shafts	Excludes service and landing craft shafts.
Periscope tubes	All.
Ring forgings for bull gears	All greater than 120 inches in diameter.

225.7102–2 Exceptions.

The policy in 225.7102-1 does not apply to acquisitions—

(a) Using simplified acquisition procedures, unless the restricted item is the end item being purchased;

(b) Overseas for overseas use; or

(c) When the quantity acquired exceeds the amount needed to maintain the U.S. defense mobilization base

225.7102-3

(provided the excess quantity is an economical purchase quantity). The requirement for domestic manufacture does not apply to the quantity above that required to maintain the base, in which case, qualifying country sources may compete.

225.7102-3 Waiver.

Upon request from a contractor, the contracting officer may waive the requirement for domestic manufacture of the items listed in 225.7102–1.

225.7102-4 Contract clause.

Use the clause at 252.225-7025, Restriction on Acquisition of Forgings, in solicitations and contracts, unless—

(a) The supplies being acquired do not contain any of the items listed in 225.7102-1; or

(b) An exception in 225.7102–2 applies. If an exception applies to only a portion of the acquisition, specify the excepted portion in the solicitation and contract.

225.7201 Policy.

225.7202 Exception.

This subpart does not apply to contracts for commercial items, construction, ores, natural gas, utilities, petroleum products and crudes, timber (logs), or subsistence.

225.7203 Contracting officer distribution of reports.

Follow the procedures at PGI 225.7203 for distribution of reports submitted with offers in accordance with the provision at 252.225–7003, Report of Intended Performance Outside the United

225.7204 Solicitation provision and contract clauses.

Except for acquisitions described in 225.7202—

(a) Use the provision at 252.225-7003, Report of Intended Performance Outside the United States and Canada— Submission with Offer, in solicitations with a value exceeding \$13.5 million; and

(b) Use the clause at 252.225–7004, Report of Intended Performance Outside the United States and Canada—Submission after Award, in solicitations and contracts with a value exceeding \$13.5 million.

Subpart 225.73—Acquisitions for Foreign Military Sales

225.7300 Scope of subpart.

(a) This subpart contains policies and procedures for acquisitions for foreign military sales (FMS) under the Arms Export Control Act (22 U.S.C. Chapter 39). Section 22 of the Arms Export Control Act (22 U.S.C. 2762) authorizes DoD to enter into contracts for resale to foreign countries or international organizations.

(b) This subpart does not apply to—

(1) FMS made from inventories or stocks;

(2) Acquisitions for replenishment of inventories or stocks; or

(3) Acquisitions made under DoD cooperative logistic supply support arrangements.

[63 FR 43889, Aug. 17, 1998]

225.7301 General.

(a) The U.S. Government sells defense articles and services to foreign governments or international organizations through FMS agreements. The agreement is documented in a Letter of Offer and Acceptance (LOA) (see the Defense Security Cooperation Agency (DSCA) Security Assistance Management Manual (DSCA 5105.38-M)).

225.7303-2

(b) Conduct FMS acquisitions under the same acquisition and contract management procedures used for other defense acquisitions.

(c) Follow the additional procedures at PGI 225.7301(c) for preparation of solicitations and contracts that include FMS requirements.

(d) See 229.170 for policy on contracts financed under U.S. assistance programs that involve payment of foreign country value added taxes or customs duties.

225.7302 Preparation of letter of offer and acceptance.

For FMS programs that will require an acquisition, the contracting officer shall assist the DoD implementing agency responsible for preparing the Letter of Offer and Acceptance (LOA) by—

(1) Working with prospective contractors to— $\!\!\!$

(i) Identify, in advance of the LOA, any unusual provisions or deviations (such as those requirements for Pseudo LOAs identified at PGI 225.7301);

(ii) Advise the contractor if the DoD implementing agency expands, modifies, or does not accept any key elements of the prospective contractor's proposal;

(iii) Identify any logistics support necessary to perform the contract (such as those requirements identified at PGI 225.7301); and

(iv) For noncompetitive acquisitions over \$10,000, ask the prospective contractor for information on price, delivery, and other relevant factors. The request for information shall identify the fact that the information is for a potential foreign military sale and shall identify the foreign customer; and

(2) Working with the DoD implementing agency responsible for preparing the LOA, as specified in PGI 225.7302.

[78 FR 73451, Dec. 6, 2013]

225.7303 Pricing acquisitions for FMS.

(a) Price FMS contracts using the same principles used in pricing other defense contracts. However, application of the pricing principles in FAR parts 15 and 31 to an FMS contract may result in prices that differ from other defense contract prices for the same item due to the considerations in this section.

(b) If the foreign government has conducted a competition resulting in adequate price competition (see FAR 15.403-1(b)(1)), the contracting officer shall not require the submission of certified cost or pricing data. The contracting officer should consult with the foreign government through security assistance personnel to determine if adequate price competition has occurred.

[64 FR 49683, Sept. 14, 1999, as amended at 68 FR 15632, Mar. 31, 2003; 77 FR 76940, Dec. 31, 2012]

225.7303-1 Contractor sales to other foreign customers.

If the contractor has made sales of the item required for the foreign military sale to foreign customers under comparable conditions, including quantity and delivery, price the FMS contract in accordance with FAR part 15.

225.7303–2 Cost of doing business with a foreign government or an international organization.

(a) In pricing FMS contracts where non-U.S. Government prices as described in 225.7303–1 do not exist, except as provided in 225.7303–5, recognize the reasonable and allocable costs of doing business with a foreign government or international organization, even though such costs might not be recognized in the same amounts in pricing other defense contracts. Examples of such costs include, but are not limited to, the following:

(1) Selling expenses (not otherwise limited by FAR Part 31), such as—

(i) Maintaining international sales and service organizations;

(ii) Sales commissions and fees in accordance with FAR Subpart 3.4;

(iii) Sales promotions, demonstrations, and related travel for sales to foreign governments. Section 126.8 of the International Traffic in Arms Regulations (22 CFR 126.8) may require Government approval for these costs to be allowable, in which case the appropriate Government approval shall be obtained; and

225.7303-3

(iv) Configuration studies and related technical services undertaken as a direct selling effort to a foreign country.

(2) Product support and post-delivery service expenses, such as—

(i) Operations or maintenance training, training or tactics films, manuals, or other related data; and

(ii) Technical field services provided in a foreign country related to accident investigations, weapon system problems, or operations/tactics enhancement, and related travel to foreign countries.

(3) Offsets. For additional information see PGI 225.7303–2(a)(3)), and also see 225.7306.

(i) A U.S. defense contractor may recover all costs incurred for offset agreements with a foreign government or international organization if the LOA is financed wholly with customer cash or repayable foreign military finance credits.

(ii) The U.S. Government assumes no obligation to satisfy or administer the offset requirement or to bear any of the associated costs.

(iii) All offset costs that involve benefits provided by the U.S. defense contractor to the FMS customer that are unrelated to the item being purchased under the LOA (indirect offset costs) are deemed reasonable for purposes of FAR part 31 with no further analysis necessary on the part of the contracting officer, provided that the U.S. defense contractor submits to the contracting officer a signed offset agreement or other documentation showing that the FMS customer has made the provision of an indirect offset of a certain dollar value a condition of the FMS acquisition. FMS customers are placed on notice through the LOA that indirect offset costs are deemed reasonable without any further analysis by the contracting officer.

(4) Costs that are the subject of advance agreement under the appropriate provisions of FAR part 31; or where the advance understanding places a limit on the amounts of cost that will be recognized as allowable in defense contract pricing, and the agreement contemplated that it will apply only to DoD contracts for the U.S. Government's own requirement (as distinguished from contracts for FMS).

48 CFR Ch. 2 (10–1–15 Edition)

(b) Costs not allowable under FAR Part 31 are not allowable in pricing FMS contracts, except as noted in paragraphs (c) and (e) of this subsection.

(c) The limitations for major contractors on independent research and development and bid and proposal (IR&D/B&P) costs for projects that are of potential interest to DoD, in 231.205-18(c)(iii), do not apply to FMS contracts, except as provided in 225.7303-5. The allowability of IR&D/B&P costs on contracts for FMS not wholly paid for from funds made available on a nonrepayable basis is limited to the contract's allocable share of the contractor's total IR&D/B&P expenditures. In pricing contracts for such FMS—

(1) Use the best estimate of reasonable costs in forward pricing; and

(2) Use actual expenditures, to the extent that they are reasonable, in determining final cost.

(d) Under paragraph (e)(1)(A) of Section 21 of the Arms Export Control Act (22 U.S.C. 2761), the United States must charge for administrative services to recover the estimated cost of administration of sales made under the Army Export Control Act.

(e) The limitations in 231.205–1 on allowability of costs associated with leasing Government equipment do not apply to FMS contracts.

225.7303–3 Government-to-government agreements.

If a government-to-government agreement between the United States and a foreign government for the sale, coproduction, or cooperative logistic support of a specifically defined weapon system, major end item, or support item, contains language in conflict with the provisions of this section, the language of the government-to-government agreement prevails.

225.7304

225.7303–4 Contingent fees.

(a) Except as provided in paragraph (b) of this subsection, contingent fees are generally allowable under DoD contracts, provided—

(1) The fees are paid to a bona fide employee or a bona fide established commercial or selling agency maintained by the prospective contractor for the purpose of securing business (see FAR Part 31 and FAR Subpart 3.4); and

(2) The contracting officer determines that the fees are fair and reasonable.

(b)(1) Under DoD 5105.38-M, LOAs for requirements for the governments of Australia, Taiwan, Egypt, Greece, Israel, Japan, Jordan, Republic of Korea, Kuwait, Pakistan, Philippines, Saudi Arabia, Turkey, Thailand, or Venezuela (Air Force) shall provide that all U.S. Government contracts resulting from the LOAs prohibit the reimbursement of contingent fees as an allowable cost under the contract, unless the contractor identifies the payments and the foreign customer approves the payments in writing before contract award (see 225.7307(a)).

(2) For FMS to countries not listed in paragraph (b)(1) of this subsection, contingent fees exceeding \$50,000 per FMS case are unallowable under DoD contracts, unless the contractor identifies the payment and the foreign customer approves the payment in writing before contract award.

225.7303–5 Acquisitions wholly paid for from nonrepayable funds.

(a) In accordance with 22 U.S.C. 2762(d), price FMS wholly paid for from funds made available on a nonrepayable basis on the same costing basis with regard to profit, overhead, IR&D/B&P, and other costing elements as is applicable to acquisitions of like items purchased by DoD for its own use.

(b) Direct costs associated with meeting a foreign customer's additional or unique requirements are allowable under such contracts. Indirect burden rates applicable to such direct costs are permitted at the same rates applicable to acquisitions of like items purchased by DoD for its own use.

(c) A U.S. defense contractor may not recover costs incurred for offset agreements with a foreign government or international organization if the LOA is financed with funds made available on a nonrepayable basis.

225.7304 FMS customer involvement.

(a) FMS customers may request that a defense article or defense service be obtained from a particular contractor. In such cases, FAR 6.302-4 provides authority to contract without full and open competition. The FMS customer may also request that a subcontract be placed with a particular firm. The contracting officer shall honor such requests from the FMS customer only if the LOA or other written direction sufficiently fulfills the requirements of FAR Subpart 6.3.

(b) FMS customers should be encouraged to participate with U.S. Government acquisition personnel in discussions with industry to—

(1) Develop technical specifications;

(2) Establish delivery schedules;

(3) Identify any special warranty provisions or other requirements unique to the FMS customer; and

(4) Review prices of varying alternatives, quantities, and options needed to make price-performance tradeoffs.

(c) Do not disclose to the FMS customer any data, including certified cost or pricing data, that is contractor proprietary unless the contractor authorizes its release.

(d) Except as provided in paragraph (e)(3) of this section, the degree of FMS customer participation in contract negotiations is left to the discretion of the contracting officer after consultation with the contractor. The contracting officer shall provide an explanation to the FMS customer if its participation in negotiations will be limited. Factors that may limit FMS customer participation include situations where—

(1) The contract includes requirements for more than one FMS customer;

225.7305

(2) The contract includes unique U.S. requirements; or

(3) Contractor proprietary data is a subject of negotiations.

(e) Do not allow representatives of the FMS customer to—

(1) Direct the exclusion of certain firms from the solicitation process (they may suggest the inclusion of certain firms);

(2) Interfere with a contractor's placement of subcontracts; or

(3) Observe or participate in negotiations between the U.S. Government and the contractor involving certified cost or pricing data, unless a deviation is granted in accordance with subpart 201.4.

(f) Do not accept directions from the FMS customer on source selection decisions or contract terms (except that, upon timely notice, the contracting officer may attempt to obtain any special contract provisions, warranties, or other unique requirements requested by the FMS customer).

(g) Do not honor any requests by the FMS customer to reject any bid or proposal.

(h) If an FMS customer requests additional data concerning FMS contract prices, the contracting officer shall, after consultation with the contractor, provide sufficient data to demonstrate the reasonableness of the price and reasonable responses to relevant questions concerning contract price. This data—

(1) May include tailored responses, top-level pricing summaries, historical prices, or an explanation of any significant differences between the actual contract price and the estimated contract price included in the initial LOA; and

(2) May be provided orally, in writing, or by any other method acceptable to the contracting officer.

225.7305 Limitation of liability.

Advise the contractor when the foreign customer will assume the risk for loss or damage under the appropriate limitation of liability clause(s) (see FAR Subpart 46.8). Consider the costs of necessary insurance, if any, obtained by the contractor to cover the risk of 48 CFR Ch. 2 (10–1–15 Edition)

225.7306 Offset arrangements.

In accordance with the Presidential policy statement of April 16, 1990, DoD does not encourage, enter into, or commit U.S. firms to FMS offset arrangements. The decision whether to engage in offsets, and the responsibility for negotiating and implementing offset arrangements, resides with the companies involved. (Also see 225.7303–2(a)(3).)

Insert in paragraph (b)(1) of the clause the name(s) of any foreign country customer(s) listed in 225.7303–4(b).

Subpart 225.75—Balance of Payments Program

SOURCE: 67 FR 20694, Apr. 26, 2002, unless otherwise noted.

225.7500 Scope of subpart.

This subpart provides policies and procedures implementing the Balance of Payments Program. It applies to contracts for the acquisition of—

(a) Supplies for use outside the United States; and

(b) Construction to be performed outside the United States.

225.7501 Policy.

Acquire only domestic end products for use outside the United States, and use only domestic construction material for construction to be performed outside the United States, including end products and construction material for foreign military sales, unless—

(a) Before issuing the solicitation—

(1) The estimated cost of the acquisition or the value of a particular construction material is at or below the simplified acquisition threshold;

(2) The end product or particular construction material is—

(i) Listed in FAR 25.104 or 225.104(a);(ii) A petroleum product;

(iii) A spare part for foreign-manufactured vehicles, equipment, machinery, or systems, provided the acquisition is restricted to the original manufacturer or its supplier;

(iv) An industrial gas;

(v) A brand drug specified by the Defense Medical Materiel Board; or

(vi) Information technology that is a commercial item, using fiscal year 2004 or subsequent funds (Section 535 of Division F of the Consolidated Appropriations Act, 2004 (Pub. L. 108–199), and the same provision in subsequent appropriations acts);

(4) The acquisition of foreign end products or construction material is required by a treaty or executive agreement between governments;

(5) Use of a procedure specified in 225.7703–1(a) is authorized for an acquisition in support of operations in Afghanistan;

(6) The end product is acquired for commissary resale; or

(7) The contracting officer determines that a requirement can best be filled by a foreign end product or construction material, including determinations that—

(i) A subsistence product is perishable and delivery from the United States would significantly impair the quality at the point of consumption;

(ii) An end product or construction material, by its nature or as a prac-

tical matter, can best be acquired in the geographic area concerned, e.g., ice or books; or bulk material, such as sand, gravel, or other soil material, stone, concrete masonry units, or fired brick;

(iii) A particular domestic construction material is not available;

(iv) The cost of domestic construction material would exceed the cost of foreign construction material by more than 50 percent, calculated on the basis of—

(A) A particular construction material; or

(B) The comparative cost of application of the Balance of Payments Program to the total acquisition; or

(v) Use of a particular domestic construction material is impracticable;

(b) After receipt of offers-

(1) The evaluated low offer (see Subpart 225.5) is an offer of an end product that—

(i) Is a qualifying country end product;
