

§ 982.406

§ 982.405 PHA initial and periodic unit inspection.

* * * * *

(e) The PHA may not charge the family for an initial inspection or reinspection of the unit.

(f) The PHA may not charge the owner for the inspection of the unit prior to the initial term of the lease or for a first inspection during assisted occupancy of the unit. The PHA may establish a reasonable fee to owners for a reinspection if an owner notifies the PHA that a repair has been made or the allotted time for repairs has elapsed and a reinspection reveals that any deficiency cited in the previous inspection that the owner is responsible for repairing pursuant to § 982.404(a) was not corrected. The owner may not pass this fee along to the family. Fees collected under this paragraph will be included in a PHA's administrative fee reserve and may be used only for activities related to the provision of Section 8 Tenant-Based Rental Assistance.

(g) If a participant family or government official reports a condition that is life-threatening (*i.e.*, the PHA would require the owner to make the repair within no more than 24 hours in accordance with § 982.404(a)(3)), then the PHA must inspect the housing unit within 24 hours of when the PHA received the notification. If the reported condition is not life-threatening (*i.e.*, the PHA would require the owner to make the repair within no more than 30 calendar days in accordance with § 982.404(a)(3)), then the PHA must inspect the unit within 15 days of when the PHA received the notification. In the event of extraordinary circumstances, such as if a unit is within a Presidentially declared disaster area, HUD may waive the 24-hour or the 15-day inspection requirement until such time as an inspection is feasible.

§ 982.406 Enforcement of HQS.

Part 982 does not create any right of the family, or any party other than HUD or the PHA, to require enforcement of the HQS requirements by HUD or the PHA, or to assert any claim against HUD or the PHA, for damages, injunction or other relief, for alleged failure to enforce the HQS.

EFFECTIVE DATE NOTE: At 81 FR 12375, March 8, 2016, § 982.406 was redesignated as § 982.407, effective April 7, 2016. A new § 982.406

was to become effective April 7, 2016. For the convenience of the user, the added text is set forth as follows:

§ 982.406 Use of alternative inspections.

(a) *In general.* (1) A PHA may comply with the inspection requirement in § 982.405(a) by relying on an alternative inspection (*i.e.*, an inspection conducted for another housing assistance program) only if the PHA is able to obtain the results of the alternative inspection.

(2) If an alternative inspection method employs sampling, then a PHA may rely on such alternative inspection method to comply with the requirement in § 982.405(a) only if HCV units are included in the population of units forming the basis of the sample.

(3) Units in properties that are mixed-finance properties assisted with project-based vouchers may be inspected at least triennially pursuant to 24 CFR 983.103(g).

(b) *Administrative plans.* A PHA relying on an alternative inspection to fulfill the requirement in § 982.405(a) must identify the alternative inspection method being used in the PHA's administrative plan. Such a change may be a significant amendment to the plan, in which case the PHA must follow its plan amendment and public notice requirements, in addition to meeting the requirements in § 982.406(c)(2), if applicable, before using the alternative inspection method.

(c) *Eligible inspection methods.* (1) A PHA may rely upon inspections of housing assisted under the HOME Investment Partnerships (HOME) program or housing financed using Low-Income Housing Tax Credits (LIHTCs), or inspections performed by HUD, with no action other than amending its administrative plan.

(2) If a PHA wishes to rely on an inspection method other than a method listed in paragraph (c)(1) of this section, then, prior to amending its administrative plan, the PHA must submit to the Real Estate Assessment Center (REAC) a copy of the inspection method it wishes to use, along with its analysis of the inspection method that shows that the method "provides the same or greater protection to occupants of dwelling units" as would HQS.

(i) A PHA may rely upon such alternative inspection method only upon receiving approval from REAC to do so.

(ii) A PHA that uses an alternative inspection method approved under this paragraph must monitor changes to the standards and requirements applicable to such method. If any change is made to the alternative inspection method, then the PHA must submit to REAC a copy of the revised standards and requirements, along with a revised comparison to HQS. If the PHA or REAC determines that the revision would cause the alternative inspection to no longer meet or exceed HQS, then the PHA may no longer rely upon the
