SOURCE: 67 FR 71736, Dec. 2, 2002, unless otherwise noted.

§ 200.81 Program definitions.

The following definitions apply to programs and projects operated under subpart C of this part:

(a) *Agricultural work* means the production or initial processing of crops, dairy products, poultry, or livestock, as well as the cultivation or harvesting of trees. It consists of work performed for wages or personal subsistence.

(b) *Consolidated Student Record* means the MDEs for a migratory child that have been submitted by one or more SEAs and consolidated into a single, uniquely identified record available through MSIX.

(c) *Fishing work* means the catching or initial processing of fish or shellfish or the raising or harvesting of fish or shellfish at fish farms. It consists of work performed for wages or personal subsistence.

(d) *In order to obtain*, when used to describe why a worker moved, means that one of the purposes of the move is to seek or obtain qualifying work.

(1) If a worker states that a purpose of the move was to seek any type of employment, i.e., the worker moved with no specific intent to find work in a particular job, the worker is deemed to have moved with a purpose of obtaining qualifying work if the worker obtains qualifying work soon after the move.

(2) Notwithstanding the introductory text of this paragraph (c), a worker who did not obtain qualifying work

soon after a move may be considered to have moved in order to obtain qualifying work only if the worker states that at least one purpose of the move was specifically to seek the qualifying work, and—

(i) The worker is found to have a prior history of moves to obtain qualifying work; or

(ii) There is other credible evidence that the worker actively sought qualifying work soon after the move but, for reasons beyond the worker's control, the work was not available.

(e) *Migrant Student Information Exchange (MSIX)* means the nationwide system administered by the Department for linking and exchanging specified educational and health information for all migratory children.

(f) *Migratory agricultural worker* means a person who, in the preceding 36 months, has moved, as defined in paragraph (g), from one school district to another, or from one administrative area to another within a State that is comprised of a single school district, in order to obtain temporary employment or seasonal employment in agricultural work, including dairy work.

(g) *Migratory child* means a child—

(1) Who is a migratory agricultural worker or a migratory fisher; or

(2) Who, in the preceding 36 months, in order to accompany or join a parent, spouse, or guardian who is a migratory agricultural worker or a migratory fisher—

(i) Has moved from one school district to another;

(ii) In a State that is comprised of a single school district, has moved from one administrative area to another within such district; or

(iii) As the child of a migratory fisher, resides in a school district of more than 15,000 square miles, and migrates a distance of 20 miles or more to a temporary residence.

(h) *Migratory fisher* means a person who, in the preceding 36 months, has moved, as defined in paragraph (g), from one school district to another, or from one administrative area to another within a State that is comprised of a single school district, in order to obtain temporary employment or seasonal employment in fishing work. This definition also includes a person

who, in the preceding 36 months, resided in a school district of more than 15,000 square miles and moved, as defined in paragraph (g), a distance of 20 miles or more to a temporary residence in order to obtain temporary employment or seasonal employment in fishing work.

(i) *Minimum Data Elements (MDEs)* means the educational and health information for migratory children that the Secretary requires each SEA that receives a grant of MEP funds to collect, maintain, and submit to MSIX, and use under this part. MDEs may include—

(1) Immunization records and other health information;

(2) Academic history (including partial credit), credit accrual, and results from State assessments required under the ESEA;

(3) Other academic information essential to ensuring that migratory children achieve to high academic standards; and

(4) Information regarding eligibility for services under the Individuals with Disabilities Education Act.

(j) *Move* or *Moved* means a change from one residence to another residence that occurs due to economic necessity.

(k) *MSIX Interconnection Agreement* means the agreement between the Department and an SEA that governs the interconnection of the State migrant student records system(s) and MSIX, including the terms under which the agency will abide by the agreement based upon its review of all relevant technical, security, and administrative issues.

(l) *MSIX Interconnection Security Agreement* means the agreement between the Department and an SEA that specifies the technical and security requirements for establishing, maintaining, and operating the interconnection between the State migrant student records system and MSIX. The MSIX Interconnection Security Agreement supports the MSIX Interconnection Agreement and documents the requirements for connecting the two information technology systems, describes the security controls to be used to protect the systems and data, and contains a

topological drawing of the interconnection.

(m) *Personal subsistence* means that the worker and the worker's family, as a matter of economic necessity, consume, as a substantial portion of their food intake, the crops, dairy products, or livestock they produce or the fish they catch.

(n) *Qualifying work* means temporary employment or seasonal employment in agricultural work or fishing work.

(o) *Seasonal employment* means employment that occurs only during a certain period of the year because of the cycles of nature and that, by its nature, may not be continuous or carried on throughout the year.

(p) *Temporary employment* means employment that lasts for a limited period of time, usually a few months, but no longer than 12 months. It typically includes employment where the employer states that the worker was hired for a limited time frame; the worker states that the worker does not intend to remain in that employment indefinitely; or the SEA has determined on some other reasonable basis that the employment is temporary. The definition includes employment that is constant and available year-round only if, within 18 months after the effective date of this regulation and at least once every three years thereafter, the SEA documents that, given the nature of the work, of those workers whose children were previously determined to be eligible based on the State's prior determination of the temporary nature of such employment (or the children themselves if they are the workers), virtually no workers remained employed by the same employer more than 12 months.
