Program agreements also will outline any specific responsibilities of the participant, including, but not limited to, the timely and effective implementation of program activities and the submission of a written report(s), on no less than an annual basis, which evaluates the TASC project using the performance measures presented in the approved proposal.

[68 FR 42564, July 18, 2003]

§ 1487.8 How are payments made?

(a) *Reimbursement.* (1) Following the implementation of a project for which the CCC has agreed to provide funding, a participant may submit claims for reimbursement of eligible expenses to the extent that the CCC has agreed to pay such expenses. Any changes to approved activities must be approved in writing by the FAS before any reimbursable expenses associated with the change can be incurred. A participant will be reimbursed after the CCC reviews the claim and determines that it is complete.

(2) All claims for reimbursement must be received no later than 90 calendar days following the expiration or termination date of the program agreement. For program agreements which extend beyond twelve months, all claims for reimbursement must be received no later than 90 calendar days following the next anniversary of the effective date of the agreement.

(3) Participants shall maintain complete records of all program expenditures, identified by TASC agreement number, program year, country or region, activity number and cost category. Such records shall be accompanied by original documentation which supports the expenditure and shall be made available to the FAS upon request.

(4) Participants shall maintain all records and documents relating to TASC projects, including the original documentation which supports reimbursement claims, for a period of 3 calendar years following the expiration or termination date of the program agreement. Such records and documents will be subject to verification by FAS and shall be made available upon request to

authorized officials of the U.S. Government. FAS may deny a claim for reimbursement if the claim is not supported by acceptable documentation.

(5) In the event that a reimbursement claim is overpaid or is disallowed after payment already has been made, the participant shall return the overpayment amount or the disallowed amount to the CCC within 30 days after realizing the overpayment or receiving notification of the overpayment or disallowed amount.

(b) *Advances.* Participants may request advances of funds, not to exceed 85 percent of the funding approved in any given program year. All advanced funds must be either fully expended or the balance returned by check made payable to the CCC no later than the 90th calendar day following the date of disbursement of the advance to the participant. Upon the expenditure of advance funds, participants must submit reimbursement claims to offset the advance charged to them.

(c) *Interest.* Participants shall deposit and maintain advanced funds in insured, interest-bearing accounts. Interest earned on outstanding advances must be returned by check made payable to the CCC at the time the advance is either fully expended or itself returned.

The maximum financing period shall be three years. The regulations and supplements as revised in April 1971 and April 1975, shall remain in effect for all transactions under financing approvals issued thereunder.

(c) The provisions of Pub. L. 83-664 are not applicable to shipments under this program.

(d) The regulations contained in this subpart A may be supplemented by such additional terms and conditions, applicable to specified agricultural commodities, and, to the extent that they may be in conflict or inconsistent with any other provisions of this subpart A, such additional terms and conditions shall prevail.

§ 1488.2 Definition of terms.

As used in this subpart A and in the forms and documents related thereto, the following terms shall have the meanings assigned to them in this section:

(a) *Account receivable* means the contractual obligation of the foreign importer to the exporter for the port value of the commodity delivered for which the exporter is extending credit to the importer. The account receivable shall be evidenced by documents, in form and substance satisfactory to CCC, establishing the contractual obligation between the U.S. exporter and the foreign importer. The account receivable shall provide for (1) payment of principal and interest in U.S. dollars in the United States, (2) interest in accordance with §1488.14, and (3) acceleration of payment thereunder in accordance with these regulations.

(b) *Agency or branch bank* means an agency or branch of a foreign bank, supervised by New York State banking authorities or the banking authorities of any other State providing similar supervision, and approved by the Controller, CCC.

§ 1488.4 Submission of requests for sale registrations.

(a) An eligible exporter shall submit a request for a sale registration for financing to the office specified in § 1488.22.

(b) Requests for sale registrations shall be in writing. If such a request is made by telephone, it must be confirmed by letter or wire.

(c) The total amount requested to be registered under a sale shall not exceed the sale contract value, including the upward tolerance, if any.

(d) Requests for sale registration shall incorporate by reference all terms and conditions of GSM-5. The following information shall also be included in the exporter's request for a sale registration:

(1) The name, class, grade, or quality, as applicable, and quantity of the commodity to be exported.

(2) The country of destination.

§ 1488.5 Acceptance of sale registrations.

(a) Upon receiving a request for a sale registration complying with the applicable provisions of this subpart, the Assistant Sales Manager may approve the registration of the sale. § 1488.8

(d) The registration of a sale shall create a financing agreement between the exporter and CCC which shall consist of the exporter's request for a sale registration, CCC's acceptance of the sale registration, the applicable terms and conditions of this subpart, including amendments and supplemental announcements hereunder which are in effect on the date of approval.

§ 1488.6 Amendments to financing agreement.

The financing agreement may be amended provided such amendment is in conformity with GSM-5 at the time of amendment and is determined to be in the interest of CCC. Amendments may include extension of the period for delivery or the period for export, and change in the interest rate. After the commodity has been delivered, CCC will consider requests to increase the amount of the sale registration value for any quantity within the tolerance in the sales contract and for carrying charges provided such requests relate to the same sale as originally registered with CCC.

§ 1488.7 Expiration of period(s) for delivery and/or export.

(a) Unless delivery by the exporter to the importer is made within such period as may be provided in the financing agreement or any amendment thereof, or under paragraph (b) of this section, the financing agreement will no longer be valid.

(b) If the Assistant Sales Manager determines that delay in delivery was due solely to causes without the fault or negligence of the exporter, the period for delivery may be extended by CCC by the period of such delay.

(c) If delivery is made before export under the terms of the financing agreement, failure to export within the pe-

riod specified therefor in the financing agreement shall constitute a breach of the financing agreement. In such case, if full payment under the bank obligation or account receivable has not been received, the account receivable and the bank obligation shall, at the option of the Assistant Sales Manager, become immediately due and payable, and liquidated damages shall be payable in accordance with §1488.11.

(f) On receipt of the documents described in paragraphs (b) through (e) of this section and any documentation and certifications required by any supplements to these regulations, the Treasurer, CCC will pay promptly to the exporter the amount of the account receivable or the dollar amount of sales registered in accordance with §1488.5, whichever is the lesser.

(g) If an acceptable application for disbursement and the supporting documents described in paragraphs (b) through (e) of this section have not been received by CCC within 45 days from the date of the delivery, or any extension thereof by the Treasurer or Assistant Treasurer, CCC, the financing agreement shall be void.

In such case, the financing agreement may be terminated by the Assistant Sales Manager, and if full payment under the bank obligation or account receivable has not yet been received, the bank obligation and the account receivable shall at the option of CCC, become due and payable and liquidated damages shall be payable in accordance with §1488.11. § 1488.11 Liquidated damages.

Failure of the exporter to export or cause to be exported, within the period provided therefor, any agricultural commodity financed, when delivery is made before export under the terms of the financing agreement, or failure of the exporter to enter or cause the entry of, such commodity into the country of destination, shall constitute a breach of the financing agreement which will result in serious and substantial damage to CCC and to its program. Since it will be difficult, if not impossible, to prove the exact amount of such damage, the exporter shall pay to CCC promptly on demand, as reasonable compensation and not as a penalty, liquidated damages in lieu of probable actual damages, as follows:

(a) For each day of delay in exportation after the final date for exportation, when delivery is made before export under the terms of the financing agreement, .15 percent of the amount financed under the financing agreement for the commodity not exported; (b) for failure to export or cause exportation, when delivery is made before export under the terms of the financing agreement, 5 percent of the amount financed under the financing agreement for the commodity not exported; (c) for failure, after exportation, to enter or cause the entry of the commodity into the country of destination, at the rate of 5 percent a year of the amount financed under the financing agreement for such commodity from the start of the financing period until payment to

CCC of the amount financed; *Provided however*, That the aggregate of all amounts assessed under this §1488.11 with respect to the same commodity shall not exceed 5 percent of the amount financed for such commodity. Liquidated damages shall not be assessed: Under paragraph (a) of this section if the Assistant Sales manager determines that the delay was due to such causes as acts of God or government or public enemy, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or unusually severe weather; under paragraph (b) of this section if the Assistant Sales Manager determines that failure to export was due to loss, damage, destruction or deterioration of the commodity or act of God or government or public enemy; and under paragraph (c) of this section if the Assistant Sales Manager determines that failure to enter or cause the entry of the commodity into the country of destination was due to loss, damage, destruction or deterioration of the commodity or act of God or government or public enemy.

BANK OBLIGATIONS AND REPAYMENT

§ 1488.12 Coverage of bank obligations.

(a) U.S. banks and branch banks shall be liable without regard to risk (1) for payment of bank obligations issued by them or (2) for payment of bank obligations confirmed by them without regard to risk if a requirement for such confirmation is included in the financing agreement or (3) as provided in paragraphs (c) and (d) of this section.

(b) An obligation issued by a foreign bank must be confirmed and advised, as provided in paragraphs (a), (c), (d), (e), and (f) of this section, by a U.S. bank or a branch bank, or may be confirmed by an agency bank when determined by the President or Vice President, CCC after consultation with the Controller, CCC, to be in the interest of CCC.

(c) A U.S. bank must confirm the full amount of an obligation issued by its foreign branch. CCC will hold the U.S. bank liable for payment without regard to risks.

(d) If a branch bank confirms an obligation issued by its home office, or by another branch of its home office, it

§ 1488.14

must confirm the full amount thereof. CCC will hold the branch bank liable for payment without regard to risks.

(e) If CCC accepts an agency bank confirmation of a foreign bank obligation, it must be for the full amount thereof without regard to risks and will be subject to such terms and conditions as may be contained in the financing agreement. CCC will not accept an agency bank confirmation of an obligation issued by its home office, or by a branch of its home office.

(f) Except as provided in paragraphs (a), (c), and (d) of this section, if a U.S. bank or a branch bank confirms an obligation issued by a foreign bank, it must confirm at least 10 percent pro rata and must advise the remainder of the foreign bank obligation. The percentage of confirmation shall be the same for both the account receivable and the interest portions of the obligation. For the confirmed amount, except as provided in paragraph (a)(2) of this section, CCC will hold the U.S. bank or branch bank liable for commercial risks but not for non-commercial risks. For the advised amount, CCC will not hold the U.S. bank or branch bank liable for commercial or non-commercial risks. CCC will hold the foreign bank liable without regard to risks for all amounts not recovered from the U.S. or branch bank.

(g) Under special circumstances, on application in writing, the Vice President, CCC, may reduce or waive requirements for 10 percent confirmation by a U.S. or branch bank, but a bank will not be relieved of any obligation it undertakes.

(h) Any bank obligation which provides for a bank acceptance of a time draft by CCC (banker's acceptance) shall not be acceptable to CCC.

(i) CCC will consent to cancellation or reduction of a bank obligation to the extent of any payment it receives from other sources or amounts otherwise payable under such bank obligation.

(j) Collection of accounts receivable purchased under GSM-5 will be effected through the issuance by CCC of sight drafts against the bank obligations, but this method of collection shall not

be exclusive of any other collection procedures or rights available to CCC.

§ 1488.13 CCC drafts.

CCC will draw one draft for each payment due under bank obligations. If any portion of a CCC draft is dishonored, the U.S. bank or branch bank shall return the dishonored draft together with its statement of the reason for nonpayment. If a draft which is drawn under a partially confirmed bank obligation is dishonored, CCC will replace the draft with separate drafts for the confirmed and unconfirmed portions at the request of the confirming bank. Such replacement shall not alter the confirming bank's obligation for timely payment to CCC of the confirmed portion of the credit. For confirmed amounts, except as provided in § 1488.12(a), (c) and (d), a U.S. or branch bank may request refund from CCC of the amount paid if it certifies to CCC that it is unable to recover funds from the foreign bank due to a stipulated non-commercial risk which existed on the date payment was made to CCC under the draft. If CCC finds that inability to recover funds was due to such a non-commercial risk, the refund shall be promptly made together with interest at the Federal Reserve Bank of New York discount rate from and including the date payment was originally made to CCC but not include the date of refund by CCC. For unconfirmed amounts, remittance to CCC shall be considered final, and the U.S. bank or branch bank shall not thereafter have recourse to CCC.

§ 1488.14 Interest charges.

issued or confirmed for all risks according to §1488.12(a)(ii) or pro rata confirmed by a U.S. bank shall be lower than the interest rate applicable for the remainder of the account receivable. The interest rate applicable to that portion of an account receivable the payment of which is assured by a bank obligation issued or pro rata confirmed by a branch bank shall, when determined by the President or Vice President, CCC after consultation with the Controller, CCC, to be in the interest of CCC, be lower than the interest rate applicable for the remainder of the account receivable. The interest rates applicable to accounts receivable the payment of which is assured by an agency bank confirmation may, when determined by the President or Vice President, CCC, after consultation with the Controller, CCC, to be in the interest of CCC, be lower than the interest rate applicable for the remainder of the account receivable. The interest rate applicable will be the rate in effect on the date CCC receives the sale registration request under §1488.4. Interest shall accrue on the account receivable from the date of delivery or the weighted average delivery date of the agricultural commodities delivered under the financing agreement to the date of payment, or to the date of expiration of the financing period, or to the date of expiration of the bank obligation, whichever occurs first, and shall be payable as specified in the financing agreement. Thereafter, interest shall accrue on any unpaid part of both the principal and interest due as of such expiration date.

§ 1488.15 Advance payment.

If, before expiration of the financing period, the exporter or the U.S. bank or the agency or branch bank accepts payment from or on behalf of the foreign importer of any part of the account receivable, it shall be remitted promptly to CCC. Such prepayment shall be applied first to interest on the unpaid balance of the account receivable to the date CCC receives such prepayment and then to the principal.

7 CFR Ch. XIV (1-1-16 Edition)

§ 1488.16 Liability for payment.

If delivery is made within the coverage of the bank obligation(s) submitted in accordance with §1488.8, CCC will look to the obligating bank or banks and the foreign importer, rather than to the exporter or intervening purchaser, for payment of all amounts due at maturity of the account receivable and of the bank obligation(s), but the exporter and the intervening purchaser shall remain liable for any loss arising from breach of any contractual obligation, certification or warranty made by them pursuant to the financing agreement, and the exporter shall remain liable for any amounts not covered by the bank obligation which are owing to CCC, and any remittance or refund required by §1488.15 and §1488.18, together with interest thereon at the rate specified in the documents evidencing the account receivable, as well as for any liquidated damages provided for in §1488.11. The liability of the bank and the importer under their respective obligations shall be several.

The exporter warrants that no person or selling agency has been employed or retained to solicit or secure the financing agreement on an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except bona fide employees or bona fide established commercial or selling agencies maintained by the exporter for the purpose of securing business. For breach or violation of this warranty, CCC shall have the right, without limitation on any other rights it may have, to annul the financing agreement without liability to CCC. CCC shall have access to and the right to examine any directly pertinent books, documents, papers and records of the exporter involving transactions related to the financed export credit sale until the expiration of three years after the end of the financing period.
