##### § 550.101 Purpose.

It is the purpose of the regulations of this part to declare certain conditions resulting from governmental actions by foreign nations or from the competitive methods or practices of owners, operators, agents, or masters of vessels of a foreign country unfavorable to shipping in the foreign trade of the United States and to establish procedures by which persons who are or can reasonably expect to be adversely affected by such conditions may petition the Federal Maritime Commission for the issuance of regulations under the authority of section 19 of the Merchant Marine Act of 1920 (46 U.S.C. 42101–42109). It is the further purpose of the regulations of this part to afford notice of the general circumstances under which the authority granted to the Commission under section 19 may be invoked and the nature of the regulatory actions contemplated.

[58 FR 64910, Dec. 10, 1993. Redesignated at 64 FR 8008, Feb. 18, 1999, as amended at 74 FR 50732, Oct. 1, 2009]

##### § 550.102 Scope.

trade on the same basis as any other vessel;

(b) Reserve substantial cargoes to the national flag or other vessels and fail to provide, on reasonable terms, for effective and equal access to such cargo by vessels in the foreign trade of the United States;

(d) Restrict or burden a carrier's intermodal movements or shore-based maritime activities, including terminal operations and cargo solicitation; agency services; ocean transportation intermediary services and operations; or other activities and services integral to transportation systems; or

Such statistics shall include figures which permit comparison or computation of the proportional effect of the harm alleged. For example, when the harm alleged is loss of cargo, supporting evidence shall include the total cargo carried or projected in the trade for the period;

(2) Statistics or other evidence for the representative period showing increased costs, inferior services or other harm to cargo or other non-vessel interest if injury is claimed on that basis; and

(3) A statement as to why the period is representative.

#### § 550.404 Amendment or dismissal of petitions.

Upon the failure of a petitioner to comply with the provisions of this part, the petitioner will be notified by the Secretary and afforded reasonable opportunity to amend its petition. Failure to timely amend the petition may result in its dismissal. For good cause shown additional time for amendment may be granted.

### § 555.5 Investigations.

(a) An investigation to determine the existence of adverse conditions as described in § 555.3 may be initiated by the Commission on its own motion or on the petition of any person pursuant to § 555.4. An investigation shall be considered to have been initiated for the purpose of the time limits imposed by the Foreign Shipping Practices Act of 1988 upon the publication in the FEDERAL REGISTER of the Commission's notice of investigation, which shall announce the initiation of the proceeding upon either the Commission's own motion or the filing of a petition.

(b) The provisions of part 502 of this chapter (Rules of Practice and Procedure) shall not apply to this part except for those provisions governing *ex parte* communications (§ 502.11 of this chapter) and except as the Commission may otherwise determine by order. Proceedings may include oral evidentiary hearings, but only when the Commission determines that there are likely to be genuine issues of material fact that cannot

## § 555.6

In any event, investigations initiated under this part shall proceed expeditiously, consistent with due process, to conform with the time limits specified in the Foreign Shipping Practices Act and to identify promptly the conditions described in § 555.3 of this part.

(c) Upon initiation of an investigation, interested persons will be given the opportunity to participate in the proceeding pursuant to the procedures set forth in the notice. Submissions filed in response to a notice of investigation may include written data and statistics, views, and legal arguments. Factual information submitted shall be certified under oath. An original and 15 copies of such submissions will be filed with the Secretary, Federal Maritime Commission, Washington, DC 20573. Persons who receive information requests from the Commission pursuant to § 555.6 of this part are not precluded from filing additional voluntary submissions in accordance with this paragraph.

(d) An investigation shall be completed and a decision rendered within 120 days after it has commenced as defined in paragraph (a) of this section, unless the Commission determines that an additional 90-day period is necessary in order to obtain sufficient information on which to render a decision. When the Commission determines to extend the investigation period for an additional 90 days, it shall issue a notice clearly stating the reasons therefor.

To this end, persons submitting information for consideration in a proceeding or investigation under this part may indicate in writing any factors they wish the Commission to consider relevant to a decision on confidentiality under this section; however, such information will be advisory only, and the actual determination will be made by the Commission. In the event that a request for confidentiality is not accommodated, the person making the request will be so advised before any disclosure occurs.

Upon publication of a petition in the FEDERAL REGISTER, or on its own motion should it determine to initiate an investigation pursuant to § 555.5, the Commission will notify the Secretary of State of same, and may request action to seek resolution of the matter through diplomatic channels. **§ 555.8 Action against foreign carriers.**

(a) Whenever, after notice and opportunity for comment or hearing, the Commission determines that the conditions specified in § 555.3 of this part exist, the Commission shall take such action as it considers necessary and appropriate against any foreign carrier which it identifies as a contributing cause to, or whose government is a contributing cause to, such conditions, in order to offset such conditions. Such action may include, but is not limited to:

(1) Limitations on sailings to and from United States ports or on the amount or type of cargo carried;

(2) Suspension, in whole or in part, of any or all tariffs or service contracts, including the right of an ocean common carrier to use any or all tariffs or service contracts of conferences in United States trades of which it is a member for such period as the Commission specifies;

(3) Suspension, in whole or in part, of the right of an ocean common carrier to operate under any agreement filed with the Commission, including agreements authorizing preferential treatment at terminals, preferential terminal leases, space chartering, or pooling of cargo or revenues with other ocean common carriers;

(4) Imposition of a charge, not to exceed \$1,000,000 per voyage;

(5) A request to the collector of customs at any port or place of destination in the United States to refuse the clearance required by section 4197 of the Revised Statutes (46 U.S.C. 60105), to any vessel of a foreign carrier that is identified by the Commission under this section;

(6) A request to the Secretary of the department in which the Coast Guard is operating to deny entry, for purposes of oceanborne trade, of any vessel of a foreign carrier that is identified by the Commission under this section to any port or place in the United States or the navigable waters of the United States, or to detain any such vessel at the port or place in the United States from which it is about to depart for any other port or place in the United States; and

(7) Any other action the Commission finds necessary and appropriate to ad-

dress adverse foreign shipping practices as described in § 555.3 of this part.

(b) The Commission may consult with, seek the cooperation of, or make recommendations to other appropriate U.S. Government agencies prior to taking any action under this action.

(c) Before any action against foreign carriers under this section becomes effective or a request under this section is made, the Commission's determination as to adverse conditions and its proposed actions and/or requests shall be submitted immediately to the President. Such actions will not become effective nor requests made if, within 10 days of receipt of the Commission's determination and proposal, the President disapproves it in writing, setting forth the reasons for the disapproval, if the President finds that disapproval is required for reasons of the national defense or the foreign policy of the United States.

## 46 CFR Ch. IV (10–1–17 Edition)

in this part is not subject to the requirements of section 3507(f) of the Paperwork Reduction Act because such collection of information is pursuant to a civil, administrative action or investigation by an agency of the United States against specific individuals or entities.

### § 560.1 Purpose; general provisions.

(a)(1) It is the purpose of this part to enumerate certain conditions resulting from the action of a common carrier, acting alone or in concert with any person, or a foreign government, which unduly impair the access of a vessel documented under the laws of the United States whether liner, bulk, tramp or other vessel, (hereinafter “U.S. flag vessel”) to ocean trade between foreign ports, which includes intermodal movements, and to establish procedures by which the owner or operator of a U.S. flag vessel (hereinafter “U.S. flag carrier”) may petition the Federal Maritime Commission for relief under the authority of section 13(b)(6) of the Shipping Act of 1984 (“the Act”) (46 U.S.C. 41108(d)).

(2) It is the further purpose of this part to indicate the general circumstances under which the authority granted to the Commission under section 13(b)(6) (46 U.S.C. 41108(d)) may be invoked, and the nature of the subsequent actions contemplated by the Commission.

(3) This part also furthers the goals of the Act with respect to encouraging the development of an economically sound and efficient U.S. flag liner fleet as stated in section 2 of the Act (46 U.S.C. 40101).

(b)(1) This part implements the statutory notice and hearing requirement and ensures that due process is afforded to all affected parties. At the same time, it allows for flexibility in structuring proceedings so that the Commission may act expeditiously whenever harm to a U.S. flag carrier resulting from impaired access to cross trades has been demonstrated or is imminent.

(2) The provisions of part 502 of this chapter (Rules of Practice and Procedure) shall not apply to this part except for those provisions governing *ex parte* communications (§ 502.11 of this chapter) and service of documents and copies of documents (§§ 502.114(b) and

502.118 of this chapter), and except as the Commission may otherwise determine by order.

(c) The condition of unduly impaired access will be found only where a U.S. flag carrier is commercially able to enter a trade in which its access is being unduly impaired, or is reasonably expected to be impaired, or where actual participation in a trade by a U.S. flag carrier is being restricted for reasons other than its commercial ability or competitiveness.

(d) In examining conditions in a trade between foreign ports, and in considering appropriate action, the Commission will give due regard to U.S. maritime policy and U.S. Government shipping arrangements with other nations, as well as the degree of reciprocal access afforded in U.S. foreign trades to the carriers of the countries against whom Commission action is contemplated.

[49 FR 45406, Nov. 15, 1984, as amended at 55 FR 28400, July 11, 1990; 64 FR 8009, Feb. 18, 1999; 74 FR 50734, Oct. 1, 2009]

### § 560.2 Factors indicating conditions unduly impairing access.

For the purpose of this part, factors which would indicate the existence of conditions created by foreign government action or action of a common carrier acting alone or in concert with any person, which unduly impair access of a U.S. flag vessel engaged in or seeking access to ocean trade between foreign ports, include, but are not limited to:

(a) Imposition upon U.S. flag vessels or upon shippers or consignees using such vessels, of fees, charges, requirements, or restrictions different from those imposed on national-flag or other vessels, or which preclude or tend to preclude U.S. flag vessels from competing in the trade on the same basis as any other vessel.

(b) Reservation of a substantial portion of the total cargo in the trade to national-flag or other vessels which results in failure to provide reasonable competitive access to cargoes by U.S. flag vessels.

(c) Use of predatory practices, possibly including but not limited to the use of a vessel or vessels in a particular

trade for the purpose of excluding, preventing, or reducing competition by driving another ocean common carrier out of that trade, and closed conferences employing deferred rebates, which unduly impair access of a U.S. flag vessel to the trade.

(d) Any government or commercial practice that results in, or may result in, unequal and unfair opportunity for U.S. flag vessel access to port or intermodal facilities or services related to the carriage of cargo inland to or from ports in the trade.

(e) Any other practice which unduly impairs access of a U.S. flag vessel to trade between foreign ports.

[49 FR 45406, Nov. 15, 1984. Redesignated and amended at 64 FR 8009, 8010, Feb. 18, 1999]

### § 560.3 Petitions for relief.

(a) *Filing.* (1) Any owner or operator of a liner, bulk, tramp or other vessel documented under the laws of the United States who believes that its access to ocean trade between foreign ports has been, or will be, unduly impaired may file a written petition for relief under the provisions of this part.

(2) An original and fifteen copies of such a petition including any supporting documents shall be filed with the Secretary, Federal Maritime Commission, Washington, DC 20573. The petition must be accompanied by remittance of a \$289 filing fee.

(b) *Contents.* Petitions for relief shall include the following and shall also include an affidavit attesting to the truth and accuracy of the information submitted:

(1) The name and address of the petitioner;

(2) The name and address of each party (foreign government, agency or instrumentality thereof, carrier, or other person) against whom the petition is made and a statement as to whether the party is a foreign government, agency or instrumentality thereof;

(3) A concise description and citation of the foreign law, rule or government or commercial practice complained of;

(4) A certified copy of any law, rule, regulation or other document concerned, when available and, if not in English, a certified English translation thereof;

(5) Any other information relating to any law, rule or regulation, or indicating the existence of any government or commercial practice;

(6) A description of the service offered or proposed, as a result of which petitioner is alleging harm, including information which indicates the ability of the petitioner to otherwise participate in the trade;

(7) A clear description, in detail, of the harm already caused, or which may reasonably be expected to be caused, to the petitioner for a representative period, including:

(i) Statistics documenting present or prospective cargo loss due to discriminatory government or commercial practices if harm is alleged on that basis; such statistics shall include figures for the total cargo carried or projected to be carried by petitioner in the trade for the period, and the sources of the statistics;

(ii) Information documenting how the petitioner is being prevented from entering a trade, if injury is claimed on that basis;

(iii) Statistics or other information documenting the impact of discriminatory government or commercial practices resulting in an increase in costs, service restrictions, or other harm on the basis of which injury is claimed, and the sources of the statistics; and

(iv) A statement as to why the period is representative.

(8) A separate memorandum of law or a discussion of the relevant legal issues.

(9) A recommended action, rule or regulation, the result of which will, in the view of the petitioner, address the alleged conditions unduly impairing the access of petitioner to the affected trade.

(c) *Deficient petition.* A petition which substantially fails to comply with the requirements of paragraph (b) of this section shall be rejected and the person filing the petition shall be notified of the reasons for such rejection. Rejection is without prejudice to filing of an amended petition.

### § 560.4 Proceeding.

(a) Upon the Commission's own motion or upon the filing of a petition which meets the requirements of § 560.3, when there are indications that conditions unduly impairing the access of a U.S. flag vessel to trade between foreign ports may exist, the Commission will institute a proceeding pursuant to this part.

(b)(1) Notice of the institution of any such proceeding will be published in the FEDERAL REGISTER, and that notice and petition, if any, will be served on the parties.

(2) Interested or adversely affected persons will be allowed a period of time to reply to the petition by the submission of written data, views or legal arguments pursuant to § 560.5 of this part. Factual submissions shall be in affidavit form.

(3) An original and 15 copies of such submissions will be filed with the Secretary, Federal Maritime Commission, Washington, DC 20573.

(a) In making its decision on matters arising under section 13(b)(6) of the Act (46 U.S.C. 41108(d)), the Commission may receive and consider relevant information from any owner, operator, or conference in an affected trade, or from any foreign government, either directly or through the Department of State or from any other reliable source. All such submissions should be supported by affidavits of fact and memorandum of law. Relevant information may include, but is not limited to:

(1) Statistics, with sources, or, if unavailable, the best estimates pertaining to:

(i) The total cargo carried in the affected liner or bulk trade by type, source, value, tonnage and direction.

(ii) Cargo carried in the affected trade on vessels owned or operated by any person or conference, by type, source, value, tonnage and direction.

(iii) The percentage such cargo carried is of the total affected liner or bulk trade, on a tonnage and value basis.

(iv) The amount of cargo reserved by a foreign government for national-flag or other vessels in the affected trade, on a tonnage and value basis, and a listing of the types of cargo and specific commodities which are reserved for national-flag or other vessels.

(2) Information on the operations of vessels of any party serving the affected trade, including sailings to and from ports in the trade, taxes or other charges paid to foreign authorities, and subsidies or other payments received from foreign authorities.

(3) Information clarifying the meaning of the foreign law, rule, regulation or practice complained of, and a description of its implementation.

(4) Complete copies of all conference and other agreements, including amendments and related documents, which apply in the trade.

(b) Once introduced or adduced, information of the character described in paragraph (a) of this section, and petitions and responses thereto, shall be made part of the record for decision and may provide the basis for Commission findings of fact and conclusions of law, and for the imposition of sanctions under the Act and this part.

### § 560.7 Decision; sanctions; effective date.

(a) Upon completion of any proceeding conducted under this part, the Commission will issue and serve a decision on all parties.

(2) Limitations on sailings to and from United States ports or on the amount or type of cargo carried;

(3)(i) Suspension, in whole or in part, of any or all tariffs or service contracts for carriage to or from United States ports for any period the Commission specifies, or until such time as unimpaired access is secured for U.S. flag carriers in the affected trade.

(ii) Acceptance or handling of cargo for carriage under a tariff that has been suspended, or after a common carrier's right to utilize that tariff has been suspended pursuant to this part, will subject a carrier to the imposition of a civil penalty as provided under the Act (46 U.S.C. 41108(b)) of not more than \$50,000 per shipment; and

### § 565.1 Purpose and scope.

(a) *Purpose.* The regulations of this part are intended to carry out the Commission's mandate under section 9 of the Shipping Act of 1984 (46 U.S.C. 40701–40706), as amended by the Ocean Shipping Reform Act of 1998, to monitor the practices of controlled carriers and ensure that they do not:

(1) Maintain rates or charges in their tariffs and service contracts that are below a level that is just and reasonable; nor

## 46 CFR Ch. IV (10–1–17 Edition)

(2) Establish, maintain or enforce unjust or unreasonable classifications, rules or regulations in those tariffs or service contracts which result or are likely to result in the carriage or handling of cargo at rates or charges that are below a just and reasonable level.

(b) *Scope.* The regulations contained in this part set forth the special procedures whereby controlled carriers' tariffs and service contracts become effective and are reviewed by the Commission. These regulations in no way exempt controlled carriers from other Commission regulations or statutory authority to which they may otherwise be subject as ocean common carriers. These regulations apply to all controlled carriers operating in the foreign commerce of the United States unless excepted under section 9(f) of the Shipping Act of 1984 (46 U.S.C. 40706), as reflected by § 565.5.

[64 FR 8010, Feb. 18, 1999, as amended at 74 FR 50735, Oct. 1, 2009]

### § 565.2 Definitions.

(a) *Controlled carrier* means an ocean common carrier that is, or whose operating assets are, directly or indirectly owned or controlled by a government. Ownership or control by a government shall be deemed to exist with respect to any ocean common carrier if:

(1) A majority portion of the interest in the carrier is owned or controlled in any manner by that government, by any agency thereof, or by any public or private person controlled by that government; or

(2) That government has the right to appoint or disapprove the appointment of a majority of the directors, the chief operating officer or the chief executive officer of the carrier.

(b) *Effective date* has the same meaning it has in 46 CFR part 520.

### § 565.3 Classification as controlled carrier.

(a) *Notification.* The Commission will periodically review the ocean common carriers operating in the foreign commerce of the United States and will notify any ocean common carrier of any change in its classification as a controlled carrier.

(b) *Rebuttal of classification.* (1) Any ocean common carrier contesting such

## Federal Maritime Commission

## § 565.8

a classification may, within 30 days after the date of the Commission's notice, submit a rebuttal statement.

(2) The Commission shall review the rebuttal and notify the ocean common carrier of its final decision.

### § 565.4 Notification to Commission of change in control.

Whenever the operation, control or ownership of an ocean common carrier is transferred resulting in a majority portion of the interest of that ocean common carrier being owned or controlled in any manner by a government, the ocean common carrier shall immediately send written notification of the details of the change to the Secretary of the Commission. If a carrier is newly commencing ocean common carrier operations in a United States trade, and if a majority portion of the carrier is owned or controlled by a government, or if a government may approve or disapprove the majority of directors or the chief executive or operating officer of the carrier, the carrier shall immediately send written notification to the Secretary of the details of such ownership or control.

### § 565.5 Exceptions.

All controlled carriers shall be subject to provisions of this part and section 9 of the Shipping Act of 1984 (46 U.S.C. 40701-40706) except those which meet the following exceptions:

(a) When the vessels of the controlling state are entitled by a treaty of the United States to receive national or most-favored-nation treatment; or

(b) When the controlled carrier operates in a trade served exclusively by controlled carriers.

[64 FR 8010, Feb. 18, 1999, as amended at 74 FR 50735, Oct. 1, 2009]

### § 565.6 Level of rates and charges generally.

No controlled carrier may maintain or enforce rates or charges in its tariffs or service contracts that are below a level that is just and reasonable. No controlled carrier may establish or maintain unjust or unreasonable classifications, rules, or regulations in its tariffs or service contracts. An unjust or unreasonable classification, rule or regulation means one that results or is

likely to result in the carriage or handling of cargo at rates or charges that are below a just and reasonable level. See § 565.9(a)(2) (Rate standards).

### § 565.7 Effective dates.

(a) *Generally.* Except for service contracts, the rates, charges, classifications, rules or regulations of controlled carriers may not, unless the Commission has granted special permission, become effective sooner than the 30th day after the date of publication.

(b) *Open rates*—(1) *Generally.* Controlled carriers that are members of conference agreements publishing rates for commodities designated as open by the conference are subject to the 30-day controlled carrier notice requirement, except when special permission is granted by the Commission under § 565.8.

(2) *Conference publication of reduced open rates.* Notwithstanding paragraph (b)(1) of this section, a conference may, on less than 30 days' notice, publish reduced rates on behalf of controlled carrier members for open-rated commodities:

(i) At or above the minimum level set by the conference; or

(ii) At or above the level set by a member of the conference that has not been determined by the Commission to be a controlled carrier subject to section 9 of the Shipping Act of 1984 (46 U.S.C. 40701-40706).

(c) *Independent action rates of controlled carriers.* Conferences may publish on behalf of their controlled carrier members lower independent action rates on less than 30 days' notice, subject to the requirements of their basic agreements and subject to such rates being published at or above the level set by a member of the conference that has not been determined by the Commission to be a controlled carrier subject to section 9 of the Shipping Act of 1984.

[64 FR 8010, Feb. 18, 1999, as amended at 74 FR 50735, Oct. 1, 2009]

### § 565.8 Special permission.

new or initial rates, on less than statutory notice under § 565.7. Section 9(c) of the Shipping Act of 1984 (46 U.S.C. 40703, 40704(a)) authorizes the Commission to permit a controlled carrier's rates, charges, classifications, rules or regulations to become effective on less than 30 days' notice. The Commission may also in its discretion and for good cause shown, permit departures from the requirements of this part. The Commission will consider such requests for special permission by controlled carriers pursuant to its procedures set forth at 46 CFR part 520.

### **§ 565.9 Commission review, suspension and prohibition of rates, charges, classifications, rules or regulations.**

(a)(1) *Request for justification.* Within 20 days of a request (with respect to its existing or proposed rates, charges, classifications, rules or regulations) from the Commission, each controlled carrier shall file a statement of justification that sufficiently details the controlled carrier's need and purpose for such rates, charges, classifications, rules or regulations upon which the Commission may reasonably base its determination of the lawfulness thereof.

(2) *Rate standards.* (i) In determining whether rates, charges, classifications, rules or regulations by a controlled carrier are just and reasonable, the Commission shall take into account whether the rates or charges which have been published or assessed or which would result from the pertinent rates, charges, classifications, rules or regulations are below a level which is fully compensatory to the controlled carrier based upon that carrier's actual or constructive costs.

(ii) For the purposes of paragraph (a)(2)(i) of this section, *constructive costs* means the costs of another carrier, other than a controlled carrier, operating similar vessels and equipment in the same or a similar trade.

(iii) The Commission may also take into account other appropriate factors, including, but not limited to, whether:

(A) The rates, charges, classifications, rules or regulations are the same as or similar to those published or as-

essed by other carriers in the same trade;

(B) The rates, charges, classifications, rules or regulations are required to assure movement of particular cargo in the trade; or

(C) The rates, charges, classifications, rules or regulations are required to maintain acceptable continuity, level or quality of common carrier service to or from affected ports.

(3) *Time for determination.* The Commission shall determine within 120 days of the receipt of information requested by the Commission under this section, whether the rates, charges, classifications, rules or regulations of a controlled carrier may be unjust and unreasonable. Whenever the Commission is of the opinion that the rates, charges, classifications, rules or regulations published or assessed by a controlled carrier may be unjust and unreasonable, the Commission shall issue an order to the controlled carrier to show cause why those rates, charges, classifications, rules or regulations should not be prohibited.

(b) *Suspension.* Pending a decision on whether to prohibit the rates, charges, classifications, rules or regulations of a controlled carrier, the Commission may suspend the rates, charges, classifications, rules or regulations. *See* § 565.10.

(c) *Prohibition.* The Commission shall prohibit the use of any rates, charges, classifications, rules or regulations that the controlled carrier has failed to demonstrate to be just and reasonable. In a proceeding under this paragraph, the burden of proof is on the controlled carrier to demonstrate that its rates, charges, classifications, rules or regulations are just and reasonable. The use of rates, charges, classifications, rules or regulations published or assessed by a controlled carrier that have been suspended or prohibited by the Commission is unlawful.

(d) *Publication.* All final orders of prohibition shall be published in the FEDERAL REGISTER.

### **§ 565.10 Suspension procedures, period of suspension, and replacement rates.**

(a)(1) *Suspension prior to effective date.* Pending a determination as to their

lawfulness in a prohibition proceeding as described in § 565.9, the Commission may suspend the rates, charges, classifications, rules or regulations at any time before their effective date.

(2) *Suspension after effective date.* In the case of rates, charges, classifications, rules or regulations that have already become effective, the Commission may, upon the issuance of an order to show cause, suspend those rates, charges, classifications, rules or regulations on not less than 30 days' notice to the controlled carrier.

(b) *Period of suspension.* In any case, no period of suspension may be greater than 180 days.

(c) *Implementation.* (1) Upon issuance of an order suspending a rate, charge, classification, rule or regulation in whole or in part, the Commission shall direct the controlled carrier to remove the suspended material from its tariff publication; or

(2) if the matter subject to the suspension order is not covered by paragraph (c)(1) of this section, the Commission shall set forth procedures in the order for implementing the suspension.

(3) *Publication.* All orders of suspension shall be published in the FEDERAL REGISTER.

(d) *Replacement rates.* Controlled carriers may publish in tariffs or file in service contracts rates, charges, classifications, rules or regulations in lieu of the suspended matter ("replacement rates").

(1) *Effective date.* In the case of replacement rates which are published in tariffs and which are scheduled to become effective during a suspension period, may become effective immediately upon either their publication in tariffs or upon the effective date of the suspension, whichever is later.

(2) *Rejection of replacement rates.* The Commission may reject the replacement rates, charges, classifications, rules or regulations published in tariffs or filed in service contracts to take effect during the suspension period if they are unjust and unreasonable. In determining whether to reject replacement rates, charges, classifications, rules or regulations, the Commission

will consider whether they would result in total charges (i.e. rate plus applicable surcharges) that are lower than the lowest comparable charges effective for a common carrier, other than a controlled carrier, serving the same trade.

(3) At the same time it announces replacement rates, the controlled carrier shall submit to the Secretary of the Commission, a letter identifying the specific competing common carrier's rates, charges, classification or rules resulting in total charges which are equal to or lower than its own.

### § 565.11 Presidential review.

The Commission shall transmit all orders of suspension or final orders of prohibition to the President of the United States concurrently with the submission of such orders to the FEDERAL REGISTER pursuant to § 565.9(d) or § 565.10(c)(3). The President may, within 10 days of either the receipt or effective date of the order, request in writing that the Commission stay the effect of the order for reasons of national defense or foreign policy.

### § 565.12 Stay, postponement, discontinuance or suspension of action.

The Commission may, on its own motion or upon petition, postpone, discontinue, or suspend any and all actions taken by it under the provisions of this part. The Commission shall immediately stay the effect of any order issued under this part as requested by the President pursuant to § 565.11.
