Let us join together to remember and honor the victims of the Holocaust and Nazi persecution. We express our eternal gratitude to the liberators who selflessly risked their lives to save those of others, and we pledge to never be bystanders to evil.

We must never forget.

NOW, THEREFORE, I, DONALD J. TRUMP, President of the United States of America, do hereby ask the people of the United States to observe the Days of Remembrance of Victims of the Holocaust, April 23 through April 30, 2017, and the solemn anniversary of the liberation of Nazi death camps, with appropriate study, prayers and commemoration, and to honor the memory of the victims of the Holocaust and Nazi persecution by internalizing the lessons of this atrocity so that it is never repeated.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-fourth day of April, in the year two thousand seventeen, and of the Independence of the United States of America the two hundred and forty-first.

Asian American and Pacific Islander Heritage Month, 2017

By the President of the United States of America
A Proclamation

This month, we celebrate Asian American and Pacific Islander Heritage Month, and we recognize the achievements and contributions of Asian Americans and Pacific Islanders that enrich our Nation.

Asian Americans and Pacific Islanders have distinguished themselves in the arts, literature, and sports. They are leading researchers in science, medicine, and technology; dedicated teachers to our Nation’s children; innovative farmers and ranchers; and distinguished lawyers and government leaders.

Dr. Sammy Lee, a Korean American who passed away last December, exemplified the spirit of this month. Dr. Lee was the first Asian American man to win an Olympic gold medal, becoming a platform diving champion at the 1948 London Olympics only 1 year after graduating from medical school. To fulfill his dreams, Dr. Lee overcame several obstacles, including his local childhood pool’s policy of opening to minorities only once per week. Later in life he was subject to housing discrimination (even after 8 years of military service). Dr. Lee nevertheless tirelessly served his country and community, including by representing the United States at the Olympic Games, on behalf of several Presidents.

Katherine Sui Fun Cheung also embodied the spirit of this month. In 1932, she became the first Chinese American woman to earn a pilot license. At the time, only about 1 percent of pilots in the United States were women. As a member of The Ninety-Nines, an organization of women pilots, she paved the way for thousands of women to take to the skies.
There are more than 20 million Asian Americans and Pacific Islanders in the United States. Each day, through their actions, they make America more vibrant, more prosperous, and more secure. Our Nation is particularly grateful to the many Asian Americans and Pacific Islanders who have served and are currently serving in our Armed Forces, protecting the Nation, and promoting freedom and peace around the world.

NOW, THEREFORE, I, DONALD J. TRUMP, President of the United States of America, by virtue of the authority vested in me by the Constitution and the laws of the United States, do hereby proclaim May 2017 as Asian American and Pacific Islander Heritage Month. The Congress, by Public Law 102–450, as amended, has also designated the month of May each year as “Asian/Pacific American Heritage Month.” I encourage all Americans to learn more about our Asian American, Native Hawaiian, and Pacific Islander heritage, and to observe this month with appropriate programs and activities.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-eighth day of April, in the year of our Lord two thousand seventeen, and of the Independence of the United States of America the two hundred and forty-first.

Jewish American Heritage Month, 2017

By the President of the United States of America
A Proclamation

During Jewish American Heritage Month, we celebrate our Nation’s strong American Jewish heritage, rooted in the ancient faith and traditions of the Jewish people. The small band of Dutch Jews who first immigrated in 1654, seeking refuge and religious liberty, brought with them their families, their religion, and their cherished customs, which they have passed on from generation to generation. The moral and ethical code of the Jewish people is inspired by their spiritual vocation of “tikkun olam”—the charge to repair the world. Through that vocation, the Jewish people have left an indelible mark on American culture. Today, it is manifested in the towering success Jewish people have achieved in America through a unique synthesis of respect for heritage and love of country.

Escaping religious persecution and ethnic violence and seeking political freedom and economic opportunity, American Jews, over centuries, have held firm in the belief that the United States was “Di Goldene Medina”—the Golden Country. Those who moved here built houses and gardens, raised families, and launched businesses. They have pursued education to advance their mission to make the world a better place. In every aspect of the country’s cultural, spiritual, economic, and civic life, American Jews have stood at the forefront of the struggles for human freedom, equality, and dignity, helping to shine a light of hope to people around the globe.

The achievements of American Jews are felt throughout American society and culture, in every field and in every profession. American Jews have
