(b) *Specifications.* (1) DD Form 2220 and installation and expiration tabs will consist of international blue borders and printing on a white background. Printer information will include the following:

(i) Form title (Department of Defense Registered Vehicle).

(ii) Alphanumeric individual form identification number.

(iii) DOD seal.

(2) Name of the installation will be specified on a separate tab abutting the decal. Each Service or DLA may choose optional color codes for the registrant. Army and installations having vehicle registration programs will use the following standard color scheme for the installation tab:

(i) Blue-officers.

(ii) Red-enlisted.

(iii) Green DA civilian employees (including NAF employees).

(iv) Black-contractor personnel and other civilians employed on the installation. White will be used for contract personnel on Air Force installations.

(3) An expiration tab identifying the month and year (6–2004), the year (2000) or simply ''00'' will be abutted to right of the decal. For identification purposes, the date of expiration will be shown in bold block numbers on a lighter contrasting background such as traffic yellow, lime, or orange.

(4) DD Form 2220 and any adjoining tabs will be theft resistant when applied to glass, metal, painted, or rubberized surfaces and manufactured so as to obliterate or self destruct when removal is attempted. Local policy guided by state or host nation laws will specify the exact placement of DD Form 2220.

(5) For Navy and Marine Corps military personnel the grade insignia will be affixed on placards, approximately 5 inches by 8 inches in size, and placed on the driver's side dashboard. Placards should be removed from view when the vehicle is not located on a military installation.

§ 634.22 Termination or denial of registration.

Installation commanders or their designated representatives will terminate POV registration or deny initial registration under the following conditions (decal and tabs will be removed from the vehicle when registration is terminated):

(a) The owner fails to comply with the registration requirements.

(b) The owner sells or disposes of the POV, is released from active duty, separated from the Service, or terminates civilian employment with a military Service or DOD agency. Army and Air Force personnel on a permanent change of station will retain the DD Form 2220 if the vehicle is moved to their new duty station.

(c) The owner is other than an active duty military or civilian employee and discontinues regular operations of the POV on the installation.

(d) The owner's state, overseas command, or host nation driver's license is suspended or revoked, or the installation driving privilege is revoked. Air Force does not require removal of the DD Form 2220 when driving privileges are suspended for an individual. When vehicle registration is terminated in conjunction with the revocation of installation driving privileges, the affected person must apply to re-register the POV after the revocation expires. Registration should not be terminated if other family members having installation driving privileges require use of the vehicle.

§ 634.23 Specified consent to impoundment.

Personnel registering POVs on DOD installations must consent to the impoundment policy. POV registration forms will contain or have appended to them a certificate with the following statement: ''I am aware that (insert number and title of separate Service or DLA directive) and the installation traffic code provide for the removal and temporary impoundment of privately owned motor vehicles that are either parked illegally, or for unreasonable periods, interfering with military operations, creating a safety hazard, disabled by accident, left unattended in a restricted or control area, or abandoned. I agree to reimburse the United States for the cost of towing and storage should my motor vehicle(s), because of such circumstances, be removed and impounded.''
