§ 637.15 Polygraph activities.

MPI and DAC detectives/investigators will utilize the polygraph to the full extent authorized. Requests for polygraph examination assistance will be forwarded to the supporting USACIDC element in accordance with provisions of AR 195–6. The investigative or intelligence element requesting approval to conduct a polygraph examination will submit a completed DA Form 2805 (Polygraph Examination Authorization) to the authorizing official. A request may also be sent via an electronic message or electronic mail or media provided all elements of the DA Form 2805 are included in the request. Approvals will be obtained prior to the conduct of an examination. Telephonic requests, followed with written requests, may be used in emergencies. The requesting official will include the following data on every polygraph examination request for criminal investigations:

(a) The offense, which formed the basis of the investigation, is punishable under Federal law or the UCMJ by death or confinement for a term of 1 year or more. Even though such an offense may be disposed of with a lesser penalty, the person may be given a polygraph examination to eliminate suspicion.

(b) The person to be examined has been interviewed and there is reasonable cause to believe that the person has knowledge of, or was involved in, the matter under investigation.

(c) Consistent with the circumstances, data to be obtained by polygraph examination are needed for further conduct of the investigation.

(d) Investigation by other means has been as thorough as circumstances permit.

(e) Examinee has been interviewed on all relevant subjects requested for testing and the polygraph examination is essential and timely.

§ 637.16 Evidence.

Military police are authorized to receive, process, safeguard and dispose of evidence, to include non-narcotic controlled substances, in accordance with AR 195–5. If no suitable facility is available for the establishment of a military police evidence depository or other operational circumstances so dictate, the evidence custodian of the appropriate USACIDC element may be requested to receipt for and assume responsibility for military police evidence. Personnel selected as military police evidence custodians need not be trained as MPI and should not be issued MPI credentials, unless they are also employed as operational MPI. Further information concerning evidence collection and examination procedures can be found in Field Manual (FM) 3–19.13, Law Enforcement Investigations.

§ 637.17 Police Intelligence.

(a) The purpose of gathering police intelligence is to identify individuals or groups of individuals in an effort to anticipate, prevent, or monitor possible criminal activity. If police intelligence is developed to the point where it factually establishes a criminal offense, an investigation by the military police, (USACIDC) or other investigative agency will be initiated.

(b) Police intelligence will be actively exchanged between Department of Defense (DOD) law enforcement agencies, military police, USACIDC, local, state, federal, and international law enforcement agencies. One tool under development by DOD for sharing police intelligence is the Joint Protection Enterprise Network (JPEN). JPEN provides users with the ability to post, retrieve, filter, and analyze real-world events. There are seven reporting criteria for JPEN:

(1) Non-specific threats;
(2) Surveillance;
(3) Elicitation;
(4) Tests of Security;
(5) Repetitive Activities;
(6) Bomb Threats/Incidents; and
(7) Suspicious Activities/Incidents.

(c) If a written extract from local police intelligence files is provided to an authorized investigative agency, the following will be included on the transmittal documents: ''This document is provided for information and use. Copies of this document, enclosures thereto, and information therefrom, will not be further released without the prior approval of the installation Provost Marhsall.
