AUTHENTICATED
U.S. GOVERNMENT
INFORMATION
GPO

furnished the Division or District Engineer with satisfactory assurances in accordance with the authorization act, and sufficient funds have been deposited with the Division or District Engineer to pay the expenses of the proceedings and any awards that may be made in the proceedings.

(a) *General.* The Corps of Engineers will institute condemnation proceedings on behalf of a local interest only when the local interest:

(1) Lacks authority to acquire the necessary real estate interests by eminent domain; or

(2) Cannot obtain possession by local eminent domain proceedings in time to meet the construction schedule; or

(3) Unusual circumstances exist so that acquisition by local inerests would not be in the best interest of the United States.

(b) *Information to accompany assembly.* Upon request of the local interests that the real estate interest be acquired by condemnation proceeding in the name of the United States, the Division or District Engineer will transmit to HQDA (DAEN-REA-C) WASH DC 20314 an appropriate condemnation assembly, prepared in accordance with §644.114, with recommendations and the following information:

(1) Citation of authorizing act.

(2) Whether valid assurances have been accepted, giving date of acceptance.

(3) That the estate or estates to be acquired conform to the requirements set forth in subpart J (to be published).

(4) Appraisal values of the interest proposed for acquisition.

(5) That sufficient funds to cover court awards and expenses of the proceedings have been deposited by local interests with the Division or District Engineer.

(6) Efforts made by local interests to acquire the real estate interests and reasons for requesting the United States to file condemnation proceedings.

§644.121 Leasehold condemnation requirements.

(a) *Requirements for extension.* The interest acquired in land by a leasehold condemnation proceeding terminates after a one-year term, unless notice to extend the term is filed in the appropriate United States District Court. In all leasehold cases, the Division or District Engineer will ascertain from the using service whether the premises included in such condemnation proceedings will be required for an additional term. This should be done sufficiently in advance of the end of the term to allow adequate time for the action necessary to extend the term. These instructions apply to civil works projects as well as military projects.

(1) The Department of the Air Force will ascertain and advise the Chief of Engineers concerning the future requirements for the land in Air Force leasehold cases. Where the Department of the Air Force has a continuing requirement for land included in condemnation leasehold cases which are not extendible, the appropriate Division and District Engineers will be informed at the earliest practicable date.

(2) Extension of the term in a leasehold condemnation case must be accomplished through the Department of Justice which, upon request of the Chief of Engineers, will issue instructions to its field representatives to prepare a notice of election to extend the term and file it in the appropriate United States District Court. The Chief of Engineers should be advised of requirements of using services for extension of leasehold condemnation cases five months prior to the time that filing notice of extension with the court is due. The majority of pending leasehold condemnation cases require that notice to extend the term be filed with the court 30 days prior to the end of the term, although a few cases require the notice of extension to be filed at least 60 days prior to the end of the term. Negative reports are required.

(3) Since the General Services Administration is the disposal agency for excess and surplus airport property, all condemnation leaseholds forming an integral part of an airport should be extended and kept in force with the concurrence of the Department of the Air Force unless and until contrary instructions are received from the General Services Administration. In the event a bombing range or other installation in which leasehold interests have been acquired by condemnation is

excess or surplus, but will not be decontaminated or dedudded prior to the end of the term, the leasehold condemnation proceeding will be extended beyond that date. In reporting leasehold condemnation cases to be extended within the categories mentioned in this paragraph, full information as to the necessity for extensions in each case should be furnished DAEN-REA-C.

(4) Specific authorization for deposit of funds in condemnation leasehold cases will be issued to Division and District Engineers by the Chief of Engineers.

(b) *Termination of leasehold condemnation proceedings.* If the need for all or part of the land included in a leasehold condemnation proceeding should terminate prior to the expiration of the term condemned, in the case of fixed term estates, or prior to the expiration of the right to renew by filing notice of extension, the Division or District Engineer, upon notification by the using service that the land is no longer needed, shall advise DAEN-REA-C accordingly. Prompt action will be taken by the Division or District Engineer to comply with the applicable requirements of subpart I (to be published) relative to screening real property excess to one component of the Department of Defense with all other components and Federal agencies outside of the Department of Defense. Where restoration is involved, a report will be furnished DAEN-REA-C setting forth the status thereof.

(c) *Report to close leasehold condemnation cases.* When the term condemned has expired or all interests have been terminated and all interests have been disposed of by final judgment, the Division or District Engineer will so advise DAEN-REA-C in order that the case may be closed. Report in accordance with §644.119(b) shall be furnished and shall also include a statement that the issue of restoration has been settled.

ACQUISITION BY LEASING

SOURCE: Sections 644.131 through 644.142 appear at 44 FR 31116, May 30, 1979, unless otherwise noted.

§ 644.131 General.

Sections 644.131 through 644.142 outline the procedures of the Corps of Engineers for the leasing of real estate and interests therein for military and civil works purposes. They are applicable to all division and District Engineers having real estate responsibilities. To the extent practicable, these procedures will be followed by overseas commanders, in conjuction with the provisions of AR 405–10, Chapter 3. In general, these procedures also apply to the leasing of land and improvements for other Government agencies which authorize the Corps to acquire leasehold interests.

§ 644.132 Authority.

(a) Authority to lease real property interests for the Department of the Army in the United States, the Commonwealth of Puerto Rico, and the Virgin Islands is derived from annual appropriation acts.

(b) Title 10 U.S.C. 2675 authorizes the acquisition by lease, in any foreign country, of structures and real property relating thereto that are needed for military purposes. Leases under section 2675 may not be for a period of more than five years, except that a lease under this section for military family housing facilities and real property relating thereto may be for a period of more than five years but may not be for a period of more than ten years.

§ 644.133 Responsibilities.

(a) The Corps is responsible for acquiring space in buildings, or land, or both land and buildings, under its own authority or through the General Services Administration (GSA) in designated urban centers, for the Departments of the Army and Air Force; Department of the Navy, including the Marine Corps, for recruiting and main stations; Department of Energy and the Nuclear Regulatory Commission, excluding space in GSA urban centers; National Aeronautics and Space Administration, as requested; and other agencies, such as the Department of Defense, upon request. In carrying out these responsibilities, Division and District Engineers will:
