reservation, such as telephone, telegraph, electric transmission, oil, gas, and water lines.

(vi) Purchase price of lands (estimate if only a portion of original tract), buildings and improvements acquired with the lands, and the cost of buildings and improvements, if any, constructed by the United States.

(2) *Action by the Office of the Chief of Engineers.* When the value of an easement interest reported pursuant to (a)(1) of this section does not exceed $1,500, OCE will make the final determination of excess and authorize action accordingly. In the case of fee-owned land regardless of value, or easement interests having a value in excess of $1,500, when OCE finds that no requirement for the property exists, a recommendation will be made to the Secretary of the Army that authority be granted for disposal of the property.

(b) *Leaseholds.* When the DE is of the opinion that real property acquired by lease for a civil works project is no longer required for such purpose, and after screening the property for other Federal requirements in accordance with §§ 644.333 through 644.339, he will take necessary action to terminate the lease in accordance with the procedure outlined in §§ 644.444 through 644.471.

§§ 644.330–644.332 [Reserved]

SCREENING, REASSIGNMENT AND TRANSFER OF REAL PROPERTY

§ 644.333 Screening for defense needs.

Real property which becomes excess to the needs of any element of the Army or Air Force will be screened against requirements of other Department of Defense (DOD) agencies and the U.S. Coast Guard in order to promote and obtain the most efficient and complete utilization of real property before disposing of it.

(a) *Procedure for screening Army military property.* Screening for defense requirements with respect to base closures publicly announced by the Secretary of Defense or Secretary of the Army which result in excessing of real property will not be accomplished unless directed by HQDA (DAEN-ZCI) Washington DC 20314. Instructions to screen will be included in the disposal directive transmitted to the DE when such action is desired. In the absence of such instructions, it is presumed that DOD has negatively evaluated all possible requirements of DOD agencies before making the public announcement.

(1) *Fee-owned land.* Screening is required in all other cases unless specifically directed otherwise. Property will be screened simultaneously against other Army requirements, and for Navy, Air Force, Coast Guard, and Defense agency requirements. The property should also be screened against known Department of the Army Civil Works requirements.

(i) The DE will dispatch a screening message promptly upon receipt of an excess directive or recommendation pursuant to AR 405–90. The sample screening message in ER 405–1–12 at Figure 11–1, or a letter similar in form and content will be used without substantial deviation.

(ii) All action addressees and parties listed for information on Figure 11–1 in ER 405–1–12 will be included, except that Air Force real property in Hawaii will be screened with the Commander-in-Chief, Pacific Air Forces, in lieu of HQ, USAF. The appropriate major Army command, when not the using command, will be listed as an action addressee.

(iii) In no case will screening be deferred unless authorized by DAEN-REM. At the expiration of the screening period (normally 30 days) a report of results will be forwarded and subsequent action initiated as provided in paragraph (e) of this section.

(iv) For certain cases, most frequently in connection with base realignments or Executive Order 11954 surveys, accelerated screening procedures are set out in AR 405–90.

(2) *Capehart and Wherry Housing Projects.* Due to the complicated financial arrangements under which such projects are constructed and operated, the disposal thereof, whether separately or as a part of a larger installation, requires careful study. In order to assure maximum time in which to discover and evaluate problems arising in each of such cases, the DE will notify HQDA (DAEN-REM) Washington DC 20314, by teletype, immediately upon receipt of information of an installation commander's recommendation of
