Subpart B—The Criteria for Recognition

BASIC ELIGIBILITY REQUIREMENTS

§ 602.10 Link to Federal programs.

The agency must demonstrate that—

(a) If the agency accredits institutions of higher education, its accreditation is a required element in enabling at least one of those institutions to establish eligibility to participate in HEA programs; or

(b) If the agency accredits institutions of higher education or higher education programs, or both, its accreditation is a required element in enabling at least one of those entities to establish eligibility to participate in non-HEA Federal programs.

§ 602.11 Geographic scope of accrediting activities.

The agency must demonstrate that its accrediting activities cover—

(a) A State, if the agency is part of a State government;

(b) A region of the United States that includes at least three States that are reasonably close to one another; or

(c) The United States.

(Authority: 20 U.S.C. 1099b)

§ 602.12 Accrediting experience.

(a) An agency seeking initial recognition must demonstrate that it has—

(1) Granted accreditation or preaccreditation—

(i) To one or more institutions if it is requesting recognition as an institutional accrediting agency and to one or more programs if it is requesting recognition as a programmatic accrediting agency;

(ii) That covers the range of the specific degrees, certificates, institutions, and programs for which it seeks recognition; and

(Authority: 20 U.S.C. 1099b)

ORGANIZATIONAL AND ADMINISTRATIVE
REQUIREMENTS

§ 602.14 Purpose and organization.

(a) The Secretary recognizes only the following four categories of agencies:

The Secretary recognizes . . .	that . . .
(1) An accrediting agency	(i) Has a voluntary membership of institutions of higher education; (ii) Has as a principal purpose the accrediting of institutions of higher education and that accreditation is a required element in enabling those institutions to participate in HEA programs; and (iii) Satisfies the "separate and independent" requirements in paragraph (b) of this section.
(2) An accrediting agency	(i) Has a voluntary membership; and (ii) Has as its principal purpose the accrediting of higher education programs, or higher education programs and institutions of higher education, and that accreditation is a required element in enabling those entities to participate in non-HEA Federal programs.
(3) An accrediting agency	for purposes of determining eligibility for Title IV, HEA programs— (i) Either has a voluntary membership of individuals participating in a profession or has as its principal purpose the accrediting of programs within institutions that are accredited by a nationally recognized accrediting agency; and (ii) Either satisfies the "separate and independent" requirements in paragraph (b) of this section or obtains a waiver of those requirements under paragraphs (d) and (e) of this section.
(4) A State agency	(i) Has as a principal purpose the accrediting of institutions of higher education, higher education programs, or both; and (ii) The Secretary listed as a nationally recognized accrediting agency on or before October 1, 1991 and has recognized continuously since that date.

(b) For purposes of this section, the term *separate and independent* means that—

- (1) The members of the agency's decision-making body—who decide the accreditation or preaccreditation status of institutions or programs, establish the agency's accreditation policies, or both—are not elected or selected by the board or chief executive officer of any related, associated, or affiliated trade association or membership organization;
- (2) At least one member of the agency's decision-making body is a representative of the public, and at least one-seventh of that body consists of representatives of the public;
- (3) The agency has established and implemented guide lines for each member of the decision-making body to avoid conflicts of interest in making decisions;
- (4) The agency's dues are paid separately from any dues paid to any related, associated, or affiliated trade association or membership organization; and
- (5) The agency develops and determines its own budget, with no review

by or consultation with any other entity or organization.

(c) The Secretary considers that any joint use of personnel, services, equipment, or facilities by an agency and a related, associated, or affiliated trade association or membership organization does not violate the "separate and independent" requirements in paragraph (b) of this section if—

- (1) The agency pays the fair market value for its proportionate share of the joint use; and
- (2) The joint use does not compromise the independence and confidentiality of the accreditation process.

(d) For purposes of paragraph (a)(3) of this section, the Secretary may waive the "separate and independent" requirements in paragraph (b) of this section if the agency demonstrates that—

- (1) The Secretary listed the agency as a nationally recognized agency on or before October 1, 1991 and has recognized it continuously since that date;
- (2) The related, associated, or affiliated trade association or membership organization plays no role in making or ratifying either the accrediting or policy decisions of the agency;

(3) The agency has sufficient budgetary and administrative autonomy to carry out its accrediting functions independently; and

(4) The agency provides to the related, associated, or affiliated trade association or membership organization only information it makes available to the public.

(e) An agency seeking a waiver of the “separate and independent” requirements under paragraph (d) of this section must apply for the waiver each time the agency seeks recognition or continued recognition.

(Authority: 20 U.S.C. 1099b)

§ 602.15 Administrative and fiscal responsibilities.

The agency must have the administrative and fiscal capability to carry out its accreditation activities in light of its requested scope of recognition. The agency meets this requirement if the agency demonstrates that—

(a) The agency has—

(1) Adequate administrative staff and financial resources to carry out its accrediting responsibilities;

(2) Competent and knowledgeable individuals, qualified by education and experience in their own right and trained by the agency on their responsibilities, as appropriate for their roles, regarding the agency’s standards, policies, and procedures, to conduct its on-site evaluations, apply or establish its policies, and make its accrediting and preaccrediting decisions, including, if applicable to the agency’s scope, their responsibilities regarding distance education and correspondence education;

(3) Academic and administrative personnel on its evaluation, policy, and decision-making bodies, if the agency accredits institutions;

(4) Educators and practitioners on its evaluation, policy, and decision-making bodies, if the agency accredits programs or single-purpose institutions that prepare students for a specific profession;

(5) Representatives of the public on all decision-making bodies; and

(6) Clear and effective controls against conflicts of interest, or the appearance of conflicts of interest, by the agency’s—

(i) Board members;

(ii) Commissioners;
 (iii) Evaluation team members;
 (iv) Consultants;
 (v) Administrative staff; and
 (vi) Other agency representatives;
 and

(b) The agency maintains complete and accurate records of—

(1) Its last full accreditation or preaccreditation review of each institution or program, including on-site evaluation team reports, the institution’s or program’s responses to on-site reports, periodic review reports, any reports of special reviews conducted by the agency between regular reviews, and a copy of the institution’s or program’s most recent self-study; and

(2) All decisions made throughout an institution’s or program’s affiliation with the agency regarding the accreditation and preaccreditation of any institution or program and substantive changes, including all correspondence that is significantly related to those decisions.

REQUIRED STANDARDS AND THEIR APPLICATION

§ 602.16 Accreditation and preaccreditation standards.

(a) The agency must demonstrate that it has standards for accreditation, and preaccreditation, if offered, that are sufficiently rigorous to ensure that the agency is a reliable authority regarding the quality of the education or training provided by the institutions or programs it accredits. The agency meets this requirement if—

(1) The agency’s accreditation standards effectively address the quality of the institution or program in the following areas:

(i) Success with respect to student achievement in relation to the institution’s mission, which may include different standards for different institutions or programs, as established by the institution, including, as appropriate, consideration of State licensing examinations, course completion, and job placement rates.

§ 602.17

34 CFR Ch. VI (7-1-18 Edition)

- (ii) Curricula.
- (iii) Faculty.
- (iv) Facilities, equipment, and supplies.
- (v) Fiscal and administrative capacity as appropriate to the specified scale of operations.
- (vi) Student support services.
- (vii) Recruiting and admissions practices, academic calendars, catalogs, publications, grading, and advertising.
- (viii) Measures of program length and the objectives of the degrees or credentials offered.
- (ix) Record of student complaints received by, or available to, the agency.
- (x) Record of compliance with the institution's program responsibilities under Title IV of the Act, based on the most recent student loan default rate data provided by the Secretary, the results of financial or compliance audits, program reviews, and any other information that the Secretary may provide to the agency; and

(2) The agency's preaccreditation standards, if offered, are appropriately related to the agency's accreditation standards and do not permit the institution or program to hold preaccreditation status for more than five years.

(b) If the agency only accredits programs and does not serve as an institutional accrediting agency for any of those programs, its accreditation standards must address the areas in paragraph (a)(1) of this section in terms of the type and level of the program rather than in terms of the institution.

(c) If the agency has or seeks to include within its scope of recognition the evaluation of the quality of institutions or programs offering distance education or correspondence education, the agency's standards must effectively address the quality of an institution's distance education or correspondence education in the areas identified in paragraph (a)(1) of this section. The agency is not required to have separate standards, procedures, or policies for the evaluation of distance education or correspondence education.

(d) If none of the institutions an agency accredits participates in any Title IV, HEA program, or if the agency only accredits programs within in-

stitutions that are accredited by a nationally recognized institutional accrediting agency, the agency is not required to have the accreditation standards described in paragraphs (a)(1)(viii) and (a)(1)(x) of this section.

(e) An agency that has established and applies the standards in paragraph (a) of this section may establish any additional accreditation standards it deems appropriate.

(f) Nothing in paragraph (a) of this section restricts—

(1) An accrediting agency from setting, with the involvement of its members, and applying accreditation standards for or to institutions or programs that seek review by the agency; or

(2) An institution from developing and using institutional standards to show its success with respect to student achievement, which achievement may be considered as part of any accreditation review.

§ 602.17 Application of standards in reaching an accrediting decision.

The agency must have effective mechanisms for evaluating an institution's or program's compliance with the agency's standards before reaching a decision to accredit or preaccredit the institution or program. The agency meets this requirement if the agency demonstrates that it—

(a) Evaluates whether an institution or program—

(1) Maintains clearly specified educational objectives that are consistent with its mission and appropriate in light of the degrees or certificates awarded;

(2) Is successful in achieving its stated objectives; and

(3) Maintains degree and certificate requirements that at least conform to commonly accepted standards;

(b) Requires the institution or program to prepare, following guidance provided by the agency, an in-depth self-study that includes the assessment

of educational quality and the institution's or program's continuing efforts to improve educational quality;

(c) Conducts at least one on-site review of the institution or program during which it obtains sufficient information to determine if the institution or program complies with the agency's standards;

(d) Allows the institution or program the opportunity to respond in writing to the report of the on-site review;

(e) Conducts its own analysis of the self-study and supporting documentation furnished by the institution or program, the report of the on-site review, the institution's or program's response to the report, and any other appropriate information from other sources to determine whether the institution or program complies with the agency's standards;

(f) Provides the institution or program with a detailed written report that assesses—

(1) The institution's or program's compliance with the agency's standards, including areas needing improvement; and

(2) The institution's or program's performance with respect to student achievement; and

(g) Requires institutions that offer distance education or correspondence education to have processes in place through which the institution establishes that the student who registers in a distance education or correspondence education course or program is the same student who participates in and completes the course or program and receives the academic credit. The agency meets this requirement if it—

(1) Requires institutions to verify the identity of a student who participates in class or coursework by using, at the option of the institution, methods such as—

(i) A secure login and pass code;

(ii) Proctored examinations; and

(iii) New or other technologies and practices that are effective in verifying student identity; and

(2) Makes clear in writing that institutions must use processes that protect student privacy and notify students of any projected additional student charges associated with the

verification of student identity at the time of registration or enrollment.

§ 602.18 Ensuring consistency in decision-making.

The agency must consistently apply and enforce standards that respect the stated mission of the institution, including religious mission, and that ensure that the education or training offered by an institution or program, including any offered through distance education or correspondence education, is of sufficient quality to achieve its stated objective for the duration of any accreditation or preaccreditation period granted by the agency. The agency meets this requirement if the agency—

(a) Has written specification of the requirements for accreditation and preaccreditation that include clear standards for an institution or program to be accredited;

(b) Has effective controls against the inconsistent application of the agency's standards;

(c) Bases decisions regarding accreditation and preaccreditation on the agency's published standards;

(d) Has a reasonable basis for determining that the information the agency relies on for making accrediting decisions is accurate; and

(e) Provides the institution or program with a detailed written report that clearly identifies any deficiencies in the institution's or program's compliance with the agency's standards.

§ 602.19 Monitoring and reevaluation of accredited institutions and programs.

(a) The agency must reevaluate, at regularly established intervals, the institutions or programs it has accredited or preaccredited.

(b) The agency must demonstrate it has, and effectively applies, a set of monitoring and evaluation approaches that enables the agency to identify problems with an institution's or program's continued compliance with

§ 602.20

agency standards and that takes into account institutional or program strengths and stability. These approaches must include periodic reports, and collection and analysis of key data and indicators, identified by the agency, including, but not limited to, fiscal information and measures of student achievement, consistent with the provisions of § 602.16(f). This provision does not require institutions or programs to provide annual reports on each specific accreditation criterion.

(c) Each agency must monitor overall growth of the institutions or programs it accredits and, at least annually, collect headcount enrollment data from those institutions or programs.

(d) Institutional accrediting agencies must monitor the growth of programs at institutions experiencing significant enrollment growth, as reasonably defined by the agency.

(e) Any agency that has notified the Secretary of a change in its scope in accordance with § 602.27(a)(5) must monitor the headcount enrollment of each institution it has accredited that offers distance education or correspondence education. If any such institution has experienced an increase in headcount enrollment of 50 percent or more within one institutional fiscal year, the agency must report that information to the Secretary within 30 days of acquiring such data.

§ 602.20 Enforcement of standards.

(a) If the agency's review of an institution or program under any standard indicates that the institution or program is not in compliance with that standard, the agency must—

(1) Immediately initiate adverse action against the institution or program; or

(2) Require the institution or program to take appropriate action to bring itself into compliance with the agency's standards within a time period that must not exceed—

(i) Twelve months, if the program, or the longest program offered by the institution, is less than one year in length;

(ii) Eighteen months, if the program, or the longest program offered by the institution, is at least one year, but less than two years, in length; or

(iii) Two years, if the program, or the longest program offered by the institution, is at least two years in length.

(b) If the institution or program does not bring itself into compliance within the specified period, the agency must take immediate adverse action unless the agency, for good cause, extends the period for achieving compliance.

(Authority: 20 U.S.C. 1099b)

§ 602.21 Review of standards.

(a) The agency must maintain a systematic program of review that demonstrates that its standards are adequate to evaluate the quality of the education or training provided by the institutions and programs it accredits and relevant to the educational or training needs of students.

(b) The agency determines the specific procedures it follows in evaluating its standards, but the agency must ensure that its program of review—

(1) Is comprehensive;

(2) Occurs at regular, yet reasonable, intervals or on an ongoing basis;

(3) Examines each of the agency's standards and the standards as a whole; and

(4) Involves all of the agency's relevant constituencies in the review and affords them a meaningful opportunity to provide input into the review.

(c) If the agency determines, at any point during its systematic program of review, that it needs to make changes to its standards, the agency must initiate action within 12 months to make the changes and must complete that action within a reasonable period of time. Before finalizing any changes to its standards, the agency must—

(1) Provide notice to all of the agency's relevant constituencies, and other parties who have made their interest known to the agency, of the changes the agency proposes to make;

(2) Give the constituencies and other interested parties adequate opportunity to comment on the proposed changes; and

(3) Take into account any comments on the proposed changes submitted

timely by the relevant constituencies and by other interested parties.

REQUIRED OPERATING POLICIES AND
PROCEDURES

§ 602.22 Substantive change.

(a) If the agency accredits institutions, it must maintain adequate substantive change policies that ensure that any substantive change to the educational mission, program, or programs of an institution after the agency has accredited or preaccredited the institution does not adversely affect the capacity of the institution to continue to meet the agency's standards. The agency meets this requirement if—

(1) The agency requires the institution to obtain the agency's approval of the substantive change before the agency includes the change in the scope of accreditation or preaccreditation it previously granted to the institution; and

(2) The agency's definition of substantive change includes at least the following types of change:

(i) Any change in the established mission or objectives of the institution.

(ii) Any change in the legal status, form of control, or ownership of the institution.

(iii) The addition of courses or programs that represent a significant departure from the existing offerings of educational programs, or method of delivery, from those that were offered when the agency last evaluated the institution.

(iv) The addition of programs of study at a degree or credential level different from that which is included in the institution's current accreditation or preaccreditation.

(v) A change from clock hours to credit hours.

(vi) A substantial increase in the number of clock or credit hours awarded for successful completion of a program.

(vii) If the agency's accreditation of an institution enables the institution to seek eligibility to participate in title IV, HEA programs, the entering into a contract under which an institution or organization not certified to

participate in the title IV, HEA programs offers more than 25 percent of one or more of the accredited institution's educational programs.

(viii)(A) If the agency's accreditation of an institution enables it to seek eligibility to participate in title IV, HEA programs, the establishment of an additional location at which the institution offers at least 50 percent of an educational program. The addition of such a location must be approved by the agency in accordance with paragraph (c) of this section unless the accrediting agency determines, and issues a written determination stating that the institution has—

(1) Successfully completed at least one cycle of accreditation of maximum length offered by the agency and one renewal, or has been accredited for at least ten years;

(2) At least three additional locations that the agency has approved; and

(3) Met criteria established by the agency indicating sufficient capacity to add additional locations without individual prior approvals, including at a minimum satisfactory evidence of a system to ensure quality across a distributed enterprise that includes—

(i) Clearly identified academic control;

(ii) Regular evaluation of the locations;

(iii) Adequate faculty, facilities, resources, and academic and student support systems;

(iv) Financial stability; and

(v) Long-range planning for expansion.

(B) The agency's procedures for approval of an additional location, pursuant to paragraph (a)(2)(viii)(A) of this section, must require timely reporting to the agency of every additional location established under this approval.

(C) Each agency determination or redetermination to preapprove an institution's addition of locations under paragraph (a)(2)(viii)(A) of this section may not exceed five years.

(D) The agency may not preapprove an institution's addition of locations under paragraph (a)(2)(viii)(A) of this section after the institution undergoes a change in ownership resulting in a change in control as defined in 34 CFR

§ 602.23

34 CFR Ch. VI (7-1-18 Edition)

600.31 until the institution demonstrates that it meets the conditions for the agency to preapprove additional locations described in this paragraph.

(E) The agency must have an effective mechanism for conducting, at reasonable intervals, visits to a representative sample of additional locations approved under paragraph (a)(2)(viii)(A) of this section.

(ix) The acquisition of any other institution or any program or location of another institution.

(x) The addition of a permanent location at a site at which the institution is conducting a teach-out for students of another institution that has ceased operating before all students have completed their program of study.

(3) The agency's substantive change policy must define when the changes made or proposed by an institution are or would be sufficiently extensive to require the agency to conduct a new comprehensive evaluation of that institution.

(b) The agency may determine the procedures it uses to grant prior approval of the substantive change. However, these procedures must specify an effective date, which is not retroactive, on which the change is included in the program's or institution's accreditation. An agency may designate the date of a change in ownership as the effective date of its approval of that substantive change if the accreditation decision is made within 30 days of the change in ownership. Except as provided in paragraph (c) of this section, these procedures may, but need not, require a visit by the agency.

(c) Except as provided in paragraph (a)(2)(viii)(A) of this section, if the agency's accreditation of an institution enables the institution to seek eligibility to participate in title IV, HEA programs, the agency's procedures for the approval of an additional location where at least 50 percent of an educational program is offered must provide for a determination of the institution's fiscal and administrative capacity to operate the additional location. In addition, the agency's procedures must include—

(1) A visit, within six months, to each additional location the institution establishes, if the institution—

(i) Has a total of three or fewer additional locations;

(ii) Has not demonstrated, to the agency's satisfaction, that it has a proven record of effective educational oversight of additional locations; or

(iii) Has been placed on warning, probation, or show cause by the agency or is subject to some limitation by the agency on its accreditation or preaccreditation status;

(2) An effective mechanism for conducting, at reasonable intervals, visits to a representative sample of additional locations of institutions that operate more than three additional locations; and

(3) An effective mechanism, which may, at the agency's discretion, include visits to additional locations, for ensuring that accredited and preaccredited institutions that experience rapid growth in the number of additional locations maintain educational quality.

(d) The purpose of the visits described in paragraph (c) of this section is to verify that the additional location has the personnel, facilities, and resources it claimed to have in its application to the agency for approval of the additional location.

§ 602.23 Operating procedures all agencies must have.

(a) The agency must maintain and make available to the public written materials describing—

(1) Each type of accreditation and preaccreditation it grants;

(2) The procedures that institutions or programs must follow in applying for accreditation or preaccreditation;

(3) The standards and procedures it uses to determine whether to grant, reaffirm, reinstate, restrict, deny, revoke, terminate, or take any other action related to each type of accreditation and preaccreditation that the agency grants;

(4) The institutions and programs that the agency currently accredits or preaccredits and, for each institution and program, the year the agency will next review or reconsider it for accreditation or preaccreditation; and

(5) The names, academic and professional qualifications, and relevant employment and organizational affiliations of—

(i) The members of the agency's policy and decision-making bodies; and

(ii) The agency's principal administrative staff.

(b) In providing public notice that an institution or program subject to its jurisdiction is being considered for accreditation or preaccreditation, the agency must provide an opportunity for third-party comment concerning the institution's or program's qualifications for accreditation or preaccreditation. At the agency's discretion, third-party comment may be received either in writing or at a public hearing, or both.

(c) The accrediting agency must—

(1) Review in a timely, fair, and equitable manner any complaint it receives against an accredited institution or program that is related to the agency's standards or procedures. The agency may not complete its review and make a decision regarding a complaint unless, in accordance with published procedures, it ensures that the institution or program has sufficient opportunity to provide a response to the complaint;

(2) Take follow-up action, as necessary, including enforcement action, if necessary, based on the results of its review; and

(3) Review in a timely, fair, and equitable manner, and apply unbiased judgment to, any complaints against itself and take follow-up action, as appropriate, based on the results of its review.

(d) If an institution or program elects to make a public disclosure of its accreditation or preaccreditation status, the agency must ensure that the institution or program discloses that status accurately, including the specific academic or instructional programs covered by that status and the name, address, and telephone number of the agency.

(e) The accrediting agency must provide for the public correction of incorrect or misleading information an accredited or preaccredited institution or program releases about—

(1) The accreditation or preaccreditation status of the institution or program;

(2) The contents of reports of on-site reviews; and

(3) The agency's accrediting or preaccrediting actions with respect to the institution or program.

(f) The agency may establish any additional operating procedures it deems appropriate. At the agency's discretion, these may include unannounced inspections.

§ 602.24 Additional procedures certain institutional accreditors must have.

If the agency is an institutional accrediting agency and its accreditation or preaccreditation enables those institutions to obtain eligibility to participate in Title IV, HEA programs, the agency must demonstrate that it has established and uses all of the following procedures:

(a) *Branch campus.* (1) The agency must require the institution to notify the agency if it plans to establish a branch campus and to submit a business plan for the branch campus that describes—

(i) The educational program to be offered at the branch campus;

(ii) The projected revenues and expenditures and cash flow at the branch campus; and

(iii) The operation, management, and physical resources at the branch campus.

(2) The agency may extend accreditation to the branch campus only after it evaluates the business plan and takes whatever other actions it deems necessary to determine that the branch campus has sufficient educational, financial, operational, management, and physical resources to meet the agency's standards.

(3) The agency must undertake a site visit to the branch campus as soon as practicable, but no later than six months after the establishment of that campus.

(b) *Change in ownership.* The agency must undertake a site visit to an institution that has undergone a change of ownership that resulted in a change of control as soon as practicable, but no later than six months after the change of ownership.

(c) *Teach-out plans and agreements.* (1) The agency must require an institution it accredits or preaccredits to submit a teach-out plan to the agency for approval upon the occurrence of any of the following events:

(i) The Secretary notifies the agency that the Secretary has initiated an emergency action against an institution, in accordance with section 487(c)(1)(G) of the HEA, or an action to limit, suspend, or terminate an institution participating in any title IV, HEA program, in accordance with section 487(c)(1)(F) of the HEA, and that a teach-out plan is required.

(ii) The agency acts to withdraw, terminate, or suspend the accreditation or preaccreditation of the institution.

(iii) The institution notifies the agency that it intends to cease operations entirely or close a location that provides one hundred percent of at least one program.

(iv) A State licensing or authorizing agency notifies the agency that an institution's license or legal authorization to provide an educational program has been or will be revoked.

(2) The agency must evaluate the teach-out plan to ensure it provides for the equitable treatment of students under criteria established by the agency, specifies additional charges, if any, and provides for notification to the students of any additional charges.

(3) If the agency approves a teach-out plan that includes a program that is accredited by another recognized accrediting agency, it must notify that accrediting agency of its approval.

(4) The agency may require an institution it accredits or preaccredits to enter into a teach-out agreement as part of its teach-out plan.

(5) The agency must require an institution it accredits or preaccredits that enters into a teach-out agreement, either on its own or at the request of the agency, to submit that teach-out agreement for approval. The agency may approve the teach-out agreement

only if the agreement is between institutions that are accredited or preaccredited by a nationally recognized accrediting agency, is consistent with applicable standards and regulations, and provides for the equitable treatment of students by ensuring that—

(i) The teach-out institution has the necessary experience, resources, and support services to—

(A) Provide an educational program that is of acceptable quality and reasonably similar in content, structure, and scheduling to that provided by the institution that is ceasing operations either entirely or at one of its locations; and

(B) Remain stable, carry out its mission, and meet all obligations to existing students; and

(ii) The teach-out institution demonstrates that it can provide students access to the program and services without requiring them to move or travel substantial distances and that it will provide students with information about additional charges, if any.

(d) *Closed institution.* If an institution the agency accredits or preaccredits closes without a teach-out plan or agreement, the agency must work with the Department and the appropriate State agency, to the extent feasible, to assist students in finding reasonable opportunities to complete their education without additional charges.

(e) *Transfer of credit policies.* The accrediting agency must confirm, as part of its review for initial accreditation or preaccreditation, or renewal of accreditation, that the institution has transfer of credit policies that—

(1) Are publicly disclosed in accordance with § 668.43(a)(11); and

(2) Include a statement of the criteria established by the institution regarding the transfer of credit earned at another institution of higher education.

(f) *Credit-hour policies.* The accrediting agency, as part of its review of an institution for initial accreditation or preaccreditation or renewal of accreditation, must conduct an effective review and evaluation of the reliability and accuracy of the institution's assignment of credit hours.

(1) The accrediting agency meets this requirement if—

- (i) It reviews the institution's—
- (A) Policies and procedures for determining the credit hours, as defined in 34 CFR 600.2, that the institution awards for courses and programs; and
- (B) The application of the institution's policies and procedures to its programs and coursework; and
- (ii) Makes a reasonable determination of whether the institution's assignment of credit hours conforms to commonly accepted practice in higher education.
- (2) In reviewing and evaluating an institution's policies and procedures for determining credit hour assignments, an accrediting agency may use sampling or other methods in the evaluation, sufficient to comply with paragraph (f)(1)(i)(B) of this section.
- (3) The accrediting agency must take such actions that it deems appropriate to address any deficiencies that it identifies at an institution as part of its reviews and evaluations under paragraph (f)(1)(i) and (ii) of this section, as it does in relation to other deficiencies it may identify, subject to the requirements of this part.
- (4) If, following the institutional review process under this paragraph (f), the agency finds systemic noncompliance with the agency's policies or significant noncompliance regarding one or more programs at the institution, the agency must promptly notify the Secretary.

§ 602.25 Due process.

The agency must demonstrate that the procedures it uses throughout the accrediting process satisfy due process. The agency meets this requirement if the agency does the following:

- (a) Provides adequate written specification of its requirements, including clear standards, for an institution or program to be accredited or preaccredited.
- (b) Uses procedures that afford an institution or program a reasonable period of time to comply with the agen-

cy's requests for information and documents.

(c) Provides written specification of any deficiencies identified at the institution or program examined.

(d) Provides sufficient opportunity for a written response by an institution or program regarding any deficiencies identified by the agency, to be considered by the agency within a timeframe determined by the agency, and before any adverse action is taken.

(e) Notifies the institution or program in writing of any adverse accrediting action or an action to place the institution or program on probation or show cause. The notice describes the basis for the action.

(f) Provides an opportunity, upon written request of an institution or program, for the institution or program to appeal any adverse action prior to the action becoming final.

(1) The appeal must take place at a hearing before an appeals panel that—

(i) May not include current members of the agency's decision-making body that took the initial adverse action;

(ii) Is subject to a conflict of interest policy;

(iii) Does not serve only an advisory or procedural role, and has and uses the authority to make the following decisions: to affirm, amend, or reverse adverse actions of the original decision-making body; and

(iv) Affirms, amends, reverses, or remands the adverse action. A decision to affirm, amend, or reverse the adverse action is implemented by the appeals panel or by the original decision-making body, at the agency's option. In a decision to remand the adverse action to the original decision-making body for further consideration, the appeals panel must identify specific issues that the original decision-making body must address. In a decision that is implemented by or remanded to the original decision-making body, that body must act in a manner consistent with the appeals panel's decisions or instructions.

(2) The agency must recognize the right of the institution or program to employ counsel to represent the institution or program during its appeal, including to make any presentation that the agency permits the institution or

§ 602.26

34 CFR Ch. VI (7-1-18 Edition)

program to make on its own during the appeal.

(g) The agency notifies the institution or program in writing of the result of its appeal and the basis for that result.

(h)(1) The agency must provide for a process, in accordance with written procedures, through which an institution or program may, before the agency reaches a final adverse action decision, seek review of new financial information if all of the following conditions are met:

(i) The financial information was unavailable to the institution or program until after the decision subject to appeal was made.

(ii) The financial information is significant and bears materially on the financial deficiencies identified by the agency. The criteria of significance and materiality are determined by the agency.

(iii) The only remaining deficiency cited by the agency in support of a final adverse action decision is the institution's or program's failure to meet an agency standard pertaining to finances.

(2) An institution or program may seek the review of new financial information described in paragraph (h)(1) of this section only once and any determination by the agency made with respect to that review does not provide a basis for an appeal.
