If a Federal holiday falls on Monday through Wednesday of a particular week, the due date for report submission may be adjusted. Prior to the beginning of each calendar year, AMS shall release, to manufacturers that

are required to report, the times and dates that reports are due. For the applicable products, the report shall be submitted by electronic means specified by AMS and shall indicate the name, address, plant location(s), quantities sold, total sales dollars, dollars per pound, and the moisture content where applicable. Each sale shall be reported for the time period when the transaction is completed, i.e. the product is "shipped out" and title transfer occurs. Each sale shall be reported either f.o.b. plant if the product is "shipped out" from the plant or f.o.b. storage facility location if the product is "shipped out" from a storage facility. In calculating the total dollars received and dollars per pound, the reporting entity shall neither add transportation charges incurred at the time the product is "shipped out" or after the product is "shipped out" nor deduct transportation charges incurred before the product is "shipped out." In calculating the total dollars received and dollars per pound, the reporting entity shall not deduct brokerage fees or clearing charges paid by the manufacturer.
