

### Subpart C—Loan Performance and Valuation Assessment

#### § 621.6 Performance categories and other property owned.

Each institution shall employ the following practices with respect to categorizing high-risk loans and loan-related assets. No loan shall be put into more than one performance category. At a minimum, loans meeting the criteria for both nonaccrual and another performance category shall be classified as nonaccrual.

(a) *Nonaccrual loans.* A loan shall be considered nonaccrual if it meets any of the following conditions:

(1) Collection of any amount of outstanding principal and all past and future interest accruals, considered over the full term of the asset, is not expected;

(2) Any portion of the loan has been charged off, except in cases where the prior chargeoff was taken as part of a formal restructuring of the loan; or

(3) The loan is 90 days past due and is not both adequately secured and in process of collection.

(i) A loan is considered adequately secured only if:

(A) It is secured by real or personal property having a net realizable value sufficient to discharge the debt in full; or

(B) It is guaranteed by a financially responsible party in an amount sufficient to discharge the debt in full.

(ii) A loan is considered in process of collection only if collection efforts are proceeding in due course and, based on a probable and specific event, are expected to result in the prompt repayment of the debt or its restoration to current status. There must be documented evidence that collection in full of amounts due and unpaid is expected to occur within a reasonable time period, not to exceed 180 days from the date that payment was due. The commencement of collection efforts through legal action, including bankruptcy or foreclosure, or through collection efforts not involving legal action, including ongoing workouts and reamortizations, do not, in and of themselves, provide sufficient cause to keep a loan out of nonaccrual status. If full collection of the debt or its res-

toration to current status is dependent upon completion of any action by the borrower, the institution must obtain the borrower's written agreement to complete all such actions by the specific dates set forth in agreement.

(b) *Formally restructured loans.* A loan is considered formally restructured if it meets the "troubled debt restructuring" definition set forth in Financial Accounting Standards Board Accounting Standards Codification Subtopic 310—40, Receivables—Troubled Debt Restructurings by Creditors.

(c) *Loans 90 days past due still accruing interest.* (1) Loans 90 days past due still accruing interest means loans that are 90 days or more contractually past due, and that are both adequately secured and in process of collection, as described in this section.

(2) A loan shall be considered contractually past due when any principal repayment or interest payment required by the loan instrument is not received on or before the due date. A loan shall remain contractually past due until it is formally restructured or until the entire amount past due, including principal, accrued interest, and penalty interest incurred as the result of past due status, is collected or otherwise discharged in full.

(d) *Other property owned* means any real or personal property, other than an interest-earning asset, that has been acquired as a result of full or partial liquidation of a loan, through foreclosure, deed in lieu of foreclosure, or other means.

[58 FR 48786, Sept. 20, 1993, as amended at 78 FR 21037, Apr. 9, 2013]

#### § 621.7 Rule of aggregation.

(a) When one loan to a borrower is placed in nonaccrual, an institution must immediately evaluate whether its other loans to that borrower, or related borrowers, should also be placed in nonaccrual. All loans on which a borrowing entity, or a component of a borrowing entity, is primarily obligated to the reporting institution shall be considered as one loan unless a review of all pertinent facts supports a reasonable determination that a particular loan constitutes an independent credit risk and such determination is adequately documented in the loan file.

## § 621.8

(1) A loan shall be considered an independent credit risk if a substantial portion of the loan is guaranteed as to principal and interest by a government agency.

(2) Other loans shall be considered independent credit risks if and so long as:

(i) The primary sources of repayment are independent for each loan;

(ii) The loans are not cross-collateralized; and

(iii) The principal obligors are different person(s) and/or entity(ies). Related loans will not be considered independent credit risks if the operations of a related borrower are so financially interdependent with the borrower's operations that the economic survival of one will materially affect the economic survival of the other, determined in accordance with § 614.4359(a)(2) of this chapter.

(b) If the evaluation required by paragraph (a) of this section results in a determination that the borrower's other loans with the institution do not represent an independent credit risk, and full collection of such loans is not expected, then all of the borrower's loans must be aggregated and classified as nonaccrual. If such other loans represent an independent credit risk and are fully collectible, then they may remain in their current performance category.

(c) When an institution becomes aware that a borrower has a loan that has been classified nonaccrual by any other lender, the institution must reevaluate the credit risk in its loan to the borrower and then determine whether an independent credit risk exists.

[58 FR 48786, Sept. 20, 1993, as amended at 64 FR 34519, June 28, 1999]

### **§ 621.8 Application of payments and income recognition on nonaccrual loans.**

Each institution shall employ the following practices with respect to application of cash payments on nonaccrual loans:

(a) If the ultimate collectibility of the recorded investment, in whole or in part, is in doubt, any payment received on such loan shall be applied to reduce

## 12 CFR Ch. VI (1-1-19 Edition)

the recorded investment to the extent necessary to eliminate such doubt.

(b) Once the ultimate collectibility of the recorded investment is no longer in doubt, payments received in cash on such loan may qualify for recognition as interest income if all of the following characteristics are met at the time the payment is received:

(1) The loan does not have a remaining unrecovered prior chargeoff associated with it, except in cases where the prior chargeoff was taken as part of a formal restructuring of the loan;

(2) The payment received has come from a source of repayment detailed in the plan of collection;

(3) The loan, after considering the payment, is not contractually past due more than 90 days and is not expected to become 90 days past due, or a repayment pattern has been established that reasonably demonstrates future repayment capacity.

(c) The institution shall employ the following practices with respect to earned but uncollected interest income on loans, leases, contracts, and similar assets that are determined not to be fully collectible:

(1) Earned but uncollected interest income that was accrued in the current fiscal year and is determined to be uncollectible shall be reversed from interest income; and

(2) Earned but uncollected interest income that was accrued in prior fiscal years and is determined to be uncollectible shall be charged off against the allowance for loan losses.

### **§ 621.9 Reinstatement to accrual status.**

A loan may be reinstated to accrual status, when each of the following criteria are met:

(a) All contractual principal and interest due on the loan is paid and the loan is current;

(b) Prior chargeoffs are recovered, except for troubled debt restructures;

(c) No reasonable doubt remains regarding the willingness and ability of the borrower to perform in accordance with the contractual terms of the loan agreement; and

(d) Reinstatement is supported by a period of sustained performance in accordance with the contractual terms of

## Farm Credit Administration

## § 621.13

the note and/or loan agreement. Sustained performance will generally be demonstrated by 6 consecutive monthly payments, 4 consecutive quarterly payments, 3 consecutive semi-annual payments, or 2 consecutive annual payments.

### § 621.10 Monitoring of performance categories and other property owned.

(a) Each institution shall:

(1) Account for, report, and disclose to shareholders, investors, boards of directors, and the Farm Credit Administration all material items with respect to performance categories and other property owned in accordance with the rules and definitions set forth in this part and any other applicable requirements;

(2) In accordance with § 620.5(g)(1)(iv)(A) of this chapter, disclose to shareholders, investors, boards of directors, and the Farm Credit Administration the nature and extent of significant potential credit risks within the loan portfolio, or other information that could adversely impact performance of the loan portfolio in the near future;

(3) Develop, adopt, and consistently apply policies and procedures governing performance categories and other property owned, which, at a minimum, conform to the definitions, rules, and standards set forth in this part and such other requirements and procedures as may be required by the Farm Credit Administration;

(4) Review the loan portfolio at least quarterly to ensure that all high-risk loans have been assigned the appropriate performance category; and

(5) Review all high-risk loans in the loan portfolio at least quarterly to determine the collectibility of accrued but uncollected income, if any.

(b) Measures taken to enhance the collectibility of a loan shall not be deemed to relieve an institution of the requirement to monitor and evaluate the loan for the purpose of determining its performance status.

## Subpart D—Reports of Condition and Performance and Accounts and Exposures

### § 621.12 Reports of condition and performance.

(a) Each institution, including the Federal Agricultural Mortgage Corporation, shall prepare and file such reports of condition and performance as may be required by the Farm Credit Administration.

(b) Reports of condition and performance shall be filed four times each year, and at such other times as the Farm Credit Administration may require. The reports shall be prepared on the accrual basis of accounting and shall fairly represent the financial condition and performance of each institution at the end of, and over the period of, each calendar quarter, provided that such additional reports as may be necessary to ensure timely, complete, and accurate monitoring and evaluation of the affairs, condition, and performance of Farm Credit institutions may be required, as determined by the Chief Examiner, Farm Credit Administration.

(c) All reports of condition and performance shall be submitted electronically in accordance with the instructions prescribed by the Farm Credit Administration and located on its Web site.

[58 FR 48786, Sept. 20, 1993, as amended at 74 FR 28600, June 17, 2009]

### § 621.13 Content and standards—general rules.

Each institution, including the Federal Agricultural Mortgage Corporation, shall prepare reports of condition and performance:

(a) In accordance with all applicable laws, regulations, standards, and such instructions and specifications and on such media as may be prescribed by the Farm Credit Administration;

(b) In accordance with generally accepted accounting principles and such other accounting requirements, standards, and procedures as may be prescribed by the Farm Credit Administration; and
