(1) Incidental to, or arise out of the exercise of, other lawful banking powers;

(2) To serve a specific purpose;

(3) Not solicited from the general public;

(4) Not used to pay routine operating expenses in the United States such as salaries, rent, or taxes;

(o) *Immediate family member of an individual* means the spouse, father, mother, brother, sister, son, or daughter of that individual.

#### § 28.12 Approval of a Federal branch or agency.

(a) *Approval and licensing requirements*—(1) *General*. Except as otherwise provided in this section, a foreign bank shall submit an application to, and obtain prior approval from, the OCC before it:

(i) Establishes a Federal branch or agency; or

(ii) Exercises fiduciary powers at a Federal branch.

(2) *Licensing*. A foreign bank must receive a license from the OCC to open and operate its initial Federal branch or agency in the United States. A foreign bank that has a license to operate and is operating a full-service Federal branch need not obtain a new license for any additional Federal branches or agencies, or to upgrade or downgrade its operations in an existing Federal branch or agency. A foreign bank that only has a license to operate and is operating a limited Federal branch or Federal agency need not obtain a new license for any additional limited Federal branches or Federal agencies, or to convert a limited Federal branch into a Federal agency or a Federal agency into a limited Federal branch.

(b) *Standards for approval*. Generally, in reviewing an application by a foreign bank to establish a Federal branch or agency, the OCC considers:

(1) The financial and managerial resources and future prospects of the applicant foreign bank and the Federal branch or agency;

(2) Whether the foreign bank has furnished to the OCC the information the OCC requires to assess the application adequately, and provided the OCC with adequate assurances that information will be made available to the OCC on the operations or activities of the foreign bank or any of its affiliates that the OCC deems necessary to determine and enforce compliance with the IBA and other applicable Federal banking statutes;

(3) Whether the foreign bank and its United States affiliates are in compliance with applicable United States law;

(4) The convenience and needs of the community to be served and the effects of the proposal on competition in the domestic and foreign commerce of the United States;

(5) With respect to an application to establish a Federal branch or agency outside of the foreign bank's home state, whether the foreign bank is subject to comprehensive supervision or regulation on a consolidated basis by its home country supervisor. The OCC, in its discretion, also may consider whether the foreign bank is subject to comprehensive supervision or regulation on a consolidated basis by its home country supervisor when reviewing any other type of application to establish a Federal branch or agency; and

(6) Whether the home country supervisor has consented to the proposed establishment of the Federal branch or agency.

(c) *Comprehensive supervision or regulation on a consolidated basis.* In determining whether a foreign bank is subject to comprehensive supervision or regulation on a consolidated basis, the OCC reviews various factors, including whether the foreign bank is supervised or regulated in a manner so that its home country supervisor receives sufficient information on the worldwide operations of the foreign bank to assess the foreign bank's overall financial condition and compliance with laws and regulations as specified in the FRB's Regulation K, 12 CFR 211.24.

(d) *Conditions on approval.* The OCC may impose conditions on its approval including a condition permitting future termination of activities based on the inability of the foreign bank to provide information on its activities, or those

of its affiliate, that the OCC deems necessary to determine and enforce compliance with United States banking laws.

(e) *Expedited review.* Unless the OCC concludes that the filing presents significant supervisory or compliance concerns, or raises significant legal or policy issues, the OCC generally processes the following filings by an eligible foreign bank, as defined in paragraph (f) of this section, under expedited review procedures:

(1) *Intrastate relocations.* An application submitted by an eligible foreign bank to relocate a Federal branch or agency within a state is deemed approved by the OCC as of the seventh day after the close of the applicable public comment period in 12 CFR part 5, unless the OCC notifies the bank prior to that date that the filing is not eligible for expedited review.

(2) *Written notice for an additional intrastate Federal branch or agency.* (i) In a case where a foreign bank seeks to establish intrastate an additional Federal branch or agency, the foreign bank shall provide written notice 30 days in advance of the establishment of the intrastate Federal branch or agency.

(ii) The OCC may waive the 30-day period required under paragraph (e)(2)(i) of this section if immediate action is required. The OCC also may suspend the notice period or require an application if the notification raises significant policy or supervisory concerns.

(3) *Expedited approval procedures for an interstate Federal branch or agency.* An application submitted by an eligible foreign bank to establish and operate a de novo Federal branch or agency in any state outside the home state of the foreign bank is deemed conditionally approved by the OCC as of the 15th day after the close of the applicable public comment period, or the 45th day after the filing is received by the OCC, whichever is later, unless the OCC notifies the foreign bank prior to that date that the filing is not eligible for expedited review. In the event that the FRB has approved the application prior to the expiration of the period, then the OCC's approval shall be deemed a final approval.

(4) *Conversions.* An application submitted by an eligible foreign bank to

establish a Federal branch or agency as defined in 12 CFR 28.11(f)(4) or (f)(6) is deemed approved by the OCC as of the 30th day after the OCC receives the filing, unless the OCC notifies the foreign bank prior to that date that the filing is not eligible for expedited review.

(5) *Fiduciary powers.* An application submitted by an eligible foreign bank to exercise fiduciary powers at an established Federal branch is deemed approved by the OCC 30 days after filing with the OCC, unless the OCC notifies the bank prior to that date that the filing is not eligible for expedited review.

(6) *Other filings.* Any other application submitted by an eligible foreign bank may be approved by the OCC on an expedited basis as described in the Manual.

(f) *Eligible foreign bank.* For purposes of this section, a foreign bank is an eligible foreign bank if each Federal branch and agency of the foreign bank or, if the foreign bank has no Federal branches or agencies and is engaging in an establishment of a Federal branch or agency as defined in 12 CFR 28.11(f)(4), each state branch and agency:

(1) Has a composite rating of 1 or 2 under the interagency rating system for United States branches and agencies of foreign banks;

(2) Is not subject to a cease and desist order, consent order, formal written agreement, Prompt Corrective Action directive (see 12 CFR part 6) or, if subject to such order, agreement, or directive, is informed in writing by the OCC that the Federal branch or agency may be treated as an “eligible foreign bank” for purposes of this section; and

(3) Has, if applicable, a Community Reinvestment Act (CRA), 12 U.S.C. 2906, rating of “Outstanding” or “Satisfactory”.

(g) *After-the-fact approval.* Unless otherwise provided by the OCC, a foreign bank proposing to establish a Federal branch or agency through the acquisition of, or merger or consolidation with, a foreign bank that has an office in the United States, may proceed with the transaction before an application to establish the Federal branch or agency has been filed or acted upon, if the applicant:

(1) Gives the OCC reasonable advance notice of the proposed acquisition, merger, or consolidation;

(2) Prior to consummation of the acquisition, merger, or consolidation, commits in writing to comply with the OCC application procedures within a reasonable period of time, or has already submitted an application; and

(3) Commits in writing to abide by the OCC’s decision on the application, including a decision to terminate activities of the Federal branch or agency.

(h) *After-the-fact notice for an eligible foreign bank.* Unless otherwise provided by the OCC, a foreign bank proposing to establish a Federal branch or agency through the acquisition of, or merger or consolidation with, a foreign bank that has an existing U.S. bank subsidiary or a Federal or state branch or agency may proceed with the transaction and provide after-the-fact notice to the OCC within 14 days of the transaction, if:

(1) The resulting bank is an “eligible foreign bank” under paragraph (f) of this section; and

(2) No Federal branch established by the transaction accepts deposits that are insured by the FDIC pursuant to the Federal Deposit Insurance Act (12 U.S.C. 1811 *et seq.*).

(i) *Contraction of operations.* A foreign bank shall provide written notice to the OCC within 10 days after converting a Federal branch into a limited Federal branch or Federal agency.

(j) *Procedures for approval.* A foreign bank shall file an application for approval pursuant to this section in accordance with 12 CFR part 5 and the Manual. The OCC reserves the right to adopt materially different procedures for a particular filing, or class of filings, pursuant to 12 CFR 5.2(b).

(k) *Other applications accepted.* As provided in 12 CFR 5.4(c), the OCC may accept an application or other filing submitted to another U.S. Government agency that covers the proposed activity or transaction and contains substantially the same information as required by the OCC.

[61 FR 19532, May 2, 1996, as amended at 68 FR 70699, Dec. 19, 2003; 73 FR 22251, Apr. 24, 2008]

## § 28.13

### § 28.13 Permissible activities.

(a) *Applicability of laws*—(1) *General*. Except as otherwise provided by the IBA, other Federal laws or regulations, or otherwise determined by the OCC, the operations of a foreign bank at a Federal branch or agency shall be conducted with the same rights and privileges and subject to the same duties, restrictions, penalties, liabilities, conditions, and limitations that would apply if the Federal branch or agency were a national bank operating at the same location.

(2) *Parent foreign bank senior management approval*. Unless otherwise provided by the OCC, any provision in law, regulation, policy, or procedure that requires a national bank to obtain the approval of its board of directors will be deemed to require a Federal branch or agency to obtain the approval of parent foreign bank senior management.

(b) *Management of shell branches*—(1) *Federal branches and agencies*. A Federal branch or agency of a foreign bank shall not manage, through an office of the foreign bank that is located outside the United States and that is managed or controlled by that Federal branch or agency, any type of activity that a United States bank is not permitted to manage at any branch or subsidiary of the United States bank that is located outside the United States.

(2) *Activities managed in foreign branches or subsidiaries of United States banks*. The types of activities referred to in paragraph (b)(1) of this section include the types of activities authorized to a United States bank by state or Federal charters, regulations issued by chartering or regulatory authorities, and other United States banking laws. However, United States procedural or quantitative requirements that may be applicable to the conduct of those activities by United States banks do not apply.

(c) *Additional guidance regarding permissible activities*. For purposes of section 7(h) of the IBA, 12 U.S.C. 3105(h), the OCC may issue opinions, interpretations, or rulings regarding permissible activities of Federal branches.

## 12 CFR Ch. I (1–1–20 Edition)

### § 28.14 Limitations based upon capital of a foreign bank.

(a) *General*. Any limitation or restriction based upon the capital of a national bank shall be deemed to refer, as applied to a Federal branch or agency, to the dollar equivalent of the capital of the foreign bank.

(b) *Calculation*. Unless otherwise provided by the OCC, a foreign bank must calculate its capital in a manner consistent with 12 CFR part 3, subpart C, for purposes of this section.

(c) *Aggregation*. The foreign bank shall aggregate business transacted by all Federal branches and agencies with the business transacted by all state branches and state agencies controlled by the foreign bank in determining its compliance with limitations based upon the capital of the foreign bank. The foreign bank shall designate one Federal branch or agency office in the United States to maintain consolidated information so that the OCC can monitor compliance.

[61 FR 19532, May 2, 1996, as amended at 79 FR 11312, Feb. 28, 2014]

### § 28.15 Capital equivalency deposits.

(a) *Capital equivalency deposits*—(1) *General*. For purposes of section 4(g) of the IBA, 12 U.S.C. 3102(g), unless otherwise provided by the OCC, a foreign bank's capital equivalency deposits (CED) must consist of:

(i) Investment securities eligible for investment by national banks;

(ii) United States dollar deposits payable in the United States or payable in any other Group of Ten country;

(iii) Certificates of deposit, payable in the United States, and banker's acceptances, provided that, in either case, the issuer has an adequate capacity to meet financial commitments for the projected life of the asset or exposure. An issuer has an adequate capacity to meet financial commitments if the risk of default by the obligor is low and the full and timely repayment of principal and interest is expected;

(iv) Repurchase agreements; or

(v) Other similar assets permitted by the OCC to qualify to be included in the CED.

(2) *Legal requirements*. The agreement with the depository bank to hold the

CED and the amount of the deposit must comply with the requirements in section 4(g) of the IBA, 12 U.S.C. 3102(g). If a foreign bank has more than one Federal branch or agency in a state, it shall determine the CED and the amount of liabilities requiring capital equivalency coverage on an aggregate basis for all the foreign bank's Federal branches or agencies in that state.

(3) *Exceptions.* In determining the amount of the CED, the OCC excludes liabilities of an international banking facility (IBF) to third parties and of a Federal branch of a foreign bank to an IBF. The OCC may exclude liabilities from repurchase agreements on a case-by-case basis.

(b) *Increase in capital equivalency deposits.* For prudential or supervisory reasons, the OCC may require, in individual cases or otherwise, that a foreign bank increase its CED above the minimum amount. For example, the OCC may require an increase if a Federal branch or agency of the foreign bank increases its leverage through the establishment, acquisition, or maintenance of an operating subsidiary.

(c) *Value of assets.* The obligations referred to in paragraph (a) of this section must be valued at principal amount or market value, whichever is lower.

(d) *Deposit arrangements.* A foreign bank should require its depository bank to segregate its CED on the depository bank's books and records. The funds deposited and obligations referred to in paragraph (a) of this section that are placed in safekeeping at a depository bank to satisfy a foreign bank's CED requirement:

(1) May not be reduced in value below the minimum required for that branch or agency without the prior approval of the OCC, but in no event below the statutory minimum;

(2) Must be maintained pursuant to an agreement prescribed by the OCC that shall be a written agreement entered into with the OCC for purposes of section 8 of the Federal Deposit Insurance Act, 12 U.S.C. 1818; and

(3) Must be free from any lien, charge, right of setoff, credit, or preference in connection with any claim of

the depository bank against the foreign bank.

(e)(1) *Deposit and Consolidation.* As provided in 12 U.S.C. 3102(g), a foreign bank with a Federal branch or agency shall deposit its CED into an account in a bank that is located in the state in which the Federal branch or agency is located. For this purpose, such depository bank is considered to be located in those states in which it has its main office or a branch. A foreign bank with Federal branches or agencies in more than one state may consolidate some or all of its CEDs into one such account.

(2) *Calculation.* The total amount of the consolidated CED shall continue to be calculated on an office-by-office basis.

(f) *Maintenance of capital equivalency ledger account.* Each Federal branch or agency shall maintain a capital equivalency account and keep records of the amount of liabilities requiring capital equivalency coverage in a manner and form prescribed by the OCC.

[61 FR 60363, Nov. 27, 1996, as amended at 66 FR 49098, Sept. 26, 2001; 67 FR 4326, Jan. 30, 2002; 67 FR 41620, June 19, 2002; 68 FR 70700, Dec. 19, 2003; 77 FR 35258, June 13, 2012]

#### § 28.16 Deposit-taking by an uninsured Federal branch.

(a) *Policy.* In carrying out this section, the OCC shall consider the importance of according foreign banks competitive opportunities equal to those of United States banks and the availability of credit to all sectors of the United States economy, including international trade finance.

(b) *General.* An uninsured Federal branch may accept initial deposits of less than the standard maximum deposit insurance amount as defined in 12 U.S.C. 1821(a)(1)(E) only from:

(1) Individuals who are not citizens or residents of the United States at the time of the initial deposit;

(2) Individuals who are not citizens of the United States, but are residents of the United States, and are employed by a foreign bank, foreign business, foreign government, or recognized international organization;

(3) Persons (including immediate family members of an individual) to

whom the branch or foreign bank (including any affiliate thereof) has extended credit or provided other non-deposit banking services within the past 12 months, or with whom the branch or foreign bank has a written agreement to extend credit or provide such services within 12 months after the date of the initial deposit;

(4) Foreign businesses and large United States businesses;

(5) Foreign governmental units, including political subdivisions, and recognized international organizations;

(6) Federal and state governmental units, including political subdivisions and agencies thereof;

(7) Persons who are depositing funds in connection with the issuance of a financial instrument by the branch for transmission of funds, or transmission of funds by any electronic means;

(8) Persons who may deposit funds with an Edge corporation as provided in the FRB's Regulation K, 12 CFR 211.6, including persons engaged in certain international business activities; and

(9) Any other depositor if:

(i) The aggregate amount of deposits received from those depositors does not exceed, on an average daily basis, 1 percent of the average of the branch's deposits for the last 30 days of the most recent calendar quarter, excluding deposits of other offices, branches, agencies, or wholly owned subsidiaries of the foreign bank; and

(ii) The branch does not solicit deposits from the general public by advertising, display of signs, or similar activity designed to attract the attention of the general public.

(c) *Application for an exemption.* A foreign bank may apply to the OCC for an exemption to permit an uninsured Federal branch to accept or maintain deposit accounts that are not listed in paragraph (b) of this section. The request should describe:

(1) The types, sources, and estimated amounts of such deposits and explain why the OCC should grant an exemption; and

(2) How the exemption maintains and furthers the policies described in paragraph (a) of this section.

(d) *Aggregation of deposits.* For purposes of paragraph (b)(9) of this sec-

tion, a foreign bank that has more than one Federal branch in the same state may aggregate deposits in all of its Federal branches in that state, but exclude deposits of other branches, agencies or wholly owned subsidiaries of the bank. The Federal branch shall compute the average amount by using the sum of deposits as of the close of business of the last 30 calendar days ending with and including the last day of the calendar quarter, divided by 30. The Federal branch shall maintain records of the calculation until its next examination by the OCC.

(e) *Notification to depositors.* A Federal branch that accepts deposits pursuant to this section shall provide notice to depositors pursuant to 12 CFR 346.207, which generally requires that the Federal branch conspicuously display a sign at the branch and include a statement on each signature card, passbook, and instrument evidencing a deposit that the deposit is not insured by the Federal Deposit Insurance Corporation (FDIC).

(f) *Transition period.* (1) An uninsured Federal branch may maintain a deposit lawfully accepted under the exemptions existing prior to July 1, 1996 if the deposit would qualify for an exemption under paragraph (b) of this section, except for the fact that the deposit was made before July 1, 1996.

(2) If a deposit lawfully accepted under the exemption existing prior to July 1, 1996 would not qualify for an exemption under paragraph (b) or (c) of this section, the uninsured Federal branch must terminate the deposit no later than:

(i) In the case of time deposits, the maturity of a time deposit or October 1, 1996, whichever is longer; or

(ii) In the case of all other deposits, five years after July 1, 1996.

(g) *Insured banks in United States territories.* For purposes of this section, the term "foreign bank" does not include any bank organized under the laws of any territory of the United States, Puerto Rico, Guam, American Samoa, or the Virgin Islands whose deposits are insured by the FDIC pursuant to

(b) *Regulatory reports filed with other agencies.* A foreign bank operating a Federal branch or agency in the United States shall provide the OCC with a copy of reports filed with other Federal regulatory agencies that are designated in guidance issued by the OCC.

(c) *Maintenance of accounts, books, and records.* (1) Each Federal branch or agency shall maintain a set of accounts and records reflecting its transactions that are separate from those of the foreign bank and any other branch or agency. The Federal branch or agency shall keep a set of accounts and records in English sufficient to permit the OCC to examine the condition of the Federal branch or agency and its compliance with applicable laws and regulations. The Federal branch or agency shall promptly provide any additional records requested by the OCC for examination or supervisory purposes.

(2) A foreign bank with more than one Federal branch or agency in a state shall designate one of those offices to maintain consolidated asset, liability, and capital equivalency accounts for

This enforcement authority is in addition to any other remedies otherwise provided by the IBA or any other law.

### § 28.20 Maintenance of assets.

(a) *General rule.* (1) For prudential, supervisory, or enforcement reasons, the OCC may require a foreign bank to hold certain assets in the state in which its Federal branch or agency is located. Those assets may only consist of currency, bonds, notes, debentures, drafts, bills of exchange, or other evidence of indebtedness including loan participation agreements or certificates, or other obligations payable in the United States or in United States funds or, with the approval of the OCC, funds freely convertible into United States funds.

(2) If the OCC requires asset maintenance, the amount of assets held by a foreign bank shall be prescribed by the OCC after consideration of the aggregate amount of liabilities of the Federal branch or agency, payable at or through the Federal branch or agency. To determine the aggregate amount of liabilities for purposes of this section, the foreign bank shall include bankers' acceptances, but exclude liabilities to

the head office and any other branches, offices, agencies, subsidiaries, and affiliates of the foreign bank.

(b) *Valuation.* For the purposes of this section, marketable securities must be valued at principal amount or market value, whichever is lower.

(2) Any classified asset;

(3) Any asset that, in the determination of the OCC, is not supported by sufficient credit information;

(4) Any deposit with a bank in the United States, unless that bank has executed a valid waiver of offset agreement;

(5) Any asset not in the Federal branch's actual possession unless the branch holds title to the asset and maintains records sufficient to enable independent verification of the branch's ownership of the asset, as determined at the most recent examination; and

(6) Any other particular asset or class of assets as provided by the OCC, based on a case-by-case assessment of the risks associated with the asset.

(e) *International banking facility.* Unless specifically exempted by the OCC, the eligible assets and liabilities of any international banking facility operated through the Federal branch or agency must be included in the computation of eligible assets and liabilities for purposes of this section.

(3) *Expedited procedure.* The OCC may act without providing an opportunity for a hearing if it determines that expeditious action is necessary in order to protect the public interest. When the OCC finds that it is necessary to act without providing an opportunity for a hearing, the OCC in its sole discretion, may:

(i) Provide the Federal branch or agency with notice of the intended termination order;

(ii) Grant the Federal branch or agency an opportunity to present a written submission opposing issuance of the order; or

(iii) Take any other action designed to provide the Federal branch or agency with notice and an opportunity to present its views concerning the termination order.

[61 FR 19532, May 2, 1996, as amended at 73 FR 22251, Apr. 24, 2008]

### § 28.51 Definitions.

For the purposes of this subpart:

(a) *Banking institution* means a national bank.

(b) *Federal banking agencies* means the OCC, the FRB, and the FDIC.

(c) *International assets* means those assets required to be included in banking institutions' *Country Exposure Report* forms (FFIEC 009).

(d) *International loan* means a loan as defined in the instructions to the *Report of Condition and Income* for the respective banking institution (FFIEC 031, 032, 033 and 034) and made to a foreign government, or to an individual, a corporation, or other entity not a citizen of, resident in, or organized or incorporated in the United States.

(e) *Restructured international loan* means a loan that meets the following criteria:

(1) The borrower is unable to service the existing loan according to its terms and is a resident of a foreign country in which there is a generalized inability of public and private sector obligors to meet their external debt obligations on a timely basis because of a lack of, or restraints on the availability of, needed foreign exchange in the country; and

(2) The terms of the existing loan are amended to reduce stated interest or extend the schedule of payments; or

(3) A new loan is made to, or for the benefit of, the borrower, enabling the borrower to service or refinance the existing debt.

(f) *Transfer risk* means the possibility that an asset cannot be serviced in the currency of payment because of a lack of, or restraints on the availability of,

needed foreign exchange in the country of the obligor.

[61 FR 19532, May 2, 1996, as amended at 63 FR 57048, Oct. 26, 1998; 73 FR 22251, Apr. 24, 2008]

### § 28.52 Allocated transfer risk reserve.

(a) *Establishment of allocated transfer risk reserve.* A banking institution shall establish an allocated transfer risk reserve (ATRR) for specified international assets when required by the OCC in accordance with this section.

(b) *Procedures and standards—(1) Joint agency determination.* At least annually, the Federal banking agencies shall determine jointly, based on the standards set forth in paragraph (b)(2) of this section, the following:

(i) Which international assets subject to transfer risk warrant establishment of an ATRR;

(ii) The amount of the ATRR for the specified assets; and

(iii) Whether an ATRR established for specified assets may be reduced.

(2) *Standards for requiring ATRR—(i) Evaluation of assets.* The Federal banking agencies shall apply the following criteria in determining whether an ATRR is required for particular international assets:

(A) Whether the quality of a banking institution's assets has been impaired by a protracted inability of public or private obligors in a foreign country to make payments on their external indebtedness as indicated by such factors, among others, as whether:

(1) Such obligors have failed to make full interest payments on external indebtedness;

(2) Such obligors have failed to comply with the terms of any restructured indebtedness; or

(3) A foreign country has failed to comply with any International Monetary Fund or other suitable adjustment program; or

(B) Whether no definite prospects exist for the orderly restoration of debt service.

(ii) *Determination of amount of ATRR.* (A) In determining the amount of the ATRR, the Federal banking agencies shall consider:

(1) The length of time the quality of the asset has been impaired;

(2) Recent actions taken to restore debt service capability;

(3) Prospects for restored asset quality; and

(4) Such other factors as the Federal banking agencies may consider relevant to the quality of the asset.

(B) The initial year's provision for the ATRR shall be 10 percent of the principal amount of each specified international asset, or such greater or lesser percentage determined by the Federal banking agencies. Additional provision, if any, for the ATRR in subsequent years shall be 15 percent of the principal amount of each specified international asset, or such greater or lesser percentage determined by the Federal banking agencies.

(3) *Notification.* Based on the joint agency determinations under paragraph (b)(1) of this section, the OCC shall notify each banking institution holding assets subject to an ATRR:

(i) Of the amount of the ATRR to be established by the institution for specified international assets; and

(ii) That an ATRR to be established for specified assets may be reduced.

(c) *Accounting treatment of ATRR—(1) Charge to current income.* A banking institution shall establish an ATRR by a charge to current income and the amounts so charged shall not be included in the banking institution's capital or surplus.

(2) *Separate accounting.* A banking institution shall account for an ATRR separately from the Allowance for Possible Loan Losses, and shall deduct the ATRR from "gross loans and leases" to arrive at "net loans and leases." The ATRR must be established for each asset subject to the ATRR in the percentage amount specified.

(3) *Consolidation.* A banking institution shall establish an ATRR, as required, on a consolidated basis. Consolidation should be in accordance with the procedures and tests of significance set forth in the instructions for preparation of *Consolidated Reports of Condition and Income* (FFIEC 031, 032, 033 and 034). For bank holding companies, the consolidation shall be in accordance with the principles set forth in the "Instructions to the Bank Holding Company Financial Supplement to Report F.R. Y-6" (Form F.R. Y-9). Edge

corporations and Agreement corporations engaged in banking shall report in accordance with instructions for preparation of the Report of Condition for Edge corporations and Agreement corporations (Form F.R. 2886b).

(4) *Alternative accounting treatment.* A banking institution need not establish an ATRR if it writes down in the period in which the ATRR is required, or has written down in prior periods, the value of the specified international assets in the requisite amount for each such asset. For purposes of this paragraph, international assets may be written down by a charge to the Allowance for Possible Loan Losses or a reduction in the principal amount of the asset by application of interest payments or other collections on the asset. However, the Allowance for Possible Loan Losses must be replenished in such amount necessary to restore it to a level which adequately provides for the estimated losses inherent in the banking institution's loan portfolio.

(5) *Reduction of ATRR.* A banking institution may reduce an ATRR when notified by the OCC or, at any time, by writing down such amount of the international asset for which the ATRR was established.

#### § 28.53 Accounting for fees on international loans.

(a) *Restrictions on fees for restructured international loans.* No banking institution shall charge, in connection with the restructuring of an international loan, any fee exceeding the administrative costs of the restructuring unless it amortizes the amount of the fee exceeding the administrative cost over the effective life of the loan.

(b) *Accounting treatment.* Subject to paragraph (a) of this section, a banking institution is to account for fees in accordance with generally accepted accounting principles.

[63 FR 57048, Oct. 26, 1998]

#### § 28.54 Reporting and disclosure of international assets.

(a) *Requirements.* (1) Pursuant to section 907(a) of the International Lending Supervision Act of 1983 (title IX, Pub. L. 98-181, 97 Stat. 1153, 12 U.S.C. 3906)

(ILSA) a banking institution shall submit to the OCC, at least quarterly, information regarding the amounts and composition of its holdings of international assets.

(2) Pursuant to section 907(b) of ILSA (12 U.S.C. 3906), a banking institution shall submit to the OCC information regarding concentrations in its holdings of international assets that are material in relation to total assets and to capital of the institution, such information to be made publicly available by the OCC on request.

(b) *Procedures.* The format, content, and reporting and filing dates of the reports required under paragraph (a) of this section shall be determined jointly by the Federal banking agencies. The requirements to be prescribed by the agencies may include changes to existing reporting forms (such as the Country Exposure Report, FFIEC 009) or such other requirements as the agencies deem appropriate. The agencies also may determine to exempt from the requirements of paragraph (a) of this section banking institutions that, in the agencies' judgment, have *de minimis* holdings of international assets.

(c) *Reservation of authority.* Nothing contained in this part shall preclude the OCC from requiring from a banking institution such additional or more frequent information on the institution's holdings of international assets as the OCC may consider necessary.
