and management of a commercial enterprise, and where they arise from:

(i) The potential change in the value of assets which a person owns, produces, manufactures, processes, or merchandises or anticipates owning, producing, manufacturing, processing, or merchandising,

(ii) The potential change in the value of liabilities which a person owns or anticipates incurring, or

(iii) The potential change in the value of services which a person provides, purchases, or anticipates providing or purchasing.

(iv) Notwithstanding the foregoing, no transactions or positions shall be classified as bona fide hedging unless their purpose is to offset price risks incidental to commercial cash or spot operations and such positions are established and liquidated in an orderly manner in accordance with sound commercial practices and, for transactions or positions on contract markets subject to trading and position limits in effect pursuant to section 4a of the Act, unless the provisions of paragraphs (2) and (3) of this definition have been satisfied.

(iii) Offsetting sales and purchases in any agreement, contract or transaction in an excluded commodity on a designated contract market or swap execution facility that is a trading facility which do not exceed in quantity that amount of the same cash commodity which has been bought and sold by the same person at unfixed prices basis different delivery months of the contract market, provided that no such position is maintained in any agreement, contract or transaction during the five last trading days.

(iv) Purchases or sales by an agent who does not own or has not contracted to sell or purchase the offsetting cash commodity at a fixed price, provided that the agent is responsible for the merchandising of the cash position that is being offset, and the agent has a contractual arrangement with the person who owns the commodity or has the cash market commitment being offset.

(v) Sales and purchases described in paragraphs (2)(i) through (iv) of this definition may also be offset other than by the same quantity of the same cash commodity, provided that the fluctuations in value of the position for in any agreement, contract or transaction are substantially related to the fluctuations in value of the actual or anticipated cash position, and provided that the positions in any agreement, contract or transaction shall not be maintained during the five last trading days.

Introducing broker. This term means:

(1) Any person who, for compensation or profit, whether direct or indirect:

(i) Is engaged in soliciting or in accepting orders (other than in a clerical capacity) for the purchase or sale of any commodity for future delivery, security futures product, or swap; any agreement, contract or transaction described in section 2(c)(2)(C)(i) or section 2(c)(2)(D)(i) of the Act; any commodity option transaction authorized under section 4c; or any leverage transaction authorized under section 19; or who is registered with the Commission as an introducing broker; and

In the case of a long leverage transaction, profit or loss accruing to a leverage customer is the difference between the leverage transaction merchant's current bid price for the leverage contract and the ask price of the leverage contract when entered into. In the case of a short leverage transaction, profit or loss accruing to a leverage customer is the difference between the bid price of the leverage contract when entered into and the leverage transaction merchant's current ask price for the leverage contract.

Leverage transaction merchant. This term means and includes any individual, association, partnership, corporation, trust or other person that is engaged in the business of offering to enter into, entering into or confirming the execution of leverage contracts, or soliciting or accepting orders for leverage contracts, and who accepts leverage customer funds (or extends credit in lieu thereof) in connection therewith.

Major swap participant—(1) *In general.* The term *major swap participant* means any person:

(i) That is not a swap dealer; and
 (ii)(A) That maintains a substantial position in swaps for any of the major swap categories, excluding both positions held for hedging or mitigating commercial risk, and positions maintained by any employee benefit plan (or any contract held by such a plan) as defined in paragraphs (3) and (32) of section 3 of the Employee Retirement Income Security Act of 1974, 29 U.S.C. 1002, for the primary purpose of hedging or mitigating any risk directly associated with the operation of the plan;

(B) Whose outstanding swaps create substantial counterparty exposure that could have serious adverse effects on the financial stability of the United States banking system or financial markets; or

(C) That is a financial entity that:

(1) Is highly leveraged relative to the amount of capital such entity holds and that is not subject to capital requirements established by an appropriate Federal banking agency (as defined in section 1a(2) of the Act, 7 U.S.C. 1a(2)); and

(2) Maintains a substantial position in outstanding swaps in any major swap category.

(2) *Scope of designation.* A person that is a major swap participant shall be deemed to be a major swap participant with respect to each swap it enters into, regardless of the category of the swap or the person's activities in connection with the swap. However, if a person makes an application to limit its designation as a major swap participant to specified categories of swaps, the Commission shall determine whether the person's designation as a major swap participant shall be so limited. If the Commission grants such limited designation, such limited designation major swap participant shall be deemed to be a major swap participant with respect to each swap it enters into in the swap category or categories for which it is so designated, regardless of the person's activities in connection with such category or categories of swaps. A person may make such application to limit its designation at the same time as, or after, the person's initial registration as a major swap participant.

(3) *Timing requirements.* A person that is not registered as a major swap participant, but that meets the criteria in this rule to be a major swap participant as a result of its swap activities in a fiscal quarter, will not be deemed to be a major swap participant until the earlier of the date on which it submits a complete application for registration as a major swap participant pursuant to section 4s(a)(2) of the Act, 7 U.S.C. 6s(a)(2), or two months after the end of that quarter.

(4) *Reevaluation period.* Notwithstanding paragraph (3) of this definition, if a person that is not registered as a major swap participant meets the criteria in this rule to be a major swap participant in a fiscal quarter, but does not exceed any applicable threshold by

more than twenty percent in that quarter:

(i) That person will not be deemed a major swap participant pursuant to the timing requirements specified in paragraph (3) of this definition; but

(ii) That person will be deemed a major swap participant pursuant to the timing requirements specified in paragraph (3) of this definition at the end of the next fiscal quarter if the person exceeds any of the applicable daily average thresholds in that next fiscal quarter.

(5) *Termination of status.* A person that is deemed to be a major swap participant shall continue to be deemed a major swap participant until such time that its swap activities do not exceed any of the daily average thresholds set forth within this rule for four consecutive fiscal quarters after the date on which the person becomes registered as a major swap participant.

(6) *Calculation of status.* A person shall not be deemed to be a “major swap participant,” regardless of whether the criteria in paragraph (1) of this definition otherwise would cause the person to be a major swap participant, provided the person meets the conditions set forth in paragraphs (6)(i), (ii) or (iii) of this definition.

(i) *Caps on uncollateralized exposure and notional positions—(A) Maximum potential uncollateralized exposure.* The express terms of the person’s agreements or arrangements relating to swaps with its counterparties at no time would permit the person to maintain a total uncollateralized exposure of more than \$100 million to all such counterparties, including any exposure that may result from thresholds or minimum transfer amounts established by credit support annexes or similar arrangements; and

(B) *Maximum notional amount of swap positions.* The person does not maintain swap positions in a notional amount of more than \$2 billion in any major category of swaps, or more than \$4 billion in the aggregate across all major categories; or

(ii) *Caps on uncollateralized exposure plus monthly calculation—(A) Maximum potential uncollateralized exposure.* The express terms of the person’s agreements or arrangements relating to swaps with its counterparties at no

time would permit the person to maintain a total uncollateralized exposure of more than \$200 million to all such counterparties (with regard to swaps and any other instruments by which the person may have exposure to those counterparties), including any exposure that may result from thresholds or minimum transfer amounts established by credit support annexes or similar arrangements; and

(B) *Calculation of positions.* (1) At the end of each month, the person performs the calculations prescribed by the definition in this section of *substantial position* with regard to whether the aggregate uncollateralized outward exposure plus aggregate potential outward exposure as of that day constitute a “substantial position” in a major category of swaps, or pose “substantial counterparty exposure that could have serious adverse effects on the financial stability of the United States banking system or financial markets”; these calculations shall disregard provisions of those rules that provide for the analyses to be determined based on a daily average over a calendar quarter; and

(2) Each such analysis produces thresholds of no more than:

(i) \$1 billion in aggregate uncollateralized outward exposure plus aggregate potential outward exposure in any major category of swaps; if the person is subject to the definition in this section of *substantial position*, by virtue of being a highly leveraged financial entity that is not subject to capital requirements established by an appropriate Federal banking agency, this analysis shall account for all of the person’s swap positions in that major category (without excluding hedging positions), otherwise this analysis shall exclude the same hedging and related positions that are excluded from consideration pursuant to paragraph (1)(i) of the definition in this section of *substantial position*; or

(ii) \$2 billion in aggregate uncollateralized outward exposure plus aggregate potential outward exposure (without any positions excluded from the analysis) with regard to all of the person’s swap positions.

(iii) *Calculations based on certain information.* (A)(1) At the end of each month, the person’s aggregate

uncollateralized outward exposure with respect to its swap positions in each major swap category is less than \$1.5 billion with respect to the rate swap category and less than \$500 million with respect to each of the other major swap categories; and

(2) At the end of each month, the sum of the amount calculated under paragraph (6)(iii)(A)(1) of this definition with respect to each major swap category and the total notional principal amount of the person's swap positions in each such major swap category, adjusted by the multipliers set forth in paragraph (3)(ii)(1) of the definition in this section of *substantial position* on a position-by-position basis reflecting the type of swap, is less than \$3 billion with respect to the rate swap category and less than \$1 billion with respect to each of the other major swap categories; or

(B)(1) At the end of each month, the person's aggregate uncollateralized outward exposure with respect to its swap positions across all major swap categories is less than \$500 million; and

(2) The sum of the amount calculated under paragraph (6)(iii)(B)(1) of this definition and the product of the total effective notional principal amount of the person's swap positions in all major swap categories multiplied by 0.15 is less than \$1 billion.

(C) For purposes of the calculations set forth in this paragraph (6)(iii) of the major swap participant definition:

(1) The person's aggregate uncollateralized outward exposure for positions held with swap dealers shall be equal to such exposure reported on the most recent reports of such exposure received from such swap dealers; and

(2) The person's aggregate uncollateralized outward exposure for positions that are not reflected in any report of exposure from a swap dealer (including all swap positions it holds with persons other than swap dealers) shall be calculated in accordance with paragraph (2) of the definition in this section of *substantial position*.

(iv) For purposes of the calculations set forth in paragraph (6) of this definition, the person shall use the effective notional amount of a position rather than the stated notional amount of the

position if the stated notional amount is leveraged or enhanced by the structure of the position.

(v) No presumption shall arise that a person is required to perform the calculations needed to determine if it is a major swap participant, solely by reason that the person does not meet the conditions specified in paragraph (6)(i), (ii) or (iii) of this definition.

(7) *Exclusions*. A person who is registered as a derivatives clearing organization with the Commission pursuant to section 5b of the Act and regulations thereunder, shall not be deemed to be a major swap participant, regardless of whether the criteria in this definition otherwise would cause the person to be a major swap participant.

Margin call. This term means a request from a futures commission merchant to a customer to post customer initial margin; or a request by a derivatives clearing organization to a clearing member to post clearing initial margin or variation margin.

Meaning of "issuers of securities in a narrow-based security index" as used in the definition of "security-based swap" as applied to index credit default swaps. (1) Notwithstanding paragraph (1) of the definition in this section of *narrow-based security index* as used in the definition of *security-based swap*, and solely for purposes of determining whether a credit default swap is a security-based swap under the definition of "security-based swap" in section 3(a)(68)(A)(ii)(III) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(68)(A)(ii)(III)), as incorporated in section 1a(42) of the Commodity Exchange Act, the term *issuers of securities in a narrow-based security index* means issuers of securities included in an index (including an index referencing loan borrowers or loans of such borrowers) in which:

(i)(A) There are nine or fewer non-affiliated issuers of securities that are reference entities included in the index, provided that an issuer of securities shall not be deemed a reference entity included in the index for purposes of this definition unless:

(1) A credit event with respect to such reference entity would result in a payment by the credit protection seller to the credit protection buyer under

§ 1.3

17 CFR Ch. I (4–1–20 Edition)

the credit default swap based on the related notional amount allocated to such reference entity; or

(2) The fact of such credit event or the calculation in accordance with paragraph (1)(i)(A)(I) of this definition of the amount owed with respect to such credit event is taken into account in determining whether to make any future payments under the credit default swap with respect to any future credit events;

(B) The effective notional amount allocated to any reference entity included in the index comprises more than 30 percent of the index's weighting;

(C) The effective notional amount allocated to any five non-affiliated reference entities included in the index comprises more than 60 percent of the index's weighting; or

(D) Except as provided in paragraph (2) of this definition, for each reference entity included in the index, none of the criteria in paragraphs (1)(i)(D)(I) through (8) of this definition is satisfied:

(4) The reference entity included in the index (other than a reference entity included in the index that is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77)) has outstanding notes, bonds, debentures, loans, or evidences of indebtedness (other than revolving credit facilities) having a total remaining principal amount of at least \$1 billion;

(5) The reference entity included in the index is the issuer of an exempted security as defined in section 3(a)(12) of the Securities Exchange Act of 1934 (15

U.S.C. 78c(a)(12)) (other than any municipal security as defined in section 3(a)(29) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(29)));

(6) The reference entity included in the index is a government of a foreign country or a political subdivision of a foreign country;

(7) If the reference entity included in the index is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77)), such asset-backed security was issued in a transaction registered under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) and has publicly available distribution reports; and

(8) For a credit default swap entered into solely between eligible contract participants as defined in section 1a(18) of the Commodity Exchange Act:

(i) The reference entity included in the index (other than a reference entity included in the index that is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77)) makes available to the public or otherwise makes available to such eligible contract participant information about the reference entity included in the index pursuant to rule 144A(d)(4) under the Securities Act of 1933 (17 CFR 230.144A(d)(4));

(ii) Financial information about the reference entity included in the index (other than a reference entity included in the index that is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77)) is otherwise publicly available; or

(ii)(A) The index is not composed solely of reference entities that are

issuers of exempted securities as defined in section 3(a)(12) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(12)), as in effect on the date of enactment of the Futures Trading Act of 1982 (other than any municipal security as defined in section 3(a)(29) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(29))), as in effect on the date of enactment of the Futures Trading Act of 1982; and

(2) Paragraph (1)(i)(D) of this definition will not apply with respect to a reference entity included in the index if:

(i) The effective notional amounts allocated to such reference entity comprise less than five percent of the index's weighting; and

(ii) The effective notional amounts allocated to reference entities included in the index that satisfy paragraph (1)(i)(D) of this definition comprise at least 80 percent of the index's weighting.

(3) For purposes of this definition:

(i) A reference entity included in the index is affiliated with another reference entity included in the index (for purposes of paragraph (3)(iv) of this definition) or another entity (for purposes of paragraph (3)(v) of this definition) if it controls, is controlled by, or is under common control with, that other reference entity included in the index or other entity, as applicable; provided that each reference entity included in the index that is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77)) will not be considered affiliated with any other reference entity

included in the index or any other entity that is an issuing entity of an asset-backed security.

(1) Notwithstanding paragraph (1) of the definition in this section of narrow-based security index as used in the definition of “security-based swap,” and solely for purposes of determining whether a credit default swap is a security-based swap under the definition of “security-based swap” in section 3(a)(68)(A)(ii)(I) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(68)(A)(ii)(I)), as incorporated in section 1a(42) of the Commodity Exchange Act, the term narrow-based security index means an index in which:

(2) The fact of such credit event or the calculation in accordance with paragraph (1)(i)(A)(1) of this definition of the amount owed with respect to such credit event is taken into account in determining whether to make any future payments under the credit default swap with respect to any future credit events;

(B) The effective notional amount allocated to the securities of any issuer included in the index comprises more than 30 percent of the index’s weighting;

(C) The effective notional amount allocated to the securities of any five non-affiliated issuers included in the index comprises more than 60 percent of the index’s weighting; or

Substantial counterparty exposure—(1) In general. For purposes of section 1a(33) of the Act, 7 U.S.C. 1a(33), and the definition in this section of *major swap participant*, the term *substantial counterparty exposure that could have serious adverse effects on the financial stability of the United States banking system or financial markets* means a swap position that satisfies either of the following thresholds:

- (i) \$5 billion in daily average aggregate uncollateralized outward exposure; or
- (ii) \$8 billion in:

- (A) Daily average aggregate uncollateralized outward exposure plus

- (B) Daily average aggregate potential outward exposure.

(2) *Calculation methodology.* For these purposes, the terms *daily average aggregate uncollateralized outward exposure* and *daily average aggregate potential outward exposure* shall be calculated the same way as is prescribed in the definition in this section of *substantial position*, except that these amounts shall be calculated by reference to all of the person's swap positions, rather than by reference to a specific major swap category.

Substantial position—(1) In general. For purposes of section 1a(33) of the Act, 7 U.S.C. 1a(33), and the definition in this section of *major swap participant*, the term "substantial position" means swap positions that equal or exceed any of the following thresholds in the specified major category of swaps:

- (i) For rate swaps:

- (B) \$2 billion in:

- (1) Daily average aggregate uncollateralized outward exposure plus

§ 1.3

17 CFR Ch. I (4–1–20 Edition)

(2) Daily average aggregate potential outward exposure.

(2) *Aggregate uncollateralized outward exposure*—(i) *In general.* *Aggregate uncollateralized outward exposure* in general means the sum of the current exposure, obtained by marking-to-market using industry standard practices, of each of the person’s swap positions with negative value in a major swap category, less the value of the collateral the person has posted in connection with those positions.

(ii) *Calculation of aggregate uncollateralized outward exposure.* In calculating this amount the person shall, with respect to each of its swap counterparties in a given major swap category, determine the dollar value of the aggregate current exposure arising from each of its swap positions with negative value (subject to the netting provisions described below) in that major category by marking-to-market using industry standard practices; and deduct from that dollar amount the aggregate value of the collateral the person has posted with respect to the swap positions. The aggregate uncollateralized outward exposure shall be the sum of those uncollateralized amounts across all of the person’s swap counterparties in the applicable major category.

(iii) *Relevance of netting agreements.* (A) If the person has one or more mas-

ter netting agreement in effect with a particular counterparty, the person may measure the current exposure arising from its swaps in any major category on a net basis, applying the terms of those agreements. Calculation of net current exposure may take into account offsetting positions entered into with that particular counterparty involving swaps (in any swap category) as well as security-based swaps and securities financing transactions (consisting of securities lending and borrowing, securities margin lending and repurchase and reverse repurchase agreements), and other financial instruments that are subject to netting offsets for purposes of applicable bankruptcy law, to the extent these are consistent with the offsets permitted by the master netting agreements.

(B) Such adjustments may not take into account any offset associated with positions that the person has with separate counterparties.

(iv) *Allocation of uncollateralized outward exposure.* If a person calculates current exposure with a particular counterparty on a net basis, as provided by paragraph (2)(iii) of this definition, the portion of that current exposure that should be attributed to each “major” category of swaps for purposes of the substantial position analysis should be calculated according to the formula:

$$ES(MC)_{\square} = E_{net\ total}_{\square} \cdot \frac{OTM_{S(MC)}}{OTM_{S(MC)} + OTM_{S(O)} + OTM_{non-S}}$$

Where:

$E_{S(MC)}$ equals the amount of aggregate current exposure attributable to the entity’s swap positions in the “major” swap category at issue; $E_{net\ total}$ equals the entity’s aggregate current exposure to the counterparty at issue, after accounting for the netting of positions and the posting of collateral; $OTM_{S(MC)}$ equals the exposure associated with the entity’s out-of-the-money positions in swaps in the “major” category at issue, subject to those netting arrangements; and $OTM_{S(O)}$ equals the exposure associated with the entity’s out-of-the-money positions in the other “major” categories of swaps, subject to those netting arrangements; and OTM_{non-S} equals the exposure associ-

ated with the entity’s out-of-the-money positions associated with instruments, other than swaps, that are subject to those netting arrangements.

(3) *Aggregate potential outward exposure*—(i) *In general.* Aggregate potential outward exposure in any major swap category means the sum of:

(A) The aggregate potential outward exposure for each of the person’s swap positions in a major swap category that are not subject to daily mark-to-market margining and are not cleared by a registered or exempt clearing agency or derivatives clearing organization, as calculated in accordance

Commodity Futures Trading Commission

§ 1.3

with paragraph (3)(ii) of this definition; and

(B) The aggregate potential outward exposure for each of the person’s swap positions in such major swap category that are either subject to daily mark-to-market margining or are cleared by a registered or exempt clearing agency or derivatives clearing organization, as calculated in accordance with paragraph (3)(iii) of this definition.

(ii) *Calculation of potential outward exposure for swaps that are not subject to daily mark-to-market margining and are not cleared by a registered or exempt clearing agency or derivatives clearing organization—(A) In general. (1)* For positions in swaps that are not subject to daily mark-to-market margining and

are not cleared by a registered or exempt clearing agency or a derivatives clearing organization, potential outward exposure equals the total notional principal amount of those positions, multiplied by the following factors on a position-by-position basis reflecting the type of swap. For any swap that does not appropriately fall within any of the specified categories, the “other commodities” conversion factors set forth in the following Table 1 are to be used. If a swap is structured such that on specified dates any outstanding exposure is settled and the terms are reset so that the market value of the swap is zero, the remaining maturity equals the time until the next reset date.

TABLE 1—CONVERSION FACTOR MATRIX FOR SWAPS

Residual maturity	Interest rate	Foreign exchange rate and gold	Precious metals (except gold)	Other commodities
One year or less	0.00	0.01	0.07	0.10
Over one to five years	0.005	0.05	0.07	0.12
Over five years	0.015	0.075	0.08	0.15
Residual maturity	Credit		Equity	
One year or less	0.10		0.06	
Over one to five years	0.10		0.08	
Over five years	0.10		0.10	

(2) *Use of effective notional amounts.* If the stated notional amount on a position is leveraged or enhanced by the structure of the position, the calculation in paragraph (3)(ii)(A)(1) of this definition shall be based on the effective notional amount of the position rather than on the stated notional amount.

(3) *Exclusion of certain positions.* The calculation in paragraph (3)(ii)(A)(1) of this definition shall exclude:

(i) Positions that constitute the purchase of an option, if the purchaser has no additional payment obligations under the position;

(ii) Other positions for which the person has prepaid or otherwise satisfied all of its payment obligations; and

(iii) Positions for which, pursuant to law or a regulatory requirement, the person has assigned an amount of cash

or U.S. Treasury securities that is sufficient at all times to pay the person’s maximum possible liability under the position, and the person may not use that cash or those Treasury securities for other purposes.

(4) *Adjustment for certain positions.* Notwithstanding paragraph (3)(ii)(A)(1) of this definition, the potential outward exposure associated with a position by which a person buys credit protection using a credit default swap or index credit default swap, or associated with a position by which a person purchases an option for which the person retains additional payment obligations under the position, is capped at the net present value of the unpaid premiums.

(B) *Adjustment for netting agreements.* Notwithstanding paragraph (3)(ii)(A) of this definition, for positions subject to

master netting agreements the potential outward exposure associated with the person's swaps with each counterparty equals a weighted average of the potential outward exposure for the person's swaps with that counterparty as calculated under paragraph (3)(ii)(A) of this definition, and that amount reduced by the ratio of net current exposure to gross current exposure, consistent with the following equation as calculated on a counterparty-by-counterparty basis:

$$P_{\text{Net}} = 0.4 * P_{\text{Gross}} + 0.6 * NGR * P_{\text{Gross}}$$

Where:

P_{Net} is the potential outward exposure, adjusted for bilateral netting, of the person's swaps with a particular counterparty; P_{Gross} is the potential outward exposure without adjustment for bilateral netting as calculated pursuant to paragraph (3)(ii)(A) of this definition; and NGR is the ratio of the current exposure arising from its swaps in the major category as calculated on a net basis according to paragraphs (2)(iii) and (iv) of this definition, divided by the current exposure arising from its swaps in the major category as calculated in the absence of those netting procedures.

(iii) *Calculation of potential outward exposure for swaps that are either subject to daily mark-to-market margining or are cleared by a registered or exempt clearing agency or derivatives clearing organization.* For positions in swaps that are subject to daily mark-to-market margining or that are cleared by a registered or exempt clearing agency or derivatives clearing organization:

(A) Potential outward exposure equals the potential exposure that would be attributed to such positions using the procedures in paragraph (3)(ii) of this definition multiplied by:

(1) 0.1, in the case of positions cleared by a registered or exempt clearing agency or derivatives clearing organization; or

(2) 0.2, in the case of positions that are subject to daily mark-to-market margining but that are not cleared by a registered or exempt clearing agency or derivatives clearing organization.

(B) Solely for purposes of calculating potential outward exposure:

(1) A swap shall be considered to be subject to daily mark-to-market margining if, and for so long as, the counterparties follow the daily prac-

tice of exchanging collateral to reflect changes in the current exposure arising from the swap (after taking into account any other financial positions addressed by a netting agreement between the counterparties).

(2) If the person is permitted by agreement to maintain a threshold for which it is not required to post collateral, the position still will be considered to be subject to daily mark-to-market margining for purposes of calculating potential outward exposure, but the total amount of that threshold (regardless of the actual exposure at any time), less any initial margin posted up to the amount of that threshold, shall be added to the person's aggregate uncollateralized outward exposure for purposes of paragraph (1)(i)(B), (ii)(B), (iii)(B) or (iv)(B) of this definition, as applicable.

(3) If the minimum transfer amount under the agreement is in excess of \$1 million, the position still will be considered to be subject to daily mark-to-market margining for purposes of calculating potential outward exposure, but the entirety of the minimum transfer amount shall be added to the person's aggregate uncollateralized outward exposure for purposes of paragraph (1)(i)(B), (ii)(B), (iii)(B) or (iv)(B) of this definition, as applicable.

(4) A person may, at its discretion, calculate the potential outward exposure of positions in swaps that are subject to daily mark-to-market margining in accordance with paragraph (3)(ii) of this definition in lieu of calculating the potential outward exposure of such swap positions in accordance with paragraph (3)(iii) of this definition.

(4) *Calculation of daily average.* Measures of daily average aggregate uncollateralized outward exposure and daily average aggregate potential outward exposure shall equal the arithmetic mean of the applicable measure of exposure at the close of each business day, beginning the first business day of each calendar quarter and continuing through the last business day of that quarter.

(5) *Inter-affiliate activities.* In calculating its aggregate uncollateralized outward exposure and its aggregate potential outward exposure, the person

shall not consider its swap positions with counterparties that are majority-owned affiliates. For these purposes the counterparties to a swap are majority-owned affiliates if one counterparty directly or indirectly owns a majority interest in the other, or if a third party directly or indirectly owns a majority interest in both counterparties to the swap, where “majority interest” is the right to vote or direct the vote of a majority of a class of voting securities of an entity, the power to sell or direct the sale of a majority of a class of voting securities of an entity, or the right to receive upon dissolution or the contribution of a majority of the capital of a partnership.

(2) Requires that loss to occur and to be proved, and that any payment or indemnification therefor be limited to the value of the insurable interest;

(C) Is provided in accordance with the conditions set forth in paragraph (4)(i)(B) of this definition and is one of the following types of products:

(1) Surety bond;

(2) Fidelity bond;

(5) *State*. For purposes of paragraph (4) of this definition, the term *State* means any state of the United States, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, or any other possession of the United States.

(6) *Anti-Evasion*. (i) An agreement, contract, or transaction that is willfully structured to evade any provision of Subtitle A of the Wall Street Transparency and Accountability Act of 2010, including any amendments made to the Commodity Exchange Act thereby (Subtitle A), shall be deemed a swap for purposes of Subtitle A and the rules, regulations, and orders of the Commission promulgated thereunder.

(ii) An interest rate swap or currency swap, including but not limited to a transaction identified in paragraph (3)(v) of this definition, that is willfully structured as a foreign exchange forward or foreign exchange swap to evade any provision of Subtitle A shall be deemed a swap for purposes of Subtitle A and the rules, regulations, and orders of the Commission promulgated thereunder.

(iii) An agreement, contract, or transaction of a bank that is not under the regulatory jurisdiction of an appropriate Federal banking agency (as defined in section 1a(2) of the Commodity Exchange Act), where the agreement, contract, or transaction is willfully structured as an identified banking product (as defined in section 402 of the Legal Certainty for Bank Products Act of 2000) to evade the provisions of the Commodity Exchange Act, shall be deemed a swap for purposes of the Commodity Exchange Act and the rules, regulations, and orders of the Commission promulgated thereunder.

(iv) The form, label, and written documentation of an agreement, contract, or transaction shall not be dispositive in determining whether the agreement, contract, or transaction has been willfully structured to evade as provided in paragraphs (6)(i) through (6)(iii) of this definition.

(v) An agreement, contract, or transaction that has been willfully structured to evade as provided in paragraphs (6)(i) through (6)(iii) of this definition shall be considered in determining whether a person that so willfully structured to evade is a swap dealer or major swap participant.

(vi) Notwithstanding the foregoing, no agreement, contract, or transaction structured as a security (including a security-based swap) under the securities laws (as defined in section 3(a)(47) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(47))) shall be deemed a swap pursuant to this paragraph (6) or shall be considered for purposes of paragraph (6)(v) of this definition.

Swap data repository. This term means any person that collects and maintains information or records with respect to transactions or positions in, or the terms and conditions of, swaps entered into by third parties for the purpose of providing a centralized recordkeeping facility for swaps.

Swap dealer. (1) *In general.* The term *swap dealer* means any person who:

(i) Holds itself out as a dealer in swaps;

(ii) Makes a market in swaps;

(iii) Regularly enters into swaps with counterparties as an ordinary course of business for its own account; or

(iv) Engages in any activity causing it to be commonly known in the trade as a dealer or market maker in swaps.

(2) *Exception.* The term *swap dealer* does not include a person that enters into swaps for such person's own account, either individually or in a fiduciary capacity, but not as a part of regular business.

(3) *Scope of designation.* A person who is a swap dealer shall be deemed to be a swap dealer with respect to each swap it enters into, regardless of the category of the swap or the person's activities in connection with the swap. However, if a person makes an application to limit its designation as a swap dealer to specified categories of swaps or specified activities of the person in connection with swaps, the Commission shall determine whether the person's designation as a swap dealer shall be so limited. If the Commission grants such limited designation, such limited designation swap dealer shall be deemed to be a swap dealer with respect to each swap it enters into in the swap category or categories for which it is so designated, regardless of the person's activities in connection with such category or categories of swaps. A person may make such application to limit the categories of swaps or activities of the person that are subject to its swap dealer designation at the same time as, or after, the person's initial registration as a swap dealer.

(4) *De minimis exception—(i)(A) In general.* Except as provided in paragraph (4)(vi) of this definition, a person that is not currently registered as a swap dealer shall be deemed not to be a swap dealer as a result of its swap dealing activity involving counterparties, so long as the swaps connected with those dealing activities into which the person—or any other entity controlling, controlled by or under common control with the person—enters over the course of the immediately preceding 12 months have an aggregate gross notional amount of no more than \$8 billion, and an aggregate gross notional amount of no more than \$25 million with regard to swaps in which the counterparty is a “special entity” (as that term is defined in section 4s(h)(2)(C) of the Act, 7 U.S.C.

§ 1.3

17 CFR Ch. I (4–1–20 Edition)

6s(h)(2)(C), and § 23.401(c) of this chapter), except as provided in paragraph (4)(i)(B) of this definition. For purposes of this definition, if the stated notional amount of a swap is leveraged or enhanced by the structure of the swap, the calculation shall be based on the effective notional amount of the swap rather than on the stated notional amount.

(B) *Utility special entities.* (1) Solely for purposes of determining whether a person's swap dealing activity has exceeded the \$25 million aggregate gross notional amount threshold set forth in paragraph (4)(i)(A) of this definition for swaps in which the counterparty is a special entity, a person may exclude *utility operations-related swaps* in which the counterparty is a *utility special entity*.

(2) For purposes of this paragraph (4)(i)(B), a *utility special entity* is a special entity, as that term is defined in section 4s(h)(2)(C) of the Act, 7 U.S.C. 6s(h)(2)(C), and 23.401(c) of this chapter, that:

(i) Owns or operates electric or natural gas facilities, electric or natural gas operations or anticipated electric or natural gas facilities or operations;

(ii) Supplies natural gas or electric energy to other utility special entities;

(iii) Has public service obligations or anticipated public service obligations under Federal, State or local law or regulation to deliver electric energy or natural gas service to utility customers; or

(iv) Is a Federal power marketing agency as defined in section 3 of the Federal Power Act, 16 U.S.C. 796(19).

(3) For purposes of this paragraph (4)(i)(B), a *utility operations-related swap* is a swap that meets the following conditions:

(i) A party to the swap is a utility special entity;

(ii) A utility special entity is using the swap to hedge or mitigate commercial risk as defined in § 50.50(c) of this chapter;

(iii) The swap is related to an exempt commodity, as that term is defined in section 1a(20) of the Act, 7 U.S.C. 1a(20), or to an agricultural commodity insofar as such agricultural commodity is used for fuel for generation of electricity or is otherwise used in the nor-

mal operations of the utility special entity; and

(iv) The swap is an electric energy or natural gas swap, or the swap is associated with: The generation, production, purchase or sale of natural gas or electric energy, the supply of natural gas or electric energy to a utility special entity, or the delivery of natural gas or electric energy service to customers of a utility special entity; fuel supply for the facilities or operations of a utility special entity; compliance with an electric system reliability obligation; or compliance with an energy, energy efficiency, conservation, or renewable energy or environmental statute, regulation, or government order applicable to a utility special entity.

(4) A person seeking to rely on the exclusion in paragraph (4)(i)(B)(1) of this definition may rely on the written representations of the utility special entity that it is a utility special entity and that the swap is a utility operations-related swap, as such terms are defined in paragraphs (4)(i)(B)(2) and (3) of this definition, respectively, unless it has information that would cause a reasonable person to question the accuracy of the representation. The person must keep such representation in accordance with § 1.31.

(C) *Insured depository institution swaps in connection with originating loans to customers.* Solely for purposes of determining whether an insured depository institution has exceeded the \$8 billion aggregate gross notional amount threshold set forth in paragraph (4)(i)(A) of this definition, an insured depository institution may exclude swaps entered into by the insured depository institution with a customer in connection with originating a loan to that customer, subject to the requirements of paragraphs (4)(i)(C)(1) through (6) of this definition.

(1) *Timing of execution of swap.* The insured depository institution enters into the swap with the customer no earlier than 90 days before execution of the applicable loan agreement, or no earlier than 90 days before transfer of principal to the customer by the insured depository institution pursuant to the loan, unless an executed commitment or forward agreement for the

applicable loan exists, in which event the 90 day restriction does not apply;

(2) *Relationship of swap to loan.* (i) The rate, asset, liability or other term underlying such swap is, or is related to, a financial term of such loan, which includes, without limitation, the loan's duration, rate of interest, the currency or currencies in which it is made and its principal amount; or

(ii) Such swap is permissible under the insured depository institution's loan underwriting criteria and is commercially appropriate in order to hedge risks incidental to the borrower's business (other than for risks associated with an excluded commodity) that may affect the borrower's ability to repay the loan;

(3) *Duration of swap.* The duration of the swap does not extend beyond termination of the loan;

(4) *Level of funding of loan.* (i) The insured depository institution is committed to be, under the terms of the agreements related to the loan, the source of at least five percent of the maximum principal amount under the loan; or

(ii) If the insured depository institution is committed to be, under the terms of the agreements related to the loan, the source of less than five percent of the maximum principal amount under the loan, then the aggregate notional amount of all swaps entered by the insured depository institution with the customer in connection with the financial terms of the loan cannot exceed the principal amount of the insured depository institution's loan;

(5) The swap is considered to have been entered into in connection with originating a loan with a customer if the insured depository institution:

(i) Directly transfers the loan amount to the customer;

(ii) Is a part of a syndicate of lenders that is the source of the loan amount that is transferred to the customer;

(iii) Purchases or receives a participation in the loan; or

(iv) Under the terms of the agreements related to the loan, is, or is intended to be, the source of funds for the loan; and

(6) The loan to which the swap relates shall not include:

(i) Any transaction that is a sham, whether or not intended to qualify for the exception from the *de minimis* threshold in this definition; or

(ii) Any synthetic loan.

(ii) [Reserved]

(iii) *Registration period for persons that can no longer take advantage of the exception.* A person that has not registered as a swap dealer by virtue of satisfying the requirements of this paragraph (4) of the definition of swap dealer, but that no longer can take advantage of that *de minimis* exception, will be deemed not to be a swap dealer until the earlier of the date on which it submits a complete application for registration pursuant to section 4s(b) of the Act, 7 U.S.C. 6s(b), or two months after the end of the month in which that person becomes no longer able to take advantage of the exception.

(iv) *Applicability to registered swap dealers.* A person who currently is registered as a swap dealer may apply to withdraw that registration, while continuing to engage in swap dealing activity in reliance on this section, so long as that person has been registered as a swap dealer for at least 12 months and satisfies the conditions of paragraph (4)(i) of this definition.

(v) *Future adjustments to scope of the de minimis exception.* The Commission may by rule or regulation change the requirements of the *de minimis* exception described in paragraphs (4)(i) through (iv) of this definition.

(vi) *Voluntary registration.* Notwithstanding paragraph (4)(i) of this definition, a person that chooses to register with the Commission as a swap dealer shall be deemed to be a swap dealer.

(5) *Insured depository institution swaps in connection with originating loans to customers.* Swaps entered into by an insured depository institution with a customer in connection with originating a loan with that customer shall not be considered in determining whether the insured depository institution is a swap dealer.

(i) An insured depository institution shall be considered to have entered into a swap with a customer in connection with originating a loan, as defined in paragraphs (5)(ii) and (iii) of this definition, with that customer only if:

§ 1.3

17 CFR Ch. I (4–1–20 Edition)

(A) The insured depository institution enters into the swap with the customer no earlier than 90 days before and no later than 180 days after the date of execution of the applicable loan agreement, or no earlier than 90 days before and no later than 180 days after any transfer of principal to the customer by the insured depository institution pursuant to the loan;

(B)(1) The rate, asset, liability or other notional item underlying such swap is, or is directly related to, a financial term of such loan, which includes, without limitation, the loan's duration, rate of interest, the currency or currencies in which it is made and its principal amount;

(2) Such swap is required, as a condition of the loan under the insured depository institution's loan underwriting criteria, to be in place in order to hedge price risks incidental to the borrower's business and arising from potential changes in the price of a commodity (other than an excluded commodity);

(C) The duration of the swap does not extend beyond termination of the loan;

(D) The insured depository institution is:

(1) The sole source of funds to the customer under the loan;

(2) Committed to be, under the terms of the agreements related to the loan, the source of at least 10 percent of the maximum principal amount under the loan; or

(3) Committed to be, under the terms of the agreements related to the loan, the source of a principal amount that is greater than or equal to the aggregate notional amount of all swaps entered into by the insured depository institution with the customer in connection with the financial terms of the loan;

(E) The aggregate notional amount of all swaps entered into by the customer in connection with the financial terms of the loan is, at any time, not more than the aggregate principal amount outstanding under the loan at that time; and

(F) If the swap is not accepted for clearing by a derivatives clearing organization, the insured depository institution reports the swap as required by section 4r of the Act, 7 U.S.C. 6r (ex-

cept as otherwise provided in section 4r(a)(3)(A), 7 U.S.C. 6r(a)(3)(A), or section 4r(a)(3)(B), 7 U.S.C. 6r(a)(3)(B) of the Act).

(ii) An insured depository institution shall be considered to have originated a loan with a customer if the insured depository institution:

(A) Directly transfers the loan amount to the customer;

(B) Is a part of a syndicate of lenders that is the source of the loan amount that is transferred to the customer;

(C) Purchases or receives a participation in the loan; or

(D) Otherwise is the source of funds that are transferred to the customer pursuant to the loan or any refinancing of the loan.

(iii) The term loan shall not include:

(A) Any transaction that is a sham, whether or not intended to qualify for the exclusion from the definition of the term *swap dealer* in this rule; or

(B) Any synthetic loan, including, without limitation, a loan credit default swap or loan total return swap.

(6) *Swaps that are not considered in determining whether a person is a swap dealer*—(i) *Inter-affiliate activities*. In determining whether a person is a swap dealer, that person's swaps with majority-owned affiliates shall not be considered. For these purposes the counterparties to a swap are majority-owned affiliates if one counterparty directly or indirectly owns a majority interest in the other, or if a third party directly or indirectly owns a majority interest in both counterparties to the swap, where *majority interest* is the right to vote or direct the vote of a majority of a class of voting securities of an entity, the power to sell or direct the sale of a majority of a class of voting securities of an entity, or the right to receive upon dissolution or the contribution of a majority of the capital of a partnership.

(ii) *Activities of a cooperative*. (A) Any swap that is entered into by a cooperative with a member of such cooperative shall not be considered in determining whether the cooperative is a swap dealer, provided that:

(1) The swap is subject to policies and procedures of the cooperative requiring that the cooperative monitors and manages the risk of such swap;

Commodity Futures Trading Commission

§ 1.3

(2) The cooperative reports the swap as required by section 4r of the Act, 7 U.S.C. 6r (except as otherwise provided in section 4r(a)(3)(A) of the Act, 7 U.S.C. 6r(a)(3)(A) or section 4r(a)(3)(B) of the Act, 7 U.S.C. 6r(a)(3)(B)); and

(3) If the cooperative is a cooperative association of producers, the swap is primarily based on a commodity that is not an excluded commodity.

(B) For purposes of this paragraph (6)(ii) of this definition, the term *cooperative* shall mean:

(1) A cooperative association of producers as defined in section 1a(14) of the Act, 7 U.S.C. 1a(14), or

(2) A person chartered under Federal law as a cooperative and predominantly engaged in activities that are financial in nature as defined in section 4(k) of the Bank Holding Company Act of 1956, 12 U.S.C. 1843(k).

(C) For purposes of this paragraph (6)(ii) of this definition, a swap shall be deemed to be entered into by a cooperative association of producers with a member of such cooperative association of producers when the swap is between a cooperative association of producers and a person that is a member of a cooperative association of producers that is itself a member of the first cooperative association of producers.

(iii) *Swaps entered into for the purpose of hedging physical positions.* In determining whether a person is a swap dealer, a swap that the person enters into shall not be considered, if:

(A) The person enters into the swap for the purpose of offsetting or mitigating the person's price risks that arise from the potential change in the value of one or several—

(1) Assets that the person owns, produces, manufactures, processes, or merchandises or anticipates owning, producing, manufacturing, processing, or merchandising;

(2) Liabilities that the person owns or anticipates incurring; or

(3) Services that the person provides, purchases, or anticipates providing or purchasing;

(B) The swap represents a substitute for transactions made or to be made or positions taken or to be taken by the person at a later time in a physical marketing channel;

(C) The swap is economically appropriate to the reduction of the person's risks in the conduct and management of a commercial enterprise;

(D) The swap is entered into in accordance with sound commercial practices; and

(E) The person does not enter into the swap in connection with activity structured to evade designation as a swap dealer.

(iv) *Swaps entered into by floor traders.* In determining whether a person is a swap dealer, each swap that the person enters into in its capacity as a floor trader as defined by section 1a(23) of the Act or on or subject to the rules of a swap execution facility shall not be considered for the purpose of determining whether the person is a swap dealer if the person:

(A) Is registered with the Commission as a floor trader pursuant to § 3.11 of this chapter;

(B) Enters into swaps with proprietary funds for that trader's own account solely on or subject to the rules of a designated contract market or swap execution facility and submits each such swap for clearing to a derivatives clearing organization;

(C) Is not an affiliated person of a registered swap dealer;

(D) Does not directly, or through an affiliated person, negotiate the terms of swap agreements, other than price and quantity or to participate in a request for quote process subject to the rules of a designated contract market or a swap execution facility;

(E) Does not directly or through an affiliated person offer or provide swap clearing services to third parties;

(F) Does not directly or through an affiliated person enter into swaps that would qualify as hedging physical positions pursuant to paragraph (6)(iii) of this definition or *hedging or mitigating commercial risk* as defined in § 1.3 (except for any such swap executed opposite a counterparty for which the transaction would qualify as a bona fide hedging transaction);

(G) Does not participate in any market making program offered by a designated contract market or swap execution facility; and

§ 1.4

17 CFR Ch. I (4–1–20 Edition)

(H) Notwithstanding the fact such person is not registered as a swap dealer, such person complies with §§ 23.201, 23.202, 23.203, and 23.600 of this chapter with respect to each such swap as if it were a swap dealer.

Swap execution facility. This term means a trading system or platform in which multiple participants have the ability to execute or trade swaps by accepting bids and offers made by multiple participants in the facility or system, through any means of interstate commerce, including any trading facility, that—

(1) Facilitates the execution of swaps between persons; and

(2) Is not a designated contract market.

Trading facility. This term has the meaning set forth in section 1a(51) of the Act.

Variation margin. This term means a payment made by a party to a futures, option, or swap to cover the current exposure arising from changes in the market value of the position since the trade was executed or the previous time the position was marked to market.

§ 1.4 Electronic signatures, acknowledgments and verifications.

(b) *Regulation of bilateral uncleared mixed swaps entered into by dually-registered dealers or major participants.* A mixed swap that is neither executed on nor subject to the rules of a designated contract market, national securities exchange, swap execution facility, security-based swap execution facility, or foreign board of trade; that will not be submitted to a derivatives clearing organization or registered or exempt clearing agency to be cleared; and where at least one party is registered with the Commission as a swap dealer or major swap participant and also with the Securities and Exchange Commission as a security-based swap dealer or major security-based swap participant, shall be subject to:

(1) The following provisions of the Commodity Exchange Act, and the

rules and regulations promulgated thereunder:

(i) Examinations and information sharing: sections 4s(f) and 8 of the Commodity Exchange Act;

(ii) Enforcement: sections 2(a)(1)(B), 4(b), 4c, 4s(h)(1)(A), 4s(h)(4)(A), 6(c), 6(d), 6c, 6d, 9, 13(a), 13(b), and 23 of the Commodity Exchange Act;

(c) *Process for determining regulatory treatment for other mixed swaps*—(1) *In general.* Any person who desires or intends to list, trade, or clear a mixed swap (or class thereof) that is not subject to paragraph (b) of this section may request the Commission and the Securities and Exchange Commission to issue a joint order permitting the requesting person (and any other person or persons that subsequently lists, trades, or clears that mixed swap) to comply, as to parallel provisions only, with specified parallel provisions of either the Commodity Exchange Act or the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*), and the rules and regulations thereunder (collectively, *specified parallel provisions*), instead of being required to comply with parallel provisions of both the Commodity Exchange Act and the Securities Exchange Act of 1934. For purposes of this paragraph (c), *parallel provisions* means comparable provisions of the Commodity Exchange Act and the Securities Exchange Act of 1934 that were added or amended by the Wall Street Transparency and Accountability Act of 2010 with respect to swaps and security-based swaps, and the rules and regulations thereunder.

(2) *Request Process.* A person submitting a request pursuant to paragraph

In determining the contents of such joint order, the Commission and the Securities and Exchange Commission may consider, among other things:

(i) The nature and purposes of the parallel provisions that are the subject of the request;

(ii) The comparability of such parallel provisions; and

(iii) The extent of any conflicts or differences between such parallel provisions.

(5) *Timeframe.* (i) If the Commission and the Securities and Exchange Commission determine to issue a joint order as described in paragraph (c)(4) of this section, such joint order shall be issued within 120 days after receipt of a complete request for a joint order under paragraph (c)(1) of this section, which time period shall be stayed during the pendency of the public comment period provided for in paragraph (c)(4) of this section and shall recommence with the business day after the public comment period ends.

(ii) Nothing in this section shall require the Commission and the Securities and Exchange Commission to issue any joint order.

(iii) If the Commission and the Securities and Exchange Commission do not issue a joint order within the time period described in paragraph (c)(5)(i) of this section, each of the Commission and the Securities and Exchange Commission shall publicly provide the reasons for not issuing such a joint order within that timeframe.

(B) Each person filing a Form 1-FR-IB in accordance with this section must include with the financial report a statement describing the source of his current assets and representing that his capital has been contributed for the purpose of operating his business and will continue to be used for such purpose.

(A) A process for the evaluation of depositories of segregated funds, including, at a minimum, documented criteria that any depository that will hold segregated funds, including an entity affiliated with the futures commission merchant, must meet, including criteria addressing the depository’s capitalization, creditworthiness, operational reliability, and access to liquidity. (B) A program to monitor an approved depository on an ongoing basis

Commodity Futures Trading Commission

§ 1.11

to assess its continued satisfaction of the futures commission merchant's established criteria, including a thorough due diligence review of each depository at least annually;

(C) An account opening process for depositories, including documented authorization requirements, procedures that ensure that segregated funds are not deposited with a depository prior to the futures commission merchant receiving the acknowledgment letter required from such depository pursuant to §§ 1.20, and 22.2 and 30.7 of this chapter, and procedures that ensure that such account is properly titled to reflect that it is holding segregated funds pursuant to the Act and Commission regulations;

(D) A process for establishing a targeted amount of residual interest that the futures commission merchant seeks to maintain as its residual interest in the segregated funds accounts and such process must be designed to reasonably ensure that the futures commission merchant maintains the targeted residual amounts and remains in compliance with the segregated funds requirements at all times. The policies and procedures must require that senior management, in establishing the total amount of the targeted residual interest in the segregated funds accounts, perform appropriate due diligence and consider various factors, as applicable, relating to the nature of the futures commission merchant's business including, but not limited to, the composition of the futures commission merchant's customer base, the general creditworthiness of the customer base, the general trading activity of the customers, the types of markets and products traded by the customers, the proprietary trading of the futures commission merchant, the general volatility and liquidity of the markets and products traded by customers, the futures commission merchant's own liquidity and capital needs, and the historical trends in customer segregated fund balances, including undermargined amounts and net deficit balances in customers' accounts. The analysis and calculation of the targeted amount of the future commission merchant's residual interest must be described in writing with the

specificity necessary to allow the Commission and the futures commission merchant's designated self-regulatory organization to duplicate the analysis and calculation and test the assumptions made by the futures commission merchant. The adequacy of the targeted residual interest and the process for establishing the targeted residual interest must be reassessed periodically by Senior Management and revised as necessary;

(E) A process for the withdrawal of cash, securities, or other property from accounts holding segregated funds, where the withdrawal is not for the purpose of payments to or on behalf of the futures commission merchant's customers. Such policies and procedures must satisfy the requirements of § 1.23, § 22.17 of this chapter, or § 30.7 of this chapter, as applicable;

(F) A process for assessing the appropriateness of specific investments of segregated funds in permitted investments in accordance with § 1.25. Such policies and procedures must take into consideration the market, credit, counterparty, operational, and liquidity risks associated with such investments, and assess whether such investments comply with the requirements in § 1.25 including that the futures commission merchant manage the permitted investments consistent with the objectives of preserving principal and maintaining liquidity;

(G) Procedures requiring the appropriate separation of duties among individuals responsible for compliance with the Act and Commission regulations relating to the protection and financial reporting of segregated funds, including the separation of duties among personnel that are responsible for advising customers on trading activities, approving or overseeing cash receipts and disbursements (including investment operations), and recording and reporting financial transactions. The policies and procedures must require that any movement of funds to affiliated companies and parties are properly approved and documented;

(H) A process for the timely recording of all transactions, including transactions impacting customers' accounts, in the firm's books of record;

(I) A program for conducting annual training of all finance, treasury, operations, regulatory, compliance, settlement, and other relevant officers and employees regarding the segregation requirements for segregated funds required by the Act and regulations, the requirements for notices under § 1.12, procedures for reporting suspected breaches of the policies and procedures required by this section to the chief compliance officer, without fear of retaliation, and the consequences of failing to comply with the segregation requirements of the Act and regulations; and

(J) Policies and procedures for assessing the liquidity, marketability and mark-to-market valuation of all securities or other non-cash assets held as segregated funds, including permitted investments under § 1.25, to ensure that all non-cash assets held in the customer segregated accounts, both customer-owned securities and investments in accordance with § 1.25, are readily marketable and highly liquid. Such policies and procedures must require daily measurement of liquidity needs with respect to customers; assessment of procedures to liquidate all non-cash collateral in a timely manner and without significant effect on price; and application of appropriate collateral haircuts that accurately reflect market and credit risk.

(ii) *Operational risk.* The Risk Management Program shall include automated financial risk management controls reasonably designed to prevent the placing of erroneous orders, including those that exceed pre-set capital, credit, or volume thresholds. (iii) *Capital risk.* The written policies and procedures shall be reasonably designed to ensure that the futures commission merchant has sufficient capital to be in compliance with the Act and the regulations, and sufficient capital and liquidity to meet the reasonably foreseeable needs of the futures commission merchant.

§ 1.12 Maintenance of minimum financial requirements by futures commission merchants and introducing brokers.

(a) Each person registered as a futures commission merchant or who files an application for registration as a futures commission merchant, and each person registered as an introducing broker or who files an application for registration as an introducing broker (except for an introducing broker or applicant for registration as an introducing broker operating pursuant to, or who has filed concurrently with its application for registration, a guarantee agreement and who is not also a securities broker or dealer), who knows or should have known that its adjusted net capital at any time is less than the minimum required by §1.17 or by the capital rule of any self-regulatory organization to which such person is subject, if any, must:

(1) Give notice, as set forth in paragraph (n) of this section, that the applicant's or registrant's adjusted net capital is less than required by §1.17 or by other capital rule, identifying the applicable capital rule. The notice must be given immediately after the applicant or registrant knows or should have known that its adjusted net capital is less than required by any of the aforesaid rules to which the applicant or registrant is subject; and

(2) Provide together with such notice documentation, in such form as necessary, to adequately reflect the applicant's or registrant's capital condition as of any date on which such person's adjusted net capital is less than the minimum required; *Provided, however,* that if the applicant or registrant can-

not calculate or otherwise immediately determine its financial condition, it must provide the notice required by paragraph (a)(1) of this section and include in such notice a statement that the entity cannot presently calculate its financial condition. The applicant or registrant must provide similar documentation of its financial condition for other days as the Commission may request.

(b) Each person registered as a futures commission merchant, or who files an application for registration as a futures commission merchant, who knows or should have known that its adjusted net capital at any time is less than the greatest of:

(1) 150 percent of the minimum dollar amount required by §1.17(a)(1)(i)(A);

(2) 110 percent of the amount required by §1.17(a)(1)(i)(B);

(3) 150 percent of the amount of adjusted net capital required by a registered futures association of which it is a member, unless such amount has been determined by a margin-based capital computation set forth in the rules of the registered futures association, and such amount meets or exceeds the amount of adjusted net capital required under the margin-based capital computation set forth in §1.17(a)(1)(i)(B), in which case the required percentage is 110 percent, or

(4) For securities brokers or dealers, the amount of net capital specified in Rule 17a-11(c) of the Securities and Exchange Commission (17 CFR 240.17a-11(c)), must file notice to that effect, as set forth in paragraph (n) of this section, as soon as possible and no later than twenty-four (24) hours of such event.

(c) If an applicant or registrant at any time fails to make or keep current the books and records required by these regulations, such applicant or registrant must, on the same day such event occurs, provide notice of such fact as specified in paragraph (n) of this section, specifying the books and records which have not been made or which are not current, and as soon as possible, but not later than forty-eight (48) hours after giving such notice, file a report as required by paragraph (n) of this section stating what steps have

§ 1.12

17 CFR Ch. I (4-1-20 Edition)

been and are being taken to correct the situation.

(d) Whenever any applicant or registrant discovers or is notified by an independent public accountant, pursuant to § 1.16(e)(2), of the existence of any material inadequacy, as specified in § 1.16(d)(2), such applicant or registrant must give notice of such material inadequacy, as provided in paragraph (n) of this section, as soon as possible but not later than twenty-four (24) hours of discovering or being notified of the material inadequacy. The applicant or registrant must file, in the manner provided for under paragraph (n) of this section, a report stating what steps have been and are being taken to correct the material inadequacy within forty-eight (48) hours of filing its notice of the material inadequacy.

(e) Whenever any self-regulatory organization learns that a member registrant has failed to file a notice or report as required by this section, that self-regulatory organization must immediately report this failure by notice, as provided in paragraph (n) of this section.

(f)(1) [Reserved]

(2) Whenever a registered futures commission merchant determines that any position it carries for another registered futures commission merchant or for a registered leverage transaction merchant must be liquidated immediately, transferred immediately or that the trading of any account of such futures commission merchant or leverage transaction merchant shall be only for purposes of liquidation, because the other futures commission merchant or the leverage transaction merchant has failed to meet a call for margin or to make other required deposits, the carrying futures commission merchant must immediately give notice, as provided in paragraph (n) of this section, of such a determination.

(3) Whenever a registered futures commission merchant determines that an account which it is carrying is undermargined by an amount which exceeds the futures commission merchant's adjusted net capital determined in accordance with § 1.17, the futures commission merchant must immediately provide notice, as provided

in paragraph (n) of this section, of such a determination to the designated self-regulatory organization and the Commission. This paragraph (f)(3) shall apply to any account carried by the futures commission merchant, whether a customer, noncustomer, omnibus or proprietary account. For purposes of this paragraph, if any person has an interest of 10 percent or more in ownership or equity in, or guarantees, more than one account, or has guaranteed an account in addition to its own account, all such accounts shall be combined.

(4) A futures commission merchant shall provide immediate notice, as provided in paragraph (n) of this section, whenever any commodity interest account it carries is subject to a margin call, or call for other deposits required by the futures commission merchant, that exceeds the futures commission merchant's excess adjusted net capital, determined in accordance with § 1.17, and such call has not been answered by the close of business on the day following the issuance of the call. This applies to all accounts carried by the futures commission merchant, whether customer, noncustomer, or omnibus, that are subject to margining, including commodity futures, cleared swaps, and options. In addition to actual margin deposits by an account owner, a futures commission merchant may also take account of favorable market moves in determining whether the margin call is required to be reported under this paragraph.

(5)(i) A futures commission merchant shall provide immediate notice, as provided in paragraph (n) of this section, whenever its excess adjusted net capital is less than six percent of the maintenance margin required by the futures commission merchant on all positions held in accounts of a noncustomer other than a noncustomer who is subject to the minimum financial requirements of:

(A) A futures commission merchant, or

(B) The Securities and Exchange Commission for a securities broker or dealer.

(ii) For purposes of paragraph (f)(5)(i) of this section, maintenance margin shall include all deposits which the futures commission merchant requires

Commodity Futures Trading Commission

§ 1.12

the noncustomer to maintain in order to carry its positions at the futures commission merchant.

(g) A futures commission merchant shall provide notice, as provided in paragraph (n) of this section, of a substantial reduction in capital as compared to that last reported in a financial report filed with the Commission pursuant to §1.10. This notice shall be provided as follows:

(1) If any event or series of events, including any withdrawal, advance, loan or loss cause, on a net basis, a reduction in net capital (or, if the futures commission merchant is qualified to use the filing option available under §1.10(h), tentative net capital as defined in the rules of the Securities and Exchange Commission) of 20 percent or more, notice must be provided as provided in paragraph (n) of this section within two business days of the event or series of events causing the reduction stating the reason for the reduction and steps the futures commission merchant will be taking to ensure an appropriate level of net capital is maintained by the futures commission merchant; and

(2) If equity capital of the futures commission merchant or a subsidiary or affiliate of the futures commission merchant consolidated pursuant to §1.17(f) (or 17 CFR 240.15c3-1e) would be withdrawn by action of a stockholder or a partner or a limited liability company member or by redemption or repurchase of shares of stock by any of the consolidated entities or through the payment of dividends or any similar distribution, or an unsecured advance or loan would be made to a stockholder, partner, sole proprietor, limited liability company member, employee or affiliate, such that the withdrawal, advance or loan would cause, on a net basis, a reduction in excess adjusted net capital (or, if the futures commission merchant is qualified to use the filing option available under §1.10(h), excess net capital as defined in the rules of the Securities and Exchange Commission) of 30 percent or more, notice must be provided as provided in paragraph (n) of this section at least two business days prior to the withdrawal, advance or loan that would cause the reduction: *Provided,*

however, That the provisions of paragraphs (g)(1) and (g)(2) of this section do not apply to any futures or securities transaction in the ordinary course of business between a futures commission merchant and any affiliate where the futures commission merchant makes payment to or on behalf of such affiliate for such transaction and then receives payment from such affiliate for such transaction within two business days from the date of the transaction.

(3) Upon receipt of such notice from a futures commission merchant, or upon a reasonable belief that a substantial reduction in capital has occurred or will occur, the Director of the Division of Swap Dealer and Intermediary Oversight or the Director's designee may require that the futures commission merchant provide or cause a Material Affiliated Person (as that term is defined in §1.14(a)(2)) to provide, within three business days from the date of request or such shorter period as the Division Director or designee may specify, such other information as the Division Director or designee determines to be necessary based upon market conditions, reports provided by the futures commission merchant, or other available information.

(h) Whenever a person registered as a futures commission merchant knows or should know that the total amount of its funds on deposit in segregated accounts on behalf of customers trading on designated contract markets, or the amount of funds on deposit in segregated accounts for customers transacting in Cleared Swaps under part 22 of this chapter, or the total amount set aside on behalf of customers trading on non-United States markets under part 30 of this chapter, is less than the total amount of such funds required by the Act and the regulations to be on deposit in segregated or secured amount accounts on behalf of such customers, the registrant must report such deficiency immediately by notice to the registrant's designated self-regulatory organization and the Commission, as provided in paragraph (n) of this section.

(i) A futures commission merchant must provide immediate notice, as set forth in paragraph (n) of this section,

whenever it discovers or is informed that it has invested funds held for futures customers trading on designated contract markets pursuant to § 1.20, Cleared Swaps Customer Collateral, as defined in § 22.1 of this chapter, or 30.7 customer funds, as defined in § 30.1 of this chapter, in instruments that are not permitted investments under § 1.25, or has otherwise violated the requirements governing the investment of funds belonging to customers under § 1.25.

(j) A futures commission merchant must provide immediate notice, as provided in paragraph (n) of this section, whenever the futures commission merchant does not hold a sufficient amount of funds in segregated accounts for futures customers under § 1.20, in segregated accounts for Cleared Swaps Customers under part 22 of this chapter, or in secured amount accounts for customers trading on foreign markets under part 30 of this chapter to meet the futures commission merchant's targeted residual interest in the segregated or secured amount accounts pursuant to its policies and procedures required under § 1.11, or whenever the futures commission merchant's amount of residual interest is less than the sum of the undermargined amounts in its customer accounts as determined at the point in time that the firm is required to maintain the undermargined amounts under § 1.22, and §§ 22.2 and 30.7 of this chapter.

(k) A futures commission merchant must provide immediate notice, as provided in paragraph (n) of this section, whenever the futures commission merchant, or the futures commission merchant's parent or material affiliate, experiences a material adverse impact to its creditworthiness or ability to fund its obligations, including any change that could adversely impact the firm's liquidity resources.

(l) A futures commission merchant must provide prompt notice, but in no event later than 24 hours, as provided in paragraph (n) of this section, whenever the futures commission merchant experiences a material change in its operations or risk profile, including a change in the senior management of the futures commission merchant, the establishment or termination of a line

of business, or a material adverse change in the futures commission merchant's clearing arrangements.

(m) A futures commission merchant must provide notice, if the futures commission merchant has been notified by the Securities and Exchange Commission, a securities self-regulatory organization, or a futures self-regulatory organization, that it is the subject of a formal investigation. A futures commission merchant must provide a copy of any examination report issued to the futures commission merchant by the Securities and Exchange Commission or a securities self-regulatory organization. A futures commission merchant must provide the Commission with notice of any correspondence received from the Securities and Exchange Commission or a securities self-regulatory organization that raises issues with the adequacy of the futures commission merchant's capital position, liquidity to meet its obligations or otherwise operate its business, or internal controls. The notices and examination reports required by this section must be filed in a prompt manner, but in no event later than 24 hours of the reportable event, and must be filed in accordance with paragraph (n) of the section; *Provided, however*, that a futures commission merchant is not required to file a notice or copy of an examination report with the Securities and Exchange Commission, a securities self-regulatory organization, or a futures self-regulatory organization if such entity originally provided the communication or report to the futures commission merchant.

(n) *Notice.* (1) Every notice and report required to be filed by this section by a futures commission merchant or a self-regulatory organization must be filed with the Commission, with the designated self-regulatory organization, if any, and with the Securities and Exchange Commission, if such registrant is a securities broker or dealer. Every notice and report required to be filed by this section by an applicant for registration as a futures commission merchant must be filed with the National Futures Association (on behalf of the Commission), with the designated self-regulatory organization, if any, and

Commodity Futures Trading Commission

§ 1.14

with the Securities and Exchange Commission, if such applicant is a securities broker or dealer. Every notice or report that is required to be filed by this section by a futures commission merchant or a self-regulatory organization must include a discussion of how the reporting event originated and what steps have been, or are being taken, to address the reporting event.

(2) Every notice and report which an introducing broker or applicant for registration as an introducing broker is required to file by paragraphs (a), (c), and (d) of this section must be filed with the National Futures Association (on behalf of the Commission), with the designated self-regulatory organization, if any, and with every futures commission merchant carrying or intending to carry customer accounts for the introducing broker or applicant for registration as an introducing broker. Any notice or report filed with the National Futures Association pursuant to this paragraph shall be deemed for all purposes to be filed with, and to be the official record of, the Commission. Every notice or report that is required to be filed by this section by an introducing broker or applicant for registration as an introducing broker must include a discussion of how the reporting event originated and what steps have been, or are being taken, to address the reporting event.

(3) Every notice or report that is required to be filed by a futures commission merchant with the Commission or with a designated self-regulatory organization under this section must be in writing and must be filed via electronic transmission using a form of user authentication assigned in accordance with procedures established by or approved by the Commission, and otherwise in accordance with instructions issued by or approved by the Commission; *Provided, however*, that if the registered futures commission merchant cannot file the notice or report using the electronic transmission approved by the Commission due to a transmission or systems failure, the futures commission merchant must immediately contact the Commission's regional office with jurisdiction over the futures commission merchant as provided in §140.02 of this chapter, and by

email to FCMNotice@CFTC.gov. Any such electronic submission must clearly indicate the futures commission merchant on whose behalf such filing is made and the use of such user authentication in submitting such filing will constitute and become a substitute for the manual signature of the authorized signer.

(c) *Special provisions with respect to Material Affiliated Persons subject to the supervision of a Foreign Regulatory Authority.* A futures commission merchant shall be deemed to be in compliance with the recordkeeping requirements of paragraphs (a)(1)(iii) and (a)(1)(iv) of this section with respect to a Material Affiliated Person if such futures commission merchant maintains and makes available, or causes such Material Affiliated Person to make available, for inspection by the Commission in accordance with the provisions of this section copies of any financial or risk exposure reports filed by such Material Affiliated Person with a foreign futures authority or other foreign regulatory authority, provided that: (1) the futures commission merchant agrees to use its best efforts to obtain from the Material Affiliated Person and to cause the Material Affiliated Person to provide, directly or through its foreign futures authority or other foreign regulatory authority, any supplemental information the Commission may request and there is no statute or other bar in the foreign jurisdiction that would preclude the futures commission merchant, the Material Affiliated Person, the foreign futures authority or other foreign regulatory authority from providing such information to the Commission; or (2) the foreign futures authority or other foreign regulatory authority with whom the Material Affiliated Person files such reports has entered into an information-sharing agreement with the Commission which is in effect as of the futures commission merchant's fiscal year-end and which will allow the Commission to obtain the type of information required herein. The futures commission merchant shall maintain a copy of the

§ 1.14

17 CFR Ch. I (4-1-20 Edition)

original report and a copy translated into the English language. For the purposes of this section, the term “Foreign Futures Authority” shall have the meaning set forth in section 1a(10) of the Act.

(d) *Exemptions.* (1) The provisions of this section shall not apply to any futures commission merchant which holds funds or property of or for futures customers of less than \$6,250,000 and has less than \$5,000,000 in adjusted net capital as of the futures commission merchant’s current fiscal year-end; provided, however, that such futures commission merchant is not a clearing member of an exchange.

(2) The Commission may, upon written application by a Reporting Futures Commission Merchant, exempt from the provisions of this section, other than paragraph (a)(1)(ii) of this section, either unconditionally or on specified terms and conditions, any futures commission merchant affiliated with such Reporting Futures Commission Merchant. The term “Reporting Futures Commission Merchant” shall mean, in the case of a futures commission merchant that is affiliated with another registered futures commission merchant, the futures commission merchant which maintains the greater amount of adjusted net capital as last reported on financial reports filed with the Commission pursuant to § 1.10 unless another futures commission merchant is acting as the Reporting Broker or Dealer under § 240.17h-2T of this title, or the Commission permits another futures commission merchant to act as the Reporting Futures Commission Merchant. In granting exemptions under this section, the Commission shall consider, among other factors, whether the records required by this section concerning the Material Affiliated Persons of the futures commission merchant affiliated with the Reporting Futures Commission Merchant will be available to the Commission pursuant to this section or § 1.15. A request for exemption filed under this paragraph (d)(2) shall explain the basis for the designation of a particular futures commission merchant as the Reporting Futures Commission Merchant and will become effective on the thirtieth day after receipt of such request

by the Commission unless the Commission objects to the request by that date.

(3) The Commission may exempt any futures commission merchant from any provision of this section if it finds that the exemption is not contrary to the public interest and the purposes of the provisions from which the exemption is sought. The Commission may grant the exemption subject to such terms and conditions as it may find appropriate.

(e) *Location of records.* A futures commission merchant required to maintain records concerning Material Affiliated Persons pursuant to this section may maintain those records either at the principal office of the Material Affiliated Person or at a records storage facility, provided that, except as set forth in paragraph (c) of this section, the records are located within the boundaries of the United States and the records are kept and available for inspection in accordance with § 1.31. If such records are maintained at a place other than the futures commission merchant’s principal place of business, the Material Affiliated Person or other entity maintaining the records shall file with the Commission a written undertaking, in a form acceptable to the Commission, signed by a duly authorized person, to the effect that the records will be treated as if the futures commission merchant were maintaining the records pursuant to this section and that the entity maintaining the records will permit examination of such records at any time, or from time to time during business hours, by representatives or designees of the Commission and promptly furnish the Commission representative or its designee true, correct, complete and current hard copy of all or any part of such records. The election to maintain records at the principal place of business of the Material Affiliated Person or at a records storage facility pursuant to the provisions of this paragraph shall not relieve the futures commission merchant required to maintain and preserve such records from any of its responsibilities under this section or § 1.15.

(f) *Confidentiality.* All information obtained by the Commission pursuant to

Commodity Futures Trading Commission

§ 1.15

the provisions of this section from a futures commission merchant concerning a Material Affiliated Person shall be deemed confidential information for the purposes of section 8 of the Act.

(g) *Implementation schedule.* (1) Each futures commission merchant registered as of December 31, 1994 and subject to the requirements of this section shall maintain and preserve the information required by paragraphs (a)(1)(i) and (a)(1)(ii) of this section commencing April 30, 1995 and the information required by paragraphs (a)(1)(iii) and (a)(1)(iv) of this section commencing May 15, 1995 or, if December 31, 1994 is not the futures commission merchant's fiscal year-end, 135 calendar days following the first fiscal year-end occurring after December 31, 1994.

(2) Each futures commission merchant whose registration becomes effective after December 31, 1994 and is subject to the requirements of this section shall maintain and preserve the information required by paragraphs (a)(1)(i) and (a)(1)(ii) of this section commencing 60 calendar days after registration become effective and the information required by paragraphs (a)(1)(iii) and (a)(1)(iv) of this section commencing 105 calendar days following the first fiscal year-end occurring after registration becomes effective.

If the futures commission merchant has no such written policies, procedures or systems, it must file a statement so indicating. Where there is a material change in information provided, such change shall be reported within sixty calendar days after the end of the fiscal quarter in which the change has occurred.

(2) Each futures commission merchant registered with the Commission pursuant to Section 4d of the Act, unless exempt pursuant to paragraph (c) of this section, shall file the following with the regional office with which it files periodic financial reports within 105 calendar days after the end of each fiscal year or, if a filing is made pursuant to a written notice issued under paragraph (a)(2)(iii) of this section, within the time period specified in the written notice:

(i) Fiscal year-end consolidated and consolidating balance sheets for the highest level Material Affiliated Person within the futures commission merchant's organizational structure, which shall include the futures commission merchant and its other Material Affiliated Persons, prepared in accordance with generally accepted accounting principles, which consolidated balance sheets shall be audited by an independent certified public accountant if an annual audit is performed in the ordinary course of business, but which otherwise may be unaudited, and which consolidated balance sheets shall include appropriate explanatory notes. The consolidating balance sheets may be those prepared by the futures commission merchant's highest level Material Affiliated Person as part of its internal financial reporting process;

(ii) Fiscal year-end annual consolidated and consolidating income statements and consolidated cash flow statements for the highest level Material Affiliated Person within the futures commission merchant's organizational structure, which shall include the futures commission merchant and its other Material Affiliated Persons, prepared in accordance with generally accepted accounting principles, which consolidated statements shall be audited by an independent certified public accountant if an annual audit is performed in the ordinary course of business, but which otherwise may be unaudited, and which consolidated statements shall include appropriate explanatory notes. The consolidating statements may be those prepared by the futures commission merchant's highest level Material Affiliated Person as part of its internal financial reporting process; and

(iii) Upon receiving written notice from any representative of the Commission and within the time period specified in the written notice, such additional information which the Commission determines is necessary for a complete understanding of a particular affiliate's financial impact on the futures commission merchant's organizational structure.

(3) For the purposes of this section, the term Material Affiliated Person shall have the meaning used in § 1.14.

(4) The reports required to be filed pursuant to paragraphs (a)(1) and (2) of this section must be filed via electronic transmission using a form of user authentication assigned in accordance with procedures established by or approved by the Commission, and otherwise in accordance with instructions issued by or approved by the Commission. Any such electronic submission must clearly indicate the registrant on whose behalf such filing is made and the use of such user authentication in submitting such filing will constitute and become a substitute for the manual signature of the authorized signer.

(b) [Reserved]

(c) *Exemptions.* (1) The provisions of this section shall not apply to any futures commission merchant which holds funds or property of or for futures customers of less than \$6,250,000

and has less than \$5,000,000 in adjusted net capital as of the futures commission merchant's fiscal year-end; provided, however, that such futures commission merchant is not a clearing member of an exchange.

(2) The Commission may, upon written application by a Reporting Futures Commission Merchant, exempt from the provisions of this section, other than paragraph (a)(1)(ii) of this section, either unconditionally or on specified terms and conditions, any futures commission merchant affiliated with such Reporting Futures Commission Merchant. The term "Reporting Futures Commission Merchant" shall mean, in the case of a futures commission merchant that is affiliated with another registered futures commission merchant, the futures commission merchant which maintains the greater amount of net capital as last reported on its financial reports filed with the Commission pursuant to § 1.10 unless another futures commission merchant is acting as the Reporting Broker or Dealer under § 240.17h-2T of this title or the Commission permits another futures commission merchant to act as the Reporting Futures Commission Merchant. In granting exemptions under this section, the Commission shall consider, among other factors, whether the records and other information required to be maintained pursuant to § 1.14 concerning the Material Affiliated Persons of the futures commission merchant affiliated with the Reporting Futures Commission Merchant will be available to the Commission pursuant to the provisions of this section. A request for exemption filed under this paragraph (c)(2) shall explain the basis for the designation of a particular futures commission merchant as the Reporting Futures Commission Merchant and will become effective on the thirtieth day after receipt of such request by the Commission unless the Commission objects to the request by that date. The Reporting Futures Commission Merchant must submit the information required by paragraph (a)(1)(ii) of this section on behalf of its affiliated futures commission merchants.

(3) The Commission may exempt any futures commission merchant from any

Commodity Futures Trading Commission

§ 1.15

provision of this section if it finds that the exemption is not contrary to the public interest and the purposes of the provisions from which the exemption is sought. The Commission may grant the exemption subject to such terms and conditions as it may find appropriate.

(d) *Special provisions with respect to Material Affiliated Persons subject to the supervision of certain domestic regulators.*

(1) In the case of a futures commission merchant which is required to file, or has a Material Affiliated Person which is required to file, Form 17-H (or such other forms or reports as may be required) with the Securities and Exchange Commission pursuant to § 240.17h-2T of this title, or such other risk assessment regulations as the Securities and Exchange Commission may adopt, such futures commission merchant shall be deemed to be in compliance with the reporting requirements of paragraphs (a)(1)(i) and (a)(2) of this section if the futures commission merchant furnishes, in accordance with paragraph (a)(2) of this section, a copy of the most recent Form 17-H filed by the futures commission merchant or its Material Affiliated Person with the Securities and Exchange Commission, provided however, that if the futures commission merchant has designated any of its affiliated persons as Material Affiliated Persons for purposes of this section and § 1.14 which are not designated as Material Associated Persons for purposes of the Form 17-H filed pursuant to §§ 240.17h-1T and 240.17h-2T of this title, the futures commission must also designate any such affiliated person as a Material Affiliated Person on the organizational chart required as Item 1 of part I of Form 17-H. To comply with paragraphs (a)(1)(i) and (a)(2) of this section, such futures commission merchant may, at its option, file Form 17-H in its entirety or file such form without the information required under part II of Form 17-H.

(2) In the case of a Material Affiliated Person (including a foreign banking organization) that is subject to examination by, or the reporting requirements of, a Federal banking agency, the futures commission merchant shall be deemed to be in compliance with the reporting requirements of paragraph

(a)(2) of this section with respect to such Material Affiliated Person if the futures commission merchant or such Material Affiliated Person maintains in accordance with § 1.14 copies of all reports filed by the Material Affiliated Person with the Federal banking agency pursuant to section 5211 of the Revised Statutes, section 9 of the Federal Reserve Act, section 7(a) of the Federal Deposit Insurance Act, section 10(b) of the Home Owners' Loan Act, or section 5 of the Bank Holding Company Act of 1956.

(3) In the case of a futures commission merchant that has a Material Affiliated Person that is subject to the supervision of an insurance commissioner or other similar official or agency of a state, such futures commission merchant shall be deemed to be in compliance with the reporting requirements of paragraph (a)(2) of this section with respect to the Material Affiliated Person if:

(i) With respect to a Material Affiliated Person organized as a mutual insurance company or a non-public stock company, the futures commission merchant or such Material Affiliated Person maintains in accordance with § 1.14 copies of the annual statements with schedules and exhibits prepared by the Material Affiliated Person on forms prescribed by the National Association of Insurance Commissioners or by a state insurance commissioner; and

(ii) With respect to a Material Affiliated Person organized as a public stock company, the futures commission merchant or such Material Affiliated Person maintains, in addition to the annual statements with schedules and exhibits required to be maintained pursuant to § 1.14, copies of the filings made by the Material Affiliated Person pursuant to sections 13 or 15 of the Securities Exchange Act of 1934 and the Investment Company Act of 1940.

(4) No futures commission merchant shall be required to furnish to the Commission any examination report of any Federal banking agency or any supervisory recommendations or analyses contained therein with respect to a Material Affiliated Person that is subject to the regulation of a Federal banking agency. All information received by

§ 1.16

17 CFR Ch. I (4–1–20 Edition)

the Commission pursuant to this section concerning a Material Affiliated Person that is subject to examination by or the reporting requirements of a Federal banking agency shall be deemed confidential for the purposes of section 8 of the Act.

(5) The furnishing of any information or documents by a futures commission merchant pursuant to this section shall not constitute an admission for any purpose that a Material Affiliated Person is otherwise subject to the Act.

(e) *Special provisions with respect to Material Affiliated Persons subject to the supervision of a Foreign Regulatory Authority.* A futures commission merchant shall be deemed to be in compliance with the reporting requirements of paragraph (a)(2) of this section with respect to a Material Affiliated Person if such futures commission merchant furnishes, or causes such Material Affiliated Person to make available, in accordance with the provisions of this section, copies of any financial or risk exposure reports filed by such Material Affiliated Person with a foreign futures authority or other foreign regulatory authority, provided that:

(1) The futures commission merchant agrees to use its best efforts to obtain from the Material Affiliated Person and to cause the Material Affiliated Person to provide, directly or through its foreign futures authority or other foreign regulatory authority, any supplemental information the Commission may request and there is no statute or other bar in the foreign jurisdiction that would preclude the futures commission merchant, the Material Affiliated Person, the foreign futures authority or other foreign regulatory authority from providing such information to the Commission; or

(2) The foreign futures authority or other foreign regulatory authority with whom the Material Affiliated Person files such reports has entered into an information sharing agreement with the Commission which is in effect as of the futures commission merchant's fiscal year-end and which will allow the Commission to obtain the type of information required herein. The futures commission merchant shall file a copy of the original report and a copy translated into the English language. For

the purposes of this section, the term "Foreign Futures Authority" shall have the meaning set forth in section 1a(10) of the Act.

(f) *Confidentiality.* All information obtained by the Commission pursuant to the provisions of this section from a futures commission merchant concerning a Material Associated Person shall be deemed confidential information for the purposes of section 8 of the Act.

(g) *Implementation schedule.* Each futures commission merchant registered as of December 31, 1994 and subject to the requirements of this section shall file the information required by paragraph (a)(1) of this section no later than April 30, 1995 and the information required by paragraph (a)(2) of this section no later than May 15, 1995. Each futures commission merchant whose registration becomes effective after December 31, 1994 and is subject to the requirements of this section shall file the information required by paragraph (a)(1) of this section within 60 calendar days after registration is granted, or by April 30, 1995, whichever comes later and the information required by paragraph (a)(2) of this section within 105 calendar days after registration is granted or by May 15, 1995, whichever comes later.

§ 1.16 Qualifications and reports of accountants.

(a) *Definitions*—(1) *Accountant's report.* The term "accountant's report," when used in regard to financial statements and schedules, means a document in which an independent licensed or certified public accountant indicates the scope of the audit (or examination) which he has made and sets forth his opinion regarding the financial statements and schedules taken as a whole or an assertion to the fact that an overall opinion cannot be expressed. When an overall opinion cannot be expressed, the reasons therefore must be stated.

(2) *Audit or examination.* The terms "audit" and "examination," when used in regard to financial statements and schedules, mean an examination of the

statements and schedules by an accountant in accordance with generally accepted auditing standards for the purposes of expressing an opinion thereon.

(3) *Certified.* The term “certified,” when used in regard to financial statements and schedules, means audited and reported upon with an opinion expressed by an independent certified public accountant or independent licensed public accountant.

(4) *Customer.* The term “customer” means customer, as defined in §§ 1.3, and 30.7 customer, as defined in § 30.1 of this chapter.

(b) *Qualifications of accountants.* (1) The Commission will recognize any person as a certified public accountant who is duly registered and in good standing as such under the laws of the place of his residence or principal office; *Provided, however,* that a certified public accountant engaged to conduct an examination of a futures commission merchant must be registered with the Public Company Accounting Oversight Board and must have undergone an examination by the Public Company Accounting Oversight Board, and may not be subject to a permanent or temporary bar to engage in the examination of public issuers or brokers or dealers registered with the Securities and Exchange Commission as a result of a Public Company Accounting Oversight Board disciplinary hearing.

(2) The Commission will not recognize any certified public accountant or licensed public accountant as independent who is not in fact independent. For example, an accountant will not be considered independent with respect to any applicant or registrant or any parent, subsidiary, or other affiliate of such applicant or registrant (i) in which, during the period of his professional engagement to examine the financial statements and schedules being reported on or at the date of his report, he or his firm or a member thereof had, or was committed to acquire, any direct financial interest or any material indirect financial interest, or (ii) with which, during the period of his professional engagement to examine the financial statements and schedules being reported on, at the date of his report or during the period covered by the finan-

cial statements, he or his firm or a member thereof was connected as a promoter, underwriter, voting trustee, director, officer, or employee, except that a firm will be deemed independent with respect to an applicant or registrant and its affiliates if a former employee or officer of such applicant or registrant or any such affiliate is employed by the firm and such individual has completely disassociated himself from the applicant or registrant and its affiliates and does not participate in auditing financial statements and schedules of the applicant or registrant or its affiliates covering any period of his employment by the applicant or registrant or its affiliates. An accountant will not be considered independent if he or his firm or a member thereof performs manual or automated bookkeeping services or assumes responsibility for maintenance of the accounting records, including accounting classification decisions, of such applicant or registrant or any of its affiliates. For the purposes of this § 1.16(b), the term “member” means all partners in the firm and all professional employees participating in the audit or located in the office of the firm participating in a significant portion of the audit.

(3) In determining whether an accountant may in fact not be independent with respect to a particular applicant or registrant, the Commission will give appropriate consideration to all relevant circumstances, including evidence bearing on all relationships between the accountant and that applicant or registrant or any affiliate thereof, and will not confine itself to the relationship existing in connection with the filing of reports with the Commission.

(4) The governing body of each futures commission merchant must ensure that the certified public accountant engaged is duly qualified to perform an audit of the futures commission merchant. Such an evaluation of the qualifications of the certified public accountant should include, among other issues, the certified public accountant’s experience in auditing futures commission merchants, the depth of the certified public accountant’s staff, the certified public accountant’s

knowledge of the Act and Regulations, the size and geographic location of the futures commission merchant, and the independence of the certified public accountant. The governing body should also review and consider the inspection reports issued by the Public Company Accounting Oversight Board as part of the assessment of the qualifications of the public accountant to perform an audit of the futures commission merchant.

(c) *Accountant's reports*—(1) *Technical requirements.* The accountant's report must:

- (i) Be dated;
- (ii) Indicate the city and State where issued; and
- (iii) Identify without detailed enumeration the financial statements covered by the report.

(2) *Representations as to the audit.* The accountant's report must state whether the audit was made in accordance with the auditing standards adopted by the Public Company Accounting Oversight Board, and must designate any auditing procedures deemed necessary by the accountant under the circumstances of the particular case which have been omitted and the reasons for their omission. However, nothing in this paragraph shall be construed to imply authority for the omission of any procedure which independent accountants would ordinarily employ in the course of an audit made for the purposes of expressing the opinion required by paragraph (c)(3) of this section.

(3) *Opinion to be expressed.* The accountant's report must state clearly: (i) The opinion of the accountant with respect to the financial statements and schedules covered by the report and the accounting principles and practices reflected therein and (ii) the opinion of the accountant as to the consistency of the application of the accounting principles, or as to any changes in such principles which have material effect on the financial statements and schedules.

(4) *Exceptions.* Any matters to which the accountant takes exception must be clearly identified, such exceptions specifically and clearly stated, and to the extent practicable, the effect of

each exception on related financial statements and schedules given.

(5) *Accountant's report on material inadequacies.* A registrant must file concurrently with the annual audit report a supplemental report by the accountant describing any material inadequacies found to exist or found to have existed since the date of the previous audit. An applicant must file concurrently with the audit report a supplemental report by the accountant describing any material inadequacies found to exist as of the date of the Form 1–FR being filed: *Provided, however,* That if such applicant is registered with the Securities and Exchange Commission as a securities broker or dealer, and it files (in accordance with §1.10(h)) a copy of its Financial and Operational Combined Uniform Single Report under the Securities Exchange Act of 1934, Part II, Part IIA, or Part II CSE, in lieu of Form 1–FR, the accountant's supplemental report must be made as of the date of such report. The supplemental report must indicate any corrective action taken or proposed by the applicant or registrant in regard thereto. If the audit did not disclose any material inadequacies, the supplemental report must so state.

(d) *Audit objectives.* (1) The audit must be made in accordance with generally accepted auditing standards and must include a review and appropriate tests of the accounting system, the internal accounting control, and the procedures for safeguarding customer and firm assets in accordance with the provisions of the Act and the regulations thereunder, since the prior examination date. The audit must include all procedures necessary under the circumstances to enable the independent licensed or certified public accountant to express an opinion on the financial statements and schedules. The scope of the audit and review of the accounting system, the internal controls, and procedures for safeguarding customer and firm assets must be sufficient to provide reasonable assurance that any material inadequacies existing at the date of the examination in (i) the accounting system, (ii) the internal accounting controls, and (iii) the procedures for safeguarding customer and firm assets

(including, in the case of a futures commission merchant, the segregation requirements of section 4d(a)(2) of the Act and these regulations and the secured amount requirements of the Act and these regulations) will be discovered. Additionally, as specified objectives the audit must include reviews of the practices and procedures followed by the registrant in making (A) periodic computations of the minimum financial requirements pursuant to §1.17 and (B) in the case of a futures commission merchant, daily computations of the segregation requirements of section 4d(a)(2) of the Act and these regulations and the secured amount requirements of the Act and these regulations.

(2) A material inadequacy in the accounting system, the internal accounting controls, the procedures for safeguarding customer and firm assets, and the practices and procedures referred to in paragraph (d)(1) of this section which is to be reported in accordance with paragraph (e)(2) of this section includes any conditions which contributed substantially to or, if appropriate corrective action is not taken, could reasonably be expected to:

(i) Inhibit an applicant or registrant from promptly completing transactions or promptly discharging his responsibilities to customers or other creditors;

(ii) Result in material financial loss;

(iii) Result in material misstatement of the applicant's or registrant's financial statements and schedules; or

(iv) Result in violations of the Commission's segregation or secured amount (in the case of a futures commission merchant), recordkeeping or financial reporting requirements to the extent that could reasonably be expected to result in the conditions described in paragraph (d)(2) (i), (ii), or (iii) of this section.

(e) *Extent and timing of audit procedures.* (1) The extent and timing of audit procedures are matters for the independent public accountant to determine on the basis of his review and evaluation of existing internal controls and other audit procedures performed in accordance with generally accepted auditing standards and the audit objectives set forth in paragraph (d) of this

section. In determining the extent of testing, consideration must be given to the materiality of an area and to the possible effect on the financial statements and schedules of a material misstatement in a related account.

(2) If during the course of an audit or interim work, the independent public accountant determines that any material inadequacies exist in the accounting system, in the internal accounting control, in the procedures for safeguarding customer or firm assets, or as otherwise defined in paragraph (d) of this section, he must call such inadequacies to the attention of the applicant or registrant, which has the responsibility to give notice to the National Futures Association and, if an applicant, or the Commission and the designated self-regulatory organization, if any, if a registrant, in accordance with paragraphs (d) and (g) of §1.12: *Provided, however,* That if the applicant or registrant is an introducing broker or applicant for registration as an introducing broker, it also has the responsibility to give notice to the National Futures Association, the designated self-regulatory organization, if any, and every futures commission merchant carrying or intending to carry customer accounts for the introducing broker or applicant for registration as an introducing broker. The applicant or registrant must also furnish the accountant with a copy of said notice within three (3) business days. If the accountant fails to receive such notice from the applicant or registrant within three (3) business days, or if he disagrees with the statements contained in the notice of the applicant or registrant, the accountant must inform the National Futures Association, in the case of an applicant, or the Commission and the designated self-regulatory organization, if any, in the case of a registrant, by reporting the material inadequacy and, in the case of an applicant or registrant which is an introducing broker or applicant for registration as an introducing broker, the accountant must also inform the National Futures Association, the designated self-regulatory organization, if any, and every futures commission merchant carrying or intending to

carry customer accounts for the introducing an introducing broker, within three (3) business days thereafter. Such report from the accountant must, if the applicant or registrant failed to file a notice, describe the material inadequacies found to exist. If the applicant or registrant filed a notice, the accountant must file a report detailing the aspects, if any, of the applicant's or registrant's notice with which the accountant does not agree.

(f)(1) *Extension of time for filing audited reports.* In the event a registered futures commission merchant or a registered introducing broker finds that it cannot file, without substantial undue hardship, its certified financial statements and schedules for any year within the time specified in § 1.10 (b)(1)(ii) or § 1.10 (b)(2)(ii) of this part, as applicable, such registrants may request approval for an extension of time, as follows:

(i) *Futures commission merchant registrants.* (A) A futures commission merchant may file with its designated self-regulatory organization an application for an extension of time, a copy of which the registrant must file with the Commission. The application shall be approved or denied in writing by the designated self-regulatory organization. The registrant must file immediately with the Commission a copy of any notice it receives from the designated self-regulatory organization to approve or deny the registrant's request for extension of time. A written notice of approval shall become effective upon the filing by the registrant of a copy with the Commission, and a written notice of denial shall be effective as of the date of the notice.

(B) A futures commission merchant that is registered with the Securities and Exchange Commission as a securities broker or dealer may file with its designated self-regulatory organization a copy of any application that the registrant has filed with its designated examining authority, pursuant to § 240.17-a5(l)(1) of this title, for an extension of time to file audited annual financial statements. The registrant must also file immediately with the designated self-regulatory organization and the Commission copies of any notice it receives from its designated examining

authority to approve or deny the requested extension of time. Upon receipt by the designated self-regulatory organization and the Commission of copies of any such notice of approval, the requested extension of time referenced in the notice shall be deemed approved under this paragraph (f)(1)(i).

(C) Any copy that under this paragraph is required to be filed with the Commission must be filed via electronic transmission using a form of user authentication assigned in accordance with procedures established by or approved by the Commission, and otherwise in accordance with instructions issued by or approved by the Commission. Any such electronic submission must clearly indicate the registrant on whose behalf such filing is made and the use of such user authentication in submitting such filing will constitute and become a substitute for the manual signature of the authorized signer.

(ii) *Introducing broker registrants.* (A) An introducing broker may file with the National Futures Association an application for extension of time, which shall be approved or denied in writing.

(B) An introducing broker that is registered with the Securities and Exchange Commission as a securities broker or dealer may file with the National Futures Association copies of any application that the registrant has filed with its designated examining authority, pursuant to § 240.17-a5(l)(1) of this title, for an extension of time to file audited annual financial statements. The registrant must also file immediately with the National Futures Association copies of any notice it receives from its designated examining authority to approve or deny the requested extension of time. Upon the receipt by the National Futures Association of a copy of any such notice of approval, the requested extension of time referenced in the notice shall be deemed approved under this paragraph (f)(1)(ii).

(2) *Exemption requests.* On the written request of any designated self-regulatory organization or registrant, or on its own motion, the Commission may grant an extension of time or an exemption from any of the certified financial reporting requirements of this

chapter either unconditionally or on specified terms and conditions.

(g) *Replacement of accountant.* (1) In the event (i) the independent public accountant who was previously engaged as the principal accountant to audit an applicant's or registrant's financial statements resigns (or indicates he declines to stand for re-election after the completion of the current audit) or is dismissed as the applicant's or registrant's principal accountant, (ii) another independent accountant is engaged as principal accountant, or (iii) an independent accountant on whom the principal accountant expresses reliance in his report regarding a subsidiary resigns (or formally indicates he declines to stand for re-election after completion of the current audit) or is dismissed or another independent public accountant is engaged to audit that subsidiary, an applicant shall file written notice of such occurrence with the National Futures Association, and a registrant shall file written notice of such occurrence with the Commission at its principal office in Washington, DC, and with the designated self-regulatory organization, if any, not more than 15 business days after such occurrence.

(2) Such notice must state (i) the date of such resignation (or declination to stand for re-election, dismissal or engagement) and (ii) whether, in connection with the audit of the two most recent fiscal years and any subsequent interim period preceding such resignation, dismissal or engagement, there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statements disclosure, auditing scope or procedures, or compliance with the applicable rules of the Commission, which, if not resolved to the satisfaction of the former accountant, would have caused him to make reference in connection with his report to the subject matter of the disagreements (if so, describe such disagreements). The disagreements required to be reported in this paragraph (g)(2) include both those resolved to the former accountant's satisfaction and those not resolved to the former accountant's satisfaction. Disagreements contemplated by this paragraph (g)(2) are

those which occur at the decision-making level, *i.e.*, between personnel of the applicant or registrant responsible for presentation of its financial statements and schedules and personnel of the accounting firm responsible for rendering its report. The notice must also state whether the accountant's report on the financial statements and schedules for any of the past two years contained an adverse opinion or a disclaimer of opinion or was qualified as to uncertainties, audit scope, or accounting principles (if so, describe the nature of each such adverse opinion, disclaimer of opinion, or qualification). An applicant must also request the former accountant to furnish the applicant with a letter addressed to the National Futures Association, and a registrant must also request the former accountant to furnish the registrant with a letter addressed to the Commission, stating whether he agrees with the statements contained in the notice of the applicant or registrant and, if not, stating the respects in which he does not agree. Each copy of the notice and accountant's letter must be manually signed by the sole proprietor or a general partner or a duly authorized corporate officer of the applicant or registrant, as appropriate, and by the accountant.

(3) If (i) within the 24 months prior to the date of the most recent audited financial statement, a notice has been filed pursuant to paragraph (g)(1) of this section reporting a change of accountants, (ii) included in such filing there is a reported disagreement on any matters of accounting principles or practices, financial statements disclosure, auditing scope, or noncompliance with the applicable rules of the Commission, (iii) during the fiscal year in which the change in accountants took place or during the subsequent fiscal year, there have been any transactions or events similar to those which involved a reported disagreement, and (iv) such transactions or events are material and were accounted for or disclosed in a manner different from that which the former accountant apparently would have concluded was required, the existence and nature of the disagreements and also the effect on

§ 1.17

17 CFR Ch. I (4-1-20 Edition)

the financial statements must be stated in a written notice to the National Futures Association, in the case of an applicant, or to the Commission at its principal office in Washington, DC, and the designated self-regulatory organization, if any, in the case of a registrant, if the method which the former accountant apparently would have concluded was required had been followed. These disclosures need not be made if the method asserted by the former accountant ceases to be generally accepted because of authoritative standards or interpretations subsequently issued. The notice required by this paragraph (g)(3) must be filed by the applicant or registrant concurrently with the financial statements and schedules to which it pertains.

(h) *Exemption for introducing broker or applicant therefor.* The provisions of this section do not apply to an introducing broker which is operating pursuant to a guarantee agreement, nor do such provisions apply to an applicant for registration as an introducing broker who files concurrently with such application a guarantee agreement, provided such introducing broker or applicant therefor is not also a securities broker or dealer.

Nothing in this paragraph shall be construed as preventing the Commission or the designated self-regulatory organization from taking action against a registrant for non-compliance with any of the provisions of this section.

(5) An introducing broker who is not in compliance with this section, or is unable to demonstrate such compliance as required by paragraph (a)(3) of this section, must immediately cease doing business as an introducing broker until such time as the registrant is able to demonstrate such compliance; *Provided, however*, That if such registrant immediately dem-

If the introducing broker is required to cease doing business in accordance with this paragraph (a)(5), the introducing broker must immediately notify each of its customers and the futures commission merchants carrying the account of each customer that it has ceased doing business. Nothing in this paragraph (a)(5) shall be construed as preventing the Commission or the designated self-regulatory organization from taking action against a registrant for non-compliance with any of the provisions of this section.

(xii) In the case of an applicant or registrant which is a purchaser of a commodity option which is traded on a contract market the same safety factor as if the applicant or registrant were the grantor of such option in accordance with paragraph (c)(5)(x) of this section, but in no event shall the safe-

ty factor be greater than the market value attributed to such option;

(xiii) Five percent of all unsecured receivables includable under paragraph (c)(2)(ii)(D) of this section used by the applicant or registrant in computing “net capital” and which are not due from:

To the extent that a futures commission merchant is permitted by the Securities and Exchange Commission to use alternative capital deductions for its unsecured receivables from over-the-counter transactions in derivatives, or

for its proprietary positions in securities, forward contracts, or futures contracts, the futures commission merchant may use these same alternative capital deductions when computing its adjusted net capital, in lieu of the deductions that would otherwise be required by paragraph (c)(2)(ii) of this section for its unsecured receivables from over-the-counter derivatives transactions; by paragraph (c)(5)(ii) of this section for its proprietary positions in forward contracts; by paragraph (c)(5)(v) of this section for its proprietary positions in securities; and by paragraph (c)(5)(x) of this section for its proprietary positions in futures contracts.

(ii) *Notifications of election or of changes to election.* (A) No election to use the alternative market risk and credit risk deductions referenced in paragraph (c)(6)(i) of this section shall be effective unless and until the futures commission merchant has filed with the Commission, addressed to the Director of the Division of Swap Dealer and Intermediary Oversight, a notice that is to include a copy of the approval order of the Securities and Exchange Commission referenced in paragraph (c)(6)(i) of this section, and to include also a statement that identifies the amount of tentative net capital below which the futures commission merchant is required to provide notice to the Securities and Exchange Commission, and which also provides the following information: a list of the categories of positions that the futures commission merchant holds in its proprietary accounts, and, for each such category, a description of the methods that the futures commission merchant will use to calculate its deductions for market risk and credit risk, and also, if calculated separately, deductions for specific risk; a description of the value at risk (VaR) models to be used for its market risk and credit risk deductions, and an overview of the integration of the models into the internal risk management control system of the futures commission merchant; a description of how the futures commission merchant will calculate current exposure and maximum potential exposure for its deductions for credit risk; a description of how the futures commission mer-

(B) A futures commission merchant must also, upon the request of the Commission at any time, supplement the statement described in paragraph (c)(6)(ii)(A) of this section, by providing any other explanatory information regarding the computation of its alternative market risk and credit risk deductions as the Commission may require at its discretion.

(C) A futures commission merchant must also file the following supplemental notices with the Director of the Division and Clearing and Intermediary Oversight:

(1) A notice advising that the Securities and Exchange Commission has imposed additional or revised conditions for the approval evidenced by the order referenced in paragraph (c)(6)(i) of this section, and which describes the new or revised conditions in full, and

(D) A futures commission merchant may voluntarily change its election to use the alternative market risk and credit risk deductions referenced in paragraph (c)(6)(i) of this section, by filing with the Director of the Division of Swap Dealer and Intermediary Oversight a written notice specifying a future date as of which it will no longer use the alternative market risk and credit risk deductions, and will instead compute such deductions in accordance with the requirements otherwise applicable under paragraph (c)(2)(ii) of this section for unsecured receivables from over-the-counter derivatives transactions; by paragraph (c)(5)(ii) of this section for proprietary positions in forward contracts; by paragraph (c)(5)(v)

(iii) *Conditions under which election terminated.* A futures commission merchant may no longer elect to use the alternative market risk and credit risk deductions referenced in paragraph (c)(6)(i) of this section, and shall instead compute the deductions otherwise required under paragraph (c)(2)(ii) of this section for unsecured receivables from over-the-counter derivatives transactions; by paragraph (c)(5)(ii) of this section for proprietary positions in forward contracts; by paragraph (c)(5)(v) of this section for proprietary positions in securities; and by paragraph (c)(5)(x) of this section for proprietary positions in futures contracts, upon the occurrence of any of the following:

(A) The Securities and Exchange Commission revokes its approval of the market risk and credit risk deductions for such futures commission merchant;

(B) A futures commission merchant fails to come into compliance with its filing requirements under this paragraph (c)(6), after having received from the Director of the Division of Swap Dealer and Intermediary Oversight written notification that the firm is not in compliance with its filing requirements, and must cease using alternative capital deductions permitted under this paragraph (c)(6) if it has not come into compliance by a date specified in the notice; or

(C) The Commission by written order finds that permitting the futures commission merchant to continue to use such alternative market risk and credit risk deductions is no longer necessary or appropriate for the protection of customers of the futures commission merchant or of the integrity of the futures or options markets.

(iv) *Additional filing requirements.* Any futures commission merchant that elects to use the alternative market risk and credit risk deductions referenced in paragraph (c)(6)(i) of this section must file with the Commission, in addition to the filings required by paragraph (c)(6)(ii) of this section, copies of any and all of the following documents, at such time as the originals

are filed with the Securities and Exchange Commission:

(C) The supplemental annual filings as required by 17 CFR 240.17a-5(k);

(D) Any notification to the Securities and Exchange Commission or the futures commission merchant's designated examining authority of planned withdrawals of excess net capital; and

(E) Any notification that the futures commission merchant is required to file with the Securities and Exchange Commission when its tentative net capital is below an amount specified by the Securities and Exchange Commission.

(7) *Liabilities* are "adequately collateralized" when, pursuant to a legally enforceable written instrument, such liabilities are secured by identified assets that are otherwise unencumbered and the market value of which exceeds the amount of such liabilities.

(8) The term *contractual commitments* shall include underwriting, when issued, when distributed, and delayed delivery contracts; and the writing or endorsement of security puts and calls and combinations thereof; but shall not include uncleared regular way purchases and sales of securities. A series of contracts of purchase or sale of the same security, conditioned, if at all, only upon issuance, may be treated as an individual commitment.

(d) Each applicant or registrant shall have equity capital (inclusive of satisfactory subordination agreements which qualify under this paragraph (d) as equity capital) of not less than 30 percent of the debt-equity total, provided, an applicant or registrant may be exempted from the provisions of this paragraph (d) for a period not to exceed 90 days or for such longer period which the Commission may, upon application of the applicant or registrant, grant in

the public interest or for the protection of investors. For the purposes of this paragraph (d):

(1) Equity capital means a satisfactory subordination agreement entered into by a partner or stockholder or limited liability company member which has an initial term of at least 3 years and has a remaining term of not less than 12 months if:

(i) It does not have any of the provisions for accelerated maturity provided for by paragraphs (h)(2)(ix)(A), (x)(A), or (x)(B) of this section, or the provisions allowing for special prepayment provided for by paragraph (h)(2)(vii)(B) of this section, and is maintained as capital subject to the provisions restricting the withdrawal thereof required by paragraph (e) of this section; or

(ii) The partnership agreement provides that capital contributed pursuant to a satisfactory subordination agreement as defined in paragraph (h) of this section shall in all respects be partnership capital subject to the provisions restricting the withdrawal thereof required by paragraph (e) of this section, and

(A) In the case of a corporation, the sum of its par or stated value of capital stock, paid in capital in excess of par, retained earnings, unrealized profit and loss, and other capital accounts.

(B) In the case of a partnership, the sum of its capital accounts of partners (inclusive of such partners' commodities, options and securities accounts subject to the provisions of paragraph (e) of this section), and unrealized profit and loss.

(C) In the case of a sole proprietorship, the sum of its capital accounts of the sole proprietorship and unrealized profit and loss.

(D) In the case of a limited liability company, the sum of its capital accounts of limited liability company members, and unrealized profit and loss.

(2) Debt-equity total means equity capital as defined in paragraph (d)(1) of this section plus the outstanding principal amount of satisfactory subordination agreements.

(e) No equity capital of the applicant or registrant or a subsidiary's or affiliate's equity capital consolidated pursu-

ant to paragraph (f) of this section, whether in the form of capital contributions by partners (including amounts in the commodities, options and securities trading accounts of partners which are treated as equity capital but excluding amounts in such trading accounts which are not equity capital and excluding balances in limited partners' capital accounts in excess of their stated capital contributions), par or stated value of capital stock, paid-in capital in excess of par or stated value, retained earnings or other capital accounts, may be withdrawn by action of a stockholder or partner or limited liability company member or by redemption or repurchase of shares of stock by any of the consolidated entities or through the payment of dividends or any similar distribution, nor may any unsecured advance or loan be made to a stockholder, partner, sole proprietor, limited liability company member, or employee if, after giving effect thereto and to any other such withdrawals, advances, or loans and any payments of payment obligations (as defined in paragraph (h) of this section) under satisfactory subordination agreements and any payments of liabilities excluded pursuant to paragraph (c)(4)(vi) of this section which are scheduled to occur within six months following such withdrawal, advance or loan:

(1) Either adjusted net capital of any of the consolidated entities would be less than the greatest of:

(i) 120 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(iii)(A) of this section;

(ii) For a futures commission merchant or applicant therefor, 120 percent of the amount required by paragraph (a)(1)(i)(B) of this section;

(iii) 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member; or

(iv) For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3-1(e) of the Securities and Exchange Commission (17 CFR 240.15c3-1(e)); or

Commodity Futures Trading Commission

§ 1.17

(2) In the case of any applicant or registrant included within such consolidation, if equity capital of the applicant or registrant (inclusive of satisfactory subordination agreements which qualify as equity under paragraph (d) of this section) would be less than 30 percent of the required debt-equity total as defined in paragraph (d) of this section.

Provided, That this paragraph (e) shall not preclude an applicant or registrant from making required tax payments or preclude the payment to partners of reasonable compensation. The Commission may, upon application of the applicant or registrant, grant relief from this paragraph (e) if the Commission deems it to be in the public interest or for the protection of nonproprietary accounts.

(f)(1) Every applicant or registrant, in computing its net capital pursuant to this section must, subject to the provisions of paragraphs (f)(2) and (f)(4) of this section, consolidate in a single computation, assets and liabilities of any subsidiary or affiliate for which it guarantees, endorses, or assumes directly or indirectly the obligations or liabilities. The assets and liabilities of a subsidiary or affiliate whose liabilities and obligations have not been guaranteed, endorsed, or assumed directly or indirectly by the applicant or registrant may also be so consolidated if an opinion of counsel is obtained as provided for in paragraph (f)(2) of this section.

(2)(i) If the consolidation, provided for in paragraph (f)(1) of this section, of any such subsidiary or affiliate results in the increase of the applicant's or registrant's adjusted net capital or decreases the minimum adjusted net capital requirement, and an opinion of counsel called for in paragraph (f)(2)(ii) of this section has not been obtained, such benefits shall not be recognized in the applicant's or registrant's computation required by this section.

(ii) Except as provided for in paragraph (f)(2)(i) of this section, consolidation shall be permitted with respect to any subsidiaries or affiliates which are majority owned and controlled by the applicant or registrant, and for which the applicant can demonstrate to the satisfaction of the National Futures

Association, or for which the registrant can demonstrate to the satisfaction of the Commission and the designated self-regulatory organization, if any, by an opinion of counsel, that the net asset values or the portion thereof related to the parent's ownership interest in the subsidiary or affiliate, may be caused by the applicant or registrant or an appointed trustee to be distributed to the applicant or registrant within 30 calendar days. Such opinion must also set forth the actions necessary to cause such a distribution to be made, identify the parties having the authority to take such actions, identify and describe the rights of other parties or classes of parties, including but not limited to customers, general creditors, subordinated lenders, minority shareholders, employees, litigants, and governmental or regulatory authorities, who may delay or prevent such a distribution and such other assurances as the National Futures Association, the Commission or the designated self-regulatory organization by rule or interpretation may require. Such opinion must be current and periodically renewed in connection with the applicant's or registrant's annual audit pursuant to §1.10 or upon any material change in circumstances.

(3) In preparing a consolidated computation of adjusted net capital pursuant to this section, the following minimum and non-exclusive requirements shall be observed;

(i) Consolidated adjusted net capital shall be reduced by the estimated amount of any tax reasonably anticipated to be incurred upon distribution of the assets of the subsidiary or affiliate.

(ii) Liabilities of a consolidated subsidiary or affiliate which are subordinated to the claims of present and future creditors pursuant to a satisfactory subordination agreement shall be deducted from consolidated adjusted net capital unless such subordination extends also to the claims of present or future creditors of the parent applicant or registrant and all consolidated subsidiaries.

(iii) Subordinated liabilities of a consolidated subsidiary or affiliate which are consolidated in accordance with paragraph (f)(3)(i) of this section may

not be prepaid, repaid, or accelerated if any of the entities included in such consolidation would otherwise be unable to comply with the provisions of paragraph (h) of this section.

(iv) Each applicant or registrant included within the consolidation shall at all times be in compliance with the adjusted net capital requirement to which it is subject.

(4) No applicant or registrant shall guarantee, endorse, or assume directly or indirectly any obligation or liability of a subsidiary or affiliate unless the obligation or liability is reflected in the computation of adjusted net capital pursuant to this section except as provided in paragraph (f)(2)(i) of this section.

(g)(1) The Commission may by order restrict, for a period up to twenty business days, any withdrawal by a futures commission merchant of equity capital, or any unsecured advance or loan to a stockholder, partner, limited liability company member, sole proprietor, employee or affiliate, if:

(i) Such withdrawal, advance or loan would cause, when aggregated with all other withdrawals, advances or loans during a 30 calendar day period from the futures commission merchant or a subsidiary or affiliate of the futures commission merchant consolidated pursuant to § 1.17(f) (or 17 CFR 240.15c3-1e), a net reduction in excess adjusted net capital (or, if the futures commission merchant is qualified to use the filing option available under § 1.10(h), excess net capital as defined in the rules of the Securities and Exchange Commission) of 30 percent or more, and

(ii) The Commission, based on the facts and information available, concludes that any such withdrawal, advance or loan may be detrimental to the financial integrity of the futures commission merchant, or may unduly jeopardize its ability to meet customer obligations or other liabilities that may cause a significant impact on the markets.

(2) The futures commission merchant may file with the Secretary of the Commission a written petition to request rescission of the order issued under paragraph (g)(1) of this section. The petition filed by the futures commission merchant must specify the

facts and circumstances supporting its request for rescission. The Commission shall respond in writing to deny the futures commission merchant's petition for rescission, or, if the Commission determines that the order issued under paragraph (g)(1) of this section should not remain in effect, the order shall be rescinded.

(h) The term *satisfactory subordination agreement* ("subordination agreement") means an agreement which contains the minimum and nonexclusive requirements set forth below.

(1) Certain definitions for purposes of this section:

(i) A subordination agreement may be either a subordinated loan agreement or a secured demand note agreement.

(ii) The term *subordinated loan agreement* means the agreement or agreements evidencing or governing a subordinated borrowing of cash.

(iii) The term "collateral value" of any securities pledged to secure a secured demand note means the market value of such securities after giving effect to the percentage deductions specified in Rule 240.15c3-1d(a)(2)(iii) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(a)(2)(iii)).

(iv) The term *payment obligation* means the obligation of an applicant or registrant in respect to any subordination agreement:

(A) To repay cash loaned to the applicant or registrant pursuant to a subordinated loan agreement; or

(B) To return a secured demand note contributed to the applicant or registrant or to reduce the unpaid principal amount thereof and to return cash or securities pledged as collateral to secure the secured demand note; and (C) "payment" shall mean the performance by an applicant or registrant of a payment obligation.

(v)(A) The term *secured demand note agreement* means an agreement (including the related secured demand note) evidencing or governing the contribution of a secured demand note to an applicant or registrant and the pledge of securities and/or cash with the applicant or registrant as collateral to secure payment of such secured demand note. The secured demand note agreement may provide that neither the

lender, his heirs, executors, administrators, or assigns shall be personally liable on such note and that in the event of default the applicant or registrant shall look for payment of such note solely to the collateral then pledged to secure the same.

(B) The secured demand note shall be a promissory note executed by the lender and shall be payable on the demand of the applicant or registrant to which it is contributed: *Provided, however*, That the making of such demand may be conditioned upon the occurrence of any of certain events which are acceptable to the designated self-regulatory organization and the Commission.

(C) If such note is not paid upon presentment and demand as provided for therein, the applicant or registrant shall have the right to liquidate all or any part of the securities then pledged as collateral to secure payment of the same and to apply the net proceeds of such liquidation, together with any cash then included in the collateral, in payment of such note. Subject to the prior rights of the applicant or registrant as pledgee, the lender, as defined in paragraph (h)(i)(v)(F) of this section may retain ownership of the collateral and have the benefit of any increases and bear the risks of any decreases in the value of the collateral and may retain the right to vote securities contained within the collateral and any right to income therefrom or distributions thereon, except the applicant or registrant shall have the right to receive and hold as pledgee all dividends payable in securities and all partial and complete liquidating dividends.

(D) Subject to the prior rights of the applicant or registrant as pledgee, the lender may have the right to direct the sale of any securities included in the collateral, to direct the purchase of securities with any cash included therein, to withdraw excess collateral or to substitute cash or other securities as collateral: *Provided*, That the net proceeds of any such sale and the cash so substituted and the securities so purchased or substituted are held by the applicant or registrant as pledgee, and are included within the collateral to secure payment of the secured demand

note: *And provided further*, That no such transaction shall be permitted, if, after giving effect thereto, the sum of the amount of any cash, plus the collateral value of the securities, then pledged as collateral to secure the secured demand note would be less than the unpaid principal amount of the secured demand note.

(E) Upon payment by the lender, as distinguished from a reduction by the lender which is provided for in paragraph (h)(2)(vi)(C) of this section or reduction by the applicant or registrant as provided for in paragraph (h)(2)(vii) of this section, of all or any part of the unpaid principal amount of the secured demand note, the applicant or registrant shall issue to the lender a subordinated loan agreement in the amount of such payment (or in the case of an applicant or registrant that is a partnership, credit a capital account of the lender), or issue preferred or common stock of the applicant or registrant in the amount of such payment, or any combination of the foregoing, as provided for in the secured demand note agreement.

(F) The term *lender* means the person who lends cash to an applicant or registrant pursuant to a subordinated loan agreement and the person who contributes a secured demand note to an applicant or registrant pursuant to a secured demand note agreement.

(2) Minimum requirements for subordination agreements:

(i) Subject to paragraph (h)(1) of this section, a subordination agreement shall mean a written agreement between the applicant or registrant and the lender, which:

(A) Has a minimum term of 1 year, except for temporary subordination agreements provided for in paragraph (h)(3)(v) of this section, and

(B) Is a valid and binding obligation enforceable in accordance with its terms (subject as to enforcement to applicable bankruptcy, insolvency, reorganization, moratorium, and other similar laws) against the applicant or registrant and the lender and their respective heirs, executors, administrators, successors, and assigns.

(ii) *Specific amount*. All subordination agreements shall be for a specific dollar amount which shall not be reduced

for the duration of the agreement except by installments as specifically provided for therein and except as otherwise provided in this paragraph (h)(2) of this section.

(iii) *Effective subordination.* The subordination agreement shall effectively subordinate any right of the lender to receive any payment with respect thereto, together with accrued interest or compensation, to the prior payment or provision for payment in full of all claims of all present and future creditors of the applicant or registrant arising out of any matter occurring prior to the date on which the related payment obligation matures, except for claims which are the subject of subordination agreements which rank on the same priority as or junior to the claim of the lender under such subordination agreements.

(iv) *Proceeds of subordinated loan agreements.* The subordinated loan agreement shall provide that the cash proceeds thereof shall be used and dealt with by the applicant or registrant as part of its capital and shall be subject to the risks of the business.

(v) *Certain rights of the borrower.* The subordination agreement shall provide that the applicant or registrant shall have the right to:

(A) Deposit any cash proceeds of a subordinated loan agreement and any cash pledged as collateral to secure a secured demand note in an account or accounts in its own name in any bank or trust company;

(B) Pledge, repledge, hypothecate and rehypothecate, any or all of the securities pledged as collateral to secure a secured demand note, without notice, separately or in common with other securities or property for the purpose of securing any indebtedness of the applicant or registrant; and

(C) Lend to itself or others any or all of the securities and cash pledged as collateral to secure a secured demand note.

(vi) *Collateral for secured demand notes.* Only cash and securities which are fully paid for and which may be publicly offered or sold without registration under the Securities Act of 1933, and the offer, sale, and transfer of which are not otherwise restricted, may be pledged as collateral to secure

a secured demand note. The secured demand note agreement shall provide that if at any time the sum of the amount of any cash, plus the collateral value of any securities, then pledged as collateral to secure the secured demand note is less than the unpaid principal amount of the secured demand note, the applicant or registrant must immediately transmit written notice to that effect to the lender. The secured demand note agreement shall also provide that if the borrower is an applicant, such notice must also be transmitted immediately to the National Futures Association, and if the borrower is a registrant, such notice must also be transmitted immediately to the designated self-regulatory organization, if any, and the Commission. The secured demand note agreement shall also require that following such transmittal:

(A) The lender, prior to noon of the business day next succeeding the transmittal of such notice, may pledge as collateral additional cash or securities sufficient, after giving effect to such pledge, to bring the sum of the amount of any cash plus the collateral value of any securities, then pledged as collateral to secure the secured demand note, up to an amount not less than the unpaid principal amount of the secured demand note; and

(B) Unless additional cash or securities are pledged by the lender as provided in paragraph (h)(2)(vi)(A) above, the applicant or registrant at noon on the business day next succeeding the transmittal of notice to the lender must commence sale, for the account of the lender, of such of the securities then pledged as collateral to secure the secured demand note and apply so much of the net proceeds thereof, together with such of the cash then pledged as collateral to secure the secured demand note as may be necessary to eliminate the unpaid principal amount of the secured demand note: *Provided, however,* That the unpaid principal amount of the secured demand note need not be reduced below the sum of the amount of any remaining cash, plus the collateral value of the remaining securities, then pledged as collateral to secure the secured demand note. The applicant or registrant

Commodity Futures Trading Commission

§ 1.17

may not purchase for its own account any securities subject to such a sale; and

(C) The secured demand note agreement may also provide that, in lieu of the procedures specified in the provisions required by paragraph (h)(2)(vi)(B) of this section, the lender, with the prior written consent of the applicant and the National Futures Association, or with the prior written consent of the registrant and the designated self-regulatory organization or, if the registrant is not a member of a designated self-regulatory organization, the Commission, may reduce the unpaid principal amount of the secured demand note: *Provided*, That after giving effect to such reduction the adjusted net capital of the applicant or registrant would not be less than the greatest of:

(1) 120 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(iii)(A) of this section;

(2) For a futures commission merchant or applicant therefor, 120 percent of the amount required by paragraph (a)(1)(i)(B) of this section;

(3) 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member; or

(4) For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3-1d(b)(6)(iii) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(b)(6)(iii)): *Provided, further*, That no single secured demand note shall be permitted to be reduced by more than 15 percent of its original principal amount and after such reduction no excess collateral may be withdrawn.

(vii) *Permissive prepayments and special prepayments.* (A) An applicant or registrant at its option, but not at the option of the lender, may, if the subordination agreement so provides, make a payment of all or any portion of the payment obligation thereunder prior to the scheduled maturity date of such payment obligation (hereinafter referred to as a "prepayment"), but in no event may any prepayment be made before the expiration of one year from the date such subordination agreement

became effective: *Provided, however*, That the foregoing restriction shall not apply to temporary subordination agreements which comply with the provisions of paragraph (h)(3)(v) of this section nor shall it apply to "special prepayments" made in accordance with the provisions of paragraph (h)(2)(vii)(B) of this section. No prepayment shall be made if, after giving effect thereto (and to all payments of payment obligations under any other subordination agreements then outstanding, the maturity or accelerated maturities of which are scheduled to fall due within six months after the date such prepayment is to occur pursuant to this provision, or on or prior to the date on which the payment obligation in respect to such prepayment is scheduled to mature disregarding this provision, whichever date is earlier) without reference to any projected profit or loss of the applicant or registrant, the adjusted net capital of the applicant or registrant is less than the greatest of:

(1) 120 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(iii)(A) of this section;

(2) For a futures commission merchant or applicant therefor, 120 percent of the amount required by paragraph (a)(1)(i)(B) of this section;

(3) 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member; or

(4) For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3-1d(b)(7) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(b)(7)).

(B) An applicant or registrant at its option, but not at the option of the lender, may, if the subordination agreement so provides, make a payment at any time of all or any portion of the payment obligation thereunder prior to the scheduled maturity date of such payment obligation (hereinafter referred to as a "special prepayment"). No special prepayment shall be made if, after giving effect thereto (and to all payments of payment obligations under any other subordination agreements then outstanding, the maturity

or accelerated maturities of which are scheduled to fall due within six months after the date such special prepayment is to occur pursuant to this provision, or on or prior to the date on which the payment obligation in respect to such special prepayment is scheduled to mature disregarding this provision, whichever date is earlier) without reference to any projected profit or loss of the applicant or registrant, the adjusted net capital of the applicant or registrant is less than the greatest of:

(1) 200 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(iii)(A) of this section;

(2) For a futures commission merchant or applicant therefor, 125 percent of the amount required by paragraph (a)(1)(i)(B) of this section;

(3) 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member; or

(4) For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3-1d(c)(5)(ii) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(c)(5)(ii)): *Provided, however*, That no special prepayment shall be made if pre-tax losses during the latest three-month period were greater than 15 percent of current excess adjusted net capital.

(C)(1) Notwithstanding the provisions of paragraphs (h)(2)(vii)(A) and (h)(2)(vii)(B) of this section, in the case of an applicant, no prepayment or special prepayment shall occur without the prior written approval of the National Futures Association; in the case of a registrant, no prepayment or special prepayment shall occur without the prior written approval of the designated self-regulatory organization, if any, or of the Commission if the registrant is not a member of a self-regulatory organization.

(2) A registrant may make a prepayment or special prepayment without the prior written approval of the designated self-regulatory organization: *Provided*, That the registrant: Is a securities broker or dealer registered with the Securities and Exchange Commission; files a request to make a prepayment or special prepayment with

its applicable securities designated examining authority, as defined in Rule 15c3-1(c)(12) of the Securities and Exchange Commission (17 CFR 240.15c3-1(c)(12)), in the form and manner prescribed by the designated examining authority; files a copy of the prepayment request or special prepayment request with the designated self-regulatory organization at the time it files such request with the designated examining authority in the form and manner prescribed by the designated self-regulatory organization; and files a copy of the designated examining authority's approval of the prepayment or special prepayment with the designated self-regulatory organization immediately upon receipt of such approval. The approval of the prepayment or special prepayment by the designated examining authority will be deemed approval by the designated self-regulatory organization, unless the designated self-regulatory organization notifies the registrant that the designated examining authority's approval shall not constitute designated self-regulatory organization approval.

(3) The designated self-regulatory organization shall immediately provide the Commission with a copy of any notice of approval issued where the requested prepayment or special prepayment will result in the reduction of the registrant's net capital by 20 percent or more or the registrant's excess adjusted net capital by 30 percent or more.

(viii) *Suspended repayment.* (A) The payment obligation of the applicant or registrant in respect of any subordination agreement shall be suspended and shall not mature if, after giving effect to payment of such payment obligation (and to all payments of payment obligations of the applicant or registrant under any other subordination agreement(s) then outstanding which are scheduled to mature on or before such payment obligation), the adjusted net capital of the applicant or registrant would be less than the greatest of:

(1) 120 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(iii)(A) of this section;

(2) For a futures commission merchant or applicant therefor, 120 percent

Commodity Futures Trading Commission

§ 1.17

of the amount required by paragraph (a)(1)(i)(B) of this section;

(3) 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member; or

(4) For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3-1d(b)(8)(i) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(b)(8)(i)): *Provided*, That the subordination agreement may provide that if the payment obligation of the applicant or registrant thereunder does not mature and is suspended as a result of the requirement of this paragraph (h)(2)(viii) for a period of not less than six months, the applicant or registrant shall then commence the rapid and orderly liquidation of its business, but the right of the lender to receive payment, together with accrued interest or compensation, shall remain subordinate as required by the provisions of this section.

(B) [Reserved]

(ix) *Accelerated maturity*. Obligation to repay to remain subordinate:

(A) Subject to the provisions of paragraph (h)(2)(viii) of this section, a subordination agreement may provide that the lender may, upon prior written notice to the applicant and the National Futures Association, or upon prior written notice to the registrant and the designated self-regulatory organization or, if the registrant is not a member of a designated self-regulatory organization, the Commission, given not earlier than six months after the effective date of such subordination agreement, accelerate the date on which the payment obligation of the borrower, together with accrued interest or compensation, is scheduled to mature to a date not earlier than six months after giving of such notice, but the right of the lender to receive payment, together with accrued interest or compensation, shall remain subordinate as required by the provisions of this paragraph (h)(2) of this section.

(B) Notwithstanding the provisions of paragraph (h)(2)(viii) of this section, the payment obligation of the applicant or registrant with respect to a subordination agreement, together with accrued interest and compensa-

tion, shall mature in the event of any receivership, insolvency, liquidation pursuant to the Securities Investor Protection Act of 1970 or otherwise, bankruptcy, assignment for the benefit of creditors, reorganization whether or not pursuant to the bankruptcy laws, or any other marshalling of the assets and liabilities of the applicant or registrant, but the right of the lender to receive payment, together with accrued interest or compensation, shall remain subordinate as required by the provisions of paragraph (h)(2) of this section.

(x) *Accelerated maturity of subordination agreements on event of default and event of acceleration*. Obligation to repay to remain subordinate:

(A) A subordination agreement may provide that the lender may, upon prior written notice to the applicant and the National Futures Association, or upon prior written notice to the registrant and the designated self-regulatory organization or, if the registrant is not a member of a designated self-regulatory organization, the Commission, of the occurrence of any event of acceleration (as hereinafter defined) given no sooner than six months after the effective date of such subordination agreement, accelerate the date on which the payment obligation of the applicant or registrant, together with accrued interest or compensation, is scheduled to mature, to the last business day of a calendar month which is not less than six months after notice of acceleration is received by the applicant and by the National Futures Association, or by the registrant and the designated self-regulatory organization or, if the registrant is not a member of a designated self-regulatory organization, the Commission. Any subordination agreement containing such events of acceleration may also provide that, if upon such accelerated maturity date the payment obligation of the applicant or registrant is suspended as required by paragraph (h)(2)(viii) of this section and liquidation of the applicant or registrant has not commenced on or prior to such accelerated maturity date, notwithstanding paragraph (h)(2)(viii) of this section, the payment

§ 1.17

17 CFR Ch. I (4-1-20 Edition)

obligation of the applicant or registrant with respect to such subordination agreement shall mature on the day immediately following such accelerated maturity date and in any such event the payment obligations of the applicant or registrant with respect to all other subordination agreements then outstanding shall also mature at the same time but the rights of the respective lenders to receive payment, together with accrued interest or compensation, shall remain subordinate as required by the provisions of paragraph (h)(2) of this section. Events of acceleration which may be included in a subordination agreement complying with this paragraph (h)(2)(x) of this section shall be limited to:

(1) Failure to pay interest or any installment of principal on a subordination agreement as scheduled;

(2) Failure to pay when due other money obligations of a specified material amount;

(3) Discovery that any material, specified representation or warranty of the applicant or registrant which is included in the subordination agreement and on which the subordination agreement was based or continued was inaccurate in a material respect at the time made;

(4) Any specified and clearly measurable event which is included in the subordination agreement and which the lender and the applicant or registrant agree, (a) is a significant indication that the financial position of the applicant or registrant has changed materially and adversely from agreed upon specified norms; or (b) could materially and adversely affect the ability of the applicant or registrant to conduct its business as conducted on the date the subordination agreement was made; or (c) is a significant change in the senior management of the applicant or registrant or in the general business conducted by the applicant or registrant from that which obtained on the date the subordination agreement became effective;

(5) Any continued failure to perform agreed covenants included in the subordination agreement relating to the conduct of the business of the applicant or registrant or relating to the

maintenance and reporting of its financial position; and

(B) Notwithstanding the provisions of paragraph (h)(2)(viii) of this section, a subordination agreement may provide that, if liquidation of the business of the applicant or registrant has not already commenced, the payment obligation of the applicant or registrant shall mature, together with accrued interest or compensation, upon the occurrence of an event of default (as hereinafter defined). Such agreement may also provide that, if liquidation of the business of the applicant or registrant has not already commenced, the rapid and orderly liquidation of the business of the applicant or registrant shall then commence upon the happening of an event of default. Any subordination agreement which so provides for maturity of the payment obligation upon the occurrence of an event of default shall also provide that the date on which such event of default occurs shall, if liquidation of the applicant or registrant has not already commenced, be the date on which the payment obligation of the applicant or registrant with respect to all other subordination agreements then outstanding shall mature but the rights of the respective lenders to receive payment, together with accrued interest or compensation, shall remain subordinate as required by the provisions of paragraph (h)(2) of this section. Events of default which may be included in a subordination agreement shall be limited to:

(1) The making of an application by the Securities Investor Protection Corporation for a decree adjudicating that customers of the applicant or registrant are in need of protection under the Securities Investor Protection Act of 1970 and the failure of the applicant or registrant to obtain the dismissal of such application within 30 days;

(2) Failure to meet the minimum capital requirements of the designated self-regulatory organization, or of the Commission, throughout a period of 15 consecutive business days, commencing on the day the borrower first determines and notifies the designated self-regulatory organization, if any, of which he is a member and the Commission, in the case of a registrant, or the National Futures Association, in the

Commodity Futures Trading Commission

§ 1.17

case of an applicant, or commencing on the day any self-regulatory organization, the Commission or the National Futures Association first determines and notifies the applicant or registrant of such fact;

(3) The Commission shall revoke the registration of the applicant or registrant;

A registrant that is not a member of any designated self-regulatory organization shall file two signed copies of any proposed subordination agreement (including nonconforming subordination agreements) with the regional office of the Commission nearest the principal place of business of the registrant at least ten days prior to the proposed effective date of the agreement or at such other time as the Commission for good cause shall accept such filing. A registrant that is a member of a designated self-regulatory organization shall file signed copies of any proposed subordination agreement (including nonconforming subordination agreements) with the designated self-regulatory organization in such quantities and at such time as the designated self-regulatory organization may require prior to the effective date. The applicant or registrant shall also file with said parties a statement setting forth the name and address of the lender, the business relationship of the lender to the applicant or registrant and whether the applicant or registrant carried funds or securities for the lender at or about the time the proposed agreement was so filed. A proposed agreement filed by an applicant with the National Futures

Association shall be reviewed by the National Futures Association, and no such agreement shall be a satisfactory subordination agreement for the purposes of this section unless and until the National Futures Association has found the agreement acceptable and such agreement has become effective in the form found acceptable. A proposed agreement filed by a registrant shall be reviewed by the designated self-regulatory organization with whom such an agreement is required to be filed prior to its becoming effective or, if the registrant is not a member of any designated self-regulatory organization, by the regional office of the Commission where the agreement is required to be filed prior to its becoming effective. No proposed agreement shall be a satisfactory subordination agreement for the purposes of this section unless and until the designated self-regulatory organization or, if a registrant is not a member of any designated self-regulatory organization, the Commission, has found the agreement acceptable and such agreement has become effective in the form found acceptable: Provided, however, That a proposed agreement shall be a satisfactory subordination agreement for purpose of this section if the registrant: is a securities broker or dealer registered with the Securities and Exchange Commission; files signed copies of the proposed subordination agreement with the applicable securities designated examining authority, as defined in Rule 15c3-1(c)(12) of the Securities and Exchange Commission (17 CFR 240.15c3-1(c)(12)), in the form and manner prescribed by the designated examining authority; files signed copies of the proposed subordination agreement with the designated self-regulatory organization at the time it files such copies with the designated examining authority in the form and manner prescribed by the designated self-regulatory organization; and files a copy of the designated examining authority's approval of the proposed subordination agreement with the designated self-regulatory organization immediately

upon receipt of such approval. The designated examining authority's determination that the proposed subordination agreement satisfies the requirements for a satisfactory subordination agreement will be deemed a like finding by the designated self-regulatory organization, unless the designated self-regulatory organization notifies the registrant that the designated examining authority's determination shall not constitute a like finding by the designated self-regulatory organization.

(vii) *Subordination agreements that incorporate adjusted net capital requirements in effect prior to September 30, 2004.* Any subordination agreement that incorporates the adjusted net capital requirements in paragraphs (h)(2)(vi)(C)(2), (h)(2)(vii)(A)(2) and (B)(2), (h)(2)(viii)(A)(2), (h)(3)(ii)(B), and (h)(3)(v)(B) of this section, as in effect prior to September 30, 2004, and which has been deemed to be satisfactorily subordinated pursuant to this section prior to September 30, 2004, shall continue to be deemed a satisfactory subordination agreement until the maturity of such agreement. In the event, however, that such agreement is amended or renewed for any reason, then such agreement shall not be deemed a satisfactory subordination agreement unless the amended or renewed agreement meets the requirements of this section.

(4) A designated self-regulatory organization and the Commission may allow debt with a maturity date of 1 year or more to be treated as meeting the provisions of this paragraph (h): *Provided*, (i) Such exemption shall only be given when the registrant's adjusted net capital is less than the minimum required by this section or by the capital rule of the designated self-regulatory organization to which such registrant is subject;

(iii) Such exemption shall be for a period of 30 days or such lesser period as the designated self-regulatory organization and the Commission may determine;

(v) At all times during such exemption the registrant shall make a good faith effort to comply with the provisions of this section or the capital rule of the designated self-regulatory organization to which such registrant is subject exclusive of any benefits derived from this paragraph (h)(4).

(j) For the purposes of this section *cover* is defined as follows:

(1) *General definition.* Cover shall mean transactions or positions in a contract for future delivery on a board of trade or a commodity option where such transactions or positions normally represent a substitute for transactions to be made or positions to be taken at a later time in a physical marketing channel, and where they are economically appropriate to the reduction of risks in the conduct and management of a commercial enterprise, and where they arise from:

(i) The potential change in the value of assets which a person owns, produces, manufactures, processes, or merchandises or anticipates owning, producing, manufacturing, processing, or merchandising.

(ii) The potential change in the value of liabilities which a person owes or anticipates incurring, or

(iii) The potential change in the value of services which a person provides, purchases or anticipates providing or purchasing. Notwithstanding the foregoing, no transactions or positions shall be classified as cover for the purposes of this section unless their purpose is to offset price risks incidental to commercial cash or spot operations and such positions are established and liquidated in accordance with sound commercial practices and unless the provisions of paragraphs (j) (2) and (3) of this section have been satisfied.

(2) *Enumerated cover transactions.* The definition of covered transactions and positions in paragraph (j)(1) of this section includes, but is not limited to, the following specific transactions and positions:

(i) Ownership or fixed-price purchase of any commodity which does not exceed in quantity (A) the sales of the same commodity for future delivery on a board of trade or (B) the purchase of

§ 1.18

a put commodity option of the same commodity for which the market value for the actual commodity or futures contract which is the subject of the option is less than the strike price of the option or (C) the ownership of a commodity option position established by the sale (grant) of a call commodity option of the same commodity for which the market value for the actual commodity or futures contract which is the subject of the option is more than the strike price of the option: *Provided*, That for purposes of paragraph (c)(5)(x) of this section the market value for the actual commodity or futures contract which is the subject of such option need not be more than the strike price of that option;

(ii) Fixed-price sale of any commodity which does not exceed in quantity (A) the purchase of the same commodity for future delivery on a board of trade or (B) the purchase of a call commodity option of the same commodity for which the market value for the actual commodity or futures contract which is the subject of such option is more than the strike price of the option or (C) ownership of a commodity option position established by the sale (grant) of a put commodity option of the same commodity for which the market value for the actual commodity or futures contract which is the subject of the option is less than the strike price of the option: *Provided*, That for purposes of paragraph (c)(5)(x) of this section the market value for the actual commodity or futures contract which is the subject of such option need not be less than the strike price of that option; and

(iii) Ownership or fixed-price contracts of a commodity described in paragraphs (j)(2)(i) and (j)(2)(ii) of this section may also be covered other than by the same quantity of the same cash commodity, provided that the fluctuations in value of the position for future delivery or commodity option are substantially related to the fluctuations in value of the actual cash position.

(3) *Nonenumerated cases*. Upon specific request, the Commission may recognize transactions and positions other than those enumerated in paragraph (j)(2) of this section as cover in amounts and under the terms and conditions as it

17 CFR Ch. I (4–1–20 Edition)

may specify. Any applicant or registrant who wishes to avail itself of the provisions of this paragraph (j)(3) must apply to the Commission in writing at its principal office in Washington, DC giving full details of the transaction including detailed information which will demonstrate that the transaction is economically appropriate to the reduction of risk exposure attendant to the conduct and management of a commercial enterprise.

Furthermore, you acknowledge and agree that such Funds may not be used by you or by us to secure or guarantee any obligations that we might owe to you, and they may not be used by us to secure or obtain credit from you. You further acknowledge and agree that the Funds in the Account(s) shall not be subject to any right of offset or lien for or on account of any indebtedness, obligations or liabilities we may now or in the future have owing to you. This prohibition does not affect your right to recover funds advanced in the form of cash transfers, lines of credit, repurchase agreements or other similar liquidity arrangements you make in lieu of liquidating non-cash assets held in the Account(s) or in lieu of converting cash held in the Account(s) to cash in a different currency.

In addition, you agree that the Account(s) may be examined at any reasonable time by

the director of the Division of Swap Dealer and Intermediary Oversight of the CFTC or the director of the Division of Clearing and Risk of the CFTC, or any successor divisions, or such directors’ designees, or an appropriate officer, agent or employee of our designated self-regulatory organization (“DSRO”), [Name of DSRO], and this letter constitutes the authorization and direction of the undersigned on our behalf to permit any such examination to take place without further notice to or consent from us.

You agree to reply promptly and directly to any request for confirmation of account balances or provision of any other information regarding or related to the Account(s) from the director of the Division of Swap Dealer and Intermediary Oversight of the CFTC or the director of the Division of Clearing and Risk of the CFTC, or any successor divisions, or such directors’ designees, or an appropriate officer, agent, or employee of [Name of DSRO], acting in its capacity as our DSRO, and this letter constitutes the authorization and direction of the undersigned on our behalf to release the requested information without further notice to or consent from us.

You further acknowledge and agree that, pursuant to authorization granted by us to you previously or herein, you have provided, or will promptly provide following the opening of the Account(s), the director of the Division of Swap Dealer and Intermediary Oversight of the CFTC, or any successor division, or such director’s designees, with technological connectivity, which may include provision of hardware, software, and related technology and protocol support, to facilitate direct, read-only electronic access to transaction and account balance information for the Account(s). This letter constitutes the authorization and direction of the undersigned on our behalf for you to establish this connectivity and access if not previously established, without further notice to or consent from us.

The parties agree that all actions on your part to respond to the above information and access requests will be made in accordance with, and subject to, such usual and customary authorization verification and authentication policies and procedures as may be employed by you to verify the authority of, and authenticate the identity of, the individual making any such information or access request, in order to provide for the secure transmission and delivery of the requested information or access to the appropriate recipient(s). We will not hold you responsible for acting pursuant to any information or access request from the director of the Division of Swap Dealer and Intermediary Oversight of the CFTC or the director of the Division of Clearing and Risk of the CFTC, or any successor divisions, or such

directors' designees, or an appropriate officer, agent, or employee of [Name of DSRO], acting in its capacity as our DSRO, upon which you have relied after having taken measures in accordance with your applicable policies and procedures to assure that such request was provided to you by an individual authorized to make such a request.

In the event that we become subject to either a voluntary or involuntary petition for relief under the U.S. Bankruptcy Code, we acknowledge that you will have no obligation to release the Funds held in the Account(s), except upon instruction of the Trustee in Bankruptcy or pursuant to the Order of the respective U.S. Bankruptcy Court.

Notwithstanding anything in the foregoing to the contrary, nothing contained herein shall be construed as limiting your right to assert any right of offset or lien on assets that are not Funds maintained in the Account(s), or to impose such charges against us or any proprietary account maintained by us with you. Further, it is understood that amounts represented by checks, drafts or other items shall not be considered to be part of the Account(s) until finally collected. Accordingly, checks, drafts and other items credited to the Account(s) and subsequently dishonored or otherwise returned to you or reversed, for any reason, and any claims relating thereto, including but not limited to claims of alteration or forgery, may be charged back to the Account(s), and we shall be responsible to you as a general endorser of all such items whether or not actually so endorsed.

You may conclusively presume that any withdrawal from the Account(s) and the balances maintained therein are in conformity with the Act and CFTC regulations without any further inquiry, provided that, in the ordinary course of your business as a depository, you have no notice of or actual knowledge of a potential violation by us of any provision of the Act or the CFTC regulations that relates to the segregation of customer funds; and you shall not in any manner not expressly agreed to herein be responsible to us for ensuring compliance by us with such provisions of the Act and CFTC regulations; however, the aforementioned presumption does not affect any obligation you may otherwise have under the Act or CFTC regulations.

You may, and are hereby authorized to, obey the order, judgment, decree or levy of any court of competent jurisdiction or any governmental agency with jurisdiction, which order, judgment, decree or levy relates in whole or in part to the Account(s). In any event, you shall not be liable by reason of any action or omission to act pursuant to any such order, judgment, decree or levy, to us or to any other person, firm, association or corporation even if thereafter any such

order, decree, judgment or levy shall be reversed, modified, set aside or vacated.

The terms of this letter agreement shall remain binding upon the parties, their successors and assigns and, for the avoidance of doubt, regardless of a change in the name of either party. This letter agreement supercedes and replaces any prior agreement between the parties in connection with the Account(s), including but not limited to any prior acknowledgment letter agreement, to the extent that such prior agreement is inconsistent with the terms hereof. In the event of any conflict between this letter agreement and any other agreement between the parties in connection with the Account(s), this letter agreement shall govern with respect to matters specific to Section 4d of the Act and the CFTC's regulations thereunder, as amended.

This letter agreement shall be governed by and construed in accordance with the laws of [Insert governing law] without regard to the principles of choice of law.

Please acknowledge that you agree to abide by the requirements and conditions set forth above by signing and returning to us the enclosed copy of this letter agreement, and that you further agree to provide a copy of this fully executed letter agreement directly to the CFTC (via electronic means in a format and manner determined by the CFTC) and to [Name of DSRO], acting in its capacity as our DSRO. We hereby authorize and direct you to provide such copies without further notice to or consent from us, no later than three business days after opening the Account(s) or revising this letter agreement, as applicable.

§ 1.21 Care of money and equities accruing to futures customers.

All money received directly or indirectly by, and all money and equities accruing to, a futures commission merchant from any derivatives clearing organization or from any clearing member or from any member of a contract market incident to or resulting from any trade, contract or commodity option made by or through such futures commission merchant on behalf of any futures customer shall be considered as accruing to such futures customer within the meaning of the Act and these regulations. Such money and equities shall be treated and dealt with as belonging to such futures customer in accordance with the provisions of the Act and these regulations. Money and equities accruing in connection with futures customers' open trades, contracts, or commodity options need not be separately credited to individual accounts but may be treated and dealt with as belonging undivided to all futures customers having open trades, contracts, or commodity option positions which if closed would result in a credit to such futures customers.

[77 FR 66321, Nov. 2, 2012]

§ 1.22 Use of futures customer funds restricted.

(a) No futures commission merchant shall use, or permit the use of, the futures customer funds of one futures customer to purchase, margin, or settle the trades, contracts, or commodity options of, or to secure or extend the credit of, any person other than such futures customer.

(b) Futures customer funds shall not be used to carry trades or positions of the same futures customer other than in contracts for the purchase or sale of any commodity for future delivery or for options thereon traded through the facilities of a designated contract market.

(c)(1) The undermargined amount for a futures customer's account is the amount, if any, by which:

§ 1.22

17 CFR Ch. I (4–1–20 Edition)

(i) The total amount of collateral required for that futures customer's positions in that account, at the time or times referred to in paragraph (c)(2) of this section, exceeds

(ii) The value of the futures customer funds for that account, as calculated in § 1.20(i)(2).

(2) Each futures commission merchant must compute, based on the information available to the futures commission merchant as of the close of each business day,

(i) The undermargined amounts, based on the clearing initial margin that will be required to be maintained by that futures commission merchant for its futures customers, at each derivatives clearing organization of which the futures commission merchant is a member, at the point of the daily settlement (as described in § 39.14 of this chapter) that will complete during the following business day for each such derivatives clearing organization less

(ii) Any debit balances referred to in § 1.20(i)(4) included in such undermargined amounts.

(3)(i) Prior to the Residual Interest Deadline, such futures commission merchant must maintain residual interest in segregated funds that is at least equal to the computation set forth in paragraph (c)(2) of this section. Where a futures commission merchant is subject to multiple Residual Interest Deadlines, prior to each Residual Interest Deadline, such futures commission merchant must maintain residual interest in segregated funds that is at least equal to the portion of the computation set forth in paragraph (c)(2) of this section attributable to the clearing initial margin required by the derivatives clearing organization making such settlement.

(ii) A futures commission merchant may reduce the amount of residual interest required in paragraph (c)(3)(i) of this section to account for payments received from or on behalf of undermargined futures customers (less the sum of any disbursements made to or on behalf of such customers) between the close of the previous business day and the Residual Interest Deadline.

(4) For purposes of paragraph (c)(2) of this section, a futures commission mer-

chant should include, as clearing initial margin, customer initial margin that the futures commission merchant will be required to maintain, for that futures commission merchant's futures customers, at another futures commission merchant.

(5) *Residual Interest Deadline defined.*

(i) Except as provided in paragraph (c)(5)(ii) of this section, the Residual Interest Deadline shall be the time of the settlement referenced in paragraph (c)(2)(i) or, as appropriate, (c)(4), of this section.

(ii) Starting on November 14, 2014 and during the phase-in period described in paragraph (c)(5)(iii) of this section, the Residual Interest Deadline shall be 6:00 p.m. Eastern Time on the date of the settlement referenced in paragraph (c)(2)(i) or, as appropriate, (c)(4), of this section.

(iii)(A) No later than May 16, 2016, the staff of the Commission shall complete and publish for public comment a report addressing, to the extent information is practically available, the practicability (for both futures commission merchants and customers) of moving that deadline from 6:00 p.m. Eastern Time on the date of the settlement referenced in paragraph (c)(2)(i) or, as appropriate, (c)(4), of this section to the time of that settlement (or to some other time of day), including whether and on what schedule it would be feasible to do so, and the costs and benefits of such potential requirements. Staff shall, using the Commission's Web site, solicit public comment and shall conduct a public roundtable regarding specific issues to be covered by such report.

(B) Nine months after publication of the report required by paragraph (c)(5)(iii)(A) of this section, the Commission may (but shall not be required to) do either of the following:

(1) Terminate the phase-in period through rulemaking, in which case the phase-in period shall end as of a date established by a final rule published in the FEDERAL REGISTER, which date shall be no less than one year after the date such rule is published; or

(2) Determine that it is necessary or appropriate in the public interest to propose through rulemaking a different Residual Interest Deadline. In that

Commodity Futures Trading Commission

§ 1.23

event, the Commission shall establish, if necessary, a phase-in schedule in the final rule published in the FEDERAL REGISTER.

(C) If the phase-in schedule has not been terminated or revised pursuant to paragraph (c)(5)(iii)(B) of this section, then the Residual Interest Deadline shall remain 6:00 p.m. Eastern Time on the date of the settlement referenced in paragraph (c)(2)(i) or, as appropriate, (c)(4) of this section until such time that the Commission takes further action through rulemaking.

[78 FR 68631, Nov. 14, 2013, as amended at 80 FR 15509, Mar. 24, 2015]

§ 1.23 Interest of futures commission merchant in segregated futures customer funds; additions and withdrawals.

(a)(1) The provision in sections 4d(a)(2) and 4d(b) of the Act and the provision in § 1.20 that prohibit the commingling of futures customer funds with the funds of a futures commission merchant, shall not be construed to prevent a futures commission merchant from having a residual financial interest in the futures customer funds segregated as required by the Act and the regulations in this part and set apart for the benefit of futures customers; nor shall such provisions be construed to prevent a futures commission merchant from adding to such segregated futures customer funds such amount or amounts of money, from its own funds or unencumbered securities from its own inventory, of the type set forth in § 1.25 of this part, as it may deem necessary to ensure any and all futures customers' accounts from becoming undersegregated at any time.

(2) If a futures commission merchant discovers at any time that it is holding insufficient funds in segregated accounts to meet its obligations under §§ 1.20 and 1.22, the futures commission merchant shall immediately deposit sufficient funds into segregation to bring the account into compliance.

(b) A futures commission merchant may not withdraw funds, except withdrawals that are made to or for the benefit of futures customers, from an account or accounts holding futures customer funds unless the futures commission merchant has prepared the

daily segregation calculation required by § 1.32 as of the close of business on the previous business day. A futures commission merchant that has completed its daily segregation calculation may make withdrawals, in addition to withdrawals that are made to or for the benefit of futures customers, to the extent of its actual residual financial interest in funds held in segregated futures accounts, adjusted to reflect market activity and other events that may have decreased the amount of the firm's residual financial interest since the close of business on the previous business day, including the withdrawal of securities held in segregated safe-keeping accounts held by a bank, trust company, derivatives clearing organization or other futures commission merchant. Such withdrawal(s), *however*, shall not result in the funds of one futures customer being used to purchase, margin or carry the trades, contracts or commodity options, or extend the credit of any other futures customer or other person.

(c) Notwithstanding paragraphs (a) and (b) of this section, each futures commission merchant shall establish a targeted residual interest (*i.e.*, excess funds) that is in an amount that, when maintained as its residual interest in the segregated funds accounts, reasonably ensures that the futures commission merchant shall remain in compliance with the segregated funds requirements at all times. Each futures commission merchant shall establish policies and procedures designed to reasonably ensure that the futures commission merchant maintains the targeted residual amounts in segregated funds at all times. The futures commission merchant shall maintain sufficient capital and liquidity, and take such other appropriate steps as are necessary, to reasonably ensure that such amount of targeted residual interest is maintained as the futures commission merchant's residual interest in the segregated funds accounts at all times. In determining the amount of the targeted residual interest, the futures commission merchant shall analyze all relevant factors affecting the amounts in segregated funds from time to time, including without limitation various factors, as applicable, relating to the

nature of the futures commission merchant's business including, but not limited to, the composition of the futures commission merchant's customer base, the general creditworthiness of the customer base, the general trading activity of the customers, the types of markets and products traded by the customers, the proprietary trading of the futures commission merchant, the general volatility and liquidity of the markets and products traded by customers, the futures commission merchant's own liquidity and capital needs, and the historical trends in customer segregated fund balances and debit balances in customers' and undermargined accounts. The analysis and calculation of the targeted amount of the future commission merchant's residual interest must be described in writing with the specificity necessary to allow the Commission and the futures commission merchant's designated self-regulatory organization to duplicate the analysis and calculation and test the assumptions made by the futures commission merchant. The adequacy of the targeted residual interest and the process for establishing the targeted residual interest must be reassessed periodically by the futures commission merchant and revised as necessary.

(d) Notwithstanding any other paragraph of this section, a futures commission merchant may not withdraw funds, in a single transaction or a series of transactions, that are not made to or for the benefit of futures customers from futures accounts if such withdrawal(s) would exceed 25 percent of the futures commission merchant's residual interest in such accounts as reported on the daily segregation calculation required by § 1.32 and computed as of the close of business on the previous business day, unless:

(1) The futures commission merchant's chief executive officer, chief finance officer or other senior official that is listed as a principal of the futures commission merchant on its Form 7-R and is knowledgeable about the futures commission merchant's financial requirements and financial position pre-approves in writing the withdrawal, or series of withdrawals;

(2) The futures commission merchant files written notice of the withdrawal or series of withdrawals, with the Commission and with its designated self-regulatory organization immediately after the chief executive officer, chief finance officer or other senior official as described in paragraph (d)(1) of this section pre-approves the withdrawal or series of withdrawals. The written notice must:

(i) Be signed by the chief executive officer, chief finance officer or other senior official as described in paragraph (d)(1) of this section that pre-approved the withdrawal, and give notice that the futures commission merchant has withdrawn or intends to withdraw more than 25 percent of its residual interest in segregated accounts holding futures customer funds;

(ii) Include a description of the reasons for the withdrawal or series of withdrawals;

(iii) List the amount of funds provided to each recipient and each recipient's name;

(iv) Include the current estimate of the amount of the futures commission merchant's residual interest in the futures accounts after the withdrawal;

(v) Contain a representation by the chief executive officer, chief finance officer or other senior official as described in paragraph (d)(1) of this section that pre-approved the withdrawal, or series of withdrawals, that, after due diligence, to such person's knowledge and reasonable belief, the futures commission merchant remains in compliance with the segregation requirements after the withdrawal. The chief executive officer, chief finance officer or other senior official as described in paragraph (d)(1) of this section must consider the daily segregation calculation as of the close of business on the previous business day and any other factors that may cause a material change in the futures commission merchant's residual interest since the close of business the previous business day, including known unsecured futures customer debits or deficits, current day market activity and any other withdrawals made from the futures accounts; and

(vi) Any such written notice filed with the Commission must be filed via

Commodity Futures Trading Commission

§ 1.24

electronic transmission using a form of user authentication assigned in accordance with procedures established by or approved by the Commission, and otherwise in accordance with instruction issued by or approved by the Commission. Any such electronic submission must clearly indicate the registrant on whose behalf such filing is made and the use of such user authentication in submitting such filing will constitute and become a substitute for the manual signature of the authorized signer. Any written notice filed must be followed up with direct communication to the Regional office of the Commission that has supervisory authority over the futures commission merchant whereby the Commission acknowledges receipt of the notice; and

(3) After making a withdrawal requiring the approval and notice required in paragraphs (d)(1) and (2) of this section, and before the completion of its next daily segregated funds calculation, no futures commission merchant may make any further withdrawals from accounts holding futures customer funds, except to or for the benefit of futures customers, without, for each withdrawal, obtaining the approval required under paragraph (d)(1) of this section and filing a written notice in the manner specified under paragraph (d)(2) of this section with the Commission and its designated self-regulatory organization signed by the chief executive officer, chief finance officer, or other senior official. The written notice must:

- (i) List the amount of funds provided to each recipient and each recipient's name;
- (ii) Disclose the reason for each withdrawal;
- (iii) Confirm that the chief executive officer, chief finance officer, or other senior official (and identify of the person if different from the person who signed the notice) pre-approved the withdrawal in writing;
- (iv) Disclose the current estimate of the futures commission merchant's remaining total residual interest in the segregated accounts holding futures customer funds after the withdrawal; and
- (v) Include a representation that, after due diligence, to the best of the

notice signatory's knowledge and reasonable belief the futures commission merchant remains in compliance with the segregation requirements after the withdrawal.

(e) If a futures commission merchant withdraws funds from futures accounts that are not made to or for the benefit of futures customers, and the withdrawal causes the futures commission merchant to not hold sufficient funds in the futures accounts to meet its targeted residual interest, as required to be computed under §1.11, the futures commission merchant should deposit its own funds into the futures accounts to restore the account balance to the targeted residual interest amount by the close of business on the next business day, or, if appropriate, revise the futures commission merchant's targeted amount of residual interest pursuant to the policies and procedures required by §1.11. Notwithstanding the foregoing, if a the futures commission merchant's residual interest in customer accounts is less than the amount required by §1.22 at any particular point in time, the futures commission merchant must immediately restore the residual interest to exceed the sum of such amounts. Any proprietary funds deposited in the futures accounts must be unencumbered and otherwise compliant with §1.25, as applicable.

[78 FR 68632, Nov. 14, 2013, as amended at 79 FR 44126, July 30, 2014]

§ 1.24 Segregated funds; exclusions therefrom.

Money held in a segregated account by a futures commission merchant shall not include: (a) Money invested in obligations or stocks of any derivatives clearing organization or in memberships in or obligations of any contract market; or

(b) Money held by any derivatives clearing organization which it may use for any purpose other than to purchase, margin, guarantee, secure, transfer, adjust, or settle the contracts, trades, or commodity options of the futures customers of such futures commission merchant.

[77 FR 66322, Nov. 2, 2012]

(2) *Restrictions on instrument features.* (i) With the exception of money market mutual funds, no permitted investment may contain an embedded derivative of any kind, except as follows:

(A) The issuer of an instrument otherwise permitted by this section may have an option to call, in whole or in part, at par, the principal amount of the instrument before its stated maturity date; or

(B) An instrument that meets the requirements of paragraph (b)(2)(iv) of this section may provide for a cap, floor, or collar on the interest paid; *provided, however,* that the terms of such instrument obligate the issuer to repay the principal amount of the instrument at not less than par value upon maturity.

Commodity Futures Trading Commission

§ 1.25

(ii) No instrument may contain interest-only payment features.

(iii) No instrument may provide payments linked to a commodity, currency, reference instrument, index, or benchmark except as provided in paragraph (b)(2)(iv) of this section, and it may not otherwise constitute a derivative instrument.

(iv)(A) Adjustable rate securities are permitted, subject to the following requirements:

(1) The interest payments on variable rate securities must correlate closely and on an unleveraged basis to a benchmark of either the Federal Funds target or effective rate, the prime rate, the three-month Treasury Bill rate, the one-month or three-month LIBOR rate, or the interest rate of any fixed rate instrument that is a permitted investment listed in paragraph (a)(1) of this section;

(2) The interest payment, in any period, on floating rate securities must be determined solely by reference, on an unleveraged basis, to a benchmark of either the Federal Funds target or effective rate, the prime rate, the three-month Treasury Bill rate, the one-month or three-month LIBOR rate, or the interest rate of any fixed rate instrument that is a permitted investment listed in paragraph (a)(1) of this section;

(3) Benchmark rates must be expressed in the same currency as the adjustable rate securities that reference them; and

(4) No interest payment on an adjustable rate security, in any period, can be a negative amount.

(B) For purposes of this paragraph, the following definitions shall apply:

(1) The term *adjustable rate security* means, a floating rate security, a variable rate security, or both.

(2) The term *floating rate security* means a security, the terms of which provide for the adjustment of its interest rate whenever a specified interest rate changes and that, at any time until the final maturity of the instrument or the period remaining until the principal amount can be recovered through demand, can reasonably be expected to have market value that approximates its amortized cost.

(3) The term *variable rate security* means a security, the terms of which provide for the adjustment of its interest rate on set dates (such as the last day of a month or calendar quarter) and that, upon each adjustment until the final maturity of the instrument or the period remaining until the principal amount can be recovered through demand, can reasonably be expected to have a market value that approximates its amortized cost.

(v) Certificates of deposit must be redeemable at the issuing bank within one business day, with any penalty for early withdrawal limited to any accrued interest earned according to its written terms.

(vi) Commercial paper and corporate notes or bonds must meet the following criteria:

(A) The size of the issuance must be greater than \$1 billion;

(B) The instrument must be denominated in U.S. dollars; and

(C) The instrument must be fully guaranteed as to principal and interest by the United States for its entire term.

(3) *Concentration*—(i) *Asset-based concentration limits for direct investments.*

(A) Investments in U.S. government securities shall not be subject to a concentration limit.

(B) Investments in U.S. agency obligations may not exceed 50 percent of the total assets held in segregation by the futures commission merchant or derivatives clearing organization.

(C) Investments in each of commercial paper, corporate notes or bonds and certificates of deposit may not exceed 25 percent of the total assets held in segregation by the futures commission merchant or derivatives clearing organization.

(D) Investments in municipal securities may not exceed 10 percent of the total assets held in segregation by the futures commission merchant or derivatives clearing organization.

(E) Subject to paragraph (b)(3)(i)(G) of this section, investments in money market mutual funds comprising only U.S. government securities shall not be subject to a concentration limit.

(F) Subject to paragraph (b)(3)(i)(G) of this section, investments in money market mutual funds, other than those

described in paragraph (b)(3)(i)(E) of this section, may not exceed 50 percent of the total assets held in segregation by the futures commission merchant or derivatives clearing organization.

(G) Investments in money market mutual funds comprising less than \$1 billion in assets and/or which have a management company comprising less than \$25 billion in assets, may not exceed 10 percent of the total assets held in segregation by the futures commission merchant or derivatives clearing organization.

(ii) *Issuer-based concentration limits for direct investments.* (A) Securities of any single issuer of U.S. agency obligations held by a futures commission merchant or derivatives clearing organization may not exceed 25 percent of total assets held in segregation by the futures commission merchant or derivatives clearing organization.

(E) For purposes of determining compliance with the issuer-based concentration limits set forth in this section, securities issued by entities that are affiliated, as defined in paragraph (b)(5) of this section, shall be aggregated and deemed the securities of a single issuer. An interest in a permitted money market mutual fund is not deemed to be a security issued by its sponsoring entity.

(iii) *Concentration limits for agreements to repurchase—(A) Repurchase agree-*

ments. For purposes of determining compliance with the asset-based and issuer-based concentration limits set forth in this section, securities sold by a futures commission merchant or derivatives clearing organization subject to agreements to repurchase shall be combined with securities held by the futures commission merchant or derivatives clearing organization as direct investments.

(B) *Reverse repurchase agreements.* For purposes of determining compliance with the asset-based and issuer-based concentration limits set forth in this section, securities purchased by a futures commission merchant or derivatives clearing organization subject to agreements to resell shall be combined with securities held by the futures commission merchant or derivatives clearing organization as direct investments.

(iv) *Treatment of customer-owned securities.* For purposes of determining compliance with the asset-based and issuer-based concentration limits set forth in this section, securities owned by the customers of a futures commission merchant and posted as margin collateral are not included in total assets held in segregation by the futures commission merchant, and securities posted by a futures commission merchant with a derivatives clearing organization are not included in total assets held in segregation by the derivatives clearing organization.

(v) *Counterparty concentration limits.* Securities purchased by a futures commission merchant or derivatives clearing organization from a single counterparty, or from one or more counterparties under common ownership or control, subject to an agreement to resell the securities to the counterparty or counterparties, shall not exceed 25 percent of total assets held in segregation or under § 30.7 of this chapter by the futures commission merchant or derivatives clearing organization.

(4) *Time-to-maturity.* (i) Except for investments in money market mutual funds, the dollar-weighted average of the time-to-maturity of the portfolio, as that average is computed pursuant to § 270.2a–7 of this title, may not exceed 24 months.

Commodity Futures Trading Commission

§ 1.25

(ii) For purposes of determining the time-to-maturity of the portfolio, an instrument that is set forth in paragraphs (a)(1)(i) through (vii) of this section may be treated as having a one-day time-to-maturity if the following terms and conditions are satisfied:

(A) The instrument is deposited solely on an overnight basis with a derivatives clearing organization pursuant to the terms and conditions of a collateral management program that has become effective in accordance with §39.4 of this chapter;

(B) The instrument is one that the futures commission merchant owns or has an unqualified right to pledge, is not subject to any lien, and is deposited by the futures commission merchant into a segregated account at a derivatives clearing organization;

(C) The derivatives clearing organization prices the instrument each day based on the current mark-to-market value; and

(D) The derivatives clearing organization reduces the assigned value of the instrument each day by a haircut of at least 2 percent.

(5) *Investments in instruments issued by affiliates.* (i) A futures commission merchant shall not invest customer funds in obligations of an entity affiliated with the futures commission merchant, and a derivatives clearing organization shall not invest customer funds in obligations of an entity affiliated with the derivatives clearing organization. An affiliate includes parent companies, including all entities through the ultimate holding company, subsidiaries to the lowest level, and companies under common ownership of such parent company or affiliates.

(ii) A futures commission merchant or derivatives clearing organization may invest customer funds in a fund affiliated with that futures commission merchant or derivatives clearing organization.

(c) *Money market mutual funds.* The following provisions will apply to the investment of customer funds in money market mutual funds (the fund).

(1) The fund must be an investment company that is registered under the Investment Company Act of 1940 with the Securities and Exchange Commission and that holds itself out to inves-

tors as a money market fund, in accordance with §270.2a-7 of this title.

(2) The fund must be sponsored by a federally-regulated financial institution, a bank as defined in section 3(a)(6) of the Securities Exchange Act of 1934, an investment adviser registered under the Investment Advisers Act of 1940, or a domestic branch of a foreign bank insured by the Federal Deposit Insurance Corporation.

(3) A futures commission merchant or derivatives clearing organization shall maintain the confirmation relating to the purchase in its records in accordance with §1.31 and note the ownership of fund shares (by book-entry or otherwise) in a custody account of the futures commission merchant or derivatives clearing organization in accordance with §1.26. The futures commission merchant or the derivatives clearing organization shall obtain the acknowledgment letter required by §1.26 from an entity that has substantial control over the fund shares purchased with customer funds and has the knowledge and authority to facilitate redemption and payment or transfer of the customer funds. Such entity may include the fund sponsor or depository acting as custodian for fund shares.

(4) The net asset value of the fund must be computed by 9 a.m. of the business day following each business day and made available to the futures commission merchant or derivatives clearing organization by that time.

(5)(i) General requirement for redemption of interests. A fund shall be legally obligated to redeem an interest and to make payment in satisfaction thereof by the business day following a redemption request, and the futures commission merchant or derivatives clearing organization shall retain documentation demonstrating compliance with this requirement.

(A) For any period during which there is a non-routine closure of the Fedwire or applicable Federal Reserve Banks;

(B) For any period:

§ 1.25

17 CFR Ch. I (4-1-20 Edition)

(1) During which the New York Stock Exchange is closed other than customary week-end and holiday closings; or

(2) During which trading on the New York Stock Exchange is restricted;

(C) For any period during which an emergency exists as a result of which:

(1) Disposal by the company of securities owned by it is not reasonably practicable; or

(2) It is not reasonably practicable for such company fairly to determine the value of its net assets;

(D) For any period as the Securities and Exchange Commission may by order permit for the protection of security holders of the company;

(E) For any period during which the Securities and Exchange Commission has, by rule or regulation, deemed that:

(1) Trading shall be restricted; or

(2) An emergency exists; or

(F) For any period during which each of the conditions of § 270.22e-3(a)(1) through (3) of this title are met.

(6) The agreement pursuant to which the futures commission merchant or derivatives clearing organization has acquired and is holding its interest in a fund must contain no provision that would prevent the pledging or transferring of shares.

(7) The appendix to this section sets forth language that will satisfy the requirements of paragraph (c)(5) of this section.

(d) *Repurchase and reverse repurchase agreements.* A futures commission merchant or derivatives clearing organization may buy and sell the permitted investments listed in paragraphs (a)(1)(i) through (vii) of this section pursuant to agreements for resale or repurchase of the securities (agreements to repurchase or resell), provided the agreements to repurchase or resell conform to the following requirements:

(1) The securities are specifically identified by coupon rate, par amount, market value, maturity date, and CUSIP or ISIN number.

(2) Permitted counterparties are limited to a bank as defined in section 3(a)(6) of the Securities Exchange Act of 1934, a domestic branch of a foreign bank insured by the Federal Deposit Insurance Corporation, a securities

broker or dealer, or a government securities broker or government securities dealer registered with the Securities and Exchange Commission or which has filed notice pursuant to section 15C(a) of the Government Securities Act of 1986.

(3) A futures commission merchant or derivatives clearing organization shall not enter into an agreement to repurchase or resell with a counterparty that is an affiliate of the futures commission merchant or derivatives clearing organization, respectively. An affiliate includes parent companies, including all entities through the ultimate holding company, subsidiaries to the lowest level, and companies under common ownership of such parent company or affiliates.

(4) The transaction is executed in compliance with the concentration limit requirements applicable to the securities transferred to the customer segregated custodial account in connection with the agreements to repurchase referred to in paragraphs (b)(3)(iii)(A) and (B) of this section.

(5) The transaction is made pursuant to a written agreement signed by the parties to the agreement, which is consistent with the conditions set forth in paragraphs (d)(1) through (13) of this section and which states that the parties thereto intend the transaction to be treated as a purchase and sale of securities.

(6) The term of the agreement is no more than one business day, or reversal of the transaction is possible on demand.

(7) Securities transferred to the futures commission merchant or derivatives clearing organization under the agreement are held in a safekeeping account with a bank as referred to in paragraph (d)(2) of this section, a Federal Reserve Bank, a derivatives clearing organization, or the Depository Trust Company in an account that complies with the requirements of § 1.26.

(8) The futures commission merchant or the derivatives clearing organization may not use securities received under the agreement in another similar

transaction and may not otherwise hypothecate or pledge such securities, except securities may be pledged on behalf of customers at another futures commission merchant or derivatives clearing organization. Substitution of securities is allowed, *provided, however*, that:

(i) The qualifying securities being substituted and original securities are specifically identified by date of substitution, market values substituted, coupon rates, par amounts, maturity dates and CUSIP or ISIN numbers;

(ii) Substitution is made on a “delivery versus delivery” basis; and

(iii) The market value of the substituted securities is at least equal to that of the original securities.

(9) The transfer of securities to the customer segregated custodial account is made on a delivery versus payment basis in immediately available funds. The transfer of funds to the customer segregated cash account is made on a payment versus delivery basis. The transfer is not recognized as accomplished until the funds and/or securities are actually received by the custodian of the futures commission merchant’s or derivatives clearing organization’s customer funds or securities purchased on behalf of customers. The transfer or credit of securities covered by the agreement to the futures commission merchant’s or derivatives clearing organization’s customer segregated custodial account is made simultaneously with the disbursement of funds from the futures commission merchant’s or derivatives clearing organization’s customer segregated cash account at the custodian bank. On the sale or resale of securities, the futures commission merchant’s or derivatives clearing organization’s customer segregated cash account at the custodian bank must receive same-day funds credited to such segregated account simultaneously with the delivery or transfer of securities from the customer segregated custodial account.

(10) A written confirmation to the futures commission merchant or derivatives clearing organization specifying the terms of the agreement and a safekeeping receipt are issued immediately upon entering into the transaction and a confirmation to the futures commis-

sion merchant or derivatives clearing organization is issued once the transaction is reversed.

(11) The transactions effecting the agreement are recorded in the record required to be maintained under §1.27 of investments of customer funds, and the securities subject to such transactions are specifically identified in such record as described in paragraph (d)(1) of this section and further identified in such record as being subject to repurchase and reverse repurchase agreements.

(12) An actual transfer of securities to the customer segregated custodial account by book entry is made consistent with Federal or State commercial law, as applicable. At all times, securities received subject to an agreement are reflected as “customer property.”

(13) The agreement makes clear that, in the event of the bankruptcy of the futures commission merchant or derivatives clearing organization, any securities purchased with customer funds that are subject to an agreement may be immediately transferred. The agreement also makes clear that, in the event of a futures commission merchant or derivatives clearing organization bankruptcy, the counterparty has no right to compel liquidation of securities subject to an agreement or to make a priority claim for the difference between current market value of the securities and the price agreed upon for resale of the securities to the counterparty, if the former exceeds the latter.

(e) *Deposit of firm-owned securities into segregation.* A futures commission merchant may deposit unencumbered securities of the type specified in this section, which it owns for its own account, into a customer account. A futures commission merchant must include such securities, transfers of securities, and disposition of proceeds from the sale or maturity of such securities in the record of investments required to be maintained by §1.27. All such securities may be segregated in safekeeping only with a bank, trust company, derivatives clearing organization, or other registered futures commission merchant in accordance with the provisions of §1.20 part. For purposes of this

§ 1.26

17 CFR Ch. I (4–1–20 Edition)

section and §§1.27, 1.28, 1.29, and 1.32, securities of the type specified by this section that are owned by the futures commission merchant and deposited into a customer account shall be considered customer funds until such investments are withdrawn from segregation in accordance with the provisions of §1.23. Investments permitted by §1.25 that are owned by the futures commission merchant and deposited into a futures customer account pursuant to §1.26 shall be considered futures customer funds until such investments are withdrawn from segregation in accordance with §1.23. Investments permitted by §1.25 that are owned by the futures commission merchant and deposited into a Cleared Swaps Customer Account, as defined in §22.1 of this chapter, shall be considered Cleared Swaps Customer Collateral, as defined in §22.1 of this chapter, until such investments are withdrawn from segregation in accordance with §22.17 of this chapter.

Further, it is understood that amounts represented by checks, drafts or other items shall not be considered to be part of the Account(s) until finally collected. the account of any person other than such floor broker.

(5) *Form and manner.* All records required to be kept pursuant to paragraphs (a)(1), (a)(2), (a)(3), and (a)(4) of this section, other than pre-trade communications, shall be kept in a form and manner that allows for the identification of a particular transaction.

(6) *Unregistered members of designated contract markets or swap execution facilities.* Each member of a designated contract market or swap execution facility that is not registered or required to be registered with the Commission in any capacity, shall keep all transaction records; *provided* that such records need not include transmissions by short message service (SMS) or multimedia messaging service (MMS).

(7) *Definition of related cash or forward transaction.* For purposes of this section, “related cash or forward transaction” means a purchase or sale for immediate or deferred physical shipment or delivery of an asset related to a commodity interest transaction where the commodity interest transaction and the related cash or forward transaction are used to hedge, mitigate the risk of, or offset one another.

(iii) The Commission hereby delegates to the Director of the Division of Swap Dealer and Intermediary Oversight or such other employee or employees as the Director may designate from time to time, the authority to exercise the discretion. Notwithstanding such delegation, in any case in which a Commission employee delegated authority under this paragraph believes it appropriate, he or she may submit to the Commission for its consideration the question of whether an alternative compliance schedule should be established. The delegation of authority in this paragraph shall not prohibit the Commission, at its election, from exercising the authority set forth in paragraph (a)(9)(i) of this section.

(iv) Relief granted under paragraph (a)(9)(i) of this section shall not cause an affected entity to be out of compliance or deemed in violation of any recordkeeping requirements.

(B) Allocations must be fair and equitable. No account or group of accounts may receive consistently favorable or unfavorable treatment.

§ 1.46 Application and closing out of offsetting long and short positions.

(a) *Application of purchases and sales.*

(1) Except with respect to purchases or sales which are for omnibus accounts, or where the customer or account controller has instructed otherwise, any futures commission merchant who, on or subject to the rules of a designated contract market:

(i) Purchases any commodity for future delivery for the account of any customer when the account of such customer at the time of such purchase has a short position in the same future of the same commodity on the same market;

(ii) Sells any commodity for future delivery for the account of any customer when the account of such customer at the time of such sale has a long position in the same future of the same commodity on the same market;

(iii) Purchases a put or call option for the account of any customer when the account of such customer at the time of such purchase has a short put or call option position with the same underlying futures contract or same underlying commodity, strike price, expiration date and contract market as that purchased; or

(iv) Sells a put or call option for the account of any customer when the account of such customer at the time of such sale has a long put or call option position with the same underlying futures contract or same underlying commodity, strike price, expiration date and contract market as that sold—shall on the same day apply such purchase or sale against such previously held short or long futures or option position, as the case may be, and shall, for futures transactions,

promptly furnish such customer a statement showing the financial result of the transactions involved and, if applicable, that the account was introduced to the futures commission merchant by an introducing broker and the names of the futures commission merchant and introducing broker.

(2) Any futures commission merchant or retail foreign exchange dealer who:

(iii) Purchases a put or call option involving foreign currency for the account of any customer when the account of such customer at the time of such purchase has a short put or call option position with the same underlying currency, strike price, and expiration date as that purchased; or

(iv) Sells a put or call option involving foreign currency for the account of any customer when the account of such customer at the time of such sale has a long put or call option position with the same underlying currency, strike price, and expiration date as that sold—shall immediately apply such purchase or sale against such previously held opposite transaction, and shall promptly furnish such retail forex customer a statement showing the financial result of the transactions involved and, if applicable, that the account was introduced to the futures commission merchant or retail foreign exchange dealer by an introducing broker and the names of the futures commission merchant or retail foreign exchange dealer, and the introducing broker.

(b) *Close-out against oldest open position.* In all instances wherein the short or long futures, retail forex transaction or option position in such customer's

or retail forex customer's account immediately prior to such offsetting purchase or sale is greater than the quantity purchased or sold, the futures commission merchant or retail foreign exchange dealer shall apply such offsetting purchase or sale to the oldest portion of the previously held short or long position: *Provided*, That upon specific instructions from the customer the offsetting transaction shall be applied as specified by the customer without regard to the date of acquisition of the previously held position; and *Provided, further*, that a futures commission merchant or retail foreign exchange dealer, if permitted by the rules of a registered futures association, may offset, at the customer's request, retail forex transactions of the same size, even if the customer holds other transactions of a different size, but in each case must offset the transaction against the oldest transaction of the same size. Such instructions may also be accepted from any person who, by power of attorney or otherwise, actually directs trading in the customer's or retail forex customer's account unless the person directing the trading is the futures commission merchant or retail foreign exchange dealer (including any partner thereof), or is an officer, employee, or agent of the futures commission merchant or retail foreign exchange dealer. With respect to every such offsetting transaction that, in accordance with such specific instructions, is not applied to the oldest portion of the previously held position, the futures commission merchant or retail foreign exchange dealer shall clearly show on the statement issued to the customer or retail forex customer in connection with the transaction, that because of the specific instructions given by or on behalf of the customer or retail forex customer the transaction was not applied in the usual manner, *i.e.*, against the oldest portion of the previously held position. However, no such showing need be made if the futures commission merchant or retail foreign exchange dealer has received such specific instructions in writing from the customer or retail forex customer for whom such account is carried.

(c) *In-and-out trades; day trades.* Notwithstanding the provisions of paragraphs (a) and (b) of this section shall not be deemed to require the application of purchases or sales closed out during the same day (commonly known as "in-and-out trades" or "day trades") against short or long positions carried forward from a prior date.

(1) Purchases or sales of commodity options constituting "bona fide hedging transactions" pursuant to rules of the contract market which have been adopted in accordance with the requirements of §1.61(b) and approved by the Commission pursuant to; section 5a(a)(12)(A) of the Act *Provided*, That no contract market or futures commission merchant shall permit such option positions to be offset other than by open and competitive execution in the trading pit or ring provided by the contract market, during the regular hours prescribed by the contract market for trading in such commodity option.

(ii) Each error trade is offset by open and competitive means on or subject to the rules of a contract market by not later than the close of business on the business day following the day the error trade is discovered and assigned to an error account or identified as an error trade, unless at the close of business on the business day following the

discovery of the error trade, the relevant market has reached a daily price fluctuation limit and the trader is unable to offset the error trade, in which case the error trade must be offset as soon as practicable thereafter; and

(iii) No error trade is closed out by transferring such an open position to another account also controlled by that same trader.

(e) The statements required by paragraph (a) of this section may be furnished to the customer or the person described in §1.33(d) by means of electronic transmission, in accordance with §1.33(g).

§ 1.52 Self-regulatory organization adoption and surveillance of minimum financial requirements.

(a) For purposes of this section, the following terms are defined as follows:

(1) *Examinations expert* is defined as a Nationally recognized accounting and auditing firm with substantial expertise in audits of futures commission merchants, risk assessment and internal control reviews, and is an accounting and auditing firm that is acceptable to the Commission; and

(2) *Self-regulatory organization* means a contract market (as defined in §1.3)

or a registered futures association under section 17 of the Act. The term “self-regulatory organization” for purpose of this section does not include a swap execution facility (as defined in §1.3).

(b)(1) Each self-regulatory organization must adopt rules prescribing minimum financial and related reporting requirements for members who are registered futures commission merchants or registered retail foreign exchange dealers. Each self-regulatory organization other than a contract market must adopt rules prescribing minimum financial and related reporting requirements for members who are registered introducing brokers. The self-regulatory organization’s minimum financial and related reporting requirements must be the same as, or more stringent than, the requirements contained in §§1.10 and 1.17, for futures commission merchants and introducing brokers, and §§5.7 and 5.12 of this chapter for retail foreign exchange dealers; *provided, however*, that a self-regulatory organization may permit its member registrants that are registered with the Securities and Exchange Commission as securities brokers or dealers to file (in accordance with §1.10(h)) a copy of their Financial and Operational Combined Uniform Single Report under the Securities Exchange Act of 1934 (“FOCUS Report”), Part II, Part IIA, or Part II CSE, as applicable, in lieu of Form 1-FR; *provided, further*, that such self-regulatory organization must require such member registrants to provide all information in Form 1-FR that is not included in the FOCUS Report Part II, Part IIA, or Part CSE provided by such member registrant. The definition of adjusted net capital must be the same as that prescribed in §1.17(c) for futures commission merchants and introducing brokers, and §5.7(b)(2) of this chapter for futures commission merchants offering or engaging in retail forex transactions and for retail foreign exchange dealers.

(2) In addition to the requirements set forth in paragraph (b)(1) of this section, each self-regulatory organization that has a futures commission merchant member registrant must adopt rules prescribing risk management requirements for futures commission

merchant member registrants that shall be the same as, or more stringent than, the requirements contained in § 1.11.

(c)(1) Each self-regulatory organization must establish and operate a supervisory program that includes written policies and procedures concerning the application of such supervisory program in the examination of its member registrants for the purpose of assessing whether each member registrant is in compliance with the applicable self-regulatory organization and Commission regulations governing minimum net capital and related financial requirements, the obligation to segregate customer funds, risk management requirements, financial reporting requirements, recordkeeping requirements, and sales practice and other compliance requirements. The supervisory program also must address the following elements:

(i) *Adequate levels and independence of examination staff.* A self-regulatory organization must maintain staff of an adequate size, training, and experience to effectively implement a supervisory program. Staff of the self-regulatory organization, including officers, directors, and supervising committee members, must maintain independent judgment and its actions must not impair its independence nor appear to impair its independence in matters related to the supervisory program. High-risk member registrants must include firms experiencing financial or operational difficulties, failing to meet

Member futures commission merchants and retail foreign exchange dealers must be subject to on-site examinations no less frequently than once every eighteen months. A self-regulatory organization shall establish a risk-based method of establishing the scope of each on-site examination; *provided, however*, that the scope of each on-site examination of a futures commission merchant or retail foreign exchange dealer must include an assessment of whether the registrant is in compliance with applicable Commission and self-regulatory organization minimum capital, customer fund protection, recordkeeping, and reporting requirements.

(B) A self-regulatory organization other than a contract market must establish the frequency of on-site examinations of member introducing brokers that do not operate pursuant to guarantee agreements with futures commission merchants or retail foreign exchange dealers using a risk-based approach, which takes into consideration the time elapsed since the self-regulatory organization's previous examination of the introducing broker.

(C) A self-regulatory organization must conduct on-site examinations of member registrants in accordance with uniform examination programs and procedures that have been submitted to the Commission.

(v) *Adequate documentation.* A self-regulatory organization must adequately document all aspects of the operation of the supervisory program, including the conduct of risk-based scope setting and the risk-based surveillance of high-risk member registrants, and the imposition of remedial and punitive action(s) for material violations.

The supervisory program must be based on controls testing and substantive testing, and must address all areas of risk to which the futures commission merchant can reasonably be foreseen to be subject. The supervisory program must be based on an understanding of the internal control environment to determine the nature, timing and extent of the controls and substantive testing to be performed. The determination as to which elements of the supervisory program are to be performed on any examination must be based on the risk profile of each registered futures commission merchant member.

(ii) The supervisory program must, at a minimum, have examination standards addressing the following:

(iii)(A) Prior to the initial implementation of the supervisory program, a self-regulatory organization must engage an examinations expert to evaluate the examination standards for consistency with auditing standards issued by the Public Company Accounting Oversight Board as such auditing standards are applicable in the context of the self-regulatory organization's examination of its futures commission merchant members. At least once every five years after the initial implementation of the supervisory program, a self-regulatory organization must engage an examinations expert to evaluate the examination standards for consistency with any new or amended auditing standards issued by the Public Company Accounting Oversight Board since the previous review performed by the examinations expert. At the conclusion of each evaluation, a self-regulatory organization must obtain a written report from the examinations expert in accordance with paragraph (c)(2)(iii)(C) of this section.

(B) Notwithstanding paragraph (c)(2)(iii)(A) of this section, a self-regulatory organization must review any new or amended auditing standards issued by the Public Company Accounting Oversight Board, and must revise its examination standards promptly to reflect any changes in such auditing standards that are applicable in the context of the self-regulatory organization's examination of its futures commission merchant members. The self-regulatory organization must provide the Director of the Division of Swap Dealer and Intermediary Oversight with a copy of the examinations expert's written report, and the self-regulatory organization's written responses to any of the examinations expert's findings and recommendations, within thirty days of the receipt thereof. Upon resolution of any questions or comments raised by the Division of Swap Dealer and Intermediary Oversight, and upon written notice from the Division of Swap Dealer and Intermediary Oversight that it has no further comments or questions on the examinations standards as amended (by reason of the examinations expert's proposals, consideration of the Division of Swap Dealer and Intermediary Oversight's questions or comments, or otherwise), the self-regulatory organization shall commence applying such examinations standards for examining its registered futures commission merchant members for all examinations conducted with an "as of" date later than the date of the Division of Swap Dealer and Intermediary's written notification.

(iv) The supervisory program must require the self-regulatory organization to report to its risk and/or audit committee of the board of directors, or a functional equivalent committee, with timely reports of the activities and findings of the supervisory program to assist the risk and/or audit committee of the board of directors, or a functional equivalent committee, to

(i) Monitoring and examining for compliance with the minimum financial and related reporting requirements and risk management requirements, including policies and procedures relating to the receipt, holding, investing and disbursement of customer funds, adopted by such self-regulatory organizations and the Commission in accordance with paragraphs (b) and (c) of this section; and

(ii) Receiving the financial reports and notices necessitated by such minimum financial and related reporting requirements; *provided, however*, that the self-regulatory organization that delegates the functions set forth in this paragraph (d)(1) shall remain responsible for its member registrants' compliance with the regulatory obligations, and if such self-regulatory organization becomes aware that a delegated function is not being performed as required under this section, the self-regulatory organization shall promptly take any necessary steps to address any noncompliance.

(2) If a plan established pursuant to paragraph (d)(1) of this section applies to any registered futures commission merchant, then such plan must include the following elements:

(i) *The Joint Audit Committee.* The self-regulatory organizations that choose to participate in the plan shall form a Joint Audit Committee, consisting of all self-regulatory organizations in the plan as members. The designated self-regulatory organization must provide annual ethics training to

all staff with responsibilities for the Joint Audit Program.

(3) *High-risk firms.* The Joint Audit Program must include procedures for identifying futures commission merchant member registrants over which it has oversight responsibilities that are determined to pose a high degree of potential financial risk, including the potential risk of loss of customer funds. High-risk member registrants must include firms experiencing financial or operational difficulties, failing to meet segregation or net capital requirements, failing to maintain current books and records, or experiencing material inadequacies in internal controls. Enhanced monitoring for high risk firms should include, as appropriate, daily review of net capital, segregation, and secured calculations, to assess compliance with self-regulatory and Commission requirements.

(4) *On-site examinations.* A designated self-regulatory organization must conduct routine periodic on-site examinations of futures commission merchant member registrants over which it has oversight responsibilities. Such member registrants must be subject to on-site examinations no less frequently than once every eighteen months. The Joint Audit Program must be based on controls testing and substantive testing, and must address all areas of risk to which the futures commission merchant can reasonably be foreseen to be subject. The Joint Audit Program must be based on an understanding of the internal control environment to determine the nature, timing and extent of the controls and substantive testing to be performed. The determination as to which elements of the Joint Audit Program are to be performed on any examination must be based on the risk profile of each registered futures commission merchant.

(F) The Joint Audit Program must include examination standards addressing the items listed in paragraph (c)(2)(ii) of this section.

(G)(1) Prior to the initial implementation of the Joint Audit Program, the Joint Audit Committee must engage an examinations expert to evaluate the examination standards for consistency with auditing standards issued by the Public Company Accounting Oversight Board as such auditing standards are applicable in the context of the Joint Audit Committee's examination of its futures commission merchant members. At least once every five years after the initial implementation of the Joint Audit Program, the Joint Audit Committee must engage an examinations expert to evaluate the examination standards for consistency with any new or amended auditing standards issued by the Public Company Accounting Oversight Board since the previous review performed by the examinations expert. At the conclusion of each review, the Joint Audit Committee must obtain a written report

The Joint Audit Committee must provide the Director of the Division of Swap Dealer and Intermediary Oversight with a copy of the examinations expert's written report, and the Joint Audit Committee's written responses to any of the examinations expert's findings and recommendations, within thirty days of the receipt thereof. (f) A plan's designated self-regulatory organizations must report to:

(1) That plan's other self-regulatory organizations any violation of such other self-regulatory organizations' rules and regulations for which the responsibility to monitor or examine has been delegated to such designated self-regulatory organization under this section; and

(2) The Director of the Division of Swap Dealer and Intermediary Oversight of the Commission any violation of a self-regulatory organization's rules and regulations or any violation of the Commission's regulations for which the responsibility to monitor, audit, or examine has been delegated to such designated self-regulatory organization under this section.

(g) The Joint Audit Committee members may, among themselves, establish programs to provide access to any necessary financial or related information.

(h) After appropriate notice and opportunity for comment, the Commission may, by written notice, approve such a plan, or any part of the plan, if it finds that the plan, or any part of it:

§ 1.52

17 CFR Ch. I (4–1–20 Edition)

(1) Is necessary or appropriate to serve the public interest;

(2) Is for the protection and in the interest of customers;

(3) Reduces multiple monitoring and multiple examining for compliance with the minimum financial rules of the Commission and of the self-regulatory organizations submitting the plan of any futures commission merchant, retail foreign exchange dealer, or introducing broker that is a member of more than one self-regulatory organization;

(4) Reduces multiple reporting of the financial information necessitated by such minimum financial and related reporting requirements by any futures commission merchant, retail foreign exchange dealer, or introducing broker that is a member of more than one self-regulatory organization;

(5) Fosters cooperation and coordination among the self-regulatory organizations; and

(6) Does not hinder the development of a registered futures association under section 17 of the Act.

(i) After the Commission has approved a plan, or part thereof, under paragraph (h) of this section, a self-regulatory organization delegating the functions described in paragraph (d)(1) of this section must notify each of its members that are subject to such a plan:

(1) Of the limited scope of the delegating self-regulatory organization's responsibility for such a member's compliance with the Commission's and self-regulatory organization's minimum financial and related reporting requirements; and

(2) Of the identity of the designated self-regulatory organization that has been delegated responsibility for such a member; *provided, however*, that the self-regulatory organization that delegates, pursuant to paragraph (d) of this section, the functions set forth in paragraphs (b) and (c) of this section shall remain responsible for its member registrants' compliance with the regulatory obligations, and if such self-regulatory organization becomes aware that a delegated function is not being performed as required under this section, the self-regulatory organization

shall promptly take any necessary steps to address any noncompliance.

(j) The Commission may at any time, after appropriate notice and opportunity for hearing, withdraw its approval of any plan, or part thereof, established under this section, if such plan, or part thereof, ceases to adequately effectuate the purposes of section 4f(b) of the Act or of this section.

(k) Whenever a registered futures commission merchant, a registered retail foreign exchange dealer, or a registered introducing broker holding membership in a self-regulatory organization ceases to be a member in good standing of that self-regulatory organization, such self-regulatory organization must, on the same day that event takes place, give electronic notice of that event to the Commission at its Washington, DC, headquarters and send a copy of that notification to such futures commission merchant, retail foreign exchange dealer, or introducing broker.

(l) Nothing in this section shall preclude the Commission from examining any futures commission merchant, retail foreign exchange dealer, or introducing broker for compliance with the minimum financial and related reporting requirements, and the risk management requirements, as applicable, to which such futures commission merchant, retail foreign exchange dealer, or introducing broker is subject.

(m) In the event a plan is not filed and/or approved for each registered futures commission merchant, retail foreign exchange dealer, or introducing broker that is a member of more than one self-regulatory organization, the Commission may design and, after notice and opportunity for comment, approve a plan for those futures commission merchants, retail foreign exchange dealers, or introducing brokers that are not the subject of an approved plan (under paragraph (h) of this section), delegating to a designated self-regulatory organization the responsibilities described in paragraph (d) of this section.

§ 1.55 Public disclosures by futures commission merchants.

(a)(1) Except as provided in 1.65, no futures commission merchant, or in the case of an introduced account no introducing broker, may open a commodity futures account for a customer, other than for a customer specified in paragraph (f) of this section, unless the futures commission merchant or introducing broker first:

(i) Furnishes the customer with a separate written disclosure statement containing only the language set forth in paragraph (b) of this section (except for nonsubstantive additions such as captions) or as otherwise approved under paragraph (c) of this section; *Provided, however*, that the disclosure statement may be attached to other documents as the cover page or the first page of such documents and as the only material on such page; and

(ii) Receives from the customer an acknowledgment signed and dated by the customer that he received and understood the disclosure statement.

(b) The language set forth in the written disclosure document required by paragraph (a) of this section shall be as follows:

RISK DISCLOSURE STATEMENT

The risk of loss in trading commodity futures contracts can be substantial. You should, therefore, carefully consider whether such trading is suitable for you in light of your circumstances and financial resources. You should be aware of the following points:

(1) You may sustain a total loss of the funds that you deposit with your broker to establish or maintain a position in the commodity futures market, and you may incur losses beyond these amounts. If the market moves against your position, you may be called upon by your broker to deposit a substantial amount of additional margin funds, on short notice, in order to maintain your position. If you do not provide the required funds within the time required by your broker, your position may be liquidated at a loss, and you will be liable for any resulting deficit in your account.

(2) The funds you deposit with a futures commission merchant for trading futures positions are not protected by insurance in the event of the bankruptcy or insolvency of the futures commission merchant, or in the event your funds are misappropriated.

(3) The funds you deposit with a futures commission merchant for trading futures positions are not protected by the Securities Investor Protection Corporation even if the futures commission merchant is registered with the Securities and Exchange Commission as a broker or dealer.

(4) The funds you deposit with a futures commission merchant are generally not guaranteed or insured by a derivatives clearing organization in the event of the bankruptcy or insolvency of the futures commission merchant, or if the futures commission merchant is otherwise unable to refund your funds. Certain derivatives clearing organizations, however, may have programs that provide limited insurance to customers. You should inquire of your futures commission merchant whether your funds will be insured by a derivatives clearing organization and you should understand the benefits and limitations of such insurance programs.

(5) The funds you deposit with a futures commission merchant are not held by the futures commission merchant in a separate account for your individual benefit. Futures commission merchants commingle the funds received from customers in one or more accounts and you may be exposed to losses incurred by other customers if the futures commission merchant does not have sufficient capital to cover such other customers' trading losses.

(6) The funds you deposit with a futures commission merchant may be invested by the futures commission merchant in certain types of financial instruments that have been approved by the Commission for the

purpose of such investments. Permitted investments are listed in Commission Regulation 1.25 and include: U.S. government securities; municipal securities; money market mutual funds; and certain corporate notes and bonds. The futures commission merchant may retain the interest and other earnings realized from its investment of customer funds. You should be familiar with the types of financial instruments that a futures commission merchant may invest customer funds in.

(7) Futures commission merchants are permitted to deposit customer funds with affiliated entities, such as affiliated banks, securities brokers or dealers, or foreign brokers. You should inquire as to whether your futures commission merchant deposits funds with affiliates and assess whether such deposits by the futures commission merchant with its affiliates increases the risks to your funds.

(8) You should consult your futures commission merchant concerning the nature of the protections available to safeguard funds or property deposited for your account.

(9) Under certain market conditions, you may find it difficult or impossible to liquidate a position. This can occur, for example, when the market reaches a daily price fluctuation limit (“limit move”).

(10) All futures positions involve risk, and a “spread” position may not be less risky than an outright “long” or “short” position.

(11) The high degree of leverage (gearing) that is often obtainable in futures trading because of the small margin requirements can work against you as well as for you. Leverage (gearing) can lead to large losses as well as gains.

(12) In addition to the risks noted in the paragraphs enumerated above, you should be familiar with the futures commission merchant you select to entrust your funds for trading futures positions. The Commodity Futures Trading Commission requires each futures commission merchant to make publicly available on its Web site firm specific disclosures and financial information to assist you with your assessment and selection of a futures commission merchant. Information regarding this futures commission merchant may be obtained by visiting our Web site, [www.\[Web site address\]](http://www.[Web site address]).

ALL OF THE POINTS NOTED ABOVE APPLY TO ALL FUTURES TRADING WHETHER FOREIGN OR DOMESTIC. IN ADDITION, IF YOU ARE CONTEMPLATING TRADING FOREIGN FUTURES OR OPTIONS CONTRACTS, YOU SHOULD BE AWARE OF THE FOLLOWING ADDITIONAL RISKS:

(13) Foreign futures transactions involve executing and clearing trades on a foreign exchange. This is the case even if the foreign exchange is formally “linked” to a domestic

exchange, whereby a trade executed on one exchange liquidates or establishes a position on the other exchange. No domestic organization regulates the activities of a foreign exchange, including the execution, delivery, and clearing of transactions on such an exchange, and no domestic regulator has the power to compel enforcement of the rules of the foreign exchange or the laws of the foreign country. Moreover, such laws or regulations will vary depending on the foreign country in which the transaction occurs. For these reasons, customers who trade on foreign exchanges may not be afforded certain of the protections which apply to domestic transactions, including the right to use domestic alternative dispute resolution procedures. In particular, funds received from customers to margin foreign futures transactions may not be provided the same protections as funds received to margin futures transactions on domestic exchanges. Before you trade, you should familiarize yourself with the foreign rules which will apply to your particular transaction.

(14) Finally, you should be aware that the price of any foreign futures or option contract and, therefore, the potential profit and loss resulting therefrom, may be affected by any fluctuation in the foreign exchange rate between the time the order is placed and the foreign futures contract is liquidated or the foreign option contract is liquidated or exercised.

THIS BRIEF STATEMENT CANNOT, OF COURSE, DISCLOSE ALL THE RISKS AND OTHER ASPECTS OF THE COMMODITY MARKETS.

I hereby acknowledge that I have received and understood this risk disclosure statement.

(c) The Commission may approve for use in lieu of the risk disclosure document required by paragraph (b) of this section a risk disclosure statement approved by one or more foreign regulatory agencies or self-regulatory organizations if the Commission determines that such risk disclosure statement is reasonably calculated to provide the disclosure required by paragraph (b) of this section. Notice of risk disclosure statements that may be used to satisfy Commission disclosure requirements, what requirements such statements meet and the jurisdictions which accept each format will be set forth in appendix A to this section; *Provided, however*, that an FCM also

provides a customer with the risk disclosure statement required by paragraph (b) of this section and obtains the customer's acknowledgment that it has read and understands the disclosure document.

(d) Any futures commission merchant, or in the case of an introduced account any introducing broker, may open a commodity futures account for a customer without obtaining the separate acknowledgments of disclosure and elections required by this section and by §1.33(g), and by §§33.7 and 190.06 of this chapter, provided that:

(1) Prior to the opening of such account, the futures commission merchant or introducing broker obtains an acknowledgment from the customer, which may consist of a single signature at the end of the futures commission merchant's or introducing broker's customer account agreement, or on a separate page, of the disclosure statements, consents and elections specified in this section and §1.33(g), and in §§33.7, 155.3(b)(2), 155.4(b)(2), and 190.06 of this chapter, and which may include authorization for the transfer of funds from a segregated customer account to another account of such customer, as listed directly above the signature line, provided the customer has acknowledged by check or other indication next to a description of each specified disclosure statement, consent or election that the customer has received and understood such disclosure statement or made such consent or election; and

(2) The acknowledgment referred to in paragraph (d)(1) of this section is accompanied by and executed contemporaneously with delivery of the disclosures and elective provisions required by this section and §1.33(g), and by §§33.7 and 190.06 of this chapter.

(e) The acknowledgment required by paragraph (a) of this section must be

retained by the futures commission merchant or introducing broker in accordance with §1.31.

(f) A futures commission merchant or, in the case of an introduced account, an introducing broker, may open a commodity futures account for an "institutional customer" as defined in §1.3 without furnishing such institutional customer the disclosure statements or obtaining the acknowledgments required under paragraph (a) of this section §§1.33(g) and 1.65(a)(3), and §§30.6(a), 33.7(a), 155.3(b)(2), 155.4(b)(2) and 190.10(c) of this chapter.

(g) This section does not relieve a futures commission merchant or introducing broker from any other disclosure obligation it may have under applicable law.

(h) Notwithstanding any other provision of this section or §1.65, a person registered or required to be registered with the Commission as a futures commission merchant pursuant to sections 4f(a)(1) or 4f(a)(2) of the Commodity Exchange Act and registered or required to be registered with the Securities and Exchange Commission as a broker or dealer pursuant to sections 15(b)(1) or 15(b)(11) of the Securities Exchange Act of 1934 and rules thereunder must provide to a customer or prospective customer, prior to the acceptance of any order for, or otherwise handling any transaction in or in connection with, a security futures product for a customer, the disclosures set forth in §41.41(b)(1) of this chapter.

APPENDIX A To CFTC RULE 1.55 (c) — GENERIC RISK DISCLOSURE STATEMENT

Risk Disclosure Statement for Futures and Options

This brief statement does not disclose all of the risks and other significant aspects of trading in futures and options. In light of the risks, you should undertake such transactions only if you understand the nature of the contracts (and contractual relationships) into which you are entering and the extent of your exposure to risk. Trading in futures and options is not suitable for many members of the public. You should carefully consider whether trading is appropriate for you in light of your experience, objectives, financial resources and other relevant circumstances.

Futures

1. Effect of 'Leverage' or 'Gearing'

Transactions in futures carry a high degree of risk. The amount of initial margin is small relative to the value of the futures contract so that transactions are 'leveraged' or 'geared'. A relatively small market movement will have a proportionately larger impact on the funds you have deposited or will have to deposit: this may work against you as well as for you. You may sustain a total loss of initial margin funds and any additional funds deposited with the firm to maintain your position. If the market moves against your position or margin levels are increased, you may be called upon to pay substantial additional funds on short notice to maintain your position. If you fail to comply with a request for additional funds within the time prescribed, your position may be liquidated at a loss and you will be liable for any resulting deficit.

2. Risk-reducing orders or strategies

The placing of certain orders (e.g. 'stop-loss' orders, where permitted under local law, or 'stop-limit' orders) which are intended to limit losses to certain amounts may not be effective because market conditions may make it impossible to execute such orders. Strategies using combinations of positions, such as 'spread' and 'straddle' positions may be as risky as taking simple 'long' or 'short' positions.

Options

3. Variable degree of risk

Transactions in options carry a high degree of risk. Purchasers and sellers of options should familiarize themselves with the type of option (i.e. put or call) which they contemplate trading and the associated risks. You should calculate the extent to which the value of the options must increase for your position to become profitable, taking into account the premium and all transaction costs.

The purchaser of options may offset or exercise the options or allow the options to expire. The exercise of an option results either in a cash settlement or in the purchaser acquiring or delivering the underlying

interest. If the option is on a future, the purchaser will acquire a futures position with associated liabilities for margin (see the section on Futures above). If the purchased options expire worthless, you will suffer a total loss of your investment which will consist of the option premium plus transaction costs. If you are contemplating purchasing deep-out-of-the-money options, you should be aware that the chance of such options becoming profitable ordinarily is remote.

Selling ('writing' or 'granting') an option generally entails considerably greater risk than purchasing options. Although the premium received by the seller is fixed, the seller may sustain a loss well in excess of that amount. The seller will be liable for additional margin to maintain the position if the market moves unfavorably. The seller will also be exposed to the risk of the purchaser exercising the option and the seller will be obligated to either settle the option in cash or to acquire or deliver the underlying interest. If the option is on a future, the seller will acquire a position in a future with associated liabilities for margin (see the section on Futures above). If the option is 'covered' by the seller holding a corresponding position in the underlying interest or a future or another option, the risk may be reduced. If the option is not covered, the risk of loss can be unlimited.

Certain exchanges in some jurisdictions permit deferred payment of the option premium, exposing the purchaser to liability for margin payments not exceeding the amount of the premium. The purchaser is still subject to the risk of losing the premium and transaction costs. When the option is exercised or expires, the purchaser is responsible for any unpaid premium outstanding at that time.

Additional risks common to futures and options

4. Terms and conditions of contracts

You should ask the firm with which you deal about the terms and conditions of the specific futures or options which you are trading and associated obligations (e.g. the circumstances under which you may become obligated to make or take delivery of the underlying interest of a futures contract and, in respect of options, expiration dates and restrictions on the time for exercise). Under certain

Commodity Futures Trading Commission

§ 1.55

circumstances the specifications of outstanding contracts (including the exercise price of an option) may be modified by the exchange or clearing house to reflect changes in the underlying interest.

5. Suspension or restriction of trading and pricing relationships

Market conditions (e.g. illiquidity) and/or the operation of the rules of certain markets (e.g. the suspension of trading in any contract or contract month because of price limits or 'circuit breakers') may increase the risk of loss by making it difficult or impossible to effect transactions or liquidate/offset positions. If you have sold options, this may increase the risk of loss.

Further, normal pricing relationships between the underlying interest and the future, and the underlying interest and the option may not exist. This can occur when, for example, the futures contract underlying the option is subject to price limits while the option is not. The absence of an underlying reference price may make it difficult to judge 'fair' value.

6. Deposited cash and property

You should familiarize yourself with the protections accorded money or other property you deposit for domestic and foreign transactions, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or property may be governed by specific legislation or local rules. In some jurisdictions, property which had been specifically identifiable as your own will be pro-rated in the same manner as cash for purposes of distribution in the event of a shortfall.

7. Commission and other charges

Before you begin to trade, you should obtain a clear explanation of all commission, fees and other charges for which you will be liable. These charges will affect your net profit (if any) or increase your loss.

8. Transactions in other jurisdictions

Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose you to additional risk. Such markets may be subject to regulation which may offer different or diminished investor protection. Before you trade you should enquire about any rules relevant to your particular transactions. Your local regulatory authority will be unable to compel the enforcement of the rules of regulatory

authorities or markets in other jurisdictions where your transactions have been effected. You should ask the firm with which you deal for details about the types of redress available in both your home jurisdiction and other relevant jurisdictions before you start to trade.

9. Currency risks

The profit or loss in transactions in foreign currency-denominated contracts (whether they are traded in your own or another jurisdiction) will be affected by fluctuations in currency rates where there is a need to convert from the currency denomination of the contract to another currency.

10. Trading facilities

Most open-outcry and electronic trading facilities are supported by computer-based component systems for the order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. Your ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the clearing house and/or member firms. Such limits may vary: you should ask the firm with which you deal for details in this respect.

11. Electronic trading

Trading on an electronic trading system may differ not only from trading in an open-outcry market but also from trading on other electronic trading systems. If you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your order is either not executed according to your instructions or is not executed at all.

12. Off-exchange transactions

In some jurisdictions, and only then in restricted circumstances, firms are permitted to effect off-exchange transactions. The firm with which you deal may be acting as your counterparty to the transaction. It may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such transactions, you should familiarize yourself with applicable rules and attendant risks.

I hereby acknowledge that I have received and understood this risk disclosure statement.

§ 1.66 No-action positions with respect to floor traders.

(a) Notwithstanding any other provision of law, if a contract market submits to the National Futures Association by April 26, 1993 a list of floor traders who were granted trading privileges on that contract market on or before April 26, 1993, and whose floor trading privileges remain in effect, which includes the name, date of birth and social security number of such floor traders, as well as facts regarding such floor traders which are set forth as statutory disqualifications in section 8a(2) of the Act if the contract market knows of such facts, and such list is signed by the chief operating officer of the contract market, the Commission will not commence an enforcement proceeding against a floor trader on that list based solely upon the floor trader's failure to register or receive a temporary license under section 4f of the Act and § 3.11 of this chapter, nor will the Commission commence an enforcement proceeding against the contract market under § 1.62 for failing to bar such floor trader from operating as such: *Provided, however*, That for those floor traders listed as to whom the contract market knows of facts set forth as statutory disqualifications in section 8a(2) of the Act, the no-action position contained in paragraph (a) of this section will only apply if the contract market submits a supplemental statement signed by the chief operating officer of the contract market stating that, in light of the Congressional mandate requiring registration of floor traders under the Act, the contract market acknowledges its responsibility to take affirmative action to conduct appropriate surveillance of such floor traders. These no-action positions shall expire upon the floor's trader being granted or denied registration under the Act, or on June 11, 1993, whichever comes earliest: *Provided, however*, That if the floor trader files

an application for registration in accordance with §3.11 of this chapter with the National Futures Association by June 11, 1993, the no-action positions for the floor trader and the contract market as to the registration of such floor trader will be extended until the floor trader is granted or denied registration under the Act, unless an Administrative Law Judge issues an interim order suspending the no-action position as to such floor trader in accordance with paragraph (b) of this section or the application for registration is withdrawn.

(b) *Suspension of no-action position under paragraph (a) of this section pursuant to section 8a(2) of the Act*—(1) *Notice.* On the basis of information obtained by the Commission, the Commission may at any time serve notice upon a floor trader whose name appears on a list submitted in accordance with paragraph (a) of this section that:

(i) The Commission alleges and is prepared to prove that such floor trader is subject to one or more of the statutory disqualifications set forth in section 8a(2) of the Act;

(ii) An Administrative Law Judge shall make a determination, based upon written evidence, as to whether the floor trader is subject to such statutory disqualification; and

(iii) If the floor trader is found to be subject to a statutory disqualification, the no-action status of the floor trader under paragraph (a) of this section may be suspended and the floor trader ordered to show cause why registration should not be denied.

(2) *Written submission.* If the floor trader wishes to challenge the accuracy of the allegations set forth in the notice, the floor trader may submit written evidence limited to the type described in §3.60(b)(1) of this chapter. Such written submission must be served upon the Division of Enforcement and filed with the Proceedings Clerk within twenty days of the date of service of notice to the floor trader.

(3) *Reply.* Within ten days of receipt of any written submission filed by the floor trader, the Division of Enforcement may serve upon the floor trader and file with the Proceedings Clerk a reply.

(4) *Determination by Administrative Law Judge.* A determination by the Administrative Law Judge as to whether the floor trader is subject to a statutory disqualification must be based upon the evidence of the statutory disqualification, notice with proof of service, the written submission, if any, filed by the floor trader in response thereto, any written reply submitted by the Division of Enforcement and such other papers as the Administrative Law Judge may require or permit.

(5) *Suspension and order to show cause.*

(i) If the floor trader is found to be subject to a statutory disqualification, the Administrative Law Judge, within thirty days after receipt of the floor trader's written submission, if any, and any reply thereto, shall issue an interim order suspending the no-action status of the floor trader under paragraph (a) of this section and requiring the floor trader to show cause within twenty days of the date of the order why, notwithstanding the existence of the statutory disqualification, the registration of the floor trader should not be denied. The no-action status of the floor trader shall be suspended, effective five days after the order to show cause is served upon the floor trader in accordance with §3.50(a) of this chapter, until a final order with respect to the order to show cause has been issued: *Provided, That* if the sole basis upon which the floor trader is subject to statutory disqualification is the existence of a temporary order, judgment or decree of the type described in section 8a(2)(C) of the Act, the order to show cause shall not be issued and the floor trader shall be suspended until such time as the temporary order, judgment or decree shall have expired: *Provided, however, That* in no event shall the floor trader's no-action status be suspended for a period to exceed six months.

(ii) If the floor trader is found not to be subject to a statutory disqualification, the Administrative Law Judge shall issue an order to that effect and the Proceedings Clerk shall promptly serve a copy of such order on the floor trader, the Division of Swap Dealer and Intermediary Oversight and the Division of Enforcement. Such order shall

§ 1.67

17 CFR Ch. I (4–1–20 Edition)

be effective as a final order of the Commission fifteen days after the date it is served upon the floor trader in accordance with the provisions of § 3.50(a) of this chapter unless a timely application for review is filed in accordance with § 10.102 of this chapter. The appellate procedures set forth in §§ 10.102, 10.103, 10.104, 10.106, 10.107 and 10.109 of this chapter shall apply to any appeal brought under paragraph (c)(5)(ii) of this section.

(6) *Further proceedings.* If an order to show cause is issued pursuant to paragraph (c)(5)(i) of this section, further proceedings on such order shall be conducted in accordance with the provisions of § 3.60(b) through (j) of this chapter.

(b) Upon any final disciplinary action in which a contract market or swap execution facility finds that a member has committed a rule violation that involved a transaction for a customer, whether executed or not, and that resulted in financial harm to the customer:

(1)(i) The contract market or swap execution facility shall promptly provide written notice of the disciplinary action to the futures commission merchant or other registrant; and

(ii) A futures commission merchant or other registrant that receives a notice, under paragraph (b)(1)(i) of this section shall promptly provide written notice of the disciplinary action to the customer as disclosed on its books and

(4) *Oversight panel* means any panel, or any subcommittee thereof, authorized by a self-regulatory organization to recommend or establish policies or procedures with respect to the self-regulatory organization's surveillance, compliance, rule enforcement, or disciplinary responsibilities.

(5) *Member's affiliated firm* is a firm in which the member is a "principal," as defined in §3.1(a), or an employee.

(6) *Named party in interest* means a person or entity that is identified by name as a subject of any matter being considered by a governing board, disciplinary committee, or oversight panel.

(7) *Self-regulatory organization* means a "self-regulatory organization," as defined in §1.3, but excludes registered futures associations for the purposes of paragraph (b)(2) of this section.

(8) *Significant action* includes any of the following types of self-regulatory organization actions or rule changes that can be implemented without the Commission's prior approval:

(i) Any actions or rule changes which address an "emergency" as defined in §1.41(a)(4)(i) through (iv) and (vi) through (viii); and,

(ii) Any changes in margin levels that are designed to respond to extraordinary market conditions such as an actual or attempted corner, squeeze, congestion or undue concentration of positions, or that otherwise are likely to have a substantial effect on prices in any contract traded or cleared at such self-regulatory organization; but does not include any rule not submitted for prior Commission approval because such rule is unrelated to the terms and conditions of any contract traded at such self-regulatory organization.

(b) *Self-regulatory organization rules*. Each self-regulatory organization shall maintain in effect rules that have been submitted to the Commission pursuant to Section 5a(a)(12)(A) of the Act and §1.41 or, in the case of a registered futures association, pursuant to Section 17(j) of the Act, to address the avoidance of conflicts of interest in the execution of its self-regulatory functions. Such rules must provide for the following:

(1) *Relationship with named party in interest*—(i) *Nature of relationship*. A member of a self-regulatory organization's governing board, disciplinary committee or oversight panel must abstain from such body's deliberations and voting on any matter involving a named party in interest where such member:

(A) Is a named party in interest;

(B) Is an employer, employee, or fellow employee of a named party in interest;

(C) Is associated with a named party in interest through a "broker association" as defined in §156.1;

(D) Has any other significant, ongoing business relationship with a named party in interest, not including relationships limited to executing futures or option transactions opposite of each other or to clearing futures or option transactions through the same clearing member; or,

(E) Has a family relationship with a named party in interest.

(ii) *Disclosure of relationship*. Prior to the consideration of any matter involving a named party in interest, each member of a self-regulatory organization governing board, disciplinary committee or oversight panel must disclose to the appropriate self-regulatory organization staff whether he or she has one of the relationships listed in paragraph (b)(1)(i) of this section with a named party in interest.

(iii) *Procedure for determination*. Each self-regulatory organization must establish procedures for determining whether any member of its governing board, disciplinary committees or oversight committees is subject to a conflicts restriction in any matter involving a named party in interest. Taking into consideration the exigency of the

committee action, such determinations should be based upon:

(A) Information provided by the member pursuant to paragraph (b)(1)(ii) of this section; and

(B) Any other source of information that is held by and reasonably available to the self-regulatory organization.

(2) *Financial interest in a significant action*—(i) *Nature of interest.* A member of a self-regulatory organization's governing board, disciplinary committee or oversight panel must abstain from such body's deliberations and voting on any significant action if the member knowingly has a direct and substantial financial interest in the result of the vote based upon either exchange or non-exchange positions that could reasonably be expected to be affected by the action.

(ii) *Disclosure of interest.* Prior to the consideration of any significant action, each member of a self-regulatory organization governing board, disciplinary committee or oversight panel must disclose to the appropriate self-regulatory organization staff the position information referred to in paragraph (b)(2)(iii) of this section that is known to him or her. This requirement does not apply to members who choose to abstain from deliberations and voting on the subject significant action.

(iii) *Procedure for determination.* Each self-regulatory organization must establish procedures for determining whether any member of its governing board, disciplinary committees or oversight committees is subject to a conflicts restriction under this section in any significant action. Such determination must include a review of:

(A) Gross positions held at that self-regulatory organization in the member's personal accounts or "controlled accounts," as defined in § 1.3(j);

(B) Gross positions held at that self-regulatory organization in proprietary accounts, as defined in § 1.17(b)(3), at the member's affiliated firm;

(C) Gross positions held at that self-regulatory organization in accounts in which the member is a principal, as defined in § 3.1(a);

(D) Net positions held at that self-regulatory organization in "customer"

accounts, as defined in § 1.17(b)(2), at the member's affiliated firm; and,

(E) Any other types of positions, whether maintained at that self-regulatory organization or elsewhere, held in the member's personal accounts or the proprietary accounts of the member's affiliated firm that the self-regulatory organization reasonably expects could be affected by the significant action.

(iv) *Bases for determination.* Taking into consideration the exigency of the significant action, such determinations should be based upon:

(A) The most recent large trader reports and clearing records available to the self-regulatory organization;

(B) Information provided by the member with respect to positions pursuant to paragraph (b)(2)(ii) of this section; and,

(C) Any other source of information that is held by and reasonably available to the self-regulatory organization.

(3) *Participation in deliberations.* (i) Under the rules required by this section, a self-regulatory organization governing board, disciplinary committee or oversight panel may permit a member to participate in deliberations prior to a vote on a significant action for which he or she otherwise would be required to abstain, pursuant to paragraph (b)(2) of this section, if such participation would be consistent with the public interest and the member recuses himself or herself from voting on such action.

(ii) In making a determination as to whether to permit a member to participate in deliberations on a significant action for which he or she otherwise would be required to abstain, the deliberating body shall consider the following factors:

(A) Whether the member's participation in deliberations is necessary for the deliberating body to achieve a quorum in the matter; and

(B) Whether the member has unique or special expertise, knowledge or experience in the matter under consideration.

(iii) Prior to any determination pursuant to paragraph (b)(3)(i) of this section, the deliberating body must fully consider the position information

Commodity Futures Trading Commission

§ 1.70

which is the basis for the member's direct and substantial financial interest in the result of a vote on a significant action pursuant to paragraph (b)(2) of this section.

(4) *Documentation of determination.* Self-regulatory organization governing boards, disciplinary committees, and oversight panels must reflect in their minutes or otherwise document that the conflicts determination procedures required by this section have been followed. Such records also must include:

(i) The names of all members who attended the meeting in person or who otherwise were present by electronic means;

(ii) The name of any member who voluntarily recused himself or herself or was required to abstain from deliberations and/or voting on a matter and the reason for the recusal or abstention, if stated; and

(iii) Information on the position information that was reviewed for each member.
