§ 12.123 Procedure after detention.

(a) *Submission of written documentation.* If a shipment is detained by a port director under §12.122, the importer may submit written documentation to the Administrator with a copy to the port director within 20 days from the date of notice of detention, to show cause why the shipment should not be refused entry. If an importer submits that documentation, the Administrator will allow or deny entry of the shipment within 10 days of receipt of the documentation, and in any case will allow or deny entry of the shipment within 30 days of the date of notice of detention.

(b) *Release under Bond.* The port director may release to the importer a shipment detained for any of the reasons given in §12.122 when the port director has reasonable grounds to believe that the shipment may be brought into compliance, or when the port director deems it appropriate under §141.66 of this chapter. Any such release will be conditioned upon furnishing a bond on CBP Form 301, containing the conditions set forth in §113.62 of this chapter for the return of the shipment to CBP custody. If a shipment of a covered commodity is released to the importer under bond, the shipment will be held intact and will not be used or otherwise disposed of until the Administrator makes a final determination on entry as provided for in paragraph (c) of this section.

(c) *Determination by the Administrator.* After consideration of the available evidence and within 30 days from the notice of detention, the Administrator will notify the port director and the importer of his decision either to permit or refuse entry of the shipment. If the Administrator finds that the shipment is in compliance with TSCA, the port director will release the shipment to the importer. If the Administrator

finds that the shipment is not in compliance, the port director will:

(1) Refuse delivery to the importer, giving reasons for such refusal, or

(2) If the shipment has been released on bond, demand its redelivery under the terms of the bond, giving reasons for such demand. If the merchandise is not redelivered within 30 days from the date of the redelivery notice, the port director will assess liquidated damages in the full amount of the bond.

§ 12.124 Time limitations and extensions.

(a) *Time limitations.* The importer of a shipment of a covered commodity which has been detained under §12.122 must bring the shipment into compliance with TSCA or export the shipment from the customs territory of the United States within 90 days after notice of detention or 30 days of demand for redelivery, whichever comes first.

(b) *Time extensions.* The port director, upon notification by the Administrator, may grant an extension of not more than 30 days if, due to delays caused by the Environmental Protection Agency or the CBP:

(1) The importer is unable, for good cause shown, to bring a shipment into compliance with the Act within the required time period; or

(2) The importer is unable to export the shipment from the customs territory of the United States within the required time period.

[T.D. 83-158, 48 FR 34739, Aug. 1, 1983, as amended by CBP Dec. 16-28, 81 FR 94986, Dec. 27, 2016]

§ 12.125 Notice of exportation.

Whenever the Administrator directs the port director to refuse entry under §12.123 and the importer exports the non-complying shipment within the 30 day period of notice of refusal of entry or within 90 days of demand for redelivery, the importer must submit notice of the exportation either in writing to the port director or electronically to ACE or any other CBP-authorized EDI system. The importer must include the
