(3) Forms required for renewal may be obtained from the Executive Director.

(4) A reasonable non-refundable fee may be charged for each application for renewal of enrollment filed.

(e) *Condition for renewal: Continuing professional education.* To qualify for renewal of enrollment, an enrolled actuary must certify, on the form prescribed by the Executive Director, that he/she has completed the applicable minimum number of hours of continuing professional education credit

required by this paragraph (e) and satisfied the recordkeeping requirements of paragraph (j) of this section.

(1) *Transition rule for renewal of enrollment effective April 1, 2011.* (i) A minimum of 36 hours of continuing professional education credit must be completed between January 1, 2008 and December 31, 2010. Of the 36 hours, at least 18 must consist of core subject matter; the remainder may be non-core subject matter.

(ii) An individual who received initial enrollment in 2008 must complete 24 hours of continuing professional education by December 31, 2010. An individual who received initial enrollment in 2009 must complete 12 hours of continuing professional education by December 31, 2010. In either case, at least one-half of the applicable hours must consist of core subject matter; the remainder may consist of non-core subject matter. For purposes of this paragraph (e)(1)(ii), credit will be awarded for continuing professional education completed after January 1 of the year in which initial enrollment was received.

(2) *For renewal of enrollment effective April 1, 2014, and every third year thereafter.* (1) A minimum of 36 hours of continuing professional education credit must be completed between January 1, 2011 and December 31, 2013, and between January 1 and December 31 for each three-year period subsequent thereto.

At least one-half of the applicable hours must be comprised of core subject matter; the remainder may be comprised of non-core subject matter. For purposes of this

paragraph (e)(2)(ii), credit will be awarded for continuing professional education completed after January 1 of the year in which initial enrollment was received.

(iii) An individual who receives initial enrollment during the third year of an enrollment cycle is exempt from the continuing education requirements until the next enrollment cycle, but must file a timely application for renewal.

(iv) For an individual who was initially enrolled before January 1, 2008 (and who has therefore completed at least one full enrollment cycle as of January 1, 2011), at least 12 hours of the 36 hours of continuing professional education required for each enrollment cycle must consist of core subject matter; the remainder may consist of non-core subject matter.

(v) For an individual who was initially enrolled on or after January 1, 2008, at least 18 hours of his or her 36 hours of continuing professional education required for the first full enrollment cycle must consist of core subject matter. Thereafter, for such individuals, for each subsequent enrollment cycle at least 12 hours of the 36 hours must consist of core subject matter. In each instance, the remainder may consist of non-core subject matter.

(vi) When core subject matter hours are required (including when an individual seeks to return to active status from inactive status), an individual must complete a minimum of two hours of continuing professional education credit relating to ethical standards, regardless of the total number of core hours required.

(f) *Qualifying continuing professional education—(1) In general.* To qualify for continuing professional education credit an enrolled actuary must complete his/her hours of continuing professional education credit under a qualifying program, within the meaning of paragraph (f)(2) of this section, consisting of core and/or non-core subject matter. In addition, a portion of the continuing professional education credit may be earned under the provisions of paragraph (g) of this section. In any event, no less than  $\frac{1}{3}$  of the total hours of continuing professional education credit required for an enrollment cycle

(ii) Non-core subject matter is program content designed to enhance the knowledge of an enrolled actuary in matters related to the performance of pension actuarial services. Examples include economics, computer programming, pension accounting, investment and finance, risk theory, communication skills, and business and general tax law.

(iii) The Joint Board may publish other topics or approve other topics which may be included in a qualifying program as core or non-core subject matter.

(iv) The same course of study cannot be used more than once within a given 36-month period to satisfy the continuing professional education requirements of these regulations. A program or session bearing the same or a similar title to a previous one may be used to satisfy the requirements of these regulations if the major content of the program or session differs substantively from the previous one.

(2) *Qualifying program*—(i) *In general.* A qualifying program is a course of learning that—

(A) Is conducted by a qualifying sponsor, within the meaning of paragraph (f)(3) of this section, who identifies the program as a qualifying program;

(G) Provides a certificate of completion, within the meaning of paragraph (f)(3)(iv) of this section, to each person who successfully completed the program; and

(H) Provides a certificate of instruction, within the meaning of paragraph (f)(3)(v) of this section, to each person who served an instructor, discussion leader, or speaker.

(ii) *Formal programs*—(A) *Participants.* Formal programs are programs that meet all of the requirements of this paragraph (f)(2)(ii) and paragraph (f)(2)(i) of this section. Whether a program qualifies as a formal program is determined on a participant-by-participant basis. A qualifying program qualifies as a formal program with respect to a participant if the participant simultaneously participates in the program in the same physical location with at least two other participants engaged in substantive pension service, and the participants have the opportunity to interact with another individual qualified with respect to the course content who serves as an instructor, whether or not the instructor is in the same physical location. Groups of three or more participants who are in the same physical location may participate in a formal program in person or via the Internet, videoconferencing, or teleconferencing. If the qualifying program is pre-recorded, to qualify as a formal program, there must be a qualified individual who serves as the instructor and is

available to answer questions immediately following the pre-recorded program.

(B) *Instructor.* A qualifying program is a formal program with respect to the instructor only if the program is a formal program under paragraph (f)(2)(i)(A) of this section with respect to at least three participants and the instructor is in the physical presence of at least three other individuals engaged in substantive pension service.

(3) *Qualifying sponsors—(i) In general.* Qualifying sponsors are organizations recognized by the Executive Director whose programs offer opportunities for continuing professional education in subject matter within the scope of this section.

(ii) *Recognition by the Executive Director.* An organization requesting qualifying sponsor status shall file a sponsor agreement request with the Executive Director and furnish information in support of such request as deemed necessary for approval by the Executive Director. Such information shall include sufficient information to establish that all programs designated as qualifying programs offered by the qualifying sponsor will satisfy the requirements of paragraph (f)(2) of this section. Recognition as a qualifying sponsor by the Executive Director shall be effective when approved, unless the Executive Director provides that it shall be effective on a different date, and shall terminate at the end of the sponsor enrollment cycle. The Executive Director may publish the names of such sponsors on a periodic basis.

(iii) *Sponsor enrollment cycle—(A) Transition sponsor enrollment cycle.* The transition sponsor enrollment cycle is the period beginning on January 1, 2008 and ending December 31, 2011.

(B) *Subsequent sponsor enrollment cycles.* After the transition sponsor enrollment cycle, the sponsor enrollment cycle means the three-year period from January 1, 2012, to December 31, 2014, and every three-year period thereafter.

(iv) *Certificates of completion.* Upon verification of successful completion of a qualifying program, the program's qualifying sponsor shall furnish each individual who successfully completed the qualifying program with a certificate listing the following information:

(A) The name of the participant.  
(B) The name of the qualifying sponsor.

(C) The title, location, and speaker(s) of each session attended.

(D) The dates of the program.

(E) The total credit hours earned, the total core and non-core credit hours earned, and how many of those hours relate to ethics.

(F) Whether or not the program is a formal program with respect to the participant.

(v) *Certificates of instruction.* The program's qualifying sponsor shall furnish to each instructor, discussion leader, or speaker, a certificate listing the following information:

(D) The dates of the program.

(E) The total credit hours earned and the total core and non-core credit hours earned for the program, and how many of those hours relate to ethics.

(F) Whether or not the program is a formal program with respect to the instructor.

(g) *Alternative means for completion of credit hours—(1) In general.* In addition to credit hours completed under paragraph (f) of this section, an enrolled actuary may be awarded continuing professional education credit under the provisions of this paragraph (g).

(2) *Serving as an instructor, discussion leader or speaker.* (i) Four credit hours (that is, 200 minutes) of continuing professional education credit will be awarded for each 50 minutes completed as an instructor, discussion leader, or speaker at a qualifying program which meets the continuing professional education requirements of paragraph (f) of this section. If the qualifying program is a formal program with respect to the instructor, only the time spent during the actual program is counted toward satisfaction of the formal program requirement.

(ii) The credit for instruction and preparation may not exceed 50 percent of the continuing professional education requirement for an enrollment cycle.

(iii) Presentation of the same material as an instructor, discussion leader, or speaker more than one time in any 36-month period will not qualify for continuing professional education credit. A program will not be considered to consist of the same material if a substantial portion of the content has been revised to reflect changes in the law or practices relative to the performance of pension actuarial service.

(iv) Credit as an instructor, discussion leader, or speaker will not be awarded to panelists, moderators, or others who are not required to prepare substantive subject matter for their portion of the program. However, such individuals may be awarded credit for attendance, provided the other provisions of this section are met.

(v) The nature of the subject matter will determine if credit will be of a core or non-core nature.

(3) *Credit for publications.* (i) Continuing professional education credit will be awarded for the creation of peer-reviewed materials for publication or distribution with respect to matters directly related to the continuing professional education requirements of this section. Credit will be awarded to the author, co-author, or a person listed as a major contributor.

(ii) One hour of credit will be allowed for each hour of preparation time of the material. It will be the responsibility of the person claiming the credit to maintain records to verify preparation time.

(iii) Publication or distribution may utilize any available technology for the dissemination of written, visual or auditory materials.

(iv) The materials must be available on reasonable terms for acquisition and use by all enrolled actuaries.

(v) The credit for the creation of materials may not exceed 25 percent of the continuing professional education requirement of any enrollment cycle.

(vi) The nature of the subject matter will determine if credit will be of a core or non-core nature.

(vii) Publication of the same material more than one time will not qualify for continuing professional education credit. A publication will not be considered to consist of the same material if a substantial portion has been

revised to reflect changes in the law or practices relative to the performance of pension actuarial service.

(4) *Service on Joint Board advisory committee(s).* Continuing professional education credit may be awarded by the Joint Board for service on (any of) its advisory committee(s), to the extent that the Joint Board considers warranted by the service rendered.

(5) *Preparation of Joint Board examinations.* Continuing professional education credit may be awarded by the Joint Board for participation in drafting questions for use on Joint Board examinations or in pretesting its examinations, to the extent the Joint Board determines suitable. Such credit may not exceed 50 percent of the continuing professional education requirement for the applicable enrollment cycle.

(6) *Examinations sponsored by professional organizations or societies.* Individuals may earn continuing professional education credit for achieving a passing grade on proctored examinations sponsored by a professional organization or society recognized by the Joint Board. Such credit is limited to the number of hours scheduled for each examination and may be applied only as non-core credit provided the content of the examination is core or non-core. No credit may be earned for hours attributable to any content that is neither core nor non-core.

(7) *Joint Board pension examination.* Individuals may establish eligibility for renewal of enrollment for any enrollment cycle by—

(i) Achieving a passing score on the Joint Board pension examination, as described in §901.12(d)(1)(i), administered under this part during the applicable enrollment cycle; and

(ii) Completing a minimum of 12 hours of qualifying continuing professional education by attending formal program(s) during the same applicable enrollment cycle. This option of satisfying the continuing professional education requirements is not available to those who receive initial enrollment during the enrollment cycle.

(h) *Measurement of continuing education course work.* (1) All continuing education programs will be measured in terms of credit hours. The shortest

recognized program will be one credit hour.

(2) A credit hour is 50 minutes of continuous participation in a program. Each session in a program must be at least one full credit hour, *i.e.*, 50 minutes. For example, a single-session program lasting 100 minutes will count as two credit hours, and a program comprised of three 75 minute sessions (225 minutes) constitutes four credit hours. However, at the end of an enrollment cycle, an individual may total the number of minutes of sessions of at least one credit hour in duration attended during the cycle and divide by fifty. For example, attending three 75 minute segments at two separate programs will accord an individual nine credit hours (450 minutes divided by 50) toward fulfilling the minimum number of continuing professional education hours. It will not be permissible to merge non-core hours with core hours.

(i) [Reserved]

(j) *Recordkeeping requirements*—(1) *Qualifying sponsors*. A qualifying sponsor must maintain records to verify that each program it sponsors is a qualifying program within the meaning of paragraph (f)(2) of this section, including the certificates of completion, certificates of instruction, and outlines and course material. In the case of programs of more than one session, records must be maintained to verify each session of the program that is completed by each participant. Records required to be maintained under this paragraph must be retained by the qualifying sponsor for a period of six years following the end of the sponsor enrollment cycle in which the program is held.

(2) *Enrolled actuaries*—(i) *Qualifying program credits as a participant*. To receive continuing professional education credit for completion of hours of continuing professional education under paragraph (f) of this section, an enrolled actuary must retain all certificates of completion evidencing completion of such hours for the three-year period following the end of the enrollment cycle in which the credits are earned.

(ii) *Qualifying program credits as an instructor, discussion leader, or speaker*. To receive continuing professional edu-

cation credit for completion of hours earned under paragraph (g)(2) of this section, an enrolled actuary must retain all certificates of instruction evidencing completion of such hours for the three-year period following the end of the enrollment cycle in which the credits are earned.

(iii) *Credit for publications*. To receive continuing professional education credit for a publication under paragraph (g)(3) of this section, the following information must be maintained by the enrolled actuary for the three-year period following the end of the enrollment cycle in which the credits are earned:

(A) The name of the publisher.

(B) The title and author of the publication.

(C) A copy of the publication.

(D) The date of the publication.

(E) The total credit hours earned, and the total core and non-core credit hours earned, and how many of those hours relate to ethics.

(iv) *Other credits*. To receive continuing professional education credit for hours earned under paragraphs (g)(4) through (g)(7) of this section, an enrolled actuary must retain sufficient documentation to establish completion of such hours for the three-year period following the end of the enrollment cycle in which the credits are earned.

(k) *Waivers*. (1) Waiver from the continuing professional education requirements for a given period may be granted by the Executive Director only under extraordinary circumstances, and upon submission of sufficient evidence that every effort was made throughout the enrollment cycle to participate in one or more qualifying programs that would have satisfied the continuing professional education requirements.

(2) A request for waiver must be accompanied by appropriate documentation. The individual will be required to furnish any additional documentation or explanation deemed necessary by the Executive Director.

(3) The individual will be notified by the Executive Director of the disposition of the request for waiver. If the waiver is not approved, and the individual does not otherwise satisfy the

continuing professional education requirements within the allotted time, the individual will be placed on the roster of inactive enrolled individuals.

(4) Individuals seeking to rely on a waiver of the continuing professional education requirements must receive the waiver from the Executive Director before filing an application for renewal of enrollment.

(1) *Failure to comply.* (1) Compliance by an individual with the requirements of this part shall be determined by the Executive Director. An individual who applies for renewal of enrollment but who fails to meet the requirements of eligibility for renewal will be notified by the Executive Director at his/her last known address by first class mail. The notice will state the basis for the non-compliance and will provide the individual an opportunity to furnish in writing, within 60 days of the date of the notice, information relating to the matter. Such information will be considered by the Executive Director in making a final determination as to eligibility for renewal of enrollment.

(2) The Executive Director may require any individual, by first class mail sent to his/her mailing address of record with the Joint Board, to provide copies of any records required to be maintained under this section. The Executive Director may disallow any continuing professional education hours claimed if the individual concerned fails to comply with such requirements.

(3) An individual whose application for renewal is not approved may seek review of the matter by the Joint Board. A request for review and the reasons in support of the request must be filed with the Joint Board within 30 days of the date of the notice of failure to comply.

(4) *Inactive status—(i) Automatic placement on the inactive roster.* To remain on the roster of active enrolled actuaries, an enrolled actuary must submit a timely application for renewal showing satisfaction of the requirements for reenrollment, including completion of the required continuing professional education hours, within the appropriate time frame. The Executive Director will move an enrolled actuary who does not submit such an applica-

tion for reenrollment from the roster of enrolled actuaries to the roster of inactive enrolled actuaries as of April 1 following the March 1 due date for the application. However, if an enrolled actuary completes the required number of continuing professional education hours after the close of the enrollment cycle, submits an application for reenrollment, and is informed by the Executive Director before April 1st that the enrollment has been renewed, then the Executive Director will not move such individual to the roster of inactive enrolled actuaries at that time.

(ii) *Placement on the inactive roster after notice and right to respond.* The Executive Director will move an enrolled actuary who does not submit a timely application of renewal that shows timely completion of the required continuing professional education to the inactive roster only after giving the enrolled actuary 60 days to respond as described in paragraph (1)(1) of this section.

(iii) *Length on time on inactive roster.* An individual may remain on the roster of inactive enrolled actuaries for a period up to three enrollment cycles from the date renewal would have been effective.

(iv) *Consequence of being on the inactive roster.* An individual in inactive status will be ineligible to perform pension actuarial services as an enrolled actuary under ERISA and the Internal Revenue Code. During such time in inactive status or at any other time an individual is ineligible to perform pension actuarial services as an enrolled actuary, the individual shall not in any manner, directly or indirectly, indicate he or she is so enrolled, or use the term “enrolled actuary,” the designation “E.A.,” or other form of reference to eligibility to perform pension actuarial services as an enrolled actuary.

(v) *Returning to active status.* An individual placed in inactive status may return to active status by filing an application for renewal of enrollment (with the appropriate fee) and providing evidence of the completion of all required continuing professional education hours and of satisfaction of any applicable requirements for qualifying experience under paragraph (1)(7) of

this section. If an application for return to active status is approved, the individual will be eligible to perform services as an enrolled actuary effective with the date the notice of approval is mailed to that individual by the Executive Director.

(5) *Time for return to active enrollment.*

(i) An individual placed in inactive status must file an application for return to active enrollment, and satisfy the requirements for return to active enrollment as set forth in this section, within three enrollment cycles of being placed in inactive status. Otherwise, the name of such individual will be removed from the inactive enrollment roster and his/her enrollment will terminate.

(ii) For purposes of paragraph (1)(5)(i) of this section, an individual who is in inactive or retired status as of April 1, 2010, will be deemed to have been placed in inactive status on April 1, 2010.

(6) An individual in inactive status may satisfy the requirements for return to active enrollment at any time during his/her period of inactive enrollment. If only completion of the continuing professional education requirement is necessary, the application for return to active enrollment may be filed immediately upon such completion. If qualifying experience is also required, the application for return to active enrollment may not be filed until the completion of both the continuing professional education and qualifying experience requirements set forth in this subsection. Continuing professional education credits applied to meet the requirements for reenrollment under this paragraph (1)(6) may not be used to satisfy the requirements of the enrollment cycle in which the individual has been placed back on the active roster.

(7) *Continuing professional education requirements for return to active enrollment from inactive status.* (i) During the first inactive enrollment cycle; 36 hours of qualifying continuing professional education as set forth in paragraph (e)(2) of this section, without regard to paragraph (e)(2)(ii) or (e)(2)(iii) of this section, must be completed. Any hours of continuing professional education credit earned during the imme-

diately prior enrollment cycle may be applied in satisfying this requirement.

(ii) During the second inactive enrollment cycle; four-thirds of the qualifying continuing professional education requirements as set forth in paragraph (e)(2) of this section (that is, 48 hours), without regard to paragraph (e)(2)(ii) or (e)(2)(iii) of this section, plus eighteen months of certified responsible pension actuarial experience, must be completed since the start of the first inactive enrollment cycle. Any hours of continuing professional education credit earned during the first inactive enrollment cycle may be applied in satisfying this requirement.

(iii) During the third inactive enrollment cycle: Five-thirds of the qualifying continuing professional education requirements as set forth in paragraph (e)(2) of this section, (that is, 60 hours), without regard to paragraph (e)(2)(ii) or (e)(2)(iii) of this section plus eighteen months of certified responsible pension actuarial experience, must be completed since the start of the second inactive enrollment cycle. Any hours of continuing professional education credit earned during the second inactive enrollment cycle may be applied in satisfying this requirement. No hours earned during the first inactive enrollment cycle may be applied in satisfying this requirement.

(8) An individual in inactive status remains subject to the jurisdiction of the Joint Board and/or the Department of the Treasury with respect to disciplinary matters.

(9) An individual who has certified in good faith that he/she has satisfied the continuing professional education requirements of this section will not be considered to be in non-compliance with such requirements on the basis of a program he/she has attended later being found inadequate or not in compliance with the requirements for continuing professional education. Such individual will be granted renewal, but the Executive Director may require such individual to remedy the resulting shortfall by earning replacement credit during the cycle in which renewal was granted or within a reasonable time period as determined by the Executive Director. For example, if six of the credit hours claimed were disallowed,

the individual may be required to present 42 credit hours instead of the minimum 36 credit hours to qualify for renewal related to the next cycle.

(m) *Renewal while under suspension or disbarment.* An individual who is ineligible to perform actuarial services and/or to practice before the Internal Revenue Service by virtue of disciplinary action is required to meet the requirements for renewal of enrollment during the period of such ineligibility.

(n) *Verification.* The Executive Director or his/her designee may request and review the continuing professional education records of an enrolled actuary, including programs attended, in a manner deemed appropriate to determine compliance with the requirements and standards for the renewal of enrollment as provided in this section. The Executive Director may also request and review the records of any qualifying sponsor in a manner deemed appropriate to determine compliance with the requirements of paragraphs (f)(3) and (j)(1) of this section.

(o) *Examples.* The following examples illustrate the application of the rules of paragraph (1)(7) of this section and the effective date of an enrolled actuary's renewal:

*Example 1.* Individual E, who was initially enrolled before January 1, 2008, completes 12 hours of core continuing professional education credit and 24 hours of non-core continuing professional education credit between January 1, 2011, and December 31, 2013. E files a complete application for reenrollment on February 28, 2014. E's reenrollment is effective as of April 1, 2014.

*Example 2.* Individual F, who was initially enrolled before January 1, 2008, also completes 12 hours of core continuing professional education credit and 24 hours of non-core continuing professional education credit between January 1, 2011, and December 31, 2013. However, F does not file an application for reenrollment until March 20, 2014. The Joint Board notifies F that it has granted F's application on June 25, 2014. Accordingly, effective April 1, 2014, F is placed on the roster of inactive enrolled actuaries. F returns to active status as of June 25, 2014. F is ineligible to perform pension actuarial services as an enrolled actuary under ERISA and the Internal Revenue Code from April 1 through June 24, 2014.

*Example 3.* Individual G, who was initially enrolled before January 1, 2008, completes only 8 hours of core continuing professional education credit and 24 hours of non-core

continuing professional education credit between January 1, 2011, and December 31, 2013. G completes another 6 hours of core continuing professional education on January 15, 2014, and files an application for return to active status on January 20, 2014. G's application shows the timely completion of 32 hours of continuing professional education plus the additional 4 hours of continuing professional education earned after the end of the enrollment cycle. The Joint Board notifies G that it has granted the application on April 20, 2014. Accordingly, effective April 1, 2014, G is placed on the roster of inactive enrolled actuaries. G returns to active status as of April 20, 2014. G is ineligible to perform pension actuarial services as an enrolled actuary under ERISA and the Internal Revenue Code from April 1 through April 19, 2014. Of the 6 hours of continuing professional education earned by G on January 15, 2014, only 2 hours may be applied to the enrollment cycle that ends December 31, 2016.

*Example 4.* (i) Individual H, who was initially enrolled before January 1, 2008, completes 5 hours of core continuing professional education credit and 10 hours of non-core continuing professional education credit between January 1, 2011, and December 31, 2013. Accordingly, effective April 1, 2014, H is placed on the roster of inactive enrolled actuaries and is ineligible to perform pension actuarial services as an enrolled actuary under ERISA and the Internal Revenue Code.

(ii) H completes 7 hours of core continuing professional education credit and 14 hours of noncore continuing professional education credit between January 1, 2014, and May 24, 2016. Because H has completed 12 hours of core continuing professional education and 24 hours of non-core continuing professional education during the last active enrollment period and the initial period when on inactive status, H has satisfied the requirements for reenrollment during the first inactive cycle. Accordingly, H may file an application for return to active enrollment on May 24, 2016. If this application is approved, H will be eligible to perform pension actuarial services as an enrolled actuary under ERISA and the Internal Revenue Code, effective with the date of such approval.

(iii) Because H used the 21 hours of continuing professional education credit earned after January 1, 2014, for return from inactive status, H may not apply any of these 21 hours of core and non-core continuing professional education credits towards the requirements for renewed enrollment effective April 1, 2017. Accordingly, H must complete an additional 36 hours of continuing professional education (12 core and 24 non-core) prior to December 31, 2016, to be eligible for renewed enrollment effective April 1, 2017.

*Example 5.* (i) The facts are the same as in *Example 4* except H completes 2 hours of core continuing professional education credit and

8 hours of non-core continuing professional education credit between January 1, 2014, and December 31, 2016. Thus, because H did not fulfill the requirements for return to active status during his first inactive cycle, H must satisfy the requirements of paragraph (1)(7)(ii) of this section in order to return to active status.

(ii) Accordingly, in order to be eligible to file an application for return to active status on or before December 31, 2019, H must complete an additional 38 hours of continuing professional education credit (of which at least 14 hours must consist of core subject matter) between January 1, 2017, and December 31, 2019, and have 18 months of certified responsible pension actuarial experience during the period beginning on January 1, 2014.

(iii) Note that the 5 hours of core continuing professional education credit and the 10 hours of non-core continuing professional education credit that H completes between January 1, 2011, and December 31, 2013, are not counted toward H's return to active status and are also not taken into account toward the additional hours of continuing professional education credit that H must complete between January 1, 2017, and December 31, 2019, in order to apply for renewal of enrollment effective April 1, 2020.

*Example 6.* (i) The facts are the same as in *Example 4* except H completes 2 hours of core continuing professional education credit and 8 hours of non-core continuing professional education credit between January 1, 2014, and December 31, 2016, and 12 hours of core continuing professional education credit and 24 hours of non-core continuing professional education credit between January 1, 2017, and December 31, 2019. Thus, because H did not fulfill the requirements for return to active status during his first or second inactive cycles, H must satisfy the requirements of paragraph (1)(7)(iii) of this section in order to return to active status.

(ii) Accordingly, in order to be eligible to file an application for return to active status on or before December 31, 2022, H must complete an additional 24 hours of continuing professional education credit (of which, at least 8 hours must consist of core subject matter) between January 1, 2020 and December 31, 2022, and have at least 18 months of certified responsible pension actuarial experience during the period beginning on January 1, 2017.

(iii) Note that the total of 15 hours of continuing professional education credit that H completes between January 1, 2011, and December 31, 2013, as well as the 10 hours of continuing professional education credit between January 1, 2014, and December 31, 2016, are not counted toward H's return to active status and are not taken into account toward the additional hours of continuing professional education credit that H must complete between January 1, 2020, and December

31, 2022, in order to be eligible to file an application for renewal of enrollment active status effective April 1, 2023.

*Example 7.* (i) Individual J, who was initially enrolled July 1, 2012, completes 1 hour of core continuing professional education credit and 2 hours of non-core continuing professional education credit between January 1, 2012, and December 31, 2013. Accordingly, effective April 1, 2014, J is placed on the roster of inactive enrolled actuaries and is ineligible to perform pension actuarial services as an enrolled actuary under ERISA and the Internal Revenue Code.

(ii) J completes 5 hours of core continuing professional education credit and 4 hours of non-core continuing professional education credit between January 1, 2014, and October 6, 2014. Because J did not complete the required 12 hours of continuing professional education (of which at least 6 hours must consist of core subject matter) during J's initial enrollment cycle, J is not eligible to file an application for a return to active enrollment on October 6, 2014, notwithstanding the fact that had J completed such hours between January 1, 2012, and December 31, 2013, J would have satisfied the requirements for renewed enrollment effective April 1, 2014.

(iii) Accordingly, J must complete an additional 24 hours of continuing professional education (of which at least 12 hours must consist of core subject matter) during his/her first inactive enrollment cycle before applying for renewal of enrollment.

*Example 8.* The facts are the same as in *Example 7* except that J completes 17 hours of core continuing professional education credit and 16 hours of non-core continuing professional education credit between January 1, 2014, and February 12, 2015. Accordingly, because as of February 12, 2015, J satisfied the continuing professional education requirements as set forth in paragraph (e)(2) of this section without regard to paragraph (e)(2)(ii) thereof, J may file an application for return to active enrollment status on February 12, 2015.

(p) With the exception of paragraphs (e)(1) and (f)(3)(iii) of this section, this section applies to the enrollment cycle beginning January 1, 2011, and all subsequent enrollment cycles.

#### § 901.12 Eligibility for enrollment.

the experience requirement of paragraph (b) of this section, the basic actuarial knowledge requirement of paragraph (c) of this section, and the pension actuarial knowledge requirement of paragraph (d) of this section.

(b) *Qualifying experience.* Within the 10-year period immediately preceding the date of application, the applicant shall have completed either—

(1) A minimum of 36 months of certified responsible pension actuarial experience; or

(2) A minimum of 60 months of certified responsible actuarial experience, including at least 18 months of certified responsible pension actuarial experience.

(c) *Basic actuarial knowledge.* The applicant shall demonstrate knowledge of basic actuarial mathematics and methodology by one of the following:

(1) *Joint Board basic examination.* Successful completion, to a score satisfactory to the Joint Board, of an examination, prescribed by the Joint Board, in basic actuarial mathematics and methodology including compound interest, principles of life contingencies, commutation functions, multiple-decrement functions, and joint life annuities.

(2) *Organization basic examinations.* Successful completion, to a score satisfactory to the Joint Board, of one or more proctored examinations which are given by an actuarial organization and which the Joint Board has determined cover substantially the same subject areas, have at least a comparable level of difficulty, and require at least the same competence as the Joint Board basic examination referred to in paragraph (c)(1) of this section.

(3) *Qualifying formal education.* Receipt of a bachelor's or higher degree from an accredited college or university after the satisfactory completion of a course of study:

(i) In which the major area of concentration was actuarial mathematics, or

(ii) Which included at least as many semester hours or quarter hours each in mathematics, statistics, actuarial mathematics and other subjects as the Board determines represent equivalence to paragraph (c)(3)(i) of this section.

(d) *Pension actuarial knowledge.* (1) The applicant shall demonstrate pension actuarial knowledge by one of the following:

(i) *Joint Board pension examination.* Successful completion, within the 10-year period immediately preceding the date of the application, to a score satisfactory to the Joint Board, of an examination prescribed by the Joint Board in actuarial mathematics and methodology relating to pension plans, including the provisions of ERISA relating to the minimum funding requirements and allocation of assets on plan termination.

(ii) *Organization pension examinations.* Successful completion, within the 10-year period immediately preceding the date of the application, to a score satisfactory to the Joint Board, of one or more proctored examinations which are given by an actuarial organization and which the Joint Board has determined cover substantially the same subject areas, have at least a comparable level of difficulty, and require at least the same competence as the Joint Board pension examination referred to in paragraph (d)(1)(i) of this section.

(2) For purposes of this section, the date of successful completion of an examination is generally the date a candidate sits for the examination, provided that the candidate receives a passing grade on that examination. However, an applicant who sat for an examination prior to the effective date of these regulations will be deemed to have sat for such examination on the effective date.

(e) *Form; fee.* An applicant who wishes to take an examination administered by the Joint Board under paragraph (c)(1) or (d)(1) of this section shall file an application on a form prescribed by the Joint Board. Such application shall be accompanied by payment in the amount set forth on the application form. The amount represents a fee charged to each applicant for examination and is designed to cover the costs for the administration of the examination. The fee shall be retained whether or not the applicant successfully completes the examination or is enrolled.

## Joint Board for the Enrollment of Actuaries

## § 901.20

(f) *Denial of enrollment.* An applicant may be denied enrollment if:

(1) The Joint Board finds that the applicant, during the 15-year period immediately preceding the date of application and on or after the applicant's eighteenth birthday has engaged in disreputable conduct. The term disreputable conduct includes, but is not limited to:

(i) An adjudication, decision, or determination by a court of law, a duly constituted licensing or accreditation authority (other than the Joint Board), or by any federal or state agency, board, commission, hearing examiner, administrative law judge, or other official administrative authority, that the applicant has engaged in conduct evidencing fraud, dishonesty or breach of trust.

(ii) Giving false or misleading information, or participating in any way in the giving of false or misleading information, to the Department of the Treasury or the Department of Labor or the Pension Benefit Guaranty Corporation or any officer or employee thereof in connection with any matter pending or likely to be pending before them, knowing such information to be false or misleading.

(iii) Willfully failing to make a Federal tax return in violation of the revenue laws of the United States, or evading, attempting to evade, or participating in any way in evading or attempting to evade any federal tax or payment thereof, knowingly counseling or suggesting to a client or prospective client an illegal plan to evade federal taxes or payment thereof, or concealing assets of himself or another to evade federal taxes or payment thereof.

(iv) Directly or indirectly attempting to influence, or offering or agreeing to attempt to influence, the official action of any officer or employee of the Department of the Treasury or the Department of Labor or the Pension Benefit Guaranty Corporation by the use of threats, false accusations, duress or coercion, by the offer of any special inducement or promise of advantage or by the bestowing of any gift, favor, or thing of value.

(v) Disbarment or suspension from practice as an actuary, attorney, certified public accountant, public ac-

countant, or an enrolled agent by any duly constituted authority of any state, possession, territory, Commonwealth, the District of Columbia, by any Federal Court of record, or by the Department of the Treasury.

(vi) Contemptuous conduct in connection with matters before the Department of the Treasury, or the Department of Labor, or the Pension Benefit Guaranty Corporation including the use of abusive language, making false accusations and statements knowing them to be false, or circulating or publishing malicious or libelous matter.

(2) The applicant has been convicted of any of the offenses referred to in section 411 of ERISA.

(3) The applicant has submitted false or misleading information on an application for enrollment to perform actuarial services or in any oral or written information submitted in connection therewith or in any report presenting actuarial information to any person, knowing the same to be false or misleading.

### Subpart C—Standards of Performance for Enrolled Actuaries

#### § 901.20 Standards of performance of actuarial services.

In the discharge of duties required by ERISA of enrolled actuaries with respect to any plan to which the Act applies:

(a) *In general.* An enrolled actuary shall undertake an actuarial assignment only when qualified to do so.

(b) *Professional duty.* (1) An enrolled actuary shall perform actuarial services only in a manner that is fully in accordance with all of the duties and requirements for such persons under applicable law and consistent with relevant generally accepted standards for professional responsibility and ethics.

(2) An enrolled actuary shall not perform actuarial services for any person

or organization which he/she believes, or has reasonable grounds to believe, may utilize his/her services in a fraudulent manner or in a manner inconsistent with law.

(c) *Advice or explanations.* An enrolled actuary shall provide to the plan administrator upon appropriate request, supplemental advice or explanation relative to any report signed or certified by such enrolled actuary.

(d) *Conflicts of interest.* (1) Except as provided in paragraph (d)(2) of this section, an enrolled actuary shall not perform actuarial services for a client if the representation involves a conflict of interest. A conflict of interest exists if—

(i) The representation of one client will be directly adverse to another client; or

(ii) There is a significant risk that the representation of one or more clients will be materially limited by the enrolled actuary's responsibilities to another client, a former client, or by a personal interest of the enrolled actuary.

(2) Notwithstanding the existence of a conflict of interest under paragraph (d)(1) of this section, the enrolled actuary may represent a client if—

(i) The enrolled actuary reasonably believes that he or she will be able to provide competent and diligent representation to each affected client;

(ii) The representation is not prohibited by law; and

(iii) Each affected client waives the conflict of interest and gives informed consent at the time the existence of the conflict of interest is known by the enrolled actuary.

(e) *Assumptions, calculations and recommendations.* (1) The enrolled actuary shall exercise due care, skill, prudence and diligence when performing actuarial services under ERISA and the Internal Revenue Code. In particular, in the course of preparing a report or certificate stating actuarial costs or liabilities, the enrolled actuary shall ensure that—

(i) Except as mandated by law, the actuarial assumptions are reasonable individually and in combination, and the actuarial cost method and the actuarial method of valuation of assets are appropriate;

(ii) The calculations are accurately carried out and properly documented; and

(iii) The report, any recommendations, and any supplemental advice or explanation relative to the report reflect the results of the calculations.

(2) An enrolled actuary shall include in any report or certificate stating actuarial costs or liabilities, a statement or reference describing or clearly identifying the data, any material inadequacies therein and the implications thereof, and the actuarial methods and assumptions employed.

(f) *Due diligence.* (1) An enrolled actuary must exercise due diligence—

(i) In preparing or assisting in the preparation of, approving, and filing tax returns, documents, affidavits, and other papers relating to the Department of the Treasury, the Department of Labor, the Pension Benefit Guaranty Corporation, or any other applicable Federal or State entity;

(ii) In determining the correctness of oral or written representations made by the enrolled actuary to the Department of the Treasury, the Department of Labor, the Pension Benefit Guaranty Corporation, or any other applicable Federal or State entity; and

(iii) In determining the correctness of oral or written representations made by the enrolled actuary to clients.

(2) An enrolled actuary advising a client to take a position on any document to be filed with the Department of the Treasury, the Department of Labor, the Pension Benefit Guaranty Corporation, or any other applicable Federal or State entity (or preparing or signing such a return or document) generally may rely in good faith without verification upon information furnished by the client. The enrolled actuary may not, however, ignore the implications of information furnished to, or actually known by, the enrolled actuary, and must make reasonable inquiries if the information as furnished appears to be incorrect, inconsistent with an important fact or another factual assumption, or incomplete.

(g) *Solicitations regarding actuarial services.* An enrolled actuary may not in any way use or participate in the use of any form of public communication or private solicitation related to

the performance of actuarial services containing a false, fraudulent, or coercive statement or claim, or a misleading or deceptive statement or claim. An enrolled actuary may not make, directly or indirectly, an uninvited written or oral solicitation of employment related to actuarial services if the solicitation violates Federal or State law, nor may such person employ, accept employment in partnership form, corporate form, or any other form, or share fees with, any individual or entity who so solicits. Any lawful solicitation related to the performance of actuarial services made by or on behalf of an enrolled actuary must clearly identify the solicitation as such and, if applicable, identify the source of the information used in choosing the recipient.

(h) *Prompt disposition of pending matters.* An enrolled actuary may not unreasonably delay the prompt disposition of any matter before the Internal Revenue Service, the Department of Labor, the Pension Benefit Guaranty Corporation, or any other applicable Federal or State entity.

(i) [Reserved]

(j) *Return of client's records.* (1) In general, an enrolled actuary must, at the request of a client, promptly return any and all records of the client that are necessary for the client to comply with his or her legal obligations. The enrolled actuary may retain copies of the records returned to a client. The existence of a dispute over fees generally does not relieve the enrolled actuary of his or her responsibility under this section. Nevertheless, if applicable State law allows or permits the retention of a client's records by an enrolled actuary in the case of a dispute over fees for services rendered, the enrolled actuary need only return those records that must be attached to the client's required forms under ERISA and the Internal Revenue Code. The enrolled actuary, however, must provide the client with reasonable access to review and copy any additional records of the client retained by the enrolled actuary under State law that are necessary for the client to comply with his or her obligations under ERISA and the Internal Revenue Code.

(2) For purposes of this section, records of the client include all documents or written or electronic materials provided to the enrolled actuary, or obtained by the enrolled actuary in the course of the enrolled actuary's representation of the client, that preexisted the retention of the enrolled actuary by the client. The term "records of the client" also includes materials that were prepared by the client or a third party (not including an employee or agent of the enrolled actuary) at any time and provided to the enrolled actuary with respect to the subject matter of the representation. The term "records of the client" also includes any return, claim for refund, schedule, affidavit, appraisal or any other document prepared by the enrolled actuary, or his or her employee or agent, that was presented to the client with respect to a prior representation if such document is necessary for the taxpayer to comply with his or her current obligations under ERISA and the Internal Revenue Code. The term "records of the client" does not include any return, claim for refund, schedule, affidavit, appraisal or any other document prepared by the enrolled actuary or the enrolled actuary's firm, employees or agents if the enrolled actuary is withholding such document pending the client's performance of its contractual obligation to pay fees with respect to such document.

(k) *Notification.* An enrolled actuary shall provide written notification of the non-filing of any actuarial document he/she has signed upon discovery of the non-filing. Such notification shall be made to the office of the Internal Revenue Service, the Department of Labor, or the Pension Benefit Guaranty Corporation where such document should have been filed.

(1) The rules of this section apply to all actuarial services and related acts performed on or after May 2, 2011.

[40 FR 18776, Apr. 30, 1975, as amended at 43 FR 39757, Sept. 7, 1978; 76 FR 17775, Mar. 31, 2011]

### Subpart D—Suspension or Termination of Enrollment

#### § 901.30 Authority to suspend or terminate enrollment.

Under section 3042(b) of ERISA the Joint Board may, after notice and opportunity for a hearing, suspend or terminate the enrollment of an enrolled actuary if the Joint Board finds that such enrolled actuary

(b) Does not satisfy the requirements for enrollment in effect at the time of his/her enrollment.

#### § 901.31 Grounds for suspension or termination of enrollment.

(c) *Disreputable conduct.* The enrollment of an actuary may be suspended or terminated if it is found that the actuary has, at any time after he/she applied for enrollment, engaged in any conduct set forth in § 901.12(f) or other conduct evidencing fraud, dishonesty, or breach of trust. Such other conduct includes, but is not limited to, the following:

#### § 901.32 Receipt of information concerning enrolled actuaries.

If an officer or employee of the Department of the Treasury, the Department of Labor, the Pension Benefit Guaranty Corporation, or a member of the Joint Board has reason to believe that an enrolled actuary has violated any provision of this part, or if any such officer, employee or member receives information to that effect, he/she may make a written report thereof, which report or a copy thereof shall be forwarded to the Executive Director. #### § 901.33 Initiation of proceeding.

Whenever the Executive Director has reason to believe that an enrolled actuary has violated any provision of the laws or regulations governing enrollment, such individual may be reprimanded or a proceeding may be initiated for the suspension or termination of such individual's enrollment. A reprimand as used in this paragraph is a

statement informing the enrolled actuary that, in the opinion of the Executive Director, his/her conduct is in violation of the regulations and admonishing the enrolled actuary that repetition of the conduct occasioning the reprimand may result in the institution of a proceeding for the suspension or termination of the actuary's enrollment. A proceeding for suspension or termination of enrollment shall be initiated by a complaint naming the respondent actuary, signed by the Executive Director and filed in the Executive Director's office. Except in cases where the nature of the proceeding or the public interest does not permit, a proceeding will not be initiated under this section until the facts which may warrant such a proceeding have been called to the attention of the actuary in writing and he/she has been given an opportunity to respond to the allegations of misconduct.

### § 901.34 Conferences.

(a) *In general.* The Executive Director may confer with an enrolled actuary concerning allegations of his/her misconduct whether or not a proceeding for suspension or termination has been initiated against him/her. If the conference results in agreement as to certain facts or other matters in connection with such a proceeding, such agreement may be entered in the record at the request of the actuary or the Executive Director.

(b) *Voluntary suspension or termination of enrollment.* An enrolled actuary, in order to avoid the initiation or conclusion of a suspension or termination proceeding, may offer his/her consent to suspension or termination of enrollment or may offer his/her resignation. The Executive Director may accept the offered resignation or may suspend or terminate enrollment in accordance with the consent offered.

### § 901.35 Contents of complaint.

(a) *Charges.* A complaint initiating a suspension or termination proceeding shall describe the allegations which are the basis for the proceeding, and fairly inform the respondent of the charges against him/her.

(b) *Answer.* In the complaint, or in a separate paper attached to the com-

plaint, notice shall be given of the place at, and time within which the respondent shall file an answer, which time shall not be less than 15 days from the date of service of the complaint. Notice shall be given that a decision by default may be rendered against the respondent if an answer is not filed as required.

### § 901.36 Service of complaint and other papers.

(a) *Complaint.* The complaint or a copy thereof may be served upon the respondent by certified mail, or first-class mail as hereinafter provided, by delivering it to the respondent, or the respondent's attorney or agent of record either in person or by leaving it at the office or place of business of the respondent, the attorney or agent, or in any other manner which may have been agreed to in writing by the respondent. Where the service is by certified mail, the return post office receipt signed by or on behalf of the respondent shall be proof of service. If the certified matter is not claimed or accepted by the respondent and is returned undelivered, complete service may be made upon the respondent by mailing the complaint to him/her by first-class mail, addressed to the respondent at the last address known to the Executive Director. If service is made upon the respondent or his/her attorney or agent in person or by leaving the complaint at the office or place of business of the respondent, attorney, or agent, the verified return by the person making service, setting forth the manner of service, shall be proof of such service.

(b) *Service of papers other than complaint.* Any paper other than the complaint may be served upon the respondent as provided in paragraph (a) of this section or by mailing the paper by first-class mail to the respondent at the last address known to the Executive Director or by mailing the paper by first-class mail to the respondent's attorney or agent. Such mailing shall constitute complete service. Notices may also be served upon the respondent or his/her attorney or agent by telegraph.

(c) *Filing of papers.* Whenever the filing of a paper is required or permitted

in connection with a suspension or termination proceeding, and the place of filing is not specified by this subpart or by rule or order of the Administrative Law Judge, the paper shall be filed with the Executive Director of the Joint Board for the Enrollment of Actuaries, Treasury Department, Washington, D.C. 20220. All papers shall be filed in duplicate.

**§ 901.37 Answer.**

(a) *Filing.* The respondent's answer shall be filed in writing within the time specified in the complaint or notice of initiation of the proceeding, unless, on application, the time is extended by the Executive Director or the Administrative Law Judge. The answer shall be filed in duplicate with the Executive Director.

(b) *Contents.* The answer shall contain a statement of facts which constitute the grounds of defense and it shall specifically admit or deny each allegation set forth in the complaint, except that the respondent shall not deny a material allegation in the complaint which he/she knows to be true, or state that he/she is without sufficient information to form a belief when in fact the respondent possesses such information. The respondent may also state affirmatively special matters of defense.

(c) *Failure to deny or answer allegations in the complaint.* Every allegation in the complaint which is not denied in the answer shall be deemed to be admitted and may be considered as proven, and no further evidence in respect of such allegation need be adduced at a hearing. Failure to file an answer within the time prescribed in the notice to the respondent, except as the time for answer is extended by the Executive Director or the Administrative Law Judge, shall constitute an admission of the allegations of the complaint and a waiver of hearing, and the Administrative Law Judge may make a decision by default, without a hearing or further procedure.

**§ 901.38 Supplemental charges.**

If it appears to the Executive Director that the respondent in his/her answer falsely and in bad faith denies a material allegation of fact in the com-

plaint or states that the respondent has no knowledge sufficient to form a belief when he/she in fact possesses such knowledge, or if it appears that the respondent has knowingly introduced false testimony during proceedings for suspension or termination of his/her enrollment, the Executive Director may file supplemental charges against the respondent. Such supplemental charges may be tried with other charges in the case, provided the respondent is given due notice thereof and is afforded an opportunity to prepare a defense thereto.

**§ 901.39 Reply to answer.**

No reply to the respondent's answer shall be required, but the Executive Director may file a reply at his/her discretion or at the request of the Administrative Law Judge.

**§ 901.40 Proof; variance; amendment of pleadings.**

In the case of a variance between the allegations in a pleading and the evidence adduced in support of the pleading, the Administrative Law Judge may order or authorize amendment of the pleading to conform to the evidence, provided that the party who would otherwise be prejudiced by the amendment is given reasonable opportunity to meet the allegations of the pleading as amended. The Administrative Law Judge shall make findings on any issue presented by the pleadings as so amended.

**§ 901.41 Motions and requests.**

Motions and requests may be filed with the Executive Director or with the Administrative Law Judge.

**§ 901.42 Representation.**

A respondent or proposed respondent may appear at conference or hearing in person or may be represented by counsel or other representative. The Executive Director may be represented by an attorney or other employee of the Treasury Department.

**§ 901.43 Administrative Law Judge.**

(a) *Appointment.* An administrative law judge, appointed as provided by section 11 of the Administrative Procedure Act, 60 Stat. 244 (5 U.S.C. 3105),

shall conduct proceedings upon complaints for the suspension or termination of enrolled actuaries.

(b) *Powers of Administrative Law Judge.* Among other powers, the Administrative Law Judge shall have authority, in connection with any suspension or termination proceeding of an enrolled actuary, to do the following:

- (1) Administer oaths and affirmations;
- (2) Make rulings upon motions and requests, which may not be appealed before the close of a hearing except at the discretion of the Administrative Law Judge;
- (3) Determine the time and place of hearing and regulate its course of conduct;
- (4) Adopt rules of procedure and modify the same as required for the orderly disposition of proceedings;
- (5) Rule upon offers of proof, receive relevant evidence, and examine witnesses;
- (6) Take or authorize the taking of depositions;
- (7) Receive and consider oral or written argument on facts or law;
- (8) Hold or provide for the holding of conferences for the settlement or simplification of the issues by consent of the parties;
- (9) Perform such acts and take such measures as are necessary or appropriate to the efficient conduct of any proceeding; and
- (10) Make initial decisions.

**§901.44 Hearings.**

(a) *In general.* The Administrative Law Judge shall preside at the hearing on a complaint for the suspension or termination of an enrolled actuary. Hearings shall be stenographically recorded and transcribed and the testimony of witnesses shall be taken under oath or affirmation. Hearings will be conducted pursuant to section 7 of the Administrative Procedure Act, 60 Stat. 241 (5 U.S.C. 556).

(b) *Failure to appear.* If either party to the proceeding fails to appear at the hearing, after due notice thereof has been sent to the parties, the Administrative Law Judge may make a decision against the absent party by default.

**§901.45 Evidence.**

(a) *In general.* The rules of evidence prevailing in courts of law and equity are not controlling in hearings on complaints for the suspension or the termination of the enrollment of enrolled actuaries. However, the Administrative Law Judge shall exclude evidence which is irrelevant, immaterial, or unduly repetitious.

(b) *Depositions.* The deposition of any witness taken pursuant to §901.46 may be admitted.

(c) *Proof of documents.* Official documents, records, and papers of the Department of the Treasury, the Department of Labor, the Pension Benefit Guaranty Corporation, the Joint Board for the Enrollment of Actuaries or the Office of the Executive Director of the Joint Board for the Enrollment of Actuaries shall be admissible into evidence without the production of an officer or employee to authenticate them. Any such documents, records, and papers may be evidenced by a copy attested to or identified by an officer or employee of the Department of the Treasury, the Department of Labor, the Pension Benefit Guaranty Corporation, the Joint Board for the Enrollment of Actuaries, or the Office of the Executive Director of the Joint Board for the Enrollment of Actuaries, as the case may be.

(d) *Exhibits.* If any document, record, or other paper is introduced into evidence as an exhibit, the Administrative Law Judge may authorize the withdrawal of the exhibit subject to any conditions which he/she deems proper.

(e) *Objections.* Objections to evidence shall state the grounds relied upon, and the record shall not include argument thereon, except as ordered by the Administrative Law Judge. Rulings on such objections shall be part of the record. No exception to the ruling is necessary to preserve the rights of the parties.

**§901.46 Depositions.**

Depositions for use at a hearing may, with the written approval of the Administrative Law Judge, be taken by either the Executive Director or the respondent or their duly authorized representatives. Depositions may be taken upon oral or written interrogatories,

#### **§ 901.47**

upon not less than 10 days written notice to the other party, before any officer duly authorized to administer an oath for general purposes or before an officer or employee of the Department of the Treasury, the Department of Labor, the Pension Benefit Guaranty Corporation, or the Joint Board who is authorized to administer an oath. Such notice shall state the names of the witnesses and the time and place where the depositions are to be taken. The requirement of 10 days notice may be waived by the parties in writing, and depositions may then be taken from the persons and at the times and places mutually agreed upon by the parties. When a deposition is taken upon written interrogatories, any cross-examination shall be upon written interrogatories. Copies of such written interrogatories shall be served upon the other party with the notice, and the copies of any written cross-interrogatories shall be mailed or delivered to the opposing party at least five days before the date of taking the depositions, unless the parties mutually agree otherwise. A party upon whose behalf a deposition is taken must file it with the Administrative Law Judge and serve one copy upon the opposing party. Expenses in the reporting of depositions shall be borne by the party at whose instance the deposition is taken.

#### **§ 901.47 Transcript.**

In cases where the hearing is stenographically reported by a Government contract reporter, copies of the transcript may be obtained from the reporter at rates not to exceed the maximum rates fixed by contract between the Government and the reporter. Where the hearing is stenographically reported by a regular employee of the Department of the Treasury, the Department of Labor, the Pension Benefit Guaranty Corporation, or the Joint Board, a copy thereof will be supplied to the respondent either without charge or upon the payment of a reasonable fee. Copies of exhibits introduced at the hearing or at the taking of depositions will be supplied to par-

#### **§ 901.48 Proposed findings and conclusions.**

Except in cases where the respondent has failed to answer the complaint or where a party has failed to appear at the hearing, the Administrative Law Judge, before making his/her decision, shall give the parties a reasonable opportunity to submit proposed findings and conclusions and supporting reasons therefor.

#### **§ 901.49 Decision of the Administrative Law Judge.**

As soon as practicable after the conclusion of a hearing and the receipt of any proposed findings and conclusions timely submitted by the parties, the Administrative Law Judge shall make the initial decision in the case. The decision should be based solely upon the pleading, the testimony and exhibits received in evidence at the hearing or specifically authorized to be subsequently submitted under the applicable laws and regulations. The decision shall include (a) a statement of findings and conclusions, as well as the reasons or basis therefor, upon all the material issues of fact or law presented on the record, and (b) an order of suspension, termination or reprimand or an order of dismissal of the complaint. The Administrative Law Judge shall file the decision with the Executive Director and shall transmit a copy thereof to the respondent or his/her attorney or agent of record. In the absence of an appeal to the Joint Board or review of the decision upon motion of the Joint Board, the decision of the Administrative Law Judge shall without further proceedings become the decision of the Joint Board 30 days from the date of the Administrative Law Judge's decision.

#### **§ 901.50 Appeal to the Joint Board.**

Within 30 days from the date of the Administrative Law Judge's decision, either party may appeal to the Joint Board for the Enrollment of Actuaries. The appeal shall be filed with the Executive Director in duplicate and shall

include exceptions to the decision of the Administrative Law Judge and supporting reasons for such exceptions. If an appeal is filed by the Executive Director, a copy thereof shall be transmitted to the respondent. Within 30 days after receipt of an appeal or copy thereof, the other party may file a reply brief in duplicate with the Executive Director. If the reply brief is filed by the Executive Director, a copy of it shall be transmitted to the respondent. Upon the filing of an appeal and a reply brief, if any, the Executive Director shall transmit the entire record to the joint board.

### § 901.51 Decision of the Joint Board.

On appeal from or review of the initial decision of the Administrative Law Judge, the Joint Board for the Enrollment of Actuaries will make the final decision. In making its decision the Joint Board will review the record of such portions thereof as may be cited by the parties to permit limiting of the issues. A copy of the Joint Board's decision shall be transmitted to the respondent by the Executive Director.

### § 901.52 Effect of suspension, termination or resignation of enrollment; surrender of enrollment certificate.

If the respondent's enrollment is suspended, the respondent shall not thereafter be permitted to perform actuarial services under ERISA during the period of suspension. If the respondent's enrollment is terminated, the respondent shall not thereafter be permitted to perform actuarial services under ERISA unless and until authorized to do so by the Executive Director pursuant to § 901.54. The respondent shall surrender his/her enrollment certificate to the Executive Director for cancellation in the case of a termination or resignation of enrollment or for retention during a period of suspension.

### § 901.53 Notice of suspension, termination or resignation of enrollment.

Upon the resignation or the issuance of a final order suspending or terminating the enrollment of an actuary, the Executive Director shall give notice thereof to appropriate officers and employees of the Department of the Treasury, the Department of Labor,

the Pension Benefit Guaranty Corporation, and to other interested departments and agencies of the Federal Government.

### § 901.54 Petition for reinstatement.

Any individual whose enrollment has been terminated may petition the Executive Director for reinstatement after the expiration of five years following such termination. Reinstatement may not be granted unless the Executive Director, with the approval of the Joint Board, is satisfied that the petitioner is not likely to conduct himself/herself thereafter contrary to the regulations in this part, and that granting such reinstatement would not be contrary to the public interest.
