§ 54.413 Link Up for rural Tribal lands.

(a) For purposes of this subpart, the term "Tribal Link Up" means an assistance program for eligible residents of Tribal lands, if the subscriber's location is rural, as defined in § 54.505(b)(3)(i) and (ii), seeking telecommunications service from a telecommunications carrier that is receiving high-cost support on rural Tribal lands, pursuant to subpart D of this part, that provides:

(1) A 100 percent reduction, up to \$100, of the customary charge for commencing telecommunications service for a single telecommunications connection at a subscriber's principal place of residence imposed by an eligible telecommunications carrier that is also receiving high-cost support on rural Tribal lands, pursuant to subpart D of this part. For purposes of this subpart, a "customary charge for commencing telecommunications service" is the ordinary charge an eligible telecommunications carrier imposes and collects from all subscribers to initiate service with that eligible telecommunications carrier. A charge imposed only on qualifying low-income consumers to initiate service is not a customary charge for commencing telecommunications service. Activation charges routinely waived, reduced, or eliminated with the purchase of additional products, services, or minutes are not customary charges eligible for universal service support; and

(2) A deferred schedule of payments of the customary charge for commencing telecommunications service for a single telecommunications connection at a subscriber's principal place of residence imposed by an eligible telecommunications carrier that is also receiving high-cost support on rural Tribal lands, pursuant to subpart

47 CFR Ch. I (10–1–20 Edition)

D of this part, for which the eligible resident of rural Tribal lands does not pay interest. The interest charges not assessed to the eligible resident of rural Tribal lands shall be for a customary charge for connecting the telecommunications service of up to \$200 and such interest charges shall be deferred for a period not to exceed one year.

(b) An eligible resident of rural Tribal lands may receive the benefit of the Tribal Link Up program for a second or subsequent time only for otherwise qualifying commencement of telecommunications service at a principal place of residence with an address different from the address for which Tribal Link Up assistance was provided previously.

§ 54.414 Reimbursement for Tribal Link Up.

(b) In order to receive universal support reimbursement for providing Tribal Link Up, eligible telecommunications carriers must use the maps made available by the Administrator to determine an eligible resident of rural Tribal lands' initial eligibility for Tribal Link Up. Eligible telecommunications carriers must obtain a certification form from each eligible resident of Tribal lands that complies with § 54.410 prior to enrolling him or her in Tribal Link Up.
