

the firm unable to meet the eligibility standards of this part;

(2) Information or evidence not available to you at the time the firm was certified;

(3) Information relevant to eligibility that has been concealed or misrepresented by the firm;

(4) A change in the certification standards or requirements of the Department since you certified the firm;

(5) Your decision to certify the firm was clearly erroneous;

(6) The firm has failed to cooperate with you (see § 26.109(c));

(7) The firm has exhibited a pattern of conduct indicating its involvement in attempts to subvert the intent or requirements of the DBE program (see § 26.73(a)(2)); or

(8) The firm has been suspended or debarred for conduct related to the DBE program. The notice required by paragraph (g) of this section must include a copy of the suspension or debarment action. A decision to remove a firm for this reason shall not be subject to the hearing procedures in paragraph (d) of this section.

(g) *Notice of decision.* Following your decision, you must provide the firm written notice of the decision and the reasons for it, including specific references to the evidence in the record that supports each reason for the decision. The notice must inform the firm of the consequences of your decision and of the availability of an appeal to the Department of Transportation under § 26.89. You must send copies of the notice to the complainant in an ineligibility complaint or the concerned operating administration that had directed you to initiate the proceeding. Provided that, when sending such a notice to a complainant other than a DOT operating administration, you must not include information reasonably construed as confidential business information without the written consent of the firm that submitted the information.

(h) [Reserved]

(i) *Status of firm during proceeding.* (1) A firm remains an eligible DBE during the pendency of your proceeding to remove its eligibility.

(2) The firm does not become ineligible until the issuance of the notice

provided for in paragraph (g) of this section.

(j) *Effects of removal of eligibility.* When you remove a firm's eligibility, you must take the following action:

(1) When a prime contractor has made a commitment to using the ineligible firm, or you have made a commitment to using a DBE prime contractor, but a subcontract or contract has not been executed before you issue the decertification notice provided for in paragraph (g) of this section, the ineligible firm does not count toward the contract goal or overall goal. You must direct the prime contractor to meet the contract goal with an eligible DBE firm or demonstrate to you that it has made a good faith effort to do so.

(2) If a prime contractor has executed a subcontract with the firm before you have notified the firm of its ineligibility, the prime contractor may continue to use the firm on the contract and may continue to receive credit toward its DBE goal for the firm's work. In this case, or in a case where you have let a prime contract to the DBE that was later ruled ineligible, the portion of the ineligible firm's performance of the contract remaining after you issued the notice of its ineligibility shall not count toward your overall goal, but may count toward the contract goal.

(3) *Exception:* If the DBE's ineligibility is caused solely by its having exceeded the size standard during the performance of the contract, you may continue to count its participation on that contract toward overall and contract goals.

(k) *Availability of appeal.* When you make an administratively final removal of a firm's eligibility under this section, the firm may appeal the removal to the Department under § 26.89.

§ 26.88 Summary suspension of certification.

(a) A recipient shall immediately suspend a DBE's certification without adhering to the requirements in § 26.87(d) of this part when an individual owner whose ownership and control of the firm are necessary to the

§ 26.89

firm's certification dies or is incarcerated.

(b)(1) A recipient may immediately suspend a DBE's certification without adhering to the requirements in § 26.87(d) when there is adequate evidence to believe that there has been a material change in circumstances that may affect the eligibility of the DBE firm to remain certified, or when the DBE fails to notify the recipient or UCP in writing of any material change in circumstances as required by § 26.83(i) of this part or fails to timely file an affidavit of no change under § 26.83(j).

(2) In determining the adequacy of the evidence to issue a suspension under paragraph (b)(1) of this section, the recipient shall consider all relevant factors, including how much information is available, the credibility of the information and allegations given the circumstances, whether or not important allegations are corroborated, and what inferences can reasonably be drawn as a result.

(c) The concerned operating administration may direct the recipient to take action pursuant to paragraph (a) or (b) of this section if it determines that information available to it is sufficient to warrant immediate suspension.

(d) When a firm is suspended pursuant to paragraph (a) or (b) of this section, the recipient shall immediately notify the DBE of the suspension by certified mail, return receipt requested, to the last known address of the owner(s) of the DBE.

(e) Suspension is a temporary status of ineligibility pending an expedited show cause hearing/proceeding under § 26.87 of this part to determine whether the DBE is eligible to participate in the program and consequently should be removed. The suspension takes effect when the DBE receives, or is deemed to have received, the Notice of Suspension.

(f) While suspended, the DBE may not be considered to meet a contract goal on a new contract, and any work it does on a contract received during the suspension shall not be counted toward a recipient's overall goal. The DBE may continue to perform under an existing contract executed before the DBE received a Notice of Suspension

49 CFR Subtitle A (10-1-20 Edition)

and may be counted toward the contract goal during the period of suspension as long as the DBE is performing a commercially useful function under the existing contract.

(g) Following receipt of the Notice of Suspension, if the DBE believes it is no longer eligible, it may voluntarily withdraw from the program, in which case no further action is required. If the DBE believes that its eligibility should be reinstated, it must provide to the recipient information demonstrating that the firm is eligible notwithstanding its changed circumstances. Within 30 days of receiving this information, the recipient must either lift the suspension and reinstate the firm's certification or commence a decertification action under § 26.87 of this part. If the recipient commences a decertification proceeding, the suspension remains in effect during the proceeding.

(h) The decision to immediately suspend a DBE under paragraph (a) or (b) of this section is not appealable to the US Department of Transportation. The failure of a recipient to either lift the suspension and reinstate the firm or commence a decertification proceeding, as required by paragraph (g) of this section, is appealable to the U.S. Department of Transportation under § 26.89 of this part, as a constructive decertification.

§ 26.89 What is the process for certification appeals to the Department of Transportation?

(a)(1) If you are a firm that is denied certification or whose eligibility is removed by a recipient, including SBA-certified firms, you may make an administrative appeal to the Department.

(2) If you are a complainant in an ineligibility complaint to a recipient (including the concerned operating administration in the circumstances provided in § 26.87(c)), you may appeal to the Department if the recipient does not find reasonable cause to propose removing the firm's eligibility or, following a removal of eligibility proceeding, determines that the firm is eligible.
