

## § 655.72

## 49 CFR Ch. VI (10–1–20 Edition)

(iii) Documents presented by a covered employee to dispute the result of a test administered under this part.

(3) Records related to referral and return to duty and follow-up testing: Records concerning a covered employee's entry into and completion of the treatment program recommended by the substance abuse professional.

(4) Records related to employee training:

(i) Training materials on drug use awareness and alcohol misuse, including a copy of the employer's policy on prohibited drug use and alcohol misuse.

(ii) Names of covered employees attending training on prohibited drug use and alcohol misuse and the dates and times of such training.

(iii) Documentation of training provided to supervisors for the purpose of qualifying the supervisors to make a determination concerning the need for drug and alcohol testing based on reasonable suspicion.

(iv) Certification that any training conducted under this part complies with the requirements for such training.

(5) Copies of annual MIS reports submitted to FTA.

### § 655.72 Reporting of results in a management information system.

(a) Each recipient shall annually prepare and maintain a summary of the results of its anti-drug and alcohol misuse testing programs performed under this part during the previous calendar year.

(b) When requested by FTA, each recipient shall submit to FTA's Office of Safety and Security, or its designated agent, by March 15, a report covering the previous calendar year (January 1 through December 31) summarizing the results of its anti-drug and alcohol misuse programs.

(c) Each recipient shall be responsible for ensuring the accuracy and timeliness of each report submitted by an employer, contractor, consortium or joint enterprise or by a third party service provider acting on the recipient's or employer's behalf.

(d) As an employer, you must use the Management Information System (MIS) form and instructions as required by 49 CFR part 40, § 40.25 and ap-

pendix H. You may also use the electronic version of the MIS form provided by the DOT. The Administrator may designate means (e.g., electronic program transmitted via the Internet), other than hard-copy, for MIS form submission. For information on where to submit MIS forms and for the electronic version of the form, see: <http://transit-safety.volpe.dot.gov/DAMIS>.

(e) To calculate the total number of covered employees eligible for random testing throughout the year, as an employer, you must add the total number of covered employees eligible for testing during each random testing period for the year and divide that total by the number of random testing periods. Covered employees, and only covered employees, are to be in an employer's random testing pool, and all covered employees must be in the random pool. If you are an employer conducting random testing more often than once per month (e.g., you select daily, weekly, bi-weekly), you do not need to compute this total number of covered employees rate more than on a once per month basis. As an employer, you may use a service agent (e.g., C/TPA) to perform random selections for you; and your covered employees may be part of a larger random testing pool of covered employees. However, you must ensure that the service agent you use is testing at the appropriate percentage established for your industry and that only covered employees are in the random testing pool.

(f) If you have a covered employee who performs multi-DOT agency functions (e.g., an employee drives a paratransit vehicle and performs pipeline maintenance duties for you), count the employee only on the MIS report for the DOT agency under which he or she is random tested. Normally, this will be the DOT agency under which the employee performs more than 50% of his or her duties. Employers may have to explain the testing data for these employees in the event of a DOT agency inspection or audit.

(g) A service agent (e.g., Consortia/Third Party Administrator as defined in 49 CFR part 40) may prepare the MIS report on behalf of an employer. However, a company official (e.g., Designated Employer Representative as

defined in 49 CFR part 40) must certify the accuracy and completeness of the MIS report, no matter who prepares it.

(e) When requested by the National Transportation Safety Board as part of an accident investigation, employers shall disclose information related to the employer's drug or alcohol testing related to the accident under investigation.

(f) Records shall be made available to a subsequent employer upon receipt of

a written request from the covered employee. Subsequent disclosure by the employer is permitted only as expressly authorized by the terms of the covered employee's request.

(g) An employer may disclose information required to be maintained under this part pertaining to a covered employee to the employee or the decisionmaker in a lawsuit, grievance, or other proceeding initiated by or on behalf of the individual, and arising from the results of a drug or alcohol test under this part (including, but not limited to, a worker's compensation, unemployment compensation, or other proceeding relating to a benefit sought by the covered employee.)

(h) An employer shall release information regarding a covered employee's record as directed by the specific, written consent of the employee authorizing release of the information to an identified person.
