

§ 1182.5

49 CFR Ch. X (10–1–20 Edition)

§ 1182.5 Comments.

(a) Comments concerning an application must be received by the Board within 45 days after notice of the application is published, as provided by 49 U.S.C. 14303(d). Failure to file a timely comment waives further participation in the proceeding. If no comments are filed opposing the application, the published tentative grant of authority will automatically become effective at the close of the comment period. A tentative grant of authority does not entitle the applicant to consummate the transaction before the end of the comment period.

(b) A comment shall be verified, as provided in 49 CFR 1182.8(e), and shall contain all information upon which the commenter intends to rely, including the grounds for any opposition to the transaction and the commenter's interest in the proceeding.

(c) The docket number of the application must be conspicuously placed at the top of the first page of the comment.

(d) A copy of the comment shall be delivered concurrently to applicants' representative(s).

§ 1182.6 Processing an opposed application.

(a) If timely comments are submitted in opposition to an application, the tentative grant of authority is void.

(b) Applicants may file a reply to opposing comments, within 60 days after the date the application was published.

(1) The reply may include a request for an expedited decision on the issues raised by the comments. Otherwise, the reply may not contain any new evidence, but shall only rebut or further explain matters previously raised.

(2) The reply shall be verified, as provided in 49 CFR 1182.8(e), unless it consists strictly of legal argument.

(3) Applicants' reply must be served on each commenter in such manner that it is received no later than the date it is due to be filed with the Board.

(4) Opposing commenters may reply to a request for an expedited decision, within 70 days after notice of the application was published.

(c) The Board may:

(1) Dispense with further proceedings and make a final determination based on the record as developed; or

(2) Issue a procedural schedule specifying the dates by which: applicants may submit additional evidence in support of the application, in response to the comment(s) in opposition; and the opposing commenter(s) may reply.

(d) Further processing of an opposed application will be handled on a case-by-case basis, as appropriate to the particular issues raised in the comments filed in opposition to the application. Evidentiary proceedings must be concluded within 240 days after publication of the notice of the application.

§ 1182.7 Interim approval.

(a) A party may request interim approval of the operation of the properties sought to be acquired through the proposed transaction, for a period of not more than 180 days pending determination of the application. This request may be included in the application or may be submitted separately after the application is filed (e.g., once a comment opposing the application has been filed). An additional filing fee is required, whether the request for interim approval is included in the application or is submitted separately at a later time. *See* 49 CFR 1002.2(f)(5) for the additional filing fee.

(b) A request for interim approval of the operation of the properties sought to be acquired in the application must show that failure to grant interim approval may result in destruction of or injury to those properties or substantially interfere with their future usefulness in providing adequate and continuous service to the public.

(c) If a request for interim approval is submitted after the application is filed, it must be served on each person who files or has filed a comment in response to the published notice of the application. Service must be simultaneous upon those commenters who are known when the request for interim approval is submitted; otherwise, service must be within 5 days after the comment is received by applicants or their representative.
